I. Overview

OVERVIEW

This document includes the 2018 Adopted Budget, the 2018-2021 Financial Plan, all relevant financial tables and reconciliations to the 2017 November Plan.

The purpose of the February Financial Plan (the Plan) is to incorporate Board-approved MTA Adjustments that were captured “below-the-line” and on a consolidated basis in the November Financial Plan into Agencies’ Financial Plan baseline budgets and forecasts. It also establishes a 12-month allocation of the Adopted Budget for financials, utilization and positions, which will be compared with actual results. Variances will be analyzed, reported on a monthly basis and presented to Board Committees. Unlike the July and November Plans, the February Plan does not include any new proposals or programs.

This Plan reflects a “phase-in” of the Subway Action Plan to match available funding. It also captures subsidy forecasts that are lower than those projected in the November Plan (noted below). On the positive side, this Plan captures favorable 2017 results at MTA Bridges and Tunnels as well as projected debt service savings from advance refunding transactions in December and the draw-down of capital cash balances in lieu of additional bonding. The February Plan also captures minor timing and other technical adjustments to MTA and Agency forecasts. The detailed explanation of the programs and assumptions supporting this Plan can be found in the November Financial Plan¹. For more information on the MTA Budget Process, see Section VIII.

In Section VI, each Agency has provided revised submissions (including reconciliation tables to the November Plan) which capture MTA Plan Adjustments on a non-reimbursable, reimbursable and cash basis.

The November Plan

The November Plan, which was approved by the Board in December 2017, projected small cash balances through 2019, with deficits of \$352 million in 2020 and \$643 million in 2021. The November Plan reflected: \$1.14 billion in lower real estate revenues since the 2017 Adopted Budget, an average annual decline of \$229 million; proposed 4 percent fare/toll increases in 2019 and 2021, consistent with previous plans; annual recurring cost savings targets increasing from \$214 million in 2018 to \$418 million in 2021; the use of some reserves to offset expenses; and, a fully funded Subway Action Plan.

¹ The 2017 November Financial Plan was approved by the MTA Board at its December 2017 meeting and can be found at <http://web.mta.info/mta/budget> under **2017: MTA 2018 Final Proposed Budget - November Financial Plan 2018-2021**.

**The 2017 November Plan projected small cash balances through 2019
with gaps of \$352 million and \$643 million in 2020 and 2021**

(\$ in millions)

Changes to the November Plan

The 2018 February Plan includes important policy actions that were highlighted “below-the-line” in the November Plan. With Board approval secured, these items are now included within the MTA baseline. These re-categorizations had no impact on the bottom line and are explained in the **Additional Information** section at the end of this Overview.

The February Plan also captures baseline changes that were not included in the November Plan:

New York State Subsidy – The Governor’s State Fiscal Year (“SFY”) 2018 Executive Budget released on January 16, 2018 increased state fiscal year-over-year operating support by \$334 million, and it includes \$254 million to fulfill the Governor’s promise to fund half the cost of the Subway Action Plan (SAP). Overall funds levels, however, were lower than MTA assumptions in the November Plan. The appropriation to the MTA for Metropolitan Mass Transportation Operating Assistance (“MMTOA”) was \$19 million higher than last year, but the MTA assumed growth of \$80 million, leaving a \$61 million shortfall, and this Plan reflects the MMTOA appropriation. The MTA has also modified its MMTOA forecasts for 2019 through 2021 to reflect the latest projections provided by the NYS Division of Budget; this change reduces MMTOA from the November Plan by \$133 million in 2019, \$138 million in 2020 and \$135 million in 2021. The Executive Budget also did not include the restoration of \$65 million of PMT Replacement funding that was assumed in the November Plan. The New York State Division of Budget has, however, expressed the intention to provide \$65 million in additional capital funding this year, allowing MTA to re-program \$65 million of PAYGO to operating needs. While the State has

made no commitment to the restoration of funds beyond 2018, the MTA will continue to press the issue and this Plan assumes the full restoration of PMT Replacement funding for 2019 and beyond. Other differences from the MTA assumptions in the November Plan include the appropriations for MTA Aid, which is \$4 million less, and the appropriation for the Petroleum Business Tax, which is \$8 million higher. The combined impact of the Executive Budget and the MMTOA adjustments on the MTA operating budget and financial plan are detailed below:

	(in millions)			
	<u>2018</u>	<u>2019</u>	<u>2020</u>	<u>2021</u>
Metropolitan Mass Transportation Operating Assistance (MMTOA)	(\$61)	(\$133)	(\$138)	(\$135)
Petroleum Business Tax	8	0	0	0
MTA Aid Trust Account Revenues	<u>(4)</u>	<u>0</u>	<u>0</u>	<u>0</u>
Total Impact	(\$57)	(\$133)	(\$138)	(\$135)

Subway Action Plan – In December, the MTA Board-approved Budget assumed the Subway Action Plan (SAP) would be fully funded, further stating, “Recommended changes to the scope of the SAP in the February Plan [will] be made to match available funding, as well as authorization to make corresponding changes to the Budget.” As noted above, the NYS 2018-2019 Executive Budget includes \$254 million in funding intended to cover half of the operating expenses and \$174 million to cover half of the capital funding of the original SAP. In January, the MTA Board, in response to its request, was presented with expense reallocations to fund elements of the SAP; those alternatives included extensive service cuts, for which no Board support has been received. On February 1, the City of New York’s 2019 Preliminary Budget was released, and did not include funding for the Subway Action Plan. Reflecting this shortfall in funding, the MTA is recommending a “phase-in” of the Subway Action Plan to match available funding from the State, prioritizing the elements most critical to reducing incidents and delays, and improving service reliability. The principal change from the original SAP is delaying the hiring of additional workers, relying on improved internal efficiencies.

Debt Service Savings – Advance refunding transactions in December 2017 resulted in net debt service savings of \$161 million over the Plan period that are captured in the baseline. In addition, \$1.7 billion of capital cash balances will be drawn down in lieu of additional bonding in 2018, which will generate \$252 million in debt service savings over the Plan period. These savings are captured below-the-line.

Other Technical Adjustments – This Plan includes timing and other minor technical adjustments impacting expenses and subsidies that have been incorporated into the baseline, including the item highlighted below, as well as others that are detailed further in individual Agency sections.

Contracts have been settled for the vast majority of represented employees at NYCT, MTA Bus, SIR and the commuter railroads with terms that include a commutation pass benefit. As a result, and as reflected in Agency reconciliation tables, the cross-Agency billing between NYCT and the commuter railroads, for the estimated value of these passes, has been discontinued. This change will have no impact on the MTA consolidated bottom line.

The following MTA Plan Adjustments remain below-the-baseline and therefore are not captured within Agency baseline forecasts:

Fare and Toll Increase in March 2019 – A \$321 million annualized consolidated farebox and toll increase is assumed for implementation in March 2019, and is estimated to yield 4%, for an additional \$274 million in 2019 and \$323 million in both 2020 and 2021. Factoring in the MTA Bus, SIR and B&T adjustments included in “Subsidy Impacts of the 2019 Fare/Toll Increase”, the net increase to the MTA is \$263 million in 2019, \$313 million in 2020, and \$314 million in 2021, which is unchanged from the estimate in the November Plan.

Fare and Toll Increase in March 2021 – A \$336 million annualized consolidated farebox and toll increase is assumed for implementation in March 2021, and is estimated to yield 4%, for an additional \$286 million in 2021. Factoring in the MTA Bus, SIR and B&T adjustments included in “Subsidy Impacts of the 2019 Fare/Toll Increase”, the net increase to the MTA is \$276 million in 2021, which is unchanged from the estimate in the November Plan.

MTA Efficiencies – Not Yet Implemented – The MTA is committed to continuing its program of identifying efficiencies that result in overall recurring savings for the organization. In last year’s July Plan, the MTA successfully identified and captured savings of \$89 million in 2017 and 2018, \$97 million in 2019, \$110 million in 2020 and \$124 million in 2021. Accordingly, the MTA increased savings targets last July by \$150 million in 2018 with incremental \$50 million per year increases in the savings target thereafter, growing to \$300 million in 2021. In the November Plan, the MTA identified additional savings of \$27 million in 2017, \$14 million per year for 2018 through 2020, and \$15 million in 2021. Unidentified savings targets remaining are \$214 million in 2018, \$309 million in 2019, \$388 million in 2020 and \$418 million in 2021. The MTA Efficiencies that remain below-the-line are intended to reduce future deficits and will be incorporated into Agency baselines as they are further developed. While these aggressive targets will be harder to achieve, the MTA remains committed to meeting them and is now in the midst of identifying savings to meet its 2018 target. When combined with savings programs that have already been implemented, meeting these targets will increase the level of annual savings to \$2.3 billion per year by 2021.

