Faculty of Arts, Celtic Studies & Philosophy

Introduction

Research activity continued through 2007, with Faculty staff and students winning awards ranging from Post-Graduate Scholarships through Post-Doctoral or Senior Research Fellowships to Fulbright Scholarships. Three members of the Faculty were elected to the Royal Irish Academy. The following pages offer clear evidence of the contribution by members of the Faculty of Arts, Celtic Studies and Philosophy to the academic, cultural and evaluative activity of NUI Maynooth. Here one can see many of the activities undertaken by Faculty members, grouped under a number of headings: Publications, Public Presentations, External Assignments, Funded Research and Grants, Visiting and Guest Lecturers, and Conferences Hosted. The range and quality of the contributions to knowledge and scholarship, and of external academic appointments, indicate a Faculty that is vibrant in ambition and various in scope. The many articles, reviews, monographs and edited books listed in the following pages attest to a continuing engagement with scholarship, society, and values by Faculty members.

Teaching at undergraduate and postgraduate level is fundamental to the Faculty, and first-year admissions on to its BA and related courses in 2007 were instrumental in driving up the demand for places at NUI Maynooth by 21%. Arts courses at undergraduate and postgraduate level continued to account for some two-thirds of the total student body in NUI Maynooth. New denominated degree courses in English and History were announced, as well as a BCL degree in Law and Arts. Eleven new permanent or contract appointments were made to the Faculty during 2007, and these included professorships in English, Music and Philosophy. Structures in the faculty continued to evolve, as a new School of English, Media and Theatre Studies was formed. The Faculty maintained its distinguished record of enabling mature students to make a return to learning. Taking a sectoral lead in this area, the intake into the BA programme alone enables NUI Maynooth to meet national targets. This bears fruit in the strong contribution made by mature students to life on campus, and in their academic performance at undergraduate and postgraduate levels. The Faculty also continued to welcome large numbers of international students, from Europe, the US, and further afield. Three members of the Faculty participated in the formal launch of the Irish Studies Centre at Beijing Foreign Studies University.

A signal event for the Faculty was the success of An Foras Feasa: the Institute for Research in Irish Historical and Cultural Traditions, in gaining an award of €5.8 million under the HEA Programme for Research in Third-Level Institutions. This will fund its part in a national programme, Humanities Serving Irish Society, supporting individual and collaborative research projects in the areas of humanities and technology. An Foras Feasa represents a unique combination of knowledge and innovation to incorporate information and communication technology into the study of the humanities. Drawing on the existing range of expertise available from its members in the various languages needed to understand Ireland's past (including Irish, English, Latin, French, Spanish, German), it supports the diverse linguistic scholarship that the study of Irish culture and history requires and will offer training to others in this regard. An Foras Feasa comprises over seventy members. It has strong inter-institutional links with Dublin City University, Dundalk Institute of Technology, and St Patrick's College, Drumcondra, and is part of the "Humanities Serving Irish Society" initiative towards building a National Platform for the Humanities, an all-island inter-institutional research and training infrastructure embracing the universities, the Royal Irish Academy, two Institutes of Technology and the National College of Art and Design.

Throughout the year, intellectual and cultural energies were evident in a number of ancillary activities originating in the departments of the Faculty. Major conferences were hosted by nearly all the departments in the Faculty. The fifth annual Historic Houses of Ireland took place in July, and in November the Department of Music hosted both the John Field Festival and a series of events to mark the publication of Goethe's Proserpina, which was followed by a performance of the work in the National Concert Hall. Several departments ran weekly or regular research seminars, with invited speakers from other institutions in Ireland and overseas. These activities, together with the wide range of events and lectures listed elsewhere in this Report, bear witness to a thriving academic and cultural life. These all make a vital contribution to the teaching and research of a liberal arts and science university, and to its connection with the hinterland and society at large.

Professor Peter Denman

Dean

Faculty of Arts, Celtic Studies and Philosophy

Dámh na nDán, an Léinn Cheiltigh agus na Fealsúnachta

Réamhrá

In 2007, lean an ghníomhaíocht taighde ar aghaidh agus d'éirigh go maith le foireann agus le mic léinn na Dáimhe agus iad ag buchan dámhachtainí, idir Scoláireachtaí larchéime, Scoláireachtaí lardhochtúireachta, Chomhaltachtaí Taighde Sinsearach agus Scoláireachtaí Fullbright. Toghadh trí bhall den Dámh chuig Acadamh Ríoga na hÉireann. Sna leathanaigh seo a leanas, tá fianaise shoiléir ar an méid atá tugtha ag baill Dhámh na nDán, an Léinn Cheiltigh agus na Fealsúnachta don ghníomhaíocht acadúil, chultúrtha agus mheastóireachta in OÉ Má Nuad. Tá na gníomhaíochtaí ar fad atá déanta ag baill na Dáimhe le feiceáil anseo, faoi theidil éagsúla: Foilseacháin, Cur i láthair Poiblí, Tascanna Seachtracha, Taighde Maoinithe agus Deontais, Aoi-Léachtóirí agus Léachtóirí ar Cuairt, agus Comhdhálacha Eagraithe ag Bail na Dáimhe. Léiríonn réimse agus caighdeán an eolais agus na scoláireachta atá tugtha ag lucht na Dáimhe, agus na gceapachán acadúil seachtrach, go bhfuil an Dámh beo fuinniúil le huaimhian agus éagsúil ó thaobh scóipe de. Is cruthúnas iad na hailt, na léirmheasanna, na monagraif agus na leabhair curtha in eagar atá liostaithe sna leathanaigh seo a leanas, go bhfuil caidreamh leanúnach ar siúl ag baill na Dáimhe le scoláireacht, leis an tsochaí agus le luachanna.

Is cuid bhunúsach den Dámh é an teagasc ag leibhéal fochéime agus iarchéime agus bhí ról lárnach ag iontrálacha na chéad bliana sa BA agus i gcúrsaí gaolmhara in 2007 in ardú de 21% ar an éileamh ar áiteanna in OÉ Má Nuad. Is mic léinn atá i mbun cúrsaí sna Dána ag leibhéal fochéime nó iarchéime iad dhá thrian de na mic léinn ar fad in OÉ Má Nuad. Fógraíodh cúrsaí céime ainmnithe nua sa Bhéarla agus sa Stair chomh maith le céim BCL sa Dlí agus sna Dána. Rinneadh aon cheapachán déag nua, idir cheapacháin bhuna agus cheapacháin ar chonradh, sa Dámh i rith 2007, lena n-áirítear ollúnachtaí sa Bhéarla, sa Cheol agus san Fhealsúnacht. Lean an forás a bhí á dhéanamh ar struchtúr na dáimhe agus cruthaíodh Scoil an Bhéarla, na Meán agus an Léinn Téatair as an nua. Tá éirithe go hiontach leis an Dámh ó thaobh mic léinn aibí a ghríosú chun fillleadh ar an oideachas, agus leanadh den tsárobair sin i gcaitheamh na bliana. Agus í chun tosaigh san earnáil áirithe seo, is leor líon na mac léinn a thosaíonn an clár BA le go mbainfeadh OÉ Má Nuad spriocanna náisiúnta amach. Tá a thoradh sin le feiceáil ar an méid a chuireann mic léinn aibí leis an saol ar an gcampas, chomh maith lena gcuid torthaí acadúla ag leibhéal fochéime agus iarchéime. Lean an Dámh de bheith ag cur fáilte roimh líon ard scoláirí idirnáisiúnta ón Eoraip, ó SAM agus ó níos faide ó bhaile. Ghlac trí bhall ón Dámh páirt in oscailt oifigiúil Ionad an Léinn Éireannaigh in Ollscoil an Léinn Choigríche i mBeijing.

D'éirigh le Foras Feasa: an Institiúid um Thaighde ar Thraidisiúin Chultúrtha agus Staire na hÉireann de chuid na Dáimhe, dámhachtain de luach €5.8 milliún a bhuanach faoi Chlár um Thaighde in Institiúidí Tríú Leibhéal an Údarais um Ard-Oideachas (HEA). Déanfaidh an t-airgead seo maoiniú a sholáthar chun a bheith páirteach i gclár náisiúnta, "Humanities Serving Irish Society"; clár a thacaíonn le tionscadail taighde aonair agus chomhoibríochta sna dána agus sa teicneolaíocht. Is comhcheangal uathúil é An Foras Feasa d'eolas agus nuálaíocht chun teicneolaíocht faisnéise agus cumarsáide a chomhtháthú i staidéar na ndaonnachtaí. Ag tarraingt ar an raon saineolais atá ann cheana i measc a chuid ball sna teangacha éagsúla atá de dhíth chun tuiscint a fháil ar stair na hÉireann (lena n-áirítear an Ghaeilge, an Béarla, an Laidin, an Fhraincis, an Spáinnis agus an Ghearmáinis), tacaítear leis an léann teangeolaíoch éagsúil atá riachtanach chun staidéar a dhéanamh ar chultúr agus ar stair na hÉireann agus déanfar oiliúint a thairiscint do dhaoine eile sa réimse seo. Tá níos mó ná seachtó ball i bhForas Feasa. Tá naisc idirinstiúideacha láidre aige le hOllscoil Chathair Bhaile Átha Cliath, le hInstitiúid Teicneolaíochta Dhún Dealgan agus le Coláiste Phádraig, Droim Conrach agus is cuid den tionscnamh "Humanities Serving Irish Society" é atá chun Clár Oibre Náisiúnta do na Daonnachtaí a fhorbairt .i. infreastruchtúr uile-Éireann do thaighde idirinstiúideach agus oiliúint a chuimsíonn ollscoileanna, Acadamh Ríoga na hÉireann, dhá Institiúid Teicneolaíochta agus an Coláiste Náisiúnta Ealaíne is Deartha.

I rith na bliana, bhí fuinneamh intleachtach agus cultúrtha le feiceáil go soiléir i roinnt mhaith imeachtaí coimhdeacha a d'eagraigh na ranna éagsúla sa Dámh. D'eagraigh beagnach gach roinn sa Dámh mór-chomhdháil. Tionóladh an cúigiú cruinniú bliantúil de "Historic Houses of Ireland" i mí Iúil agus, i mí na Samhna, d'eagraigh an Roinn Cheoil an "John Field Festival" agus sraith d'imeachtaí eile le foilsíú Proserpina ag Goethe a chomóradh agus cuireadh an saothar i láthair sa Cheoláras Náisiúnta. D'eagraigh cuid mhaith ranna seimíneár taighde seachtainiúil/ rialta agus tugadh cuireadh do chainteoirí éagsúla ó institiúidí in Éirinn agus thar lear le bheith ann. Léiríonn na himeachtaí seo, chomh maith leis an réimse leathan léachtaí agus imeachtaí liostaithe in áiteanna eile sa Tuarascáil seo, an saol acadúil agus cultúrtha atá beo fuinniúil san ollscoil. Cuireann siad seo ar fad go mór le teagasc agus le taighde in ollscoil na neolaíochtaí agus na ndán liobrálach, agus leis an nasc atá ag an ollscoil leis an gceantar máguaird agus leis an tsochaí i gcoitinne.

