

Monotype

Borders and Ornaments

The designs shown on the following pages are made to be cast in single characters, as follows: Cellular Matrices, indicated by a capital N after the series number (*i. e.*, 1N) are for casting on the Monotype Composition Caster; Display Matrices, indicated by series number only, may be cast on the Monotype Type-Caster, on the Monotype-Thompson Type-Caster and on the Monotype Giant Caster.

Other symbols should be interpreted as follows: *a* after point size indicates the design is available for casting in multiple on a single type up to a maximum of 36-point set width for 6-point designs, 24-point set width for 8-point designs, 30-point set width for 10 point, and 36-point set width for 12 point.

A, B, C or D after the series number indicates different positions of the same design; right and left of the same design, or the individual matrices which make up a two- or three-color combination design. *M* shown after the point size indicates a Monotype Material Making Machine continuous strip border.

Designs made for printing in two or more colors are shown in a special section, following one-color designs.