Policy Actions

NYS Capital Funding Reprogrammed for Operating Needs – NYS Division of Budget (“DOB”) has expressed the intention to provide \$65 million in additional capital funding this year, allowing MTA to re-program \$65 million of PAYGO for operating needs.

Restoration of PMT Replacement Funds – The \$65 million restoration of PMT Replacement funding assumed in the July and November Plans was not included in the Executive Budget. NYS DOB has given no commitment to the restoration of funds beyond 2018, but the MTA will continue to press this issue and this Plan assumes the full restoration of PMT Replacement funding for 2019 and beyond.

GASB 45 OPEB Fund Reserves - Suspend Planned Contributions – Planned contributions to the GASB 45 OPEB reserves have been suspended (\$100 million over the Plan period).

B&T Necessary Reconstruction - Suspend Planned Contributions – Planned contributions to the B&T Necessary Reconstruction Reserve Fund have been suspended (\$213 million over the Plan period).

“Phased-In” Subway Action Plan (SAP):

- *Remove SAP from NYCT Baseline:* The Plan includes all of the projected costs and funding assumptions of the Phased-In SAP. Since the projected operating expenses associated with the SAP are also included in the NYCT baseline, this entry “backs-out” those operating costs to eliminate a double-count.
- *SAP – Operating Costs:* The Plan captures the projected operating expenses associated with implementing the Phased-In SAP.
- *Pre-Funding of 2017 Capital Expenses:* The operating budget temporarily funded 2017 capital costs that are expected to be paid back from the Capital Program in 2018.
- *Additional State Funding for SAP:* The Plan captures the value of SAP funding included in the 2018-2019 Executive Budget and includes the reimbursement for MTA’s advance funding in 2017 and early 2018.
- *Drawdown/Redeposit GASB 45 OPEB Reserves:* Reserves were required to provide advance cash-flow funding of the SAP in 2017. Funds are assumed to be restored in 2018 upon the reimbursement from NYS.

MTA Re-Estimates

Favorable 2017 B&T Results - Operating results (audited) were \$28 million better than projected in the November Plan, reflecting higher toll revenue and lower operating expenses.

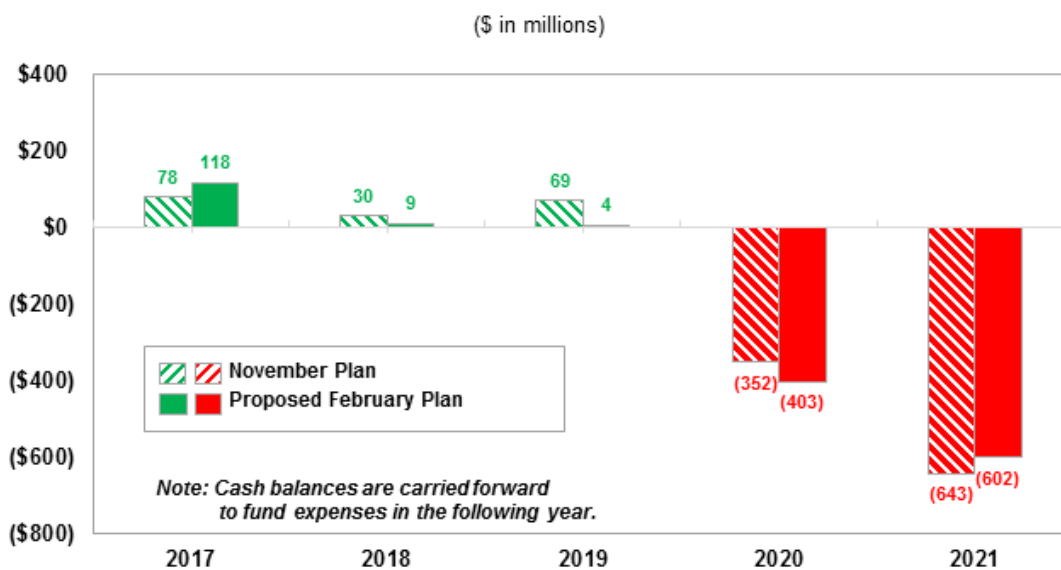

Drawdown on Cash Balances in Lieu of Issuing Bonds – As mentioned above under Debt Service Savings, \$1.7 billion of capital cash balances will be drawn down in lieu of additional bonding in 2018, which will generate \$252 million in debt service savings over the Plan period.

The Bottom Line

The Plan includes funding for a phased-in Subway Action Plan; it funds all of the other programs that were included in the November Plan. Year-ending cash positions have changed from the November Plan. This Plan is projecting year-end cash balances of \$118 million in 2017, \$9 million in 2018 and \$4 million in 2019, with projected cash deficits of \$403 million in 2020 and \$602 million in 2021. As stated in November, new sources of operating or acceleration of State/City capital funding will be necessary to reduce these out-year deficits.

New sources of funding are necessary to reduce out-year deficits

Additional Information

These Plan adjustments from July and November have now been baselined in the February Plan, with no impact on the bottom line:

Policy Actions from the July 2017 Plan – To address unfavorable changes, most notably the reduction in real estate transaction tax revenue, the July Plan included the following adjustment:

- *Drawdown of 2017 General Reserve* – Draw down \$135 million of the \$155 million in the 2017 General Reserve.

Policy Actions from the November 2017 Plan – In addition to the July 2017 Plan policy action noted above, the November Plan included the following actions:

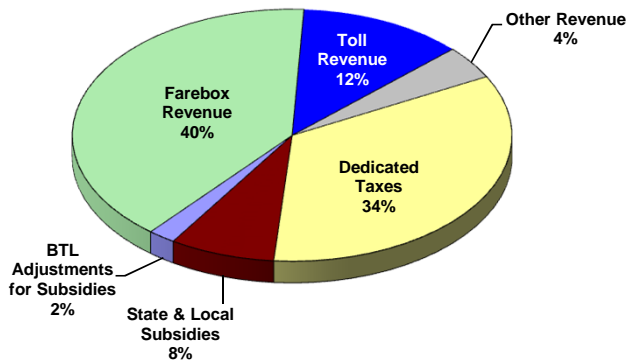

- *Drawdown GASB 45 OPEB Reserves* – The \$149 million GASB 45 OPEB Reserve is being used to fund 2017 and early 2018 portions of the Subway Action Plan until reimbursement is received, and then will be used to offset operating expenses in 2018.
- *Drawdown Remaining 2017 General Reserve* – The remaining \$20 million from the 2017 General Reserve will also be used in advance of reimbursement for the SAP, and then used to offset 2018 operating expenses.

Metro-North Railroad	55.3%	54.1%	54.2%	53.5%	54.2%
Bus Company	<u>31.6%</u>	<u>30.2%</u>	<u>29.9%</u>	<u>30.4%</u>	<u>29.8%</u>
MTA Total Agency Average	53.7%	52.0%	51.0%	49.5%	47.9%

Farebox recovery ratio has a long-term focus. It includes costs that are not funded in the current year, except in an accounting-ledger sense, but are, in effect, passed on to future years. Those costs include depreciation and interest on long-term debt. Approximately 20% (and sometimes more) of MTA costs are not recovered in the current year from farebox revenues, other operating revenues or subsidies. That is why MTA operating statements generally show deficits. In addition, the recovery ratio allocates centralized MTA services to the Agencies, such as Security, the costs of the Inspector General, Civil Rights, Audit, Risk Management, Legal and Shared Services.

Farebox operating ratio focuses on Agency operating financial performance. It reflects the way MTA meets its statutory and bond-covenant budget-balancing requirements, and it excludes certain costs that are not subject to Agency control, but are provided centrally by MTA.

In the agenda materials for the Meeting of the Metro-North and Long Island Committees, the calculations of the farebox operating and recovery ratios for the LIRR and MNR use a revised methodology to put the railroads on a more comparable basis. Those statistics, which are included in the respective financial and ridership reports of both Agencies, differ from the statistics presented in this table.

^b Cost / Ridership reflects cost per ADA registrant, PCA and guest. Fare revenue is paid by registrants and guests.

[THIS PAGE INTENTIONALLY LEFT BLANK]

Debt Service in the Financial Plan

The following table includes debt service projections for 2017 through 2021 in connection with the bond financed portion of approved Capital Programs.

The favorable variance below reflects the impact of interest rate savings generated through multiple advance refundings partially offset by timing of new bond issuance.

Debt Service Forecast			
<i>(\$ in millions)</i>			
Year	November Plan Debt Service	February Plan Debt Service	Difference Favorable/ (Unfavorable)
2017	\$ 2,525	\$ 2,507	\$ 18
2018	2,604	2,573	31
2019	2,800	2,785	15
2020	3,029	2,995	34
2021	3,225	3,162	63
Total 2017-2021	\$ 14,183	\$ 14,022	\$ 161

*Totals may not add due to rounding.