Faculty of Science & Engineering

Introduction

The last year has seen impressive performance by the Faculty of Science & Engineering. In terms of research income the Faculty jumped from a figure of €8.5million in 2006 to an impressive €10.9million in 2007. There was a corresponding 7% increase in the number of PhD awards, and that figure is likely to dramatically rise over the next four years. There was also an increase in the average CAO points obtained by entrants accepted into our most popular Science and Engineering courses, thus Maynooth is increasing the University of choice for Science and Engineering. However, the bare metrics hide a number of compelling stories of scientific endeavour and success. 2007 was a year when many members of the faculty of Science and Engineering were honoured by their peers for achievements in their disciplines. Professor John Sweeney of the Irish Climate Analysis and Research Units (ICARUS) deserves special mention, a contributor to the Inter-governmental Panel on Climate Change, he continued to play a role in the international response to perhaps the most pressing challenge of our times. At a conference to mark the tenth anniversary of NUIM Kilkenny Campus, he outlined how climate change will have a significant and inescapable impact on Ireland's water management, agriculture and environmental planning in a surprisingly short timeframe.

Recognition of academic excellence extended to the field of Computer Science., Tom Naughton and his colleagues won the Donald G. Fink award for the most outstanding review paper published in the IEEE Transactions and Journals, for a description of "Three-Dimensional Imaging and Processing Using Computational Holographic Imaging". 2007 also saw the award of a prestigious Fulbright scholarship to Frank Mulligan. This award supported his research on atmospheric hydroxyl emissions at the High Altitude Observatory of the US National Centre for Atmospheric Research. The observatory is in Boulder, Colorado and is probably the world's foremost research laboratory studying the Sun-Earth interaction. Recognition of NUIM Science and Engineering was not confined to our academic peers, commercialisation of the faculty's research developed dramatically in 2007 with the award of increasing numbers of patents and licensing agreements to Faculty Scientists and Engineers. One good example comes from Professor John Lowry of the Chemistry department who developed a number of prototype sensors to be used by a leading Pharmaceutical company to develop novel medical therapies. Another example comes from the Biology department. In May, the University strengthened its leading position in biology by opening a new centre of excellence into the study of biological membranes. The Marie Curie

Laboratory for Membrane Proteins led by Dr John Findlay was established following recent success in winning an EU Marie Curie grant of over €1m. John's work on G-proteins and other membrane systems enjoys close collaboration with a number of industrial Pharmaceutical partners located in Ireland.

Recognition of outstanding Science and Engineering is a two way process and NUIM was proud to honour Professor Kumpati Narendra with an honorary doctorate. He has close links to Maynooth's Hamilton Institute and is internationally known for his work on stability theory, adaptive control, learning systems, and artificial neural networks. In 1963 he was the first to prove the circle criterion. His work on linear and non-linear systems has helped to address a wide spectrum of problems in new technologies such as robotics, space technology and medical instrumentation.

Cutting edge research plays a critical role in educating the Scientists and Engineers of tomorrow. The phrase "It is every Maynooth student's right to be taught by a leading researcher" has become almost a mantra in Faculty. It is no surprise that NUI Maynooth led national developments in implementing more structured postgraduate education programmes, the so-called fourth level sector. The Institute of Immunology at NUIM led a partnership with Queen's University Belfast and Trinity College Dublin to create a PhD Scholars Programme in Immunology. This initiative was awarded €5 million from the Health Research Board and supports 24 PhD students in a unique structured research and training programme. The approach could be a model for the sector, demonstrating that three Universities can co-operate and share resources to create an outstanding cross border PhD programme. The pioneering scheme was launched by Minister Mary Harney in November.

The Institute of Immunology also worked closely with the Department of Anthropology to create the Combat Diseases of Poverty Consortium at NUI Maynooth. The consortium represents a unique cluster of scientific, academic and NGO professional expertise, along with partners in the private sector, to build educational capacities to challenge diseases such as TB, HIV and Malaria. Poverty exacerbates the the impact of these disease and reduces the capability to deliver therapies and vaccines. The consortium is implementing ambitious plans for educator training and exchange between Ireland and East Africa; is disseminating information on global health and development (particularly to secondary school teachers and transition year students), and has a speaker series featuring world-class researchers with expertise in global health and development. The proposal was made possible by €1.4 million from Irish Aid

under the Programme of Strategic Cooperation with Higher Education and Research Institutes, 2007-2011. The establishment of the consortium was timely as it coincided with the award by NUIM of M.Sc. Immunology & Global Health degrees to Ireland's first cohort of taught postgraduates in this discipline. The formal launch of the consortium at NUIM was an inspirational event led by former President of Ireland, Mary Robinson who spoke passionately about health as a fundamental human right, and Professor Paul Farmer (Partners in Health) who delivered a keynote address describing how Scientists and Social Scientists must co-operate to deliver health advances to the world's poorest communities. The event struck a resonant chord with all at Maynooth, as it combined both the innovative drive of Science and Engineering with Maynooth's traditional commitment of service to the global community.

Innovative developments in undergraduate provision mirrored those at postgraduate level. The faculty introduced new programmes in BSc Product design and BSc Multimedia and announced a new programme in BSc Science Education, with plans for additional programmes well advanced. It was also heartening to see the innovation of earlier years come to fruition, with the first cohort of 18 students from the B.Sc (Hons) Psychology through Science programme graduating this year. Innovation has also occurred in how faculty supports learners during their study. For example a Mathematics Support Centre opened this year and has proved a well-used resource, helping about one hundred students a week develop their quantitative skills. The Faculty of Science & Engineering continued to do exceptionally well in terms of recruitment and performance with undergraduate intake up by 7.5% compared to the 2006 entry. This was achieved with a concurrent rise in the average CAO points obtained by entrants accepted into our most popular Science and Engineering courses. Given the national and international difficulties in recruitment to Science and Engineering courses, this represents an impressive performance.

Student members of Faculty also performed with distinction during 2007. Claire Harley and Gillian Hendy, two PhD students with Professor Carmel Breslin in Chemistry, received the 2007 Endeavour Europe Awards from the Australian Government. This is a prestigious scholarship programme that supports high-achieving individuals from around the world to collaborate with an Australian research centre. Only fifteen scholarships are awarded to European students each year, so for Ireland (and indeed NUIM) to secure two is an outstanding achievement. Likewise in the Microsoft Imagine Cup world finals in Korea, students from Computer Science at NUI Maynooth claimed a top six finish from an

initial entry of 100,000 students representing more than 100 countries, and a final of over 300 representatives. Eric McClean, Mark Clerkin, Cathal Coffey and Daniel Kelly created a collection of educational tools aimed at teaching sign language. The performance of these students was remarkable and is a testament to Ireland's strength in this area and to the quality of the undergraduate programmes at NUI Maynooth

As part of its outreach activities, the Faculty of Science & Engineering ran a series of public lectures on the theme: 'Ireland 2017.' These lectures allowed four of Ireland's leading thinkers to explore what Irish society might be like in ten years time and in particular how science and technology will shape our future for good or ill. Two speakers deserve special mention: Liam Downey of the Biology Department outlined a challenging future for Irish Farming. His frank talk provoked interesting exchanges with the farmers in the audience and highlighted the growing issue of food security. Stewart Fotheringham, from the National Centre for Geocomputation, spoke on surveillance and geographical information systems which will affect the planning of health, policing, retail and leisure activities but could also challenge individual freedoms.

The Maynooth Leaving Certificate Science Practicals, sponsored by Yakult, Intel and The Institute of Physics continued to provide a valuable resource for over 2,000 Leaving Certificate students from around the country. The scheme helps prepare students for their examined science practicals by giving them access to laboratories and equipment in Physics, Chemistry and Biology not otherwise available to them in their schools. This activity is of huge importance to the students and teachers and is a good example of how the Faculty services the need of the wider educational community. The technical staff from those departments merits special thanks for the time and commitment devoted to this valuable programme.

Dr Bernard Mahon

Dean

Faculty of Science and Engineering

Dámh na hEolaíochta agus na hInnealtóireachta

Réamhrá

Tá toradh suntasach le feiceáil ar obair Dhámh na hEolaíochta agus na hInnealtóireachta le bliain anuas. Maidir le hioncam ó thaighde, tháinig ardú mórthairbhseach air, ó €8.5 milliún in 2006 go dtí €10.9 milliún in 2007 sa Dámh. Tháinig méadú comhfhreagrach de 7% ar líon na ndámhachtainí PhD a bronnadh, agus beidh ardú suntasach ar an bhfigiúr sin sna ceithre bliana atá romhainn. Tháinig méadú freisin ar na meánphointí CAO a fuair iontrálaithe ar chúrsaí mórélímh san Eolaíocht agus san Innealtóireacht agus, mar sin, tá an-tóir ar OÉ Má Nuad le haghaidh na gcúrsaí sin anois. Tá roinnt scéalta de dhianiaracht agus rath eolaíochta i bhfolach taobh thiar de na fíríci loma áfach. In 2007, thug a gcuid comhghleacaithe onóir do roinnt mhaith de bhaill na Dáimhe Eolaíochta agus Innealtóireachta de bharr na n-éachtaí atá déanta acu ina ndisciplín. Is fiú go mór an tOllamh John Sweeney ó na hAonaid um Thaighde agus Anailís Aeráide in Éirinn (ICARUS) a lua. Is rannpháirtí é ar an bPainéal Idir-Rialtasach ar Athrú Aeráide agus bhí baint aige i gcónaí leis an bhfreagra idirnáisiúnta ar cheann de na dúshláin is mó atá ann inár linn féin. Ag comhdháil chun cothrom lae deich mbliana de bhunú Champas OÉ Má Nuad i gCill Chainnigh a cheiliúradh, rinne sé an éifeacht shuntasach agus dhosheachanta a bheidh ag athrú aeráide ar bhainistiú uisce, ar thalmhaíocht agus ar pheanáil comhshaoil na hÉireann taobh istigh d'achar gearr ama a leagan amach.

Bhuaigh Tom Naughton agus a chomhghleacaithe i réimse na Ríomheolaíochta dámhachtain Donald G. Fink as ucht an pháipéir athbhreithnithe ab fhéarr dar foilsíodh san 'IEEE Transactions and Journals' don chur síos a bhí acu ar "Three-Dimensional Imaging and Processing Using Computational Holographic Imaging". In 2007, bronnadh Scoláireacht Fulbright ar Frank Mulligan. Thacaigh an dámhachtain seo lena thaighde ar astuithe hidrodicsaile atmaisféaraí ag an Réadlann Airde Móire d'Ionad Náisiúnta SAM do Thaighde Atmaisféarach. Tá an réadlann lonnaithe i mBoulder, Colorado agus is dóigh gurb í an tsaotharlann taighde is faide chun tosaigh ar domhan í ó thaobh staidéir ar an idirghníomhaíocht idir an ghrian agus an domhan. Ní dár gcomhghleacaithe acadúla amháin a tugadh aitheantas in Eolaíocht agus in Innealtóireacht OÉ Má Nuad. In 2007, tháinig méadú ar líon na bpaitinní agus na gceadúnas tugtha d'Innealtóirí agus d'Eolaithe na Dáimhe, toisc gur tháinig forbairt ollmhór ar thráchtálú thaighde na Dáimhe. Sampla maith is ea an tOllamh John Lowry ón Roinn Ceimice a d'fhorbair braiteoirí fréamhshamhlacha do phríomh-chuideachta chógaisíochta le teiripí nua leighis a fhorbairt. Tá sampla eile le fáil i Roinn na Bitheolaíochta. I mí na Bealtaine, osclaíodh ionad barr feabhais chun staidéar a dhéanamh ar scannáin bhitheolaíochta, rud a chabhraigh go mór le tús áite a thabhairt don ollscoil sa bhitheolaíocht.

