Boy Scouts and National Service.

TRAINING AT MOSS VALE. The annual meeting of the Southern Tablelands District Council of the Boy Scouts Association was held on Tuesday evening in the Parish Hall, Bowral.

The President (Mr. T. E. Knox) was in the chair. In his address he mentioned two important happenings during the year. The Assistant District Commissioner (Mr. E. Browne) had resigned, and Mr. J. I. Toohy had placed a suitable camping area at the disposal of the Council.

Scoutmaster Doust, of Moss Vale, said that he was now concentrating upon fitting the Troop for national service by teaching pathfinding, Morse code, etc.

Mr. Collins said they had two Mittagong Rovers at the Meet in Scotland, and it was decided to send them a letter of congratulation.

On the motion of the President and Mr. Blacket, a resolution of thanks to Mr. Toohy for his generous gift of a camp site and of appreciation of his kindness on the occasion of the Council's inspection of the site was agreed to unanimously.

Election of Officers. The following officers were elected: President—Mr. T. E. Knox. Vice-Presidents—Messrs. Winchcombe, Finlayson and Blacket.

Executive Committee.—Messrs. Pearce and Conolly and Mr. Carlake with two representatives of each centre. A long discussion of matters affecting the welfare of the Troop completed the business.

55 Reward. WILL BE GIVEN for information leading to the conviction of the person or persons who stole a quantity of cycle parts from my garage.

HOCKEY Men's Hockey.

ROVERS v. WANDERERS. A fair crowd witnessed the play on the old park at Moss Vale on Saturday when four men's teams met in the finish of the second round of the competition.

Wanderers and Rovers took the field first and the heat was turned on from the whistle. Sam Marshall put the joy in the cage very early in the game after Ern Pull had an offering rejected by the goalie.

The highlight of the afternoon's play was staged by Lee Tickner when he got away from the Magpie circle, and despite opposition got to the other end of the field.

Record entries of seven women's and twelve men's teams have been received for the annual hockey carnival which will be held at Moss Vale on Sunday under the auspices of the Berrima District Hockey Association.

Women's Hockey. MATCHES CANCELLED. The proposed matches between Bong Women's Hockey Club and Annesley College and Campbelltown teams have been cancelled and Bong players will be without a game on Saturday.

Clough would have scored. Frank Burnham and Bill Angel were back in the forwards and it was apparent Ray Bonser would be getting plenty to do.

Harold Muffett got away from the 25 and good combination and stick work took them well down the field where they were met by Bonser in full war paint.

Coming out for the second half, Magpies were showing the effect of the speed, the 'flu' steadying up some of the most prominent players.

The highlight of the afternoon's play was staged by Lee Tickner when he got away from the Magpie circle, and despite opposition got to the other end of the field.

Making Australian Pictures.

WHAT'S DOING AT CINESOUND. Did you know that, for one day's full shooting in a movie studio, exactly three minutes are placed on the screen of your favorite theatre?

Did you know that, despite the fact that sound-on-film is one of the greatest inventions of the age, the movie camera and the microphone work absolutely independent of each other.

These, and a thousand other revelations, are brought home forcibly to visitors to Cinesound's Sydney Studios, where the Will Mahoney film with a working title of "Come Up Smiling" is currently in production.

But to those who are fortunate enough to possess the open sesame, the semi-technical points which are unfolded constitute a source of surprising eye-wideners!

Only three minutes on the screen results from a 10-hour day because most of the time is spent in lighting, rehearsing, set-dressing, make-up, retouching, focussing and so on.

For an average feature film of 8,000 feet, something like 150,000 feet are exposed. Half is photographic, the other half, sound. That 8,000 feet is comprised of 128,000 "still" pictures, all of which, when you see them on a screen measuring 20ft. and 15ft. are enlarged 80,400 times.

But if you really want figures, reflect on the fact that Cinesound's "Come Up Smiling," which will run to about 8,000 feet in length, will have no less than 1,024,000 sprocket holes on the film, all cut to an exactitude of one ten thousandth of an inch to avoid flicker.

"DAD AND DAVE" IN THE WEST END. "Dad and Dave Come to Town," the Cinesound production starring Bert Bailey, was released in London's fashionable West End cinema, the
