## The value of setting up a Direct Debit

Regular giving is one of the most valuable ways of supporting FFI and its work. Whilst one-off donations and responses to specific appeals make an important contribution, the income derived from regular supporters is the lifeblood of FFI.

FFI already benefits from the regular support of many such members. The preferred option for most supporters, and the easiest for us to handle, is to set up a monthly direct debit.

## **Thank you**

Fauna & Flora International (FFI) is the world's longest established international conservation body, founded over 100 years ago.

Renowned for its science-based approach, FFI has pioneered sustainable conservation work that tackles problems holistically, providing solutions that simultaneously help wildlife, humans and the environment.

FFI acts to conserve threatened species and ecosystems worldwide, choosing solutions that are sustainable, are based on sound science and take account of human needs.
