Euro NCAP's AEB FITMENT SURVEY

l (a

JUNE 2012

Euro NCAP's AEB fitment survey 2012

Euro NCAP's fitment survey looks at the availability of Autonomous Emergency Braking (AEB) on variants in a model range. The vehicle manufacturers shown on the graphs have indicated whether AEB is standard equipment, an option or is unavailable on each variant in a model range, for each country in the European Union. This information is illustrated by the coloured bars which show the proportion of the range with each type of fitment. The information is also aggregated across all of the models sold by the manufacturer.

If a manufacturer is not included in the table, it means they do not currently offer an AEB system on any of their models.

AEB is standard equipment. Buy with confidence

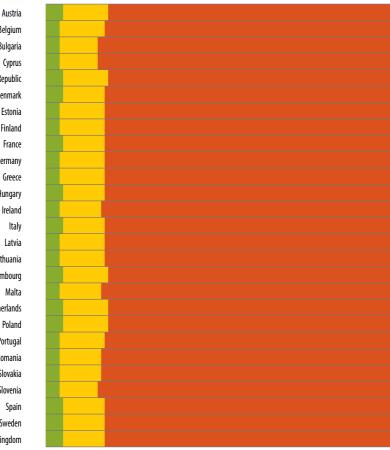

AEB is an option. Take care when buying to ensure AEB is included

AEB is unavailable

AEB Fitment by Country

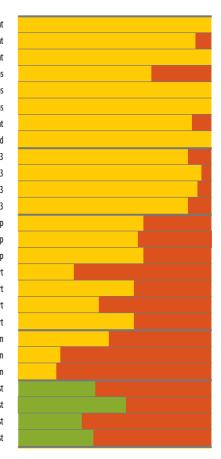

Belgium Bulgaria Cyprus Czech Republic Denmark Estonia Finland France Germany Greece Hungary Ireland Italy Latvia Lithuania Luxembourg Malta Netherlands Poland Portugal Romania Slovakia Slovenia Spain Sweden United Kingdom