Bunaíodh Saotharlann Marie Curie do Phróitéiní Scannáin, atá treoraithe ag an Dr. John Findlay, tar éis don Ollscoil deontas Marie Curie ar luach breis is €1.1 milliún a bhuachan le déanaí. Tá dlúth-chomhoibriú idir obair John ar phróitéiní G agus ar chórais bhitheolaíochta eile agus roinnt comhpháirtithe cógaisíochta tionsclaíche atá lonnaithe in Éirinn.

Is próiseas dhá bhealach é aitheantas a thabhairt d'Eolaíocht agus d'Innealtóireacht den scoth agus ba mhór an onóir dúinn dochtúireacht oinigh a bhronnadh ar an Ollamh Kumpati Narendra. Tá dlúthnasc aige le Institiúid Hamilton Mhá Nuad agus tá clú agus cáil air ar fud na cruinne mar gheall ar a chuid oibre ar theoiric na cobhsaíochta, ar rialú oiriúnaitheach, ar chórais foghlama agus ar líonraí néaracha saorga. I 1963, ba é an chéad duine é a chruthaigh critéar an chiorcail. Tá a chuid oibre ar chórais líneacha agus ar chórais neamhlíneacha tar éis dul i ngleic le fadhbanna i dteicneolaíocht nua cosúil le róbataic, teicneolaíocht an spáis agus ionstraimíocht leighis.

Tá ról ríthábhachtach ag taighde ceannródaíoch ó thaobh oideachas a chur ar Eolaithe agus ar Innealtóirí don todhchaí. Is beag nach mantra é an frása "Go bhfuil sé de cheart ag gach scoláire in OÉ Má Nuad teagasc a fháil ó phríomhthaighdeoir" sa Dámh. Ní haon ionadh é mar sin go raibh OÉ Má Nuad ar thús cadhnaíochta i bhforbairt náisiúnta ó thaobh cláir oideachais iarchéime níos struchtúrtha a chur i bhfeidhm, earnáil a dtugtar 'an ceathrú leibhéal' uirthi. Threoraigh an Institiúid Imdhíoneolaíochta ag OÉ Má Nuad comhpháirtíocht idir Ollscoil na Banríona, Béal Feirste agus Coláiste na Tríonóide, Baile Átha Cliath chun Clár Dochtúireachta do Scoláirí san Imdhíoneolaíocht a chruthú. Thug an Bord Taighde Sláinte €5 mhilliún don tionscnamh seo agus tugann an tionscnamh tacaíocht do 24 mac léinn PhD i gclár taighde struchtúrtha agus oiliúna ar leith. D'fhéadfadh sé go mbeadh an cur chuige seo mar mhúnla don earnáil áirithe seo, rud a léiríonn gur féidir le trí ollscoil acmhainní a roinnt agus comhoibriú a dhéanamh chun sárchlár trasteorann PhD a chruthú. Rinne an tAire Mary Harney an scéim cheannródaíoch seo a sheoladh i mí na Samhna.

D'oibrigh an Institiúid Imdhíoneolaíochta go dlúth le Roinn na hAntraipeolaíochta chun Feadhnacht do Chomhrac na nGalar Bochtaineachta a chruthú ag OÉ Má Nuad. Tá an fheadhnacht seo ag seasamh do shaineolas profisiúnta ó ghrúpaí eolaíochta, acadúla agus NGOanna, chomh maith le comhpháirtithe san earnáil phríobháideach, chun inniúlacht oideachais a thógáil le cur in aghaidh na ngalar cosúil le TB, VEID (= HIV) agus Maláire. Déanann an bhochtaineacht tionchar na ngalar seo a dhéanamh níos measa agus laghdaítear an cumas le teiripí agus vacsaíní a sholáthar. Tá pleananna uailmhianacha á gcur i bhfeidhm ag an bhfeadhnacht d'oiliúint agus do malartú oideoirí idir Éire

agus an Afraic Thoir; déantar eolas a sholáthar ar shláinte agus ar fhorbairt dhomhanda (go háirithe do mhúinteoirí meánscoile agus daltaí idirbhliana), agus eagraítear sraith léachtaí le taighdeoirí den scoth a bhfuil saineolas acu ar shláinte agus ar fhorbairt dhomhanda. Ní fhéadfaí an togra a chur i bhfeidhm gan an €1.4 milliún a fuairéamar ó Chúnaimh Éireann faoin gClár um Chomhar Straitéiseach le hInstitiúidí Ardoideachais agus Taighde, 2007-2011. Bhí bunú na feadhnachta tráthúil toisc gur tharla sé ag an am céanna is a bhí M.Sc. san Imdhíoneolaíocht & i Sláinte Dhomhanda á bhronnadh ag OÉ Má Nuad ar an gcéad ghrúpa d'iarchéimithe sa disciplín seo in Éirinn. Is ócáid spreagthach a bhí i seoladh oifigiúil na feadhnachta ag OÉ Má Nuad, treoraithe ag Iar-Uachtarán na hÉireann, Máire Mhic Róibín, a labhair le paisean faoin tsláinte mar cheart daonna bunúsach agus thug an tOllamh Paul Farmer (Partners in Health) spreagaitheasc ag cur síos ar an riachtanas a bhaineann le comhoibriú idir Eolaithe agus Eolaithe Sóisialta chun dul chun cinn i sláinte a sheachadadh sna pobail is boichte ar domhan. Bhí an ócáid seo feiliúnach do gach duine ag OÉ Má Nuad toisc go bhfuil ceangal idir dul chun cinn san Eolaíocht agus san Innealtóireacht agus traidisiúin sheanbhunaithe Mhá Nuad ó thaobh seirbhís a sholáthar don phobal domhanda.

Bhí na forbairtí nuálacha i bhforáil fochéime go díreach cosúil leo siúd ag an leibhéal iarchéime. Chruthaigh an Dámh dhá chlár nua: BSc in nDearadh Táirgí agus BSc sna hImlheáin. Tá clár eile, BSc in Oideachas Eolaíochta fógartha agus pleananna forbartha go maith cheana féin le clár bhreise a chruthú sa todhcháí. Ba chúis áthais é toradh a fheiceáil ar an nuálaíocht ar fad a rinneadh cheana agus B.Sc (Onóracha) sa tSíceolaíocht trí Eolaíocht á bhronnadh ar an gcéad ghrúpa de 18 scoláire ón gclár i mbliana. Tá nuálaíocht tarlaithe freisin sa chaoi ina ndéanann an Dámh tacaíocht a sholáthar d'fhoghlaimoirí i rith an chúrsa. Mar shampla, rinneadh Ionad Tacaíochta maidir le Matamaitic a oscailt i mbliana agus baineadh úsáid rialta as an tseirbhís. Thug an tIonad cabhair do thuairim is céad scoláire in aghaidh na seachtaine lena gcuid scileanna cainníochtúla a fhorbairt. Tá Dámh na hEolaíochta & na hInnealtóireachta ag déanamh go maith ó thaobh earcaíochta agus feidhmíochta de; tháinig méadú 7.5% ar líon na mac léinn fochéime a tugadh isteach le hais 2006. D'éirigh linn é sin a bhaint amach le hardú comhreathach sna meánphointí CAO a fuair iontrálaithe ar chúrsaí móréilimh san Eolaíocht agus san Innealtóireacht. Is toradh iontach é seo agus na deacrachtaí earcaíochta i gcúrsaí san Eolaíocht agus san Innealtóireacht go náisiúnta agus go hidirnáisiúnta curtha san áireamh. Bhí torthaí iontacha ag scoláirí de chuid na Dámhe i rith 2007 freisin. Bhronn Rialtas na hAstráile na Dámhachtainí Endeavour Europe 2007 ar Claire Harley agus Gillian Hendy, beirt mhac léinn PhD leis an Ollamh Carmel Breslin sa Cheimic. Is clár scoláireachta den scoth é seo a sholáthraíonn tacaíocht do dhaoine ardchumais ó thimpeall

na cruinne chun dul i mbun taighde le hionad taighde Astrálach. Níl le fáil ag scoláirí na hEorpa ach cúig scoláireacht déag gach bliain agus mar sin de is sáréacht don tír seo (agus d'OÉ Má Nuad) é péire de na scoláireachtaí sin a fháil. Mar an gcéanna sa Chorn Microsoft Imagine sa Chóiré, d'éirigh le scoláirí Ríomheolaíochta ó OÉ Má Nuad áit a fháil sa chéad seisear as líon iomlán de 100,000 scoláire ó bhreis is 100 tír agus as an mabhta ceannais de 300 iontrálaí. Chruthaigh Eric McClean, Mark Clerkin, Cathal Coffey agus Daniel Kelly bailiúchán d'uirlisí oideachasúla chun teanga chomharthaíochta a mhúineadh. Bhí toradh suntasach le feiceáil ar obair na mac léinn seo, agus is comhartha é de láidreacht na tíre seo sa limistéar taighde sin agus de chaighdeán na gclár fochéime in OÉ Má Nuad.

Mar chuid de na gníomhaíochtaí for-rochtana, d'eagraigh Dámh na hEolaíochta & na hInnealtóireachta sraith léachtaí poiblí ar an téama: 'Éire 2017.' Thug na léachtaí seo deis do cheathrar de phríomhsmaointeoirí na hÉireann a gcuid smaointe a nochtadh i dtaobh shochar na hÉireann i gceann deich mbliana agus díriú go háirithe ar an éifeacht a bheidh ag an eolaíocht agus an teicneolaíocht orainn sa todhcháí. Ba cheart aitheantas ar leith a thabhairt do bheith chainteoirí: Rinne Liam Downey ó Roinn na Bitheolaíochta todhcháí dhúshlánach d'Fheirmeoireacht na hÉireann a leagan amach. Chothaigh a óráid oscailte díospóireacht idir é féin agus na feirmeoirí a bhí sa lucht éisteachta agus chuir sé béim ar shaincheist na sábháilteachta bia. Labhair Stewart Fotheringham ón Ionad Náisiúnta Geoiríomha faoi fhaireachas agus faoi chórais faisnéise geografáil a mbeidh tionchar acu ar phleanáil maidir le sláinte, póilíneacht, miondíol agus imeachtaí fóillíochta agus tharlódh go mbeadh tionchar acu freisin ar shaoirse phearsanta.

Is acmhainn luachmhar iad ranganna praiticiúla Eolaíochta Ardeistiméireachta Mhá Nuad atá urraithe ag Yakult, Intel agus an Institiúid Fisice le cabhair a sholáthar do bhreis is 2,000 dalta Ardeistiméireachta ó gach cuid den tír. Tugann an scéim seo cabhair do na scoláirí iad féin a réiteach don scrúdú praiticiúil san eolaíocht trí rochtain a thabhairt dóibh ar shaotharlanna agus ar fhearais i bhFisic, i gCeimic agus i mBitheolaíocht, rudaí nach bhfuil fáil acu orthu ina scoil féin. Tá an ghníomhaíocht seo an-tábhachtach do scoláirí agus do mhúinteoirí agus is sampla feiliúnach é seo den Dámh ag freagairt do riachtanais an phobail oideachasúil ar fad. Ba cheart buíochas faoi leith a ghabháil leis an bhfoireann theicniúil ó na ranna sin as ucht a gcuid ama agus dílseachta atá tugtha acu don chlár luachmhar seo.