The following is a summary of the key assumptions used to determine the debt service projections in this Plan:

Forecasted Borrowing Schedule	2017	2018 ¹	2019	2020	2021
<i>(\$ in millions)</i>					
TRB New Money BANs	\$ -	\$2,851	\$2,483	\$2,248	\$2,005
TRB Bonds to Retire BANs ²	\$ -	\$ 133	\$4,528	\$2,595	\$2,354
TRB New Money Bonds	\$ -	\$ -	\$ -	\$ -	\$ -
TRB Total Bonds Issued	\$ -	\$ 133	\$4,528	\$2,595	\$2,354
TBTA New Money BANs	\$ -	\$ -	\$ -	\$ -	\$ -
TBTA Bonds to Retire BANs	\$ -	\$ -	\$ -	\$ -	\$ -
TBTA New Money Bonds	\$ -	\$ 96	\$ 409	\$ 509	\$ 540
TBTA Total Bonds Issued	\$ -	\$ 96	\$ 409	\$ 509	\$ 540
Total MTA Long Term Bonds Issued	\$ -	\$ 229	\$4,937	\$3,104	\$2,894

¹ Excludes what has already been issued in 2018:

- 1) \$472 M (par) of TRB 2018A bonds to retire BANs,
- 2) \$500 M (par) of TRB 2018A New Money BANs,
- 3) \$352 M (par) of TBTA 2018A bonds to both retire BANs and for new money.

² 2019 bond issuance includes retirement of \$1,500 M of TRB BANs outstanding as of 2/1/18.

Forecasted Interest Rates	2017	2018	2019	2020	2021
Assumed Fixed-Rates					
Transportation Revenue Bonds	3.46%	3.59%	4.01%	4.26%	4.39%
Transportation Revenue Bond Anticipation Notes	1.02%	1.40%	2.07%	2.54%	2.72%
Triborough Bridge & Tunnel Authority	3.16%	3.29%	3.71%	3.96%	4.09%
Assumed Variable Rates	2.00%	2.00%	4.00%	4.00%	4.00%

Debt Issuance Assumptions:

- All debt is assumed to be issued as 30-year level debt service debt with principal amortized over the life of the bonds, except for the Railroad Rehabilitation and Improvement Financing (RRIF) loan which is amortized over 20 years on a level debt service basis, based on an interest rate of 2.38%.
- Current fixed-rate estimates are derived from the September 1, 2017 Municipal Market Data High Grade -1 year rate for BAN interest and 25 year interpolated rate for bond interest both adjusted for the projected increase through the plan period in the one-month US Treasury Bill and 10-year US Treasury Note respectively (source: The June 2017 Baseline Forecast of the Congressional Budget Office) and both further adjusted for a credit premium for each assumed credit issued based on recent market spreads.
- New bond issues calculated interest rate at time of issuance use fixed Rate assumption.
- Cost of issuance is assumed to be 2% of the gross bonding amount.
- Due to the Additional Bonds Test constraints of the DTF credit, no additional DTF new money bonds are assumed to be issued over the Financial Plan period.
- All bonds issued to finance TBTA capital projects are assumed to be issued under the TBTA General Revenue Resolution.
- The Build America Bonds subsidy has been reduced by 6.6% annually through and including Federal Fiscal Year 2021 reflecting the sequester reduction for payments to issuers of direct-pay bonds.
- No reserve funds are assumed in these projections.

Notes on the following page are integral to this table.

Notes

- 1 Floating rate notes assumed at 4.00% plus the current fixed spread to maturity.
- 2 Synthetic fixed-rate debt assumed at swap rate; floating rate notes assumed at swap rate plus the current fixed spread to maturity.
- 3 Total debt service excludes COPS lease payments. All debt service numbers reduced by expected investment income and Build America Bonds (BAB) subsidy.
- 4 New money bonds amortized as 30-year level debt except for the Railroad Rehabilitation and Improvement Financing (RRIF) loan which is amortized over 20 years on a level debt service basis at a rate of 2.38%. All other new debt issued assumes 90% fixed rate and 10% variable rate.
- 5 Transportation Revenue Bonds pledged revenues consist generally of the following: fares and other miscellaneous revenues from the transit and commuter systems, including advertising, rental income and certain concession revenues (not including Grand Central and Penn Station); revenues from the distribution to the transit and commuter system of TBTA surplus; State and local general operating subsidies, including the new State taxes and fees; special tax-supported operating subsidies after the payment of debt service on the MTA Dedicated Tax Fund Bonds; New York City urban tax for transit; station maintenance and service reimbursements; and revenues from the investment of capital program funds. Pledged revenues secure Transportation Revenue Bonds before the payment of operating and maintenance expenses. Starting in 2006, revenues, expenses and debt service for MTA Bus have also been included.
- 6 Dedicated Tax Fund pledged revenues as shown above consist generally of the following: petroleum business tax, motor fuel tax and motor vehicle fees deposited into the Dedicated Mass Transportation Trust Fund for the benefit of the MTA; in addition, while not reflected in the DTF pledged revenue figures above, the petroleum business tax, district sales tax, franchise taxes and temporary franchise surcharges deposited into the Metropolitan Transportation Operating Assistance Account for the benefit of the MTA are also pledged. After the payment of debt service on the MTA Dedicated Tax Fund Bonds, these subsidies are available to pay debt service on the MTA Transportation Revenue Bonds, and then any remaining amounts are available to be used to meet operating costs of the transit system, the commuter system, and SIRTOA.
- 7 Triborough Bridge and Tunnel Authority General Revenue Bond pledged revenues consist primarily of the tolls charged by TBTA on its seven bridges and two tunnels. Pledged revenues secure TBTA General Revenue Bonds after the payment of TBTA operating and maintenance expenses, including certain reserves.
- 8 Triborough Bridge and Tunnel Authority Subordinate Revenue Bonds pledged revenues consist primarily of the tolls charged by TBTA on its seven bridges and two tunnels, after the payment of debt service on the TBTA General Revenue Bonds.
- 9 Debt service schedules for each credit are attached as addendum hereto.

Special Notes

- ⁽¹⁾ Revenue and expense numbers do not include the impact of those items listed as part of the below-the-line adjustments on the financial schedules.

METROPOLITAN TRANSPORTATION AUTHORITY
Overtime Descriptions Legend

Type

Definition

<i>Scheduled Service</i>	Crew book/Regular Run/Shift hours (above 8 hours) required by train crews, bus/tower/block operators, transportation supervisors/dispatchers, fare sales and collection, Train & Engineers, as well as non-transportation workers whose work is directly related to providing service (includes coverage for holidays).
<i>Unscheduled Service</i>	Service coverage resulting from extraordinary events not related to weather, such as injuries, mechanical breakdowns, unusual traffic, tour length, late tour relief, and other requirements that arise that are non-absence related.
<i>Programmatic/Routine Maintenance</i>	<i>Program Maintenance</i> work for which overtime is planned (e.g. Railroad Tie Replacement, Sperry Rail Testing, Running Board Replacement Programs). This also includes <i>Routine Maintenance</i> work for which OT has been planned, as well as all other maintenance <u>not resulting from extraordinary events</u> , including running repairs. Program/Routine maintenance work is usually performed during hours that are deemed more practical in order to minimize service disruptions, and includes contractual scheduled pay over 8 hours.
<i>Unscheduled Maintenance</i>	Resulting from an <u>extraordinary event</u> (not weather-related) requiring the use of unplanned maintenance to perform repairs on trains, buses, subway and bus stations, depots, tracks and administrative and other facilities, including derailments, tour length and weekend coverage.
<i>Vacancy/Absentee Coverage</i>	Provides coverage for an absent employee or a vacant position.
<i>Weather Emergencies</i>	Coverage necessitated by extreme weather conditions (e.g. snow, flooding, hurricane, and tornadoes), as well as preparatory and residual costs.
<i>Safety/Security/Law Enforcement</i>	Coverage required to provide additional customer & employee protection and to secure MTA fleet facilities, transportation routes, and security training.
<i>Other</i>	Includes overtime coverage for clerical, administrative positions that are eligible for overtime, and miscellaneous overtime.
<i>Reimbursable Overtime</i>	Overtime incurred to support projects that are reimbursed from the MTA Capital Program and other funding sources.

Notes:

- (1) Budgeted debt service is calculated as resolution required funding from available pledged revenues into debt service accounts. Actual payments to bondholders are made when due and do not conform to this schedule.
- (2) Debt service is allocated between Transit, Commuter, MTA Bus, SIRTOA and TBTA categories based on actual spending of bond proceeds for approved capital projects. Allocation of 2 Broadway COPs is based on occupancy.
- (3) Totals may not add due to rounding.

