A MESSAGE FROM MADISON POLICE DEPARTMENT INTERIM POLICE CHIEF RANDY GABER

A Look Back at 2013

After 29 years with the Madison Police Department we said farewell to Chief Noble Wray in September of 2013 as he retired. I had the honor and privilege to serve as an Assistant Chief under Chief Wray for 9 of those years where I witnessed first-hand his unwavering commitment and dedication to our city, to the citizens of Madison and to the Madison Police Department. I learned a great deal from Noble Wray as the Chief and the man, and I am a better man for having served under him. I am thankful for Chief Wray's service to our profession and to our community and I wish him well in his much-deserved retirement. I was also incredibly fortunate to have been appointed Interim Chief of Police for the Madison Police Department after Chief Wray retired and to continue in his footsteps of leading our great department into the future.

In 2013 we made some big strides in how we communicate and make our department more accessible to our community. In addition to our continued commitment to positive interpersonal contacts with our employees and citizens, we also saw some big changes with our Madison Police Department website. Not only did it start to feature blogs from the Chief of Police but the new website was built to be more user-friendly, informative and visual. The Police Blotter was also added to our website which provides details on events, trainings, community initiatives and so much more from our various districts. The website gave the public the ability to share content more easily from our webpage through email, Facebook, Twitter and many other social media sites. I feel this is another great way to continually engage our community in a manner that continues to evolve over time.

We had two different pre-service academies start up in 2013. 5 new officers were a part of our Accelerated Academy in early 2013 and 35 new recruits took the oath-of-office in October of 2013. Our 35-officer recruit class was the largest academy class in the history of our Department. We continue to be very pleased with the quality and diversity of the men and women we hire both as commissioned officers and civilian employees here at the Madison Police Department. Hiring qualified and diverse employees ensure that we will continue to reflect our community with a strong emphasis on meeting their needs.

I am also very proud that our department continues to be recognized nationally for its innovation, leadership and continued progressive approach to policing. We thrive to be in the forefront of trust-based community policing, problem-solving and quality improvement. We are committed to providing high quality police services that are accessible to all members of our community and acknowledge the value of everyone in our community. We believe in working with the community to make our city a safe and healthy place to live, work and play while continuously trying to improve the service we provide to the community.

We had another full year of events for our Department and the community. The 7th year of the Citizen's Academy took place in 2013 where 13 Madison residents had a unique opportunity to learn about some of the many issues and duties handled by officers of this department over a 9 week course. Our department also participated in a number of notable community events including, but not limited to: the Big Rig Gig, the 2013 Department/Community Awards Ceremony, Safety Saturday, Fiesta Hispana, Freakfest, Rhythm and Booms, MPD Charity Golf Event, Juneteenth day Celebration, spring planting at the Salvation Army, Darbo Bike Rode, Justice for the Cure, Battle of the Badges blood drive, Dog Paddle, Mounds Dog Fest, Mounted Patrol Community Corral, National Night Out, the Latino/African American Youth Academies, Shop with a Cop and various other neighborhood events (such as picnic celebrations and youth related events). There were also hundreds of additional events throughout the year that we participated in. These are a great opportunity for our department and our community to come together for worthwhile events and I sincerely appreciate all the efforts the men and women of our Department take to make these events a success.