An Dr. Bernard Mahon

Déan

Bitheolaíocht/Biology

Blumlein, A. and D. Pisani

'Timing the origin of vision'

Best student poster (Alice Blumlein) at the 6th Biannual meeting of the Systematic Association, Edinburgh, UK (28-31 August 2007)

Conroy, M., B. Fitzpatrick, N. Dolan and **D.G. Doherty**

'Immune mechanisms in hepatitis C virus'

NUI Maynooth Immunology Postgraduate Masterclass, Maynooth, Ireland (16 July 2007)

Conroy, M., B. Fitzpatrick, N. Dolan and **D.G. Doherty**

'Hepatitis C virus core protein can modulate interferon- γ production by innate T cells without affecting CD1 expression'

Annual Scientific Meeting of the Irish Society for Immunology, Dublin, Ireland (13-14 September 2007)

Dillon, A.B., C.P. Moore, **M.J. Downes** and **C.T. Griffin**,

'Integrated pest management of the large pine weevil *Hylobius abietis* – reducing breeding site suitability, inundative application of entomopathogenic nematodes and the ensuing tritrophic interactions'

IUFRO meeting "Natural enemies and other multi-scale influences on forest insects", Vienna, Austria (9-14 September 2007)

Dix, P.J.

'Plastid Transformation'

Workshop Convenor: International Conference - Plant Transformation Technologies, Vienna, Austria (4-7 February 2007)

Doherty, D.G.

'A family of killers: NK cells, NKT cells and other NK-like T cells'

Invited speaker, British Society for Immunology Annual Congress, Glasgow, UK (20-23 February 2007)

'A family of killers: NK cells, NKT cells and other NK-like T cells'

Invited Speaker, University of Manchester, UK (9 March 2007)

'A family of killers: NK cells, NKT cells and other NK-like T cells'

Invited Speaker, Dublin City University, Ireland (12 March 2007)

'NK cells, NKT cells and other NK-like T cells in the fight against hepatitis C virus'

Invited Speaker, St. James's Hospital, Dublin, Ireland (28 March 2007)

'The immune system – the body's armed forces and their weapons'

Invited speaker, European Week of Immunology Childrens' Day, Royal Dublin Society, Dublin, Ireland (11 May 2007)

Doran, P., K. O'Connell, J. Gannon and **K. Ohlndieck**

'Spot the difference! Differential expression analysis of the aging rat skeletal muscle proteome'

Biochemical Society, Life Sciences Meeting, Glasgow, UK (9-12 July 2007)

Doran, P., K. O'Connell, J. Gannon and **K. Ohlndieck**

'Proteomic profiling of age-related muscle wasting'

Science Foundation Ireland, SFI Summit Meeting, Dublin, Ireland (26-27 November 2007)

Duncan, L.W., F.E. El-Borai, M.R. Enright, **C.T. Griffin** and J.F. Preston

'*Paenibacillus* spp. that exploit entomopathogenic nematode/bacteria symbioses'

Nematode-Bacteria Symbioses Meeting, Tucson, Arizona, USA (21-23 April 2007)

Dunne, M.R., L. Tobin, A. Reichenberg, H. Jomaa, M. Eberl and **D.G. Doherty**

'Characterisation of the effects of pyrophosphate antigens on human V γ 9V δ 2 T cells'

NUI Maynooth Immunology Postgraduate Masterclass, Maynooth, Ireland (16 July 2007)

Dunne, M.R., L. Tobin, A. Reichenberg, H. Jomaa, M. Eberl and **D.G. Doherty**

'V γ 9V δ 2+ T cells produce interferon- γ and interleukin 13 and expand upon stimulation with pyrophosphate antigens in vitro'

Annual Scientific Meeting of the Irish Society for Immunology, Dublin, Ireland (13-14 September 2007)

English, K.

'Murine mesenchymal stem cells interfere with dendritic cell maturation and antigen presentation function'

Winner, Dorothy Price National Medal for Postgraduate achievement in Immunology.

Winner, Best Postgraduate Scientific Presentation (Oral). Annual Meeting Of The Irish Society For Immunology, DCU, Ireland (13-14 September 2007)

English, K. and B. Mahon

'Murine Mesenchymal Stem cells interfere with dendritic cell maturation, migration and function'
2nd UK National Mesenchymal Stem cell Meeting, National Science Learning Centre, York, UK (25 September 2007)

Ennis, D., R. Girling, A. Dillon and C. Griffin

'Do entomopathogenic nematodes reduce feeding by adult pine weevil?'
AAB Nematology Meeting, London, UK (11 December 2007)

Findlay, J.B.

'The RBP receptor and Type 2 Diabetes'
 Medicon Valley Conference on Diabetes, Malmo, Sweden (21-22 April 2007)

'The MC4 receptor: organisation, ligand binding and activation'
Family resemblances? Ligand binding and activation of Family A and B G-protein coupled receptors, Biochemical Society, GlaxoSmithKline, Stevenage, UK (23-24 April 2007)

'The MC4 and RBP Receptors'
BBSRC UK-China Symposium on Membrane Research, Beijing, China (17-20 May 2007)

'The RBP receptor and Insulin Resistance'
 Prosidian, Oxford, UK (4 July 2007)

'Opportunities through the EC'
Workshop on Career Development of EU Scientists, Donau University, Krems, Austria (30-31 July 2007)

Gannon, J., K. O'Connell, P. Doran and K. Ohlendieck

'Sarcopenia: mapping of the phosphoproteome'
Biochemical Society, Life Sciences Meeting, Glasgow, UK (9-12 July 2007)

Griffin, C.T., M.A.M. Alsaiyah and A. Zenner
 'Sex-specific dispersal and infection in *Steinernema* spp. and population sex ratios' *Society for Invertebrate Pathology Annual Meeting*, Quebec, Canada (12-16 August 2007)

Harvey, C., D. Ennis, A. Dillon, C. Meade and C. Griffin

'Using AFLP to study coexistence of exotic and indigenous strains of *Steinernema feltiae* in a forest ecosystem' *AAB Nematology Meeting*, London (11 December 2007)

Hogan, A.E., S.A. Porcelli and D.G. Doherty

'Isolation, expansion and characterisation of iGB3-specific T cells'
NUI Maynooth Immunology Postgraduate Masterclass, Maynooth, Ireland (16 July 2007)

Hogg, B., A. Dunne, K.H. Nguyen and J.M. Nugent

'Expressing HIV-1 Antigen Genes via the Lettuce Chloroplast Genome'
 Poster presentation, *International Conference - Plant Transformation Technologies*, Vienna, Austria, (4-7 February 2007)

Jones, G.

'Chaperone effects on prion propagation'
 Invited Speaker, Department of Microbiology, Trinity College Dublin (9 February 2007)

Kavanagh, K.

'Insects as models for studying the virulence of human fungal pathogens'
American Society for Microbiology 107th Meeting Toronto, Canada. (21-25 May 2007)

'The insect immune system as a model for studying the interaction of pathogens with the mammalian innate immune response'
Institute of Biology Annual Lecture, University College Dublin, Ireland (4 September 2007)

'Response of *Candida albicans* to silver-based antifungal drugs'
First Annual meeting of the Irish Institute for Metal-Based Drugs. Royal College of Surgeons in Ireland, (20 September 2007)

Keith, A.M., C.T. Griffin and O. Schmidt

'CréBeo: the distribution, diversity and indicator value of nematodes in Irish soils'
1st International Symposium on Nematodes as Environmental Bioindicators, Heriot-Watt University, UK (12-13 June 2007)

Lewis, C., P. Doran and K. Ohlendieck

'Optimisation of 2-D gel electrophoretic separation of dystrophic cardiac muscle'
Biochemical Society, Life Sciences Meeting, Glasgow, UK (9-12 July 2007)

Lynch, E., M. McGee, S. Doyle and B. Earley

'Effect of weaning strategy on immune function of beef suckler cows and their calves'
58th Annual Meeting of the European Association for Animal Production, Dublin, Ireland (26-29 August 2007)

Madrigal-Estebas, L., D. McNally, E. Ruiz-Zamora, D.G. Doherty, M. Fares
 'Differential dendritic cell maturation induced by lipopolysaccharide, double stranded RNA, proinflammatory cytokines and heat shock protein-70'
Annual Scientific Meeting of the Irish Society for Immunology, Dublin, Ireland (13-14 September 2007)

Mahon, B.
 'Do adult mesenchymal stem cells really disobey immune rejection mechanisms? Lessons from the fetal allograft'
Invited speaker, School of Biomedical Science, Queen's University Belfast, Northern Ireland (17 May 2007)

Martin, F.J. and James O. McInerney.
 'An empirical analysis of gene cluster and operon formation: support for the co-regulation and protein immobility models'
Society for Molecular Biology and Evolution, Halifax, Canada (24-28 June 2007)

'The mess of YESS: A phylogenetic analysis of the YESS group'
The Young Systematists Forum, London, UK (5 December 2007)

McAndrew, M. and N.B. Murphy
 'Cell signalling in the African trypanosome'
Kinetoplastid Molecular Cell Biology Meeting, Woods Hole, Massachusetts, USA (23-26 April 2007)

McCann, A., J. Cotton and J.O. McInerney
 'The Tree of Genomes: An empirical comparison of genome phylogeny reconstruction methods'
Society for Molecular Biology and Evolution, Halifax, Canada (24-28 June 2007)

McCann, A. and J.O. McInerney
 'The Tree of Genomes: An empirical comparison of genome phylogeny reconstruction methods'
The Young Systematists Forum, London, UK (5 December 2007)

McInerney, J.O.
 'Can DNA barcoding work in prokaryotes?'
Invited speaker, EMBO Workshop on "Molecular Biodiversity and DNA Barcode", Rome, Italy (17-19 May 2007)

McInerney, J.O., J. Cotton and D. Pisani.
 'The Influence of lateral gene transfer on the prokaryote Tree of Life'
Invited speaker, Society for Molecular Biology and Evolution Meeting, Halifax, Nova Scotia, Canada (24 June 2007)

McInerney, J.O. and D. Fitzpatrick
 'Rampant lateral gene transfer in *Neisseria meningitidis*'
Royal Academy of Medicine in Ireland, Winter Meeting 2007, Dublin, Ireland (11 January 2007)

McInerney, J.O. and D. Pisani.
 'Is there something wrong with the Tree of Life?'
Invited departmental seminar, University of Wyoming, Laramie, Wyoming, USA (10 December 2007)

McInerney, J.O. and V. Svinti
 'Detecting recombination in influenza viruses'
Regional Meeting of the International Society for Computational Biology, Snowmass, Colorado, USA (30 November 2007)

Miggin, S.M., E. Palsson-McDermott, A. Dunne, C. Jefferies, E. Pinteaux, C. Murphy, P.N. Moynagh, M. Yamamoto, S. Akira, N. Rothwell, D.T. Golenbock, K.A. Fitzgerald and L.A. O'Neill
 'NF- κ B activation by MyD88 adapter-like is regulated by Caspase-1'
Poster presentation, International Cytokine Society, Cytokines in health and disease. San Francisco, USA (26-30 October 2007)

Moynagh, P.N.
 'Ubiquitination and novel intracellular regulators of innate immune signalling'
Irish Society for Immunology Annual Meeting, Dublin City University, Ireland (13-14 September 2007)

'Ubiquitination and novel regulators of innate immune signalling'
Science Foundation Ireland Science Summit, CityWest, Dublin, Ireland (25-27 November 2007)

Nugent, J.M.
 'Developing a plastid-based vaccine against *Helicobacter pylori*'
Oral presentation, International Conference - Plant Transformation Technologies, Vienna, Austria (4-7 February 2007)

'The plastid as a production and delivery system for plant-based vaccines'
Invited speaker, The International Symposium on Chloroplast Genomics and Genetic Engineering, Jilin Academy of Agricultural Science, Changchun, China (7-9 December 2007)

O'Connell, K., J. Gannon, P. Doran and **K. Ohlendieck**
 '2-D profiling of changes in N-linked glycosylation in aged rat skeletal muscle'
Biochemical Society, Life Sciences Meeting, Glasgow, UK (9-12 July 2007)