V. MTA Capital Program Information

**New York City Transit/Staten Island Railway
2018 Commitments**

Project ID	Project Description	Commitment Goal (\$ in mil)
E61404/	Security: IESS Wrap Up - Penn Station & Times Square	\$19.8
	Element Total	\$19.8
ES0703/03	Sandy Mitigation: St. George	\$70.1
	Element Total	\$70.1
ET0403/17	Sandy Mitigation: Upgrade Emergency Booth Comm System (EBCS) (prior year slip)	\$71.6
ET0403/23	Sandy Mitigation: Backup Command Center Upgrade	\$9.4
ET0403/25	Sandy Mitigation: Internal Station Hardening	\$17.9
ET0403/27	Sandy Mitigation: 138 St - Gr Concourse/JER (Vent Battery A)	\$6.0
	Element Total	\$104.8
ET0603	Sandy Mtgtn: Steinway Portal Signal Tower(9 Stns BK/Q)	\$0.2
ET0603/12	Sandy Mitigation: Purchase of 4 Backup Generators for Pump Rm	\$0.6
ET0603/17	Sandy Resiliency: Conversion of 2 Pump Trains	\$14.8
ET0603/19	Sandy Mitigation: DOB Mobile Pumps	\$1.7
ET0603/30	Sandy Mitigation: 14 Fan Plants, LT - 1 Loc, FP 7204	\$0.2
	Element Total	\$17.5
ET0703/08	Sandy Mitigation: Steinway Portal(9 Stns BK/Q Initiative)	\$0.4
ET0703/09	Sandy Mitigation: Long-Term Flood Protection: Hammels Wye	\$22.1
	Element Total	\$22.5
ET0903/04	Sandy Mitigation: Montague-Furman Substation / BWY	\$2.1
ET0903/08	Sandy Resiliency: Deployable Substations	\$31.2
	Element Total	\$33.2
ET1002/09	Sandy Repairs: Power Cable Replacement - 148th St Yard (prior year slip)	\$13.3
ET1002/10	Sandy Repairs: Power Cable Replacement - 207th St Yard (prior year slip)	\$32.5
ET1002/11	Sandy Repairs: Coney Island Yd Cables & Communication Eqpmnt	\$191.3
ET1002/18	Sandy Repairs: 207 St Yard Signals	\$315.1
ET1002/19	Sandy Repairs: 207 St. Yard Track	\$72.3
ET1002/20	Sandy Repairs: 207 St. Yard Switches	\$59.2
	Element Total	\$683.6
ET1003/07	Sandy Mitigation: Long Term Perimeter Protctn-ConeyIsland Yd	\$491.3
ET1003/09	Sandy Mitigation:Long-Term Perimeter Protection, 148 St Yard (prior year slip)	\$72.2
ET1003/10	Sandy Mitigation: Long-Term Perimeter Protection, 207 St Yd (prior year slip)	\$144.9
ET1003/11	Sandy Mitigation: 148th Street Yard Portal (prior year slip)	\$5.1
ET1003/12	Sandy Mitigation: 207th Street Yard Portal (prior year slip)	\$21.8
	Element Total	\$735.3
ET1203/07	Sandy Mitigation: Various Depots	\$50.7
ET1203/08	Sandy Mitigation: Roof Protection MJ Quill Depot [SBFP]	\$3.3
ET1203/09	Sandy Mitigation: Yukon Depot [SBFP]	\$2.4
	Element Total	\$56.3
ET1603/10	Sandy Mitigation: Consolidated Revenue Facility	\$10.0
ET1603/12	Sandy Mitigation: Tiffany Central Warehouse	\$10.2
	Element Total	\$20.3
S70701/01	Purchase 75 SIR Passenger Railcars -R211 (prior year slip)	\$278.8
S70701/02	SIR Station Component Program	\$0.3
S70701/03	SIR Mainline Track Rehabilitation	\$0.4
S70701/10	Rehabilitation of Amboy Rd Bridge - SIR	\$7.2
S70701/12	Enhanced Stations: (Pkg #9) Richmond Valley [SBMP Tier2]	\$15.3
S70701/13	SIR: Track: Clifton Yard Track and Switch Reconfiguration	\$0.4
	Element Total	\$302.4
T50414/19	Intermodal: Rockaway Parkway / Canarsie	\$1.4
	Element Total	\$1.4
T60302/27	Radio & Data Communication: Digital Information Signs (Base)	\$20.7
	Element Total	\$20.7

**New York City Transit/Staten Island Railway
2018 Commitments**

Project ID	Project Description	Commitment Goal (\$ in mil)
T60407/06	Replace 2 Hydraulic Elevators: GC-42 Street / Lexington	\$1.0
T60407/12	Replace One Hydraulic Elevator: GC-42 Street / Lexington	\$6.3
	Element Total	\$7.3
T60413/07	ADA: 68 St-Hunter College / Lexington (prior year slip)	\$116.3
	Element Total	\$116.3
T60703/24	Structural Steel Repair, Lower Level, 9th Ave, WST (Wrap-Up)	\$1.0
	Element Total	\$1.0
T60803/06	CBTC Flushing: Equipment Removals	\$5.0
	Element Total	\$5.0
T60806/	ISIM B-Div: Module 5B RCC Build Out	\$9.5
T60806/02	Upgrade Digital Cross Connect (DCS) Equip at SONET Main Hubs	\$2.1
	Element Total	\$11.6
T61004/03	207th St Overhaul Shop: Soil Remediation and Boiler Upgrade	\$0.5
T61004/10	Yard CCTV, Phase 2	\$14.0
	Element Total	\$14.5

[THIS PAGE INTENTIONALLY LEFT BLANK]

**OPERATING IMPACTS EXCEEDING \$1 MILLION
FOR CAPITAL PROJECTS REACHING BENEFICIAL USE 2018-2021**

NEW YORK CITY TRANSIT CAPITAL PROJECTS

Project: Flushing CBTC. This project is to overlay a new state of the art Communications Based Train Control (CBTC) system in the automatic signal area of the Flushing Line. The Flushing line is the second line to undergo an upgrade to CBTC within the transit system. The project will also replace obsolete air operated 25 Hz fixed-block signal systems with 60 Hz electric equipment in the Times Square Interlocking and install a new solid state interlocking (SSI) at 1st Avenue. Installation is projected for substantial completion in 2018. This project will have a multi-million dollar operating impact.

Project: Queens Boulevard CBTC. This project consists of adding a Communications Based Train Control (CBTC) system to the Queens Boulevard line. The new signal system shall be designed primarily for CBTC only operations with the capability to permit non-CBTC trains to safely operate through the CBTC territory. The Queens Boulevard line is the third line to undergo an upgrade to CBTC within the transit system. Installation is projected for substantial completion in 2021. This project will have a multi-million dollar operating impact.

Project: Help Point Installation. Plan is to install 2,700 Help Point Units in stations. These units provide customers with the ability to make quick voice calls for emergency as well as information related needs. Each station will have several staged Help Points for customer convenience and safety. The total annual cost at completion is projected to be \$1.5M.

Project: Passenger Station LAN (PSLAN). The purpose of the PSLAN is to provide IP network connectivity throughout passenger stations across the subway system. The proposed work under this project will be to furnish and install LAN infrastructure for passenger stations, which can be used as an access network for all IP applications. Applications include New Fare Payment System, Help Point, IP intercoms, IP phones, workstations, IP cameras etc. The total annual operating impact is currently still undetermined.

Project: ISIM-B. In recent times, NYCT has modernized the real time tracking and operations of the A Division subway lines. NYCT is looking to implement similar capabilities across the B division, including long term capability to centrally control both traditional fixed block signal and CBTC systems. ISIM-B will be comprised of several phases in which NYCT will bring the B division modern tracking and operating standards. The operating budget impact of this project is still under review.

Project: Bus Radio & Command Center Upgrade. The Bus Radio Upgrade operating budget impact is currently under review and the cost of the increased maintenance needs for the upgraded radio consoles based on existing radio maintenance efforts is being evaluated. Areas include Bus Depots for MTA and NYCT, the Central Electronics Shop repairs, and Network Operations Support as well as the maintenance of the new Bus Command Center consoles and radio sites. Total annual operating impact is currently still undetermined.

Project: Public Address/ Customer Information – 89 Stations B Division. This project will install public address speakers and visual information delivered by Customer Information Screens at 89 stations and 2 pilot stations. Impacts began in 2017. An annual total increase of \$3.3M is expected.

LONG ISLAND RAIL ROAD CAPITAL PROJECTS

Project: East Side Access. This project will expand LIRR service into Grand Central Terminal. The construction includes new tunnel and track along with related right-of-way equipment, vent plants, substations, and a new terminal station with elevators, escalators, and HVAC. The project also includes 236 new rail cars and will introduce an expanded train service plan to support Opening Day. Operating budget increases will begin before opening day.