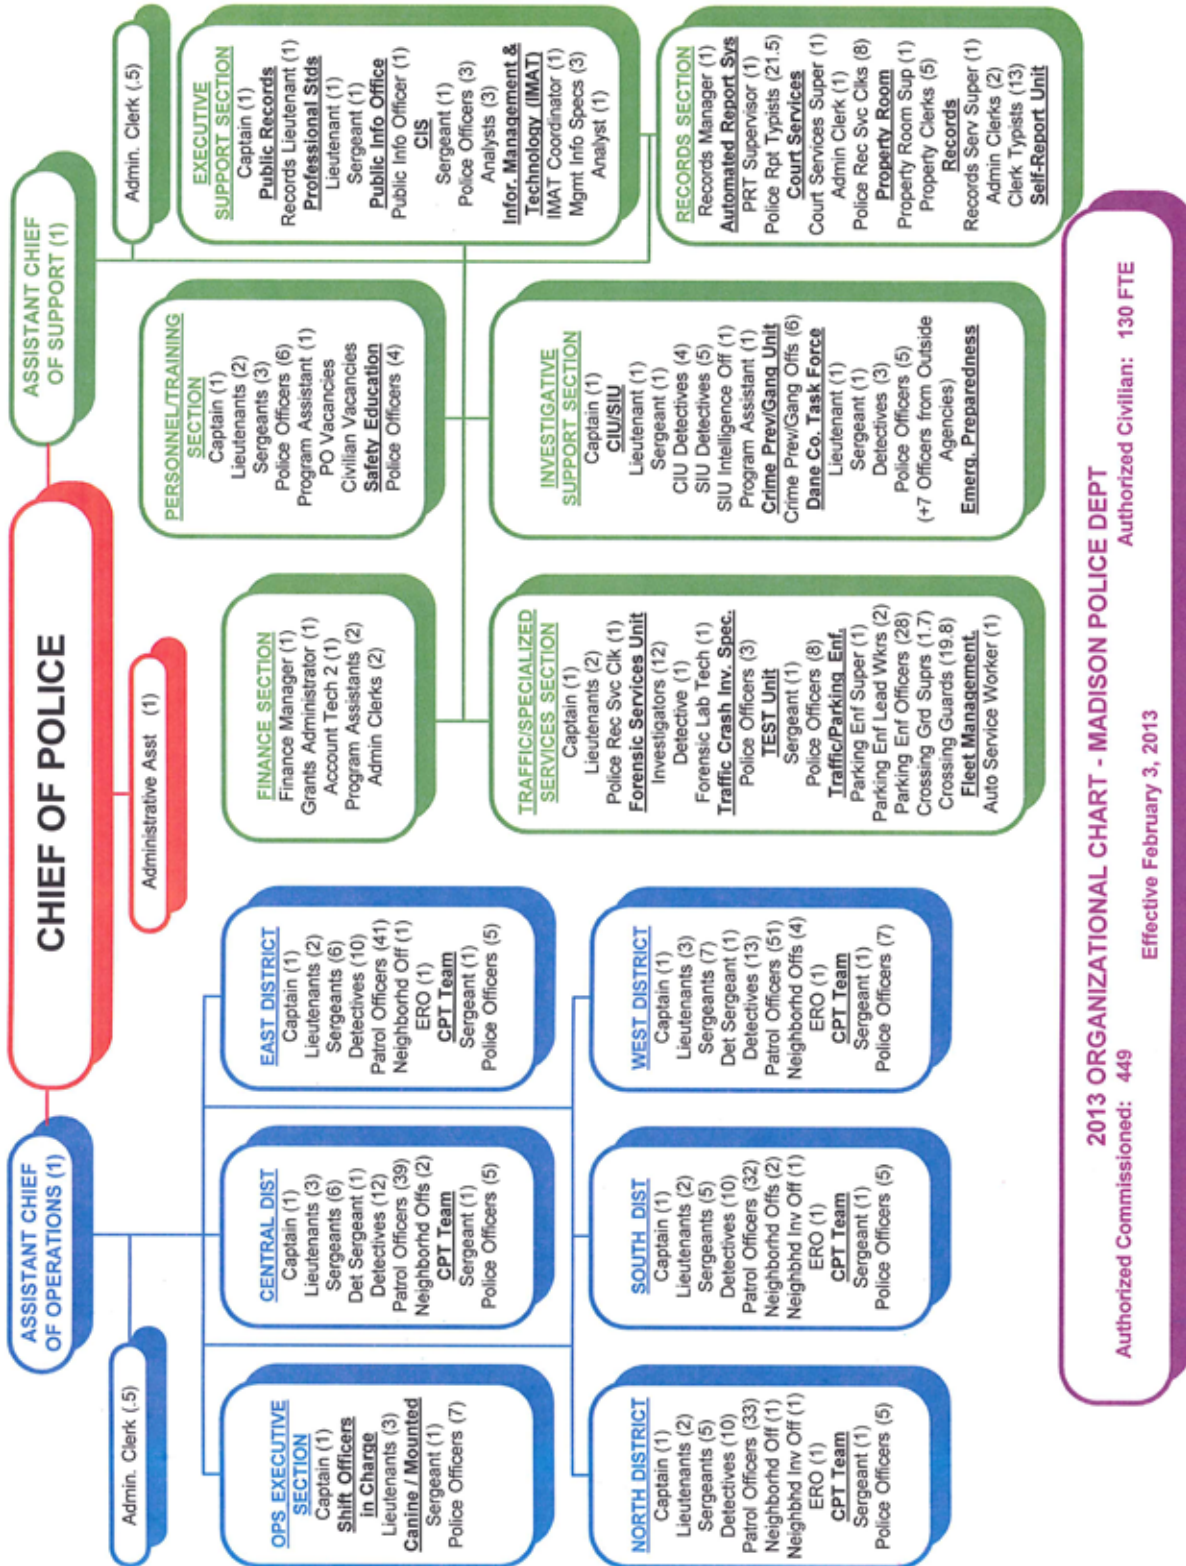

I invite you to take a look at our 2013 Annual Report which follows. The report includes information about the types of calls we receive, the crimes committed in our community, traffic enforcement, budget information and other types of data. I hope this information will give you some insight into our day-to-day operations at our Department as we continue to provide quality police service to our community.

Assistant Chief John Davenport

**EXECUTIVE CAPTAIN

DISTRICT SERVICES

Reporting to the Assistant Chief of Operations, District Services, which were divided into five Police Districts – East, West, North, South, and Central. Each District was led by a Captain and two primary services (patrol, Detective) Lieutenants. An additional field Lieutenant was assigned to the Central and West Districts. In addition to the command staff, Sergeants and Police Officers (including Neighborhood Officers, Educational Resource Officers, and a Neighborhood Intervention Officer) were responsible for initial police responses on a twenty-four-hour/seven-day-per-week basis. Each District also had District-assigned Detectives, who were responsible for follow-up investigations. The total resource allocation to the five Districts in 2013 was: 5 Captains, 10 primary services Lieutenants, 2 Field Lieutenants, 34 Sergeants, 11 Neighborhood Officers, 4 Educational Resource Officers, 1 Neighborhood Intervention Officer, and approximately 200 Patrol Officers (dependent on existing vacancies resulting from turnover). District allocations for follow-up responsibilities included 55 Detectives. Three Lieutenants, who served as Officer in Charge or shift commander, were also allocated to District Services. These Lieutenants were responsible for the coordination of operations on a time-of-day basis over five shifts.