Ohlendieck, K.
 'Proteomic profiling of dystrophic muscle'
Invited speaker, Muscular Dystrophy Ireland Meeting, Dublin (28 April 2007)

'Proteomic characterization of skeletal muscle'
Invited seminar speaker, Biochemistry Department, University College Cork, Cork (8 May 2007)

'Proteome analysis of Duchenne muscular dystrophy'
Invited speaker, 1st Leipzig Muscle Symposium, University of Leipzig, Leipzig, Germany (16 June 2007)

'Proteomics of neuromuscular disorders'
Invited seminar speaker, Conway Institute, University College Dublin, Ireland (29 June 2007)

'Proteomic profiling of age-dependent skeletal muscle degeneration'
Invited speaker, 10th International Symposium on Molecular Medicine, Hersonissos, Crete, Greece (11 October 2007)

Pisani, D.
 'Bioinformatics for Palaeontologists'
Two days intensive course, Department of Earth Sciences, University of Bristol, UK. (30 April-1 May 2007)

'The supertree of life and the nature of the eukaryotes'
Invited, plenary, opening seminar, 6th Biannual meeting of the Systematic Association, Edinburgh, UK (28-31 August 2007)

'The supertree of life and the nature of the eukaryotes'
Virtual Institute of Bioinformatics Ireland, 2007 Meeting, Dublin, Ireland (10 September 2007)

'The origin of vision, where, when, why?'
Invited Departmental Seminar, Department of Zoology, NUI Galway, Ireland (7 November 2007)

'The Origin of vision: a palaeoinformatic approach'
Rocky 07. 5th Rocky Mountain Conference of the International Society for Computational Biology, Aspen, Colorado, USA (29 November 2007)

Svinti, V., J. Cotton and **J.O. McInerney**
 'An automated procedure for detecting reassortment in influenza viruses'
Society for Molecular Biology and Evolution, Halifax, Canada (24-28 June 2007)

Svinti, V. and J.O. McInerney
 'Detecting reassortment in influenza viruses'
The Young Systematists Forum, London, UK (5 December 2007)

Ceimic/Chemistry

Al Mulla, I., **J.P. Lowry** and R.D. O'Neill
 'Developing a voltammetric technique to monitor brain dopamine, using the metabolite HVA',
Irish Neuroscience Conference, Tullamore, Ireland (23-24 September 2007)

Alcock, B.E., S.T. Earley and **C.B. Breslin**
 'The application of hydrogel-polypyrrole composite electrodes in the development of a novel drug delivery system',
212th Electrochemical Society Meeting, Washington, DC, USA (7-12 October 2007)

Annibaldi, V., **A.D. Rooney** and **C.B. Breslin**
 'Conducting Polypyrrole Matrix Modified with Sulfated α -Cyclodextrin: Electrochemical Synthesis and Characterization'
59th Irish Universities Chemistry Colloquium, Dublin City University, Dublin (13-15 June 2007)

Andreoli, E., **A.D. Rooney** and **C.B. Breslin**
 'The controlled capture of copper ions by composite polypyrrole films: a potential method for the formation of copper nanoparticles'
59th Irish Universities Chemistry Colloquium, Dublin City University, Dublin (13-15 June 2007)

Andreoli, E., **A.D. Rooney** and **C.B. Breslin**
 'The controlled capture of copper ions by composite polypyrrole films: a potential method for the formation of copper nanoparticles'
EPA Colloquium, Dublin (15 November 2007)

Breslin, C.B., C.C. Harley, G.M. Hendy, V. Annibaldi and **A.D. Rooney**
 'Polypyrrole modified with supramolecular cages: highly selective sensors for the detection of dopamine'
212th Electrochemical Society Meeting, Washington DC, USA (7-12 October 2007)

Byrne, O and **J.G. McCaffrey**

'Luminescence spectroscopy of Eu atoms isolated in low temperature matrices'

Irish Universities Chemistry Colloquium

Dublin City University, Dublin (13-15 June 2007)

Byrne, O. and **J.G. McCaffrey**

'Luminescence spectroscopy of Eu atoms isolated in low temperature matrices'

Gordon Research Conference on the Physics and Chemistry of Matrix-isolated Species

Lewiston, Maine, USA (15-20 July 2007)

Curran, R., J. Lenehan, **M. McCann**, K. Kavanagh, M. Devereux, D.A. Egan, G. Clifford, K. Keane, B.S. Creaven and V. McKee

'New Silver(I) Antimicrobial and Anti-Cancer Drugs'
13th International Conference on Biological Inorganic Chemistry, Vienna, (July 2007)

Doyle L. and **M.F. Heaney**

'NH-Isoxazolidines-A New Generation of Organocatalysts'
Irish Universities Research Chemistry Colloquium, Dublin City University (13-15 June 2007)

Doyle L. and **M.F. Heaney**

'Organocatalysis with Simple Isoxazolidines'
2nd ERA-Chemistry Flash Conference, Evora, Portugal (28-31 October 2007)

Dozova, N., C. Murray, **J.G. McCaffrey**, N. Shafizadeh and C. Crepin

'Amplified Emission of Phthalocyanine in cryogenic solids'
Gordon Research Conference on the Physics and Chemistry of matrix-isolated species

Lewiston, Maine, USA (15-20 July 2007)

Dozova, N., C. Murray, **J.G. McCaffrey**, N. Shafizadeh and C. Crepin

'Amplified Emission of Phthalocyanine in cryogenic solids'
SFI Science Summit 2007, Dublin City West (22-23 November 2007)

Fejgin, K., E. Pålsson, N.J. Finnerty, D. Klamer, C. Wass, J. Engel, L. Svensson and **J.P. Lowry**

'Systemic administration of phencyclidine increases nitric oxide levels in the rat medial prefrontal cortex'
Neuroscience 2007, San Diego, USA (3-7 November 2007)

Finnerty, N.J., F.O. Brown, F.B. Bolger, and **J.P. Lowry**
'The development of a microelectrochemical sensor for the monitoring of nitric oxide in brain extracellular fluid'
59th Irish Universities Chemistry Research Colloquium, Dublin City University (13-15 June 2007)

Fox, C. A., **A.D. Rooney and C.B. Breslin**,

'Electrochemical Synthesis of Silver Nanoparticles Deposited on Glassy Carbon for the Sensing of Nitrates'
212th Electrochemical Society Meeting, Washington, DC, USA (7-12 October 2007)

Harley, C.C., G.M. Hendy, **A.D. Rooney and C.B. Breslin**,

'Selective Detection of Dopamine using Polypyrrole Films Modified with Macrocycles'
211th Electrochemical Society Meeting, Chicago, Illinois, USA (6 – 10 May 2007)

Harley, C.C., D. Li, S.E. Moulton, G.G. Wallace, **A.D. Rooney and C.B. Breslin**

'The Electrochemical Detection of Dopamine using Modified Polypyrrole Films'
212th Electrochemical Society Meeting, Washington DC, USA (7-12 October 2007)

Hendy, G.M., D. Li, S. E. Moulton, G.G. Wallace and **C.B. Breslin**

'Polypyrrole: Applications in Drug Delivery',
Alan MacDiarmid Symposium, Wollongong, Australia (16-18 May 2007)

Hendy, G.M., D. Li, S.E. Moulton, G.G. Wallace and **C.B. Breslin**

'The controlled delivery of dopamine using a responsive polymeric system',
212th Electrochemical Society Meeting, Washington, DC, USA (7-12 October 2007)

Li, J., G. Gilmour, D. Bannerman, G. De Fillipi, S. McHugh, **J.P. Lowry** and M. Tricklebank

'Establishing a controlled whisker-barrel evoked potential model of neuronal activation to be used in combination with on-line oxygen voltammetry in the anaesthetised rat'
Neuroscience 2007, San Diego, USA (3-7 November 2007)

Lowry, J. P.

'In Vivo Voltammetry: Real-Time Monitoring of Brain Chemistry'
International Plenary Lecture - British Neuroscience Association Conference, Harrogate, UK (3 April 2007)

McCann, M.

'Microbial and Cancer Drugs With a Silver Lining'
Royal Society of Chemistry meeting, NUI Maynooth (November 2007)

'Metal-Based Drugs Targeting Microbes and Cancer'
SFI Ureka meeting, Dublin Institute of Technology, Kevin Street, Dublin (September 2007)

'CHEMISTRY - Poteen, Potions and Poisons'
Science Week Lecture Series, NUI Maynooth (November 2007)

McCann, M. and K. Kavanagh
'Response of *Candida albicans* to Silver-Based Antifungal Drugs'
1st Meeting of the Irish Institute for Metal-Based Drugs (IIMBD), Dublin (September 2007)

Murray, C. and **J.G. McCaffrey**
'Reactions of Hg atoms with silane and analogues in cryogenic solids'
Gordon Research Conference on the Physics and Chemistry of matrix-isolated species Lewiston, Maine, USA (15-20 July 2007)

Murray, C., Dozova, N. and **J.G. McCaffrey**
'Spectroscopy of free-base Phthalocyanine and zinc Phthalocyanine in cryogenic solids'
Irish Universities Chemistry Colloquium, Dublin City University, Dublin (13-15 June 2007)

O'Brien, K.B., R.D. O'Neill, and **J.P. Lowry**
'Characterization of a catalase-based hydrogen peroxide biosensor'
Royal Society of Chemistry, Analytical Research Forum, University of Strathclyde, UK (16-18 July 2007)

Ryan, M., **J.G. McCaffrey**, P. dePujo and C. Crepin
'Excited state dynamics of matrix-isolated atomic sodium'
Gordon Research Conference on the Physics and Chemistry of matrix-isolated species
Lewiston, Maine, USA (15-20 July 2007)

Sheridan, E.M., T.P. Obrenovich, G. Tedeschi and **J.P. Lowry**.
'Development and Characterisation of Biosensors to Measure Brain Extracellular D- and L-Aspartate'
59th Irish Universities Chemistry Research Colloquium, Dublin City University (13-15 June 2007)

Sheridan, E.M., T.P. Obrenovich, G. Tedeschi and **J.P. Lowry**
'Development of biosensors for the in vivo detection of brain extracellular D- and L- Aspartate'
Royal Society of Chemistry, Analytical Research Forum, University of Strathclyde, UK (16-18 July 2007)

Eolaíocht Ríomhaireachta /Computer Science

Corcoran, P. and **A.C. Winstanley**
'Removing the texture feature response to object boundaries'
2nd International Conference on Computer Vision Theory and Applications, Barcelona, Spain (8-11 March 2007)

Corcoran, P. and **A.C. Winstanley**
'Segmentation Evaluation for Object Based Remotely Sensed Image Analysis'
Geographical Information Science Research UK Conference, National University of Ireland, Maynooth (11-13 April 2007)

Corcoran, P. and **A.C. Winstanley**
'Watershed segmentation using a multi-scale ramp edge gradient operator'
International Conference on Machine Vision and Image Processing, National University of Ireland, Maynooth (7 September 2007)

Cuddihy, A., **B.M. Hennelly, T.J. Naughton, C.E. Markham** and R. O'Neill
'Imaging through a biological medium using speckle noise removal techniques'
Diffuse Optical Imaging in Tissue, Part of SPIE/OSA European Conferences on Biomedical Optics, Munich, Germany (17-21 June 2007)

Foy, S., C. Deegan, C. Mulvihill, C. Fitzgerald, **C.E. Markham** and S. McLoughlin
'Inertial Navigation Sensor and GPS integrated for Mobile mapping'
Geographical Information Science Research UK Conference, National University of Ireland, Maynooth (11-13 April 2007)

