*Cultivating Growth .... Delivering Excellence*

**Description**

Frederick Seeds process and retail pedigreed seed to growers all across North America. Frederick Seeds is recognized as one of the strongest seed suppliers from Saskatchewan and we always strive to produce a superior product. Our Registered Seed Establishment follows the Quality Assurance Procedures Manual very strictly and we are committed to achieve top quality products, with exceptional customer service.

In the heart of the world's bread basket, Frederick Farms produces large volumes of barley, oats, wheat, canola, canary and peas for local and export markets.

Frederick Seeds makes use of the latest innovations and technology to ensure superior quality seeds and crops.