In order to address supervisory and span of control issues for Detectives, the Department implemented a “pilot” initiative with 2 acting Detective Sergeant positions, which were assigned to the Central and West Districts respectively. Two senior detectives were selected to fill this role during 2013. In addition to their supervisory responsibilities they were expected to carry a reduced caseload, consequently, the detective vacancy created by their new supervisory role was not filled.

Also working in District Services were five Community Policing Teams (CPTs). These five teams were composed of a Sergeant and 5 Police Officers on each team, working out of each district station (the West district was assigned 7 CPT officers, one of those 7 being a K9 officer). The overall function of these teams was very dynamic in nature as they served to support and enhance district police services delivered to the community. The primary emphasis for these teams continued to be proactive traffic enforcement, collaborative problem solving, community policing initiatives and response to significant or emerging issues in the districts.

A number of agencies track intersection crashes. The number of crashes and intersections identified by each agency vary. This is a result of each agency having a separate role and focus in tracking intersection crashes. Traffic Engineering reports the most serious crashes to WisDOT in accordance with that agency's criteria. In contrast, data monitored by the Police Department reflect all calls for service related to intersection crashes and typically capture a greater number of incidences.*

EXPLANATION OF CATEGORIES

- Wages & Benefits: Permanent and hourly wages and benefits
- Other Agency Costs: CCB Use, Workers Comp, Insurance, Motor Equipment, City Attorney, etc.
- Purchased Services: Utilities for district stations, phone costs, service agreements on equipment, training, the pre-service academy, prisoner costs for use of the Dane County Jail, costs for the sexual assault nurse, etc. In addition, Towing costs, which previously had been significant enough to result in a specific category, have now decreased to the point that they are included with Purchased Services.
- Required by Contract: Uniforms, clothing allowance, tuition reimbursement, etc.