Ghent, J. and J. McDonald
'Photo-Realistic Facial Expression Synthesis'
6Sight - The Future of Imaging, Monterey, California, USA (8-9 November 2007)

Hennelly, B.M., D.P. Kelly, J. Maycock, **T.J. Naughton and J. McDonald**
'Speckle reduction from digital holograms by simulating temporal incoherence'
Optics and Photonics for Information Processing, San Diego, USA (26-30 August 2007)

Hennelly, B.M., J. McDonald, J.T. Sheridan, U. Gopinathan, D.P. Kelly, B. Javidi and **T.J. Naughton**
 'Spread space spread spectrum technique for secure multiplexing (Invited paper)'
 6th International Workshop on Information Optics, Reykjavik, Iceland (25-30 June 2007)

Lehtimäki, T.M. and **T.J. Naughton**
 'Stereoscopic viewing of digital holograms of real-world objects'
 3DTV-Conference 2007 - Capture, Transmission and Display of 3D Video, Kos, Greece (7-9 May 2007)

Lesley, L., **A.C. Winstanley,** A. Renfrew, M. Barnes and M. Chymera
 'Power Consumption in a New Light Rail Vehicle'
Railway Engineering, University of Westminster, London (12 June 2007)

Maguire, P., E.J. Wisniewski and G.A. Storms
 'A Corpus Analysis of Conceptual Combination', *2nd European Cognitive Science Conference*, Delphi, Greece (23-27 May 2007)

Maguire, R., **P. Maguire** and M.T. Keane
 'Understanding Surprise: Can less likely events be less surprising?'
2nd European Cognitive Science Conference, Delphi, Greece (23-27 May 2007)

Maycock, J., **B.M. Hennelly, J. McDonald,** Y. Frauel, A. Castro, B. Javidi and **T.J. Naughton**
 'Speckle reduction using the discrete Fourier filtering technique'
International Machine Vision and Image Processing Conference (IMVIP 2007), Maynooth, Ireland (5-7 September 2007)

Mc Elhinney, C.P., **B.M. Hennelly and T.J. Naughton**
 'Image processing of real-world three-dimensional objects sensed with digital holography (Invited paper)'
Advanced Laser Technologies - ALT'07, Levi, Finland (3-7 September 2007)

Mc Elhinney, C.P., **J. McDonald,** A. Castro, Y. Frauel, B. Javidi and **T.J. Naughton**
 'Segmentation of three-dimensional objects from background in digital holograms'
International Machine Vision and Image Processing Conference (IMVIP 2007), Maynooth, Ireland (5-7 September 2007)

Monaghan, D.S., G. Situ, R.P. Ryle, U. Gopinathan, **T.J. Naughton** and J.T. Sheridan
 'Analysis of double random phase encryption from a key-space perspective (Invited paper)'
Optics and Photonics for Information Processing, San Diego, USA (26-30 August 2007)

Monahan, R.
 'Automatic Program Verification with Spec#'
MOSEL Seminar Series, LORIA, Nancy, France (May 2007)

'Automatic verification of textbook programs that use comprehensions'
Formal Techniques for Java-like Programs, Berlin, Germany (July 2007)

'Automatic Verification of C# programs'
Staff Seminar Series Department of Computer Science, NUI Maynooth, Ireland (November 2007)

Moser, P.
 'On the Convergence of Fourier Series of Computable Lebesgue Integrable Functions', *4th Conference on Computability and Complexity in Analysis*, Siena, Italy (16-18 June 2007)

Naughton, T.J.
 'Three-dimensional object sensing and image processing using digital holography'
InfoTech Oulu Invited Lecture Series, University of Oulu, Finland (19 February 2007)

'Optical image encryption'
Digital Media Seminar, RFMedia Laboratory, University of Applied Sciences, Ylivieska, Finland (12 April 2007)

'Digital holographic microscopy'
Measurement and Sensor Laboratory, Kajaani University Consortium, Kajaani, Finland (3 October 2007)

'Applications of digital holography'
Optoelectronics M.Eng. Course Guest Lecture, Department of Electrical and Information Engineering, University of Oulu, Finland (3 December 2007)

O'Donoghue, D. P.
 'Statistical Evaluation of Process-Centric Computational Creativity: Evaluating Computer-Generated Analogies'
4th International Joint Workshop on Computational Creativity (IJWCC), Goldsmiths, University of London (17-19 June 2007)

Pearlmutter, B.A. and C.J. Houghton

'Tuning for Criticality: A New Hypothesis for Sleep'
Poster at *COSYNE 2007*, Salt Lake City, Utah, USA (22-24 February 2007)

Reilly, R.

'A Grammar Extension to the Glenmore Model of Reading'
European Conference on Eye Movements, Potsdam, Germany (20-23 August 2007)

'Getting Computational Models to Behave: A New Parameter Fitting Algorithm'

Department of Psychology, Florida State University, Tallahassee, Florida (30 November 2007)

Rustan Leino, K. M., and **R. Monahan**

'Automatic verification of textbook programs that use comprehensions'
Workshop on Formal Techniques for Java-like Programs, ECOOP Workshop (FTJP'07), Berlin, Germany (31 July 2007)

Wilson. S., **S. Bergin**, B. Flood, S. Goyal, R. Kennedy, J. Mosher and J. O'Brien

'Parameter Estimation for a model with Imperfect Test and Repair',
25th VLSI Test Symposium IEEE VTS 2007, Berkley, California, USA (6-10 May 2007)

Innealtóireacht Leictreonach/Electronic Engineering

Devitt, F.

'Psychiatry CPD – the future is eLearning'
Irish Psychiatry meeting: 'Can We Further Improve Atypical Antipsychotics?, Dublin (12 October 2007)

Devitt, F. and B.Lawlor

'Asynchronous Video Lectures – towards the ideal 'blend' in a broadband age'
8th Annual Irish Educational Technology Users Conference, Dublin (23–25 May 2007)

Kennedy, E. and M. Condon

'An efficient simulation technique for nonlinear circuits driven by multi-carrier modulated signals'
'IEEJ International Analog VLSI Workshop', Bunratty, Co. Clare, Ireland (7-9 November 2007)

Lawlor, R.

'A Blended-Learning Approach to Engineering Education',
Invited Keynote talk at *International Symposium for Engineering Education*, Dublin City University (19 September 2007)

Fisic Thurgnamhach/Experimental Physics

Barrett G. and P. J. M. van der Burgt,

'A new apparatus for the study of electron impact fragmentation of molecular clusters', *Radiation Damage in Biomolecules Conference (RADAM07)*, Dublin, Ireland (June 2007)

Barrett G. and P. J. M. van der Burgt,

'Electron impact fragmentation of molecular clusters',
Winter Meeting of the Atomic and Molecular Interactions Group, Maynooth, Ireland (January 2007)

Baugh D., S. Kehoe, N. Trappe, and J. A. Murphy

'Analysis of Terahertz systems and analytical methods for modelling their optical efficiency'
Proceedings of IRMMW Terahertz 2007 Joint 32nd Int. Conf. of Infra-red and Millimetre Waves & 15th Int. Conf. on Terahertz Electronics, Vol 1, pp 502-503 (2007)

Berciano Alba A., P. Borges da Silva, H. Eichelberger, F. Giovacchini, M. Godolt, M. Lerchster, V. Lusset, F. Mattana, M. Michalowski, C. Monteserin-Sanchez, **F. Noviello**, C. Persson, M. Zhang, and L. Östman,

'DEMON: a Proposal for a Satellite-Borne Experiment to study Dark Matter and Dark Energy',
Space Day Austria 2007, Vienna, Austria (27 March 2007)

Lavelle J. and C. O'Sullivan

'The application of Gaussian beam mode analysis to the phase retrieval problem'
Photonics Ireland 2007, Galway, Ireland (September 2007)

Mooney P.A., and M.F. Cawley,

'Thermal diode effect due to the influence of the density maximum in water and aqueous solutions on natural convection',
36th Spring Weekend Meeting of the Institute of Physics in Ireland, Birr, Co. Offaly (30 March - 1 April 2007)

Mulligan, F.J.

'Observing the mesopause using ground-based measurements of near infrared (1.0 – 1.6 μm) twilight and nightglow emissions from Maynooth (53°N, 6.4°W)', *Inaugural meeting of the Network for the Detection of Mesopause Change (NDMC)*, Garmisch-Partenkirchen, Germany (14-18 May 2007)

'Measuring atmospheric temperature using OH infrared (1.0 – 1.6 μm) nightglow emissions: comparison with SABER data'
Lecture to LIDAR Group, Colorado State University, Fort Collins, CO, USA (26 September 2007)

'A comparison of OH-equivalent temperatures derived from satellite data with ground-based measurements from OH*(3-1) emissions',
Lecture to the AIM (Atmosphere, Ionosphere and Magnetosphere) Group, High Altitude Observatory of the National Centre for Atmospheric Research, Boulder Colorado, USA (28 September 2007)

Mulligan, F. J. and R. P. Lowe,
'A comparison of SCISAT-1 ACE temperature data in the vicinity of the mesopause with ground-based OH*(3-1) results',
Proceedings of the 34th European Meeting on Atmospheric Studies by Optical Methods, Andenes, Norway (August 2007)

Mulligan, F. J. and R. P. Lowe,
'Choosing an optimal location to make ground-based observations of O₂(a¹ Δ g) (0,0) spectra during twilight',
Proceedings of the 34th European Meeting on Atmospheric Studies by Optical Methods, Andenes, Norway (August 2007)

Mulligan, F. J. and R. P. Lowe,
'OH-equivalent temperatures derived from ACE satellite temperature profiles - a statistical comparison with OH*(3-1) temperatures from Maynooth (53.2°N, 6.4°W)',
Royal Astronomical Society National Astronomy Meeting United Kingdom Solar Physics and Spring MIST Meeting 2007, University of Central Lancashire, Preston, UK (16-20 April 2007)

Mulligan, F. J. and R. P. Lowe,
'A comparison of SCISAT-1 ACE temperature data in the vicinity of the mesopause with ground-based OH*(3-1) results',
Poster CEDAR (Coupling, Energetic and Dynamics of Atmospheric Regions) Workshop, Santa Fe, New Mexico (24-29 June 2007)

Murphy, J.A.

'Terahertz and Millimetre-wave Optics: Beams and Modes' *Course given at the Institute of Applied Physics, University of Bern, Switzerland (February-March 2007)*

'Far-infrared Quasi-optics'
Seminar at the Departamento de Teoría de la Señal y Comunicaciones, Universidad Carlos III de Madrid, Leganes, Madrid, Spain (13 April 2007)

'Quasi-optics for the terahertz and millimetre wavebands.'
Seminar at the Institute of Applied Physics, University of Bern, Switzerland (11 June 2007)

Noviello, F. and Murphy J.A.,

'Wavelet analysis of non-Gaussian signatures in simulated maps of the CMB',
Planck Consortium Meeting 2007, Toulouse, France (18-20 June 2007)

Trappe, N. and J. A. Murphy, C. O Sullivan, M. Gradziel, T. Peacocke.

'Ultra low-noise detector and readout technology for cosmic microwave background' *Polarimetry Conference*, Institute of Astronomy, University of Cambridge (December 2007)

Whale M.

