1984 WINFIELD STATE LEAGUE RESULTS

Semi finals were re-introduced in 1984 and the number of rounds were reduced to 6. Country sides now played games against other country sides to give them a chance of doing well in the competition. North Queensland took advantage of this and became the first country side to make the semi-finals. However, they would be eliminated from the competition the mighty Wynnum-Manly outfit of that year. The Seagulls went on to account for Souths in the grand final.

1988 WINFIELD STATE LEAGUE RESULTS

Logan City, having been admitted into the Brisbane Rugby League in 1988, made their debut in the State League. The country teams became more competitive with the 'weakening' of the Brisbane competition due to introduction of Brisbane and Gold Coast teams into the NSWRL. However, two Brisbane sides still made the grand final with Seagulls-Diehards taking out the title with a large win over Easts.

Brisbane Rugby League matches between Brothers & Wynnum and Easts & Logan City constituted a round of the Winfield State League. Because there were 15 teams in 1988, Wests were allotted a bye and 2 competition points.

1995 WINFIELD STATE LEAGUE RESULTS

This was the last State League competition held before the Queensland Cup would take over in 1996. The format differed a little to 1994, with only the top Brisbane side advancing to the semi-finals instead of the two. The country rounds were split into 5 groups with 4 teams competing in each group.

It was also the first time a State League grand final had been held away from Lang Park. It was held at Browne Park in Rockhampton and, incidentally, the home team won the very last State League title by defeating the Gold Coast -Group 18.
