NPIC PESTICIDE INFORMATION NPIC

NPIC is ...

- A cooperative effort of Oregon State University and the U.S. Environmental Protection Agency.
- A toll-free telephone service that provides pesticide information to any caller in the United States, Puerto Rico, or the Virgin Islands.
- A service that provides objective, science-based information about a wide variety of pesticide-related subjects, including:
 - pesticide products
 - recognition and management of pesticide poisoning
 - toxicology
 - environmental chemistry
- Staffed by highly qualified and trained pesticide specialists who have the toxicology and environmental chemistry education and training needed to provide knowledgeable answers to pesticide questions.

NPIC can...

- Help callers interpret and understand toxicology and environmental chemistry information about pesticides.
- Access over 300 pesticide resources.
- Access pesticide label information.
- Direct callers for: pesticide incident investigation; emergency human and animal treatment; safety practices; clean-up and disposal; laboratory analyses; and supply general information on regulation of pesticides in the United States.