Project: Main Line Second Track. The 17.9-mile LIRR Main Line between Ronkonkoma and Farmingdale comprises 12.6 miles of single electrified track and 5.3 miles of double electrified track. The projects calls for the addition of a second track and crossovers in the remaining single-track segments of the ROW. The project also includes new, unimproved maintenance roadways parallel to the tracks within the ROW in certain locations, new side-platforms at existing stations (Wyandanch and Pinelawn) and some new retaining walls where required. Construction for Phase 1 from Ronkonkoma to west of Central Islip is nearing completion. Phase 2 construction, from west of Central Islip to Farmingdale is ongoing. Headcount increase is required for Track, Signal and Power maintenance. At completion in 2018 the project is expected to have an annual operating budget impact of greater than \$1.0M.

Project: Positive Train Control (PTC). This project is for the installation of a PTC system for the LIRR. It is an integrated command, control, communication, and geographic information system designed to prevent train-to-train collisions, over-speed derailments, incursions into established work zone limits, and the movement of a train through a switch left in the wrong position. PTC is composed of five core elements: On-Board Equipment, a Wireless Communication Network, Central Servers, a Dispatching System, and Wayside Equipment. The full operating budget impact has not been identified. However, because of the assets and equipment that will need to be operated and maintained, it is expected that PTC will have an operating budget impact of at least \$3M a year.

Project: Main Line Expansion. The project will add a third track along a 9.8-mile of Main Line corridor between the LIRR's Floral Park and Hicksville train stations. The project will eliminate seven grade crossings, upgrade to railroad infrastructure and stations, and add new parking facilities. The project will reduce train congestion and delays, and enable true bi-directional service during peak hours, as well as more intra-Island service. The contract was awarded in December 2017. Estimated completion is scheduled for 2022. Headcount increase is required for Track, Signal and Power maintenance. Initial estimates indicate that the project is expected to have an annual operating budget impact of greater than \$1.0M.

METRO-NORTH RAILROAD CAPITAL PROJECTS

Project: M-8 New Haven Line Purchase. This project is for the design, manufacture, test and delivery of the New Haven Line M8 EMU Cars. The first one hundred cars will be utilized to supplement the existing fleet to fill out trains and reduce standees. The base contract for 210 cars

and the first option for 90 additional cars were awarded on August 21, 2006, with two additional options of 42 and 38 cars respectively. A change order was also executed for 25 Single Cars for a total of 405 cars. Subsequently, an additional change order was executed for another 60 cars. Anticipated steady-state Operating Budget Impact of at least \$4M (NYS portion) once all cars are in service.

Project: Positive Train Control (PTC). Installation of a PTC system is mandated by the Federal Rail Safety Improvement Act of 2008. PTC is an integrated command, control, communication, and geographic information system designed to prevent train-to-train collisions, over-speed derailments, incursions into established work zone limits, and the movement of a train through a switch left in the wrong position. It is composed five core elements: On-Board Equipment, a Wireless Communication Network, Central Servers, a Dispatching System, and Wayside Equipment. There is an anticipated steady-state Operating Budget Impact of at least \$4M in costs for this project (NYS portion).

Project: West of Hudson Signal Improvements. The purpose of this project is to install a new 100 Hz Cab Signal system replacing existing antiquated signal system for the West of Hudson Port Jervis Line between Suffern, NY (MP 31.3) and Sparrowbush, NY (MP 89.9). This system will be consistent with NORAC (Northeast Operating Rules Advisory Committee) and NJT (New Jersey Transit) operating rules. This project will extend existing cab signal system from NJT territory (south of Suffern) into MNR territory up to the division post at MP 89.9. This line consists of nine interlockings and four highway grade crossings. MNR rolling stock operated by NJT is already equipped with cab signal system due to its operation south of Suffern. PTC equipment for West of Hudson will be procured as options on New Jersey Transit PTC contract. The West of Hudson Signal Improvements project anticipates a steady-state Operating Budget Impact of at least \$1M (NYS portion).

Project: Harmon Shop Replacement – Phase V. The project involves the continuation of MTA Metro-North Railroad’s Harmon Shop Replacement Program. Phase V is a two-stage program to design and construct a new Electric Car Shop with a Consist Shop Facility and new Running Repair and Support Shop to replace the existing Harmon Old Main Shop Building. Preliminarily, there is a potential for annual savings up to \$1M that could be realized in facility and equipment maintenance and train operations costs.

MTA POLICE DEPARTMENT CAPITAL PROJECTS

Project: Upgrade Police Radio System. This project provides for the upgrade and enhancement of the MTAPD radio system and associated infrastructure through strategic partnerships with local and state agencies, as well as the installation of contemporary equipment and technologies throughout the 14 counties served by the MTAPD. It is expected that at completion the project will result in increased maintenance expenses of approximately \$4.4M or more per year. These expenses will be partially offset by an estimated \$2.4M per year of savings as MTAPD moves from 2 person patrols to 1 person patrols in districts outside of New York City. Full budget impacts of the project are expected after 2018.

MTA BRIDGES AND TUNNELS CAPITAL PROJECTS

Project: Implementation of cashless Open Road Tolling (ORT). This project is constructing ORT gantries at all MTA crossings (two tunnels and seven bridges), as well as installing, integrating and testing all hardware and software to ensure the accuracy of the tolling systems. In addition, toll booths at all facilities are being removed. ORT is the next generation of tolling technology and its implementation will enhance the travel experience of customers at all TBTA facilities. This will result in approximately \$65M in annual expenses starting in 2018, the first full year of agency-wide ORT operation.

MTA SYSTEM-WIDE CAPITAL PROJECTS

Project: Enterprise Asset Management. This project, which has already begun, will not be completed until after 2021. It is expected that the project will result in significant operating budget impacts leading up to and after its full implementation. Impacts will include both necessary investments and efficiency savings.

OTHER AGENCIES

MTA Bus has no capital projects entering beneficial use in 2018-2021 that have impacts on its operating budget over \$1M.

VI. Agency Financial Plans and 12-Month Allocations

Bridges and Tunnels

**MTA BRIDGES AND TUNNELS
FEBRUARY FINANCIAL PLAN 2018-2021
2017 FINAL ESTIMATE AND 2018 ADOPTED BUDGET**

In accordance with MTA-approved budget procedures, the following information presents MTA Bridges and Tunnels' (B&T) 2017 Final Estimate, 2018 Adopted Budget and the Financial Plan for 2018-2021.

The February Financial Plan includes expense re-categorizations, which have a net-zero impact on the surplus.

Debt Service adjustments to the November Plan reflect increases of \$5.3 million in 2017 and \$1.7 million in 2018 due to additional general revenue bonds that were issued in 2017. These increases are more than offset by decreases each year from 2019 through 2021 totaling \$43.1 million resulting primarily from interest rate savings generated through multiple refundings.

The attached also includes schedules detailing the monthly allocation of financial, including overtime, and headcount and utilization data based on the 2018 Adopted Budget for the purpose of reporting actual results on a monthly basis to the Board.

**MTA CAPITAL CONSTRUCTION
FEBRUARY FINANCIAL PLAN 2018-2021
2017 FINAL ESTIMATE AND 2018 ADOPTED BUDGET**

In accordance with MTA-approved budget procedures, the following information presents MTA Capital Construction's 2017 Final Estimate, 2018 Adopted Budget and the Financial Plan for 2018-2021. There were no adjustments to the MTA CC Adopted Budget relating to MTA adjustments that were presented in the December Plan and adopted by the Board in December 2017, and there were no technical adjustments required to be included in this plan cycle.

The attached also includes schedules detailing the monthly allocation of financial and headcount data based on the 2018 Adopted Budget for the purpose of reporting actual results on a monthly basis to the Board.

Long Island Rail Road

**MTA LONG ISLAND RAIL ROAD
FEBRUARY FINANCIAL PLAN 2018-2021
2017 FINAL ESTIMATE AND 2018 ADOPTED BUDGET**

In accordance with MTA-approved budget procedures, the following information presents MTA Long Island Rail Road's 2017 Final Estimate, 2018 Adopted Budget and the Financial Plan for 2018-2021. The LIRR Adopted Budget does not include MTA Adjustments that were presented in the December Plan and adopted by the Board in December 2017.

The LIRR technical adjustments are presented on the Reconciliation to the November Financial Plan schedules and described below:

- The LIRR accrued 2017 financials captured both the principal and interest on New York Power Authority (NYPA) loans. Only the interest payments should have been captured on the accrued statements. This correction results in lower accrued expenses of \$2.0 million in 2017 and approximately \$3.4 million per year thereafter; there is no cash impact.
- MTA Agencies will no longer reimburse each other for represented employee transportation passes. The LIRR had been receiving reimbursement from New York City Transit (NYCT). This will result in lower other operating revenue of \$1.7 in 2017 (fourth quarter payment) and \$6.0 million in 2018 – 2021. NYCT will have a corresponding savings.

The attached also includes schedules detailing the monthly allocation of financial, overtime, headcount and utilization data based on the 2018 Adopted Budget for the purpose of reporting actual results on a monthly basis to the Board.