'Terahertz Imaging and Applications'
Photonics Ireland 2007, Galway, Ireland (September 2007)

Whale M., N. Trappe, and J. A. Murphy

'Analysis of Standing Waves in Millimetre-Wave Optics',
IRMMW-THz 2007 Conference, Cardiff, Wales (September 2007)

Whale M. and N. Trappe

'Quasioptical Analysis of the ALMA Band 9 Front End Optics'
Photonics Ireland 2007, Galway, Ireland (September 2007)

Yurchenko V. B., and A. Altintas,

'Asymptotic Wave-Like Modeling of Dielectric Lenses',
Proc. 6th Intl. Conf. on Antenna Theory and Techniques (ICATT'07), Sevastopol, Ukraine (September 2007)

Yurchenko V. B., and E. V. Yurchenko,

'Dual-Layer Frequency-Selective Subwavelength-Grid Polarizers for THz Applications', *Proc. 6th Intl. Kharkov Symposium on Physics and Engineering of Microwaves, Millimeter and Submillimeter Waves and Workshop on Terahertz Technologies (MSMW'07)*, Kharkov, Ukraine (June 2007)

Yurchenko V. B., and L. V. Yurchenko,
 'Complex Dynamics of Gunn Diode Circuits with Time-Delay
 Microstrip-Line Coupling',
*Proc. 6th Intl. Kharkov Symposium on Physics and
 Engineering of Microwaves, Millimeter and Submillimeter
 Waves and Workshop on Terahertz Technologies
 (MSMW'07)*, Kharkov, Ukraine (June 2007)

Institúid Hamilton/Hamilton Institute

Blankertz, B. M. Krauledat, G. Dornhege, J. Williamson, **R. Murray-Smith**, and K.-R. Muller
 'A Note on Brain Actuated Spelling with the Berlin Brain-
 Computer Interface'
 HCI International, China (22-27 July 2007)

Cho, S.J. **R. Murray-Smith**, C. Choi, Y. Sung, K. Lee, Y-B. Kim
 'Dynamics of Tilt-based Browsing on Mobile Devices'
 ACM SIG CHI Conference, San Jose, CA, USA (28 April-3
 May 2007)

Clifford, P., D.J. Leith
 'Channel Dependent Interference and Decentralized
 Colouring'
*International Conference on Network Control and
 Optimization*, Avignon, France (5-7 June 2007)

Dangerfield, I., D. Malone, D.J. Leith
 'Understanding 802.11e Voice Behaviour via Testbed
 Measurements and Modeling'
Workshop on Wireless Network Measurement (WinMee),
 Limassol, Cyprus (20 April 2007)

Domingues, M., C. Friacas and **D.Malone**
 'Is Current 6to4 Relay Deployment Adequate?'
Second International Workshop on IPv6 Today, Athens,
 Greece (19-25 June 2007)

Duffy, K.
 'Logarithmic asymptotics for the supremum of a stochastic
 process'
*Queueing theory without limits: transient and asymptotic
 analysis*, TU Eindhoven, The Netherlands (17-19 October
 2007)

Freudenberg, J.S., **R.H. Middleton**, J.H. Braslavsky
 'Stabilization with Disturbance Attenuation over a Gaussian
 Channel'
46th IEEE Conference on Decision and Control, New
 Orleans, LA, USA (12-14 December 2007)

Henderson, N. **R.H. Middleton**, and R. King
 'An Application of Gaussian Mixtures: Colour Segmenting
 for the Four Legged League using HSI Colour Space'
RoboCup Symposium, Atlanta, Georgia, USA (9-10 July
 2007)

Huisinga, W.
 'Hierarchical Approach to Physiologically based
 Pharmacokinetics: Refining Models with Increasing
 Knowledge'
*Complex Networks in the Life Sciences, MATHEON and
 MITACS, the Canadian "Network of Centres of Excellence
 (NCE) for the Mathematical Sciences"*, Erkner/Berlin (2-4
 April 2007)

'Hybrid stochastic & deterministic models of biochemical
 reaction kinetics: In silico analysis of flagellar regulation in
 Escherichia coli'
Conway Lecture & Seminar Series, UCD, Dublin (11 May
 2007)

'Metastability in Markovian Systems'
*UCC Applied Mathematics seminar, in conjunction with the
 Mathematics Applications Consortium for Science and
 Industry*, Cork (28 June 2007)

'Tackling the Chemical Master Equation Directly by Adaptive
 Discrete Galerkin Methods'
*International Conference on Scientific Computation And
 Differential Equations (SciCADE 07)*, Saint-Malo, France (9-
 13 July 2007)

Huisinga, W. and M. von Kleist
 'Combining Systems Biology with Physiologically Based
 Pharmacokinetics to Support the Understanding of Drug
 Effects'
Poster, Fosbe 2007, Stuttgart, Germany (9-12 September
 2007)

Kalamatianos, D., P. Liatsis, and **P.E. Wellstead**
 'Novel FT-NIR instrumentation for real-time blood
 monitoring'
*Annual Meeting of the Association of Physical Scientists in
 Medicine*, Dublin, Ireland (10-11 May 2007)

Knorn, F., D.J. Leith
 'Real-time Anomaly Detection in Software Appliances'
*NIPS Workshop on Statistical Learning Techniques for
 Solving Systems Problems (MLSys) Workshop*, Whistler,
 Canada (7-8 December 2007)

Leith, D.J., R.H. Shorten, G. McCullagh

'Experimental Evaluation of Cubic TCP'

Extended version of paper presented at PFLDnet 2007, Marina Del Rey, CA, USA (7-9 February 2007)

Leith, D., R. Shorten, J. Heffner, L. Dunn, F. Baker

'Delay-based AIMD Congestion Control'

PFLDnet 2007, Marina Del Rey, CA, USA (7-9 February 2007)

Malone, D., I. Dangerfield, D. Leith

'Verification of Common 802.11 MAC Model Assumptions'

Passive and Active Measurement Conference (PAM 2007), Louvain-la-neuve, Belgium (5-6 April 2007)

Malone, D. and M. Luckie

'Analysis of ICMP Quotations'

Passive and Active Measurement Conference (PAM 2007), Louvain-la-neuve, Belgium (5-6 April 2007)

Malone, D., P. Clifford, D. Reid, D.J. Leith

'Experimental Implementation of Optimal WLAN Channel Selection Without Communication'

IEEE DySPAN, Dublin, Ireland (17-20 April 2007)

Mason, O.

'Switched Systems and Positivity'

Seminar, Technical University of Berlin, Berlin, Germany (January 2007)

'Cells, Signals and Synchronisation'

Seminar, University of Bristol, United Kingdom (October 2007)

Mason, O. and R. Shorten

'Quadratic and Copositive Lyapunov Functions and the Stability of Positive Switched Linear Systems'

American Control Conference, New York City, USA (11-13 July 2007)

Middleton, R. H.

'Performance Limits in Feedback Control: Communications and Distributed Systems Issues'

Keynote Lecture, Information, Decision and Control 2007: The Challenge of Distributed Systems, Adelaide, Australia (14 February 2007)

'Performance and Communication Limits and Control of Multiagent Systems'

2007 NATO/IRTO Lecture Series LS-SCI-175, Rostock, Germany (7 May 2007)

'Performance and Communication Limits and Control of Multiagent Systems'

2007 NATO/IRTO Lecture Series LS-SCI-175, Florence, Italy (10 May 2007)

'Performance Limitations in Formation Control of Autonomous Vehicles with limited Communications'

University of Cambridge, United Kingdom (5 October 2007)

'Feedback Control and Information'

The University of Michigan, USA (7 November 2007)

'Performance limitations in formation control of autonomous vehicles with limited communications'

University of Stuttgart, Germany (4 December 2007)

Murray-Smith, R.

'Negotiated, mobile interaction: model-based approaches which allow active engagement with abstract content'

Department of Computer Science, Swansea University, Swansea, United Kingdom (27 February 2007)

'Negotiated, mobile interaction: model-based approaches which allow active engagement with abstract content'

Bosch Research Labs, Palo Alto, California, USA (27 April 2007)

'Negotiated, mobile interaction: model-based approaches which allow active engagement with abstract content'

Nokia Research Centre, Palo Alto, California, USA (27 April 2007)

'Multimodal, embodied location-aware interaction: model-based approaches which allow active engagement with abstract content'

Nokia Multimedia, Oulu, Finland (18 June 2007)

'Models of Continuous Uncertain Interaction'

Helsinki Institute of Information Technology, Finland (19 June 2007)

'Negotiated Interaction: Models of Continuous Uncertain Interaction'

Oulu University, Finland (19 June 2007)

'Negotiated Interaction: Models of Continuous Uncertain Interaction'

Nokia Research Centre, Helsinki, Finland (21 June 2007)

'Negotiated Interaction: Models of Continuous Uncertain Interaction in Mobile Devices'

Google Mobile Labs, London, United Kingdom (28 June 2007)

'Dynamics & Interaction: model-based approaches which allow active engagement with abstract content'

Nokia Research Centre, Helsinki, Finland (3 October 2007)

'Negotiated Interaction: Models of Continuous Uncertain Interaction in Mobile Devices'
DeutscheTelekom Labs, Berlin, Germany (19 November 2007)

'Negotiated Interaction: Models of Continuous Uncertain Interaction in Mobile Devices'
Universität der Künste, Berlin, Germany (21 November 2007)

'Empowering people, not Connecting people: future issues in mobile and multimodal interaction'
Interaction Lab plenary, Nokia Research Centre, Tampere, Finland (10 December 2007)

Oyarzun, D., B. Ingalls, and **D. Kalamatianos**
'Optimal metabolic regulation by time varying enzyme activities: a control theoretic approach'
Foundations of Systems Biology in Engineering Conference 2007, Stuttgart, Germany (9-12 September 2007)

Rojas, A.J., J.H. Braslavsky and **R.H. Middleton**
'Feedback Control over Signal to Noise Ratio Constrained Communication Channels'
SIAM Conference on Control and its Applications, San Francisco (29 June-1 July 2007)

Rutjes, T. O. **Mason, O.** and **M. Verwoerd**
'On the growth of the largest component in duplication-divergence models of protein interaction networks'
2nd Conference on the Foundations of Systems Biology in Engineering (FOSBE), Stuttgart, Germany (9-12 September 2007)

Singh U.K. and *R.H. Middleton*
'Piezoelectric Power Scavenging of Mechanical Vibration Energy'
Australian Mining Technology Conference, Western Australia (2-4 October 2007)

Solmaz S.
'Safety and Performance Enhancement for Road Vehicles'
Enterprise Ireland Technology Showcase, Commercial Opportunities from Informatics Research, Dublin, Ireland (3 October 2007)

Solmaz S., M. Corless, **R. Shorten**
'A Methodology for the Design of Robust Rollover Prevention Controllers for Automotive Vehicles: Part 2-Active Steering'
American Control Conference, New York, USA (11-13 July 2007)

Solmaz S., R. Shorten, F. Ó Cairbre
'A Global Attractivity Result for a Class of Switching Discrete-time Systems'
American Control Conference, New York, USA (11-13 July 2007)

Stanojevic, R.
'Small active counters'
INFOCOM 2007, Anchorage, Alaska, USA (6-12 May 2007)

Stanojevic, R., R. Shorten
'How expensive is link utilization?'
NETCOOP 2007, Avignon, France (5-7 June 2007)

Stanojevic, R. and R. Shorten
'Beyond CHOKe: Stateless fair queueing'
NETCOOP 2007, Avignon, France (5-7 June 2007)

Strachan, S., R. Murray-Smith, S. O'Modhrain
'BodySpace: inferring body pose for natural control of a music player'
ACM SIG CHI Conference, San Jose, CA, USA (28 April-3 May 2007)

