Notes:

¹ – ADT = Average Daily Traffic

² – ADTT = Average Daily Truck Traffic

³ – National Highway System (NHS) - a nationwide system of primary highways important to the nation's economy, defense, and mobility which the Moving Ahead for Progress in the 21st Century Act (MAP-21) expanded to incorporate additional principal arterials.

⁴ – Risk-based weight limits: the first or only value represents the typical weight limit; a second value indicates an exception for combination loads (tandem and trailer trucks).