**MTA METRO-NORTH RAILROAD
FEBRUARY FINANCIAL PLAN FOR 2018-2021
2017 FINAL ESTIMATE AND 2018 ADOPTED BUDGET**

In accordance with MTA-approved budget procedures, the following information presents MTA Metro-North Railroad's (MNR) 2017 Final Estimate, 2018 Adopted Budget, and the Financial Plan for 2018-2021. The MNR Adopted Budget does not include MTA Adjustments that were presented in the December Financial Plan and adopted by the Board in December 2017.

The MNR technical adjustment is presented in the Reconciliation to the November Financial Plan schedules and described below:

- Eliminate the reimbursement from NYCT for TWU employee commutation passes, which decreases Other Operating Revenue by \$5.3 million per year, starting in October 2017.

The February Financial Plan also includes the following expense re-categorizations and timing changes, which have a net-zero impact on the surplus/deficit and are therefore not captured on the reconciliation tables:

- Reclass approximately \$12.8 million in 2017 cash requirements from Other Business Expenses to Other Operating Revenue, aligning the forecast to actual cash impacts.

The attached also includes schedules detailing the monthly allocation of financial (including overtime), headcount, and utilization data based on the 2018 Adopted Budget to report actual results on a monthly basis to the Board.

FEBRUARY FINANCIAL PLAN FOR 2018-2021
2017 FINAL ESTIMATE AND 2018 ADOPTED BUDGET**

In accordance with MTA-approved budget procedures, the following information presents MTA Headquarters' 2017 Final Estimate, 2018 Adopted Budget and the Financial Plan for 2018-2021. The MTA Headquarters Adopted Budget does not include MTA Adjustments that were presented in the December Plan and adopted by the Board in December 2017.

MTA Headquarters' technical adjustment is presented on the Reconciliation to the November Financial Plan schedules and described below:

- Transfer of non-labor costs relating to the management of mobile technology from MTA New York City Transit to MTA Information Technology. Increase of approximately \$0.9 million annually.

The attached also includes schedules detailing the monthly allocation of financial, including overtime, and headcount data based on the 2018 Adopted Budget in order to report actual results on a monthly basis to the Board.

VI-100

MTA Headquarters

MTA Headquarters includes four distinct components: Policy & Oversight, MTA Consolidated Functions including Information Technology and Non-Information Technology, the Business Service Center, and MTA Security.

- MTA HQ, Policy & Oversight includes MTA executive leadership and policy/oversight functions including the Chairman's Office, Chief of Staff, Office of the Chief Financial Officer, Human Resources, Labor Relations, and Corporate and Community Affairs.
- MTA Consolidated Functions includes areas where savings have been achieved through function consolidations or areas where the work can be more efficiently performed at Headquarters. Previous Plans included the consolidation of the Pension function. This Plan includes the consolidation of the Information Technology and Treasury functions. The Procurement function will be consolidated in a future Plan. As MTA consolidates functions across the Agencies, it is likely that the net budget change associated with those functions will increase Headquarters' costs, while staffing and expense levels decrease at a higher level at the Agencies.
- The Business Service Center provides shared back-office financial, payroll, procurement, and human resource services to all agencies.
- Public Safety includes the MTA Police which patrols the MTA's commuter railroads, and provides MTA-wide oversight of security and safety services. Public Safety also leads emergency preparedness, and interfaces with multiple city, state and federal law enforcement agencies.

The following table breaks out the MTA HQ expenses and personnel Budgets by these categories.

**MTA INSPECTOR GENERAL
FEBRUARY FINANCIAL PLAN FOR 2018-2021
2017 FINAL ESTIMATE AND 2018 ADOPTED BUDGET**

In accordance with MTA-approved budget procedures, the following information presents MTA Inspector General's 2017 Final Estimate, 2018 Adopted Budget and the Financial Plan for 2018-2021, which are 100% reimbursable. The Inspector General's Adopted Budget does not include MTA Adjustments that were presented in the December Plan and adopted by the Board in December 2017 and there were no technical adjustments required to be included in this plan cycle.

New York City Transit

**MTA NEW YORK CITY TRANSIT
FEBRUARY FINANCIAL PLAN 2018-2021
2017 FINAL ESTIMATE AND 2018 ADOPTED BUDGET**

In accordance with MTA-approved budget procedures, the following information presents MTA New York City Transit's 2017 Final Estimate, 2018 Adopted Budget and the Financial Plan for 2018 - 2021. Included in this financial plan are adjustments to reflect a "phase-in" Subway Action Plan operating cost requirements, consistent with a projected lower level of funding availability, and additional capital program requirements, mostly in support of the Subway Action Plan. Some technical adjustments are also reflected in this plan.

Operating Expenses/Positions

- A projected "phase-in" Subway Action Plan of planned operating expenses has resulted in reductions of \$249.3 million in 2018, \$192.0 million in 2019, and \$150.1 million in both 2020 and 2021. Position reductions are projected at 1,542 in 2018, 1,506 in 2019 and 1,223 in both 2020 and 2021. Essentially all of the categories of planned work will be affected by these projected reductions.
- Technical adjustments were represented mostly by savings of \$3.1 million in 2017 and \$12.2 million in subsequent years, resulting from the elimination of railroad pass reimbursements by NYCT regarding transit employee free use of LIRR/MNR service.

Capital Program Requirements

- \$66.0 million of additional capital program requirements are being projected in this plan in 2018, including \$49.5 million supporting the "phase-in" Subway Action Plan, with about half funding additional power requirements and half funding additional signal requirements.
- The remaining \$16 million of requirements involve support for overall Subway capital construction/engineering needs.

The attached also includes schedules detailing the monthly allocation of financial, including overtime, and headcount and utilization data based on the 2018 Adopted Budget for the purpose of reporting actual results on a monthly basis to the Board.

MTA Bus Company

**MTA BUS COMPANY
FEBRUARY FINANCIAL PLAN 2018-2021
2017 FINAL ESTIMATE AND 2018 ADOPTED BUDGET**

In accordance with MTA-approved budget procedures, the following information presents MTA Bus Company's 2017 Final Estimate, 2018 Adopted Budget and the Financial Plan for 2018-2021. The MTA Bus Adopted Budget does not include MTA Adjustments that were presented in the December Plan and adopted by the Board in December 2017.

The February Financial Plan includes the following expense re-categorizations which have a net-zero impact on the surplus/deficit and are therefore not captured on reconciliation schedules:

- Maintenance and Other Operating Contracts are projected to increase by \$1.332 million in 2018, and by \$1.147 million in 2019. This change is to align the budget with the actual expenses for SBS Routes and Artic Buses on loan from NYCT.
- Professional Services is projected to decrease by \$5.435 million in 2018, and \$4.296 million in 2019. This change is to align the budget with the actual expenses for SBS Routes and Artic Buses on loan from NYCT.
- Material & Supplies is projected to increase \$4.103 million in 2018 and \$3.149 in 2019. This change is to align the budget with the actual expenses for SBS Routes and Artic Buses on loan from NYCT.

The attached also includes schedules detailing the monthly allocation of financials, including overtime, headcount, and utilization data based on the 2018 Adopted Budget for the purpose of reporting actual results on a monthly basis to the Board.

Staten Island Railway

**MTA STATEN ISLAND RAILWAY
FEBRUARY FINANCIAL PLAN 2018-2021
2017 FINAL ESTIMATE AND 2018 ADOPTED BUDGET**

In accordance with MTA-approved budget procedures, the following information presents MTA Staten Island Railway's 2017 Final Estimate, 2018 Adopted Budget and the Financial Plan for 2018 - 2021. The SIR Adopted Budget does not include MTA Adjustments that were presented in the December Plan and adopted by the Board in December 2017. Also, there were no SIR technical adjustments required to be included in this plan cycle.

The attached also includes schedules detailing the monthly allocation of financial, including overtime, and headcount and utilization data based on the 2018 Adopted Budget for the purpose of reporting actual results on a monthly basis to the Board.

		3	Managing Director <i>RT</i>

Purpose:

To secure MTA Board (i) adoption of the accompanying **2018 Final Proposed Budget and the Four-Year Financial Plan 2018-2021 (“November Plan” or “Plan”)**, which includes approving the 2017 Final Estimate and Plan Adjustments (items below the baseline), and (ii) authorization of Budget and Plan adjustments, including MTA efficiency targets and policy actions, as set forth below in this Staff Summary.

Discussion:

This document summarizes **the November Plan** presented to the Board for information purposes at the November Board meeting, which projects ending cash balances of \$78 million in 2017, \$30 million in 2018, and \$69 million in 2019 with projected cash deficits of \$352 million in 2020 and \$643 million in 2021 (see attachment A). Since 2010, MTA financial plans – which are developed in a disciplined, consistent, and transparent process – have included the impact of our continuous pursuit of operational efficiencies and recurring cost reductions which are used to temper the amount of revenues needed from biennial fare and toll increases and governmental subsidies and provide funding for the capital program and enhanced maintenance. The Plans have added service when sustainable while also addressing long-term costs such as pensions, health care, paratransit, and debt service previously considered “uncontrollable.”

