JUNIOR SCIENTIST NOTEBOOK

Throughout the Zoo you get to be the scientist. This notebook is a guide to show you some things that might be worth observing and writing down. You pick the six animals you want to observe. Remember animals can see and hear you and if you want to observe natural behavior try not be too noisy.

Observer Information

Name: _____

Date and Time of Day: _____

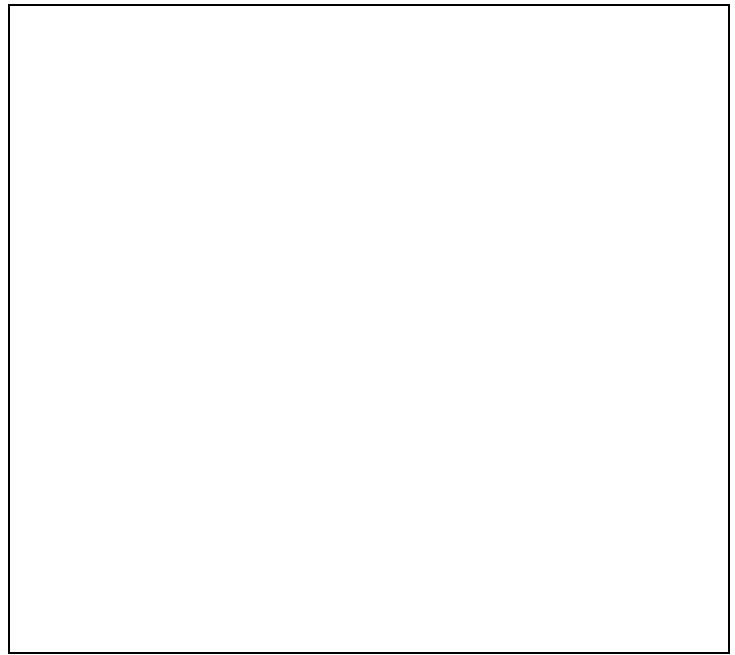

Weather Conditions: _____

When you are done, bring your notebook to the Visitor Center to get your Junior Scientist sticker!