The November Plan captures the major assumptions that were first identified in the July Plan. It is updated to reflect stakeholder input and the impact of new developments and risks. It includes a revised current year forecast and finalization of the proposed budget for the upcoming year along with projections for the three out-years.

The **July Plan** was based on three key inter-related elements: (i) fare and toll price increases of 4% in 2019 and 2021; (ii) annually recurring cost reduction cost containment targets that will increase the level of annual savings to \$2.3 billion per year by 2021; and (iii) support for \$100 million in additional funding needed for the amended Capital Program. The July Plan also funded important new investments over the plan period including \$484 million for improved maintenance/operations and customer experience enhancements.

The July Plan included certain MTA actions to address unfavorable changes from the February Plan, most notably a significant reduction in real estate transaction revenue, which remain in the November Plan assumptions:

- Increased savings targets by \$150 million per year, starting in 2018 with an incremental increase of \$50 million per year thereafter, growing to \$300 million in 2021;
- Restoration of PMT Replacement Funds to \$307 million a year (\$65 million per year);
- Suspended contributions to the B&T Necessary Reconstruction Reserve Fund from 2018-2021 (\$214 million) instead of PAYGO;
- Use of \$135 million of the \$155 million in the 2017 General Reserve; and
- Suspended planned contributions to the GASB 45 OPEB reserves, set aside to fund Other Post-Employment Benefits (principally, retiree healthcare costs), beginning in 2018 (\$101 million).

The July Plan was balanced through 2019 with funding gaps of \$112 million in 2020 and \$493 million in 2021.

Changes from the July Plan

There have been revenue and expense re-estimates and other changes since the July Plan:

Changes and re-estimates worsening financial results over the Plan period:

- Lower farebox/toll revenue estimates (\$281 million)
- Lower real estate transaction forecasts (\$147 million)
- Lower advertising revenue (\$143 million)
- Lower MMTOA receipts (\$80 million)

Changes and re-estimates improving financial results over the Plan period:

- Lower debt service costs (\$189 million)

In total, changes and re-estimates, including the above, are \$309 million unfavorable for the plan period.

Highlights of the November Plan

The November Plan continues to follow the approach reflected in earlier plans and contains many noteworthy items:

Subway Action Plan (SAP). This \$1.5 billion investment over the Plan period will target the key drivers of 79 percent of the major incidents that cause service delays, including signals, track and power issues. It also addresses water-related damage and corrosion, track fires, car breakdowns, police activity and station issues. The investment funds the following core areas: track/infrastructure, signals, power, fleet, stations and communications. The Subway Action Plan will “jump start” improvements over the next 14 months, then maintain this level of effort going forward.

Using existing reserves and available cash, the MTA will provide the initial operating and capital cash-flow funding of this work with the expectation of full reimbursement in 2018. The Governor has committed to funding one half of the costs of this program. If new funding commitment for the remaining cost of the program is not forthcoming, the SAP will be scaled back to a sustainable level and the February Plan will be adjusted.

The 2018 operating costs are reflected in the proposed 2018 budget. All capital costs are being presented in a proposed amendment to the 2015-2019 Capital Plan.

Hold projected fare/toll increases to 4% in 2019 and 2021. The Plan continues to project 4% biennial fare/toll increases (the equivalent of 2% per year) which is lower than the projected two-year inflation rates of 5.5% and 5.3% in 2019 and 2021, respectively. Consistent with recent Plans, a March 1st implementation is assumed for both the 2019 and 2021 increases. The annualized yield of these increases is projected to be \$321 million and \$336 million, respectively.

Increase annually recurring savings targets. The Plan maintains the annual savings targets proposed in February and July (\$200 million in 2018, \$250 million in 2019, \$300 million in 2020 and \$350 million in 2021). While these aggressive targets will be harder to achieve, the MTA remains committed to meeting them. Some \$593 million in savings have been implemented or identified in the July and November Plans. The July Plan captured \$509 million of savings in areas including: health & welfare, headcount efficiencies, Enterprise Asset Management (EAM) program, paratransit, maintenance, and Information Technology (IT). The November Plan identifies \$84 million in savings that include reduced prescription benefit costs at NYCT and operational efficiencies at B&T.

Since 2010, the MTA has implemented initiatives with annualized savings of \$1.9 billion. These programs, when combined with the additional targets from February and July will result in annual savings of \$2.3 billion by 2021.

Other MTA Actions

As previously described, the July Plan was balanced in part by using \$135 million from its \$155 million General Reserve and by suspending planned funding to certain reserve accounts. In addition, the July Plan assumed the restoration of PMT Replacement Funds from NYS of \$307 million (\$65 million per year). This Plan retains all of those assumptions. In addition, it assumes that the \$149 million GASB 45 OPEB Reserve and the remaining \$20 million from the 2017 General Reserve used to advance the funding of the SAP in 2017 and early 2018 will be reimbursed by the State and other funding sponsors and then used to offset operating expenses in 2018.

The “Bottom Line”

Combined, the above noted changes and re-estimates and recommendations result in a net worsening to MTA's financial forecast over the plan period. As detailed in the following chart, this Plan is balanced through 2019; however, July projected gaps for 2020 and 2021 of \$112 million and \$362 million are increasing to \$352 million and \$643 million, respectively.

Challenges Going Forward

There are many challenges and risks ahead:

Secure full funding for the Subway Action Plan. The implementation of the SAP will provide critical and measurable improvements to the performance of our subway system and in the quality of service provided to our customers. As previously mentioned, the MTA has received a commitment from the Governor that the State will fund half of the SAP's cost. If an additional funding commitment is not forthcoming, the SAP will be adjusted commensurate with available funding and the February Plan will be adjusted.

Secure new sustainable funding for operations and capital. The plan assumes aggressive cost-cutting yet is still projecting significant out-year gaps. In order to sustain operations and protect investments made to date and/or planned, the MTA will almost certainly require a new source of future funding to support its operating and capital budgets.

Biennial fare and toll increases. While we work diligently to control costs, the reality is that combined fares and tolls only cover approximately half of operating costs (“Farebox Operating Ratio”) and a little more than a third of total costs, including capital costs (“Farebox Recovery Ratio”). Moreover, many costs are dependent on pricing factors beyond our direct control (e.g., energy, health & welfare and pensions). If projected fare and toll increases are not implemented, our financial situation will quickly deteriorate as revenue will not be able to keep pace with inflation and other cost growth.

Achieve cost reduction targets. Efforts to reduce costs will continue, but it becomes increasingly challenging as much of the “low hanging fruit” has been harvested. Unidentified savings targets are \$214 million in 2018, \$309 million in 2019, \$388 million in 2020, and \$418 million in 2021. We recognize that these targets are aggressive and will be harder to achieve, but we are committed to meeting these goals. If we do not achieve our targets, operating gaps will occur earlier and be larger. We must also remain focused on existing cost control efforts to avoid backsliding, as we cannot afford to “give back” any of the savings that we have worked so hard to achieve to date.

Increased investments in maintenance/operations and customer experience enhancements. Our challenge is to continue maintaining and improving our operations, even as growing ridership puts more demands on our aging infrastructure, including our 113-year old subway system. We need to find more efficient ways to improve our System, move our customers, and enhance their experience.

General economic conditions. The finances of the MTA are highly influenced by economic factors. Passenger and toll revenues, dedicated taxes and subsidies (including real estate transaction tax revenue), debt service, pensions and energy costs are all impacted by the health of the economy. If the economic assumptions reflected in the Plan are not realized, the November Plan projected results could be adversely affected.

Potentially higher interest rates greater than forecast. The November Financial Plan includes interest rate assumptions in line with the Federal Open Markets Committee’s recent actions and policy statements on future actions. Changes in economic activity may result in increases of the federal funds rate, which in turn could lead to an increase in bond rates greater than projected in the Plan and ultimately increase our debt service costs.

Recommendation:

It is recommended that the Board:

- Adopt the 2018 Final Proposed Budget and Four-Year Financial Plan 2018-2021 (November Plan), which includes approving the 2017 Final Estimate and Plan Adjustments (items below the baseline). The approval of this Plan will supersede prior Board Plan approvals for this period. Note that the projected 2019 and 2021 fare/toll increase proposals will require separate Board action in advance of those dates.
- Authorize staff, under the guidance and direction of the Chairman, Managing Director, and Chief Financial Officer or their designees to take actions to implement the policy actions set forth in the Plan.
- Policy actions include the full funding of the Subway Action Plan. The Plan assumes NYS funding for half of the costs of the SAP, including debt service. The Plan assumes a new source of funding for the other half of the SAP cost. The Plan also includes the reimbursement of MTA's advance funding of SAP costs in 2017 and early 2018 (see below), and the operating budget will temporarily fund 2017 capital costs that are expected to be paid back from the Capital Program in 2018. The Plan assumes that if new funding commitments are not forthcoming, the SAP will be scaled back to a sustainable level.
- Recommend necessary changes to the scope of the Subway Action Plan in the February Plan to match available funding, as well as authorization to make corresponding changes to the Budget.
- Authorize staff to draw down the unexpended 2017 general reserve (\$155 million). The July Plan assumed the drawdown of \$135 million; the remaining \$20 million will be used to provide advance cash-flow funding of the Subway Action Plan (SAP) in 2017. The \$20 million is assumed to be restored in 2018 upon the reimbursement from NYS and a new funding source, and will roll into the 2018 cash balance.
- Authorize staff to draw down \$80 million of GASB 45 OPEB Reserves to provide advance cash-flow funding of the SAP in 2017. Funds are assumed to be restored to the GASB 45 OPEB Reserves in 2018 upon the reimbursement from NYS and a new funding source.
- Authorize staff to draw down the \$149.5 million GASB 45 OPEB Reserves balance (after restoration of \$80 million advance) to offset expenses in 2018.
- Authorize staff to suspend planned contributions to the GASB 45 OPEB Reserves beginning in 2018. This action would reduce operating-funded contributions by \$101 million over the plan period.
- Authorize staff to suspend contributions to B&T's Necessary Reconstruction Reserve from 2018 to 2021. This action would reduce operating-funded contributions by \$214 million over the plan period, still leaving \$321 million in the fund.
- Authorize technical adjustments to MTA budgets and forecasts of a non-material nature in the February Plan.
- Authorize adjustment of MTA budgets and forecasts to reflect labor settlements approved from time to time by the Board.

- Authorize staff, under the guidance and direction of the Chairman, Managing Director, the Chief Financial Officer or their designees (including the MTA Treasurer), to take additional budget and cash management actions, as has been done in past budgets, to draw on the general reserve and/or make budget adjustments to respond to unexpected expenses or revenue/subsidy shortfalls, and other actions described below:

Advance of Bridges and Tunnels Operating Surplus

The Board is requested to authorize Bridges and Tunnels to advance to MTA and NYC Transit, to the extent funds are available, all or part of the estimated operating surplus for the year 2018.

Uses of MTA MRT-2 Corporate Account Monies

Unlike many other forms of intergovernmental aid, these subsidy monies, by statute, can be allocated at the Board's discretion. It is recommended that the Board authorize that these funds be used as set forth in the Plan, authorize staff to administer these funds in a manner consistent with the Plan, and to temporarily help stabilize cash-flow requirements. As in the past, the advance of funds to the MTA and its affiliates and subsidiaries to stabilize cash-flow requirements may be made, provided they are repaid prior to the end of the fiscal year in which made.

Uses of Payroll Mobility Tax (and Replacement Funds) and MTA Aid

Like the MRT-2 Corporate Account moneys, these subsidy monies, by statute, can be allocated at the Board's discretion. It is recommended that the Board authorize that the revenues from the PMT (and Replacement Funds) be released as needed: (i) for pledged revenues by MTA to secure and be applied to the payment of bonds to be issued in the future, to fund capital projects of MTA, its subsidiaries, and MTA New York City Transit and its subsidiary and (ii) to pay capital costs, including debt service of MTA, its subsidiaries, and MTA New York City Transit and its subsidiary. It is further recommended that the Board authorize that subject to the provisions of any such pledge, or in the event there is no such pledge, the PMT Revenues be used by MTA to pay for costs, including operating and capital costs of MTA, its subsidiaries and MTA New York City Transit and its subsidiary.

Further, it is recommended that the Board authorize that the revenues in the MTA Aid Trust Account (derived from four fees and taxes imposed in the Metropolitan Commuter Transportation District – a supplemental motor vehicle license fee, a supplemental motor vehicle registration fee, a tax on medallion taxicab rides, and a supplemental tax on passenger car rentals) be released as needed and used as pledged revenues by MTA or pledged to the Triborough Bridge and Tunnel Authority to secure debt of MTA Bridges and Tunnels. Further, subject to the provisions of such pledge, or in the event there is no such pledge, the Board authorizes the release of these funds to be used by MTA for the payment of operating and capital costs of the MTA and its subsidiaries, and New York City Transit, and its subsidiary.

Inter-Agency Loans

The Board is requested to authorize staff acting under Section 1266 (6-a) of the Public Authorities Law, to enter into inter-agency loan agreements among the MTA and its affiliates and subsidiaries. This authorization would allow the temporary movement of funds among agencies to meet cash flow requirements for operating or capital purposes resulting from a mismatch between the receipt of subsidies and other monies and cash flow needs. The statute requires that any such inter-agency loans be repaid no later than the end of the next succeeding calendar year.

Use of Stabilization Reserve: Provision for Prompt Payment of Contractual Obligations

In 1996, the Board approved the establishment of a Stabilization Reserve, to be held by the MTA Treasurer (the "Treasurer"), to stabilize MTA Agencies' cash flow requirements. The fund consists of two accounts, the MTA New York City Transit Account (the "Transit Account") and the MTA Commuter Railroad Account (the "Commuter Railroad Account"). The Board is requested to authorize the use of any balances in such accounts, plus any amounts authorized to be transferred to such accounts, to meet the cash flow requirements of MTA New York City Transit and the MTA Commuter Railroads and to authorize MTA New York City Transit to pay to the Treasurer for deposit in the Transit Account such amounts as it deems necessary to accomplish the purpose thereof, consistent with this Plan; and the Treasurer to pay into the Commuter Railroad Account, such amounts as are deemed necessary to accomplish the purpose thereof, consistent with this Plan. The Treasurer, upon request of MTA New York City Transit, shall pay to NYCT such amounts as are necessary to meet cash flow requirements of NYCT and shall transfer from the Commuter Railroad Account such amounts as are necessary to meet the cash flow requirements of MTA Commuter Railroads. The Treasurer shall also use such funds as from time to time may be necessary or convenient to timely make debt service payments on MTA bonds.

Government Accounting Standards Board (GASB) Contributions

In 2008, the MTA approved the establishment of the "MTA Retiree Welfare Benefits Trust" ("OPEB Trust") to govern the administration and investment of the OPEB trust assets. Through 2014, \$300 million was moved into the trust. The Treasurer will continue to hold the remaining funds set aside in discrete sub-accounts that comprise the GASB Account. The Treasurer is authorized to use the GASB accounts to fund intra-agency loans as well as inter-agency loans. If an agency uses its own GASB funds to meet 2018 cash flow needs, the amounts withdrawn in 2018 must be paid back by December 31, 2020. If the GASB funds are used as inter-agency loans in 2018, they would be subject to repayment no later than December 31, 2019, consistent with the Inter-Agency Loan provision described above.

As noted above, the Plan assumes that the remaining \$149.5 million in the GASB 45 OPEB Reserves account will be needed to offset expenses in 2018. The Treasurer remains authorized to make intra-agency and inter-agency loans in 2018 with any available funds.

VIII. Other

The MTA Budget Process

MTA budgeting is a rigorous and thorough on-going process and culminates with the passage of the Budget in December. In the course of a year, MTA prepares a February, July and November Financial Plan, and Adoption Materials in December. In addition to the existing year, each Plan requires Agencies to prepare four-year projections which include the upcoming and three following calendar years.

Both the July and November Financial Plans are divided into two distinct volumes:

- Volume I summarizes the complete financial plan, including the baseline as well as policy items and other “below-the-line” items;
- Volume II includes detailed Agency information supporting baseline revenue, expense, cash and headcount projections. Also included is detailed information supporting actions taken to increase savings as well as individual Agency deficit reduction programs.

July Plan

The July Financial Plan provides the opportunity for the MTA to present a revised forecast of the current year’s finances, a preliminary presentation of the following year’s proposed budget, and a three year re-forecast of out-year finances. This Plan may include a series of gap closing proposals necessary to maintain a balanced budget and actions requiring public hearings. The Mid-Year Forecast becomes the basis on which monthly results are compared for the remainder of the year.

November Plan

After stakeholders weigh in and the impact of new developments and risks are quantified, a November Plan is prepared, which is an update to the July Financial Plan. The November Plan includes a revised current year and finalization of the proposed budget for the upcoming year and projections for the three out-years.

December Adopted Budget

In December, the November Plan is updated to capture further developments, risks and actions that are necessary to ensure budget balance and is presented to the MTA Board for review and approval.

February Plan

Finally, certain below-the-line policy issues included in the December Adopted Budget are moved into the baseline and technical adjustments are made. This results in what is called the February Plan. The Adopted Budget is allocated over the 12 month period and becomes the basis on which monthly results are compared.