Strachan, S., J. Williamson, R. Murray-Smith
'Show me the way to Monte Carlo: density-based trajectory navigation'
ACM SIG CHI Conference, San Jose, CA, USA (28 April-3 May 2007)

Subramanian, V.G., and D.J. Leith
'Draining-time based scheduling algorithm'
CDC'07, New Orleans, LA, USA (12-14 December 2007)

Verwoerd, M.H.A and O. Mason
'Conditions for the Existence of Fixed Points in a Finite System of Kuramoto Oscillators'
American Control Conference, New York, USA (11-13 July 2007)

Wellstead, P. E.
'Systems Biology – an academic perspective'
Drug Discovery Technology Europe 2007, London, United Kingdom (12-15 March 2007)

'The Role of Control in Systems Biology'
Plenary Address, 10th International Federation for Automatic Control Symposium, Computer Applications of Biology, Cancun, Mexico (4-6 June 2007)

'A Systems Approach to Disease'
Annual Meeting of Computational Systems Biology of Cell Signalling (Cosbics), Rostock, Germany (3-6 December 2007)

Williamson, J., **R.Murray-Smith**, S. Hughes
 'Devices as Interactive Physical Containers: The Shoogle System'
ACM SIG CHI Conference, San Jose, CA, USA (28 April-3 May 2007)

'Shoogle: Multimodal Excitatory Interaction on Mobile Devices'
ACM SIG CHI Conference, San Jose, CA, USA (28 April-3 May 2007)

Zhang, Y. W.E. Leithead, **D.J. Leith**
 'Random Scaling of Quasi-Newton BFGS Method to Improve the $O(N^2)$ -operation Approximation of Covariance-matrix Inverse in Gaussian Process'
IEEE Multi-conference on Systems and Control, Singapore (1-3 October 2007)

Zhang, M.M., **R.H. Middleton**, P.M. Stone and M. Menabde
 'A Reactive Approach For Mining Project Evaluation Under Price Uncertainty'
 33rd International Symposium on Application of Computers and Operations Research in the Mineral Industry (APCOM), Santiago, Chile (24-27 April 2007)

Matamaitic/Mathematics

Bechtluft-Sachs, S.
 'Rigidity of Holomorphic Maps and Framed Lie Triple Systems'
Colloquium, Department of Mathematics, University Fribourg, Switzerland (8 May 2007)

'Metric Rigidity of Holomorphic Maps'
Irish Geometry Conference, NUI Galway (25 May 2007)

Buckley, S.M.
 'Simplicial complexes and inversions'
Seminar, TCD (1 May 2007)

'Nonpositive curvature in metric spaces'
Invited talk, Irish Math Soc annual meeting (4 September 2007)

Comiskey, C.
 'Hazardous Journeys to Better Places: An Evaluation of Treatment Outcomes for Women entering the Dochas Centre, Mountjoy Prison, Dublin'
 Irish Prison Service (16 January 2007)

'Hazardous Journeys to Better Places: An Evaluation of Treatment Outcomes for Women entering the Dochas Centre, Mountjoy Prison, Dublin'
 The Womens Health Council (8 February 2007)

'Treatment Outcomes at 3 Years from a National Longitudinal Opiate Study',
 Department of Community, Rural and Gaeltact Affairs and the National Advisory Committee on Drugs (21 November 2007)

Dalik, J.
 'The invertibility of the isoparametric maps for triangular quadratic Lagrange finite elements.'
 Mathematics Department NUI Maynooth (4 April 2007)

'An approximation of smooth functions in one variable'
Mathematical Workshop, Faculty of Civil Engineering BUT Brno (18 October 2007)

'Averaging of directional derivatives in vertices of regular triangulations.'
 Faculty of Machinery BUT Brno (12 December 2007)

Dickinson, D.
 'Diophantine approximation on manifolds'
 Queens University, Belfast (21 March 2007)

'Diophantine approximation on polynomial surfaces'
 York University (17 May 2007)

Falk, K.
 'Nonrecurrent dynamics in hyperbolic manifolds'
Irish Geometry Conference 2007, NUI Galway (25 May 2007)

'Nonrecurrent dynamics in hyperbolic manifolds'
Geometric Analysis Seminar, Department of Mathematics, University of Helsinki (2 November 2007)

Hurley, C.
 'Parallel Coordinates: Extensions and Variations'
Conference on Applied Statistics in Ireland, Dundrum, Co. Tipperary (17 May 2007)

Mac an Bhaird, C.
 'Maths is Fun'
Talk to Secondary School Students, Maths is Fun Week, NUIM (25 June 2007)

'Solving equations and the general Gaussian Sum'
Irish Mathematical Society Conference, UCD (3 September 2007)

'Simple Maths essential in the world around us'
Talk to incoming Mature Students, NUIM (10 September 2007)

'There is much more to Mathematics than learning formulae'
Talk to incoming Access and Disability Students, NUIM (13 September 2007)

'Gauss' Method for determining Cyclotomic numbers'
K-Theory, Quadratic Forms and Number Theory Seminar series, UCD (21 November 2007)

'A Diophantine characterisation of Cyclotomic Numbers'
Maths Department Seminar, NUIM (5 December 2007)

'The Trials and Tribulations of Establishing a new Mathematics Support Centre'
The 2nd Irish Workshop on Mathematics Learning Centres, University of Limerick (12 December 2007)

Murray, J.

'Symmetric functions, Specht modules and Kleshchev's socle of restriction theorem'
Manchester Algebra Seminar, University of Manchester (20 March 2007)

'The action of Murphy elements on irreducible modules for the symmetric group'
Algebra Seminar, University of Birmingham (21 March 2007)

'Components of the involution module'
Mathematics Seminar, NUI Maynooth (18 April 2007)

Ó Cairbre, F.

'The Big Picture of Mathematics'
Seminar, Enniscorthy Education Centre (6 March 2007)

'The Story of Numbers from Ancient times to the Modern Day'
Public Lecture, National Museum of Ireland (17 October 2007)

O'Farrell, A.G.

'Aspects of Reversibility'
Student Maths Congress, University College, Cork (3 February 2007)

'Aspects of Reversibility'
Colloquium, University of Southampton (16 February 2007)

'Aspects of Reversibility'
ESTIA, Bidart, France (26 April 2007)

'Aspects of Reversibility'
Conference on harmonic Analysis, Caramanico Terme, Italy (23 May 2007)

'Approximation on a disc'
University of Amsterdam (7 September 2007)

'Aspects of Reversibility'
Colloquium, University of Newcastle, England (22 November 2007)

O' Shea, J.

'A Study of Third Level Students beliefs about Mathematics'
Second National Conference on Research in Mathematics Education, St Patrick's College, Drumcondra (15 September 2007)

Short, I.

'Aspects of reversibility'
Universitat Bielefeld, Germany (12 January 2007)

'Conjugacy and reversibility in Thompson's groups and related groups'
Irish Geometry Conference 2007, National University of Ireland, Galway (24 May 2007)

'Conjugacy and reversibility in groups of piecewise linear homeomorphisms'
University of the Witwatersrand, South Africa (16 July 2007)

'The Seidel-Stern theorem on continued fractions'
University of the Witwatersrand, South Africa (23 July 2007)

'Ford circles and continued fractions'
National University of Ireland, Maynooth (26 September 2007)

'Conformal symmetries of circular regions'
Dublin City University (25 October 2007)

Walsh, D.

'A characterisation of the H^p spaces and an application'
UCD-TCD joint Mathematics seminar, TCD (27 November 2007)

Fisic Mhatamaiticiúil/Mathematical Physics

Dolan, B.

'Duality symmetries and the Quantum Hall Effect in Graphene'
14th Irish Quantum Field Theory Meeting, NUI Galway (12 May 2007)

'Modular Symmetry in the Quantum Hall Effect and N=2 SUSY Yang-Mills'
Effective Field Theories 2007, Durham, England (29 September 2007)

'A Universal Dirac Operator and Non-commutative Spin Bundles over Fuzzy CP^n ' *ESI Workshop on Noncommutative Quantum Field Theory*, Erwin Schrödinger International Institute for Mathematical Physics, Vienna, Austria (27 November 2007)

'The Quantum Hall Effect and Modular Symmetry'
Winter Symposium, Dublin Institute for Advanced Studies (13 December 2007)

Kells, G.

'Kitaev's honeycomb lattice model: Numerical observations'
All-Island Conference on Quantum Information Science and Technology, NUI, Maynooth (April 2007)

'The finite size Kitaev honeycomb lattice, symmetries and numerical observations'
Third Mini Symposium on Topological Quantum Computation, Innsbruck, Austria (June 2007)

'Kitaev's honeycomb model on a tour'
Fourth Mini Symposium on Topological Quantum Computation, Ringberg, Germany (December 2007)

Radu, E.

'Nonuniform Black String Solutions: Inclusion of Electric Charge and Rotation'
14th Irish Quantum Field Theory Meeting, NUI, Galway (12 May 2007)

Tchrakian, T.

'Monopoles in all dimensions'
Humboldt-Kolleg Meeting Nor Hamberd, Armenia (October 2007)

Vala, J.

'Topological Phases in Extended Hubbard Model'
Quantum Information Group Seminar, Department of Physics, University of Leeds UK (15 February 2007)

'Topological Phases of Matter and Quantum Computation'
All-Island Conference on Quantum Information Science and Technology, NUI, Maynooth (19 April 2007)

'Modular Symmetry and Fractional Quantum Hall Effect',
Workshop on Topological Phases and Their Application in Quantum Information Processing, Aspen Center of Physics, Aspen, Colorado, USA (17 July 2007)

'Naturally Fault-tolerant and Topological Quantum Computation',
International Summer School on Quantum Information Processing and Control, NUI, Maynooth (31 August 2007)

'Numerical Experiments with Kitaev Honeycomb Lattice Model'
Berkeley Quantum Information and Computation Seminar, University of California, Berkeley, USA (9 October 2007)

'Topological quantum computation', *SFI Science Summit*, Science Foundation Ireland, Dublin (26 November 2007)

'Topological quantum computation', *FP7 FET Proactive - Consultation Workshop on QIPC & other Quantum Technologies*, Brussels, Belgium (6 December 2007)

'Topological Phases and Quantum Computation',
Theory Group Seminar, Max Planck Institute for Quantum Optics, Garching, Germany (7 December 2007)

'Topological quantum materials: paving the road to quantum computing',
Annual Seminar of the Irish Center for High-End Computing, Dublin (13 December 2007)

Poster Presentations

Fisic Mhatamaiticiúil/Mathematical Physics

Bolukbasi, A. T.

'Topology in Topological Quantum Computation'
All-Island Conference on Quantum Information Science and Technology, NUI, Maynooth (19-20 April 2007)

'Topological Hilbert Spaces for Anyons'
Summer School on Quantum Information and Control (QUIC),
 NUI, Maynooth (27-31 August 2007)

Kells, G.

'Exact diagonalisation and finite size effects in the Kitaev honeycomb lattice'
Summer School on Quantum Information and Control (QUIC),
 NUI, Maynooth (27-31 August 2007)

'Exact diagonalisation and finite size effects in the Kitaev honeycomb lattice'
International Workshop on Topological Quantum Computation,
 Trinity College Dublin (10-14 September 2007)

An tIonad Náisiúnta Geoiríomhaireachta (NCG)/National Centre for Geocomputation (NCG)

Charlton, M.E.

'Geographically Weighted Regression'
Workshop, invited speaker, Technical University of Lisbon,
 Portugal (21-22 February 2007)

'Geographically Weighted Regression'
Workshop, invited speaker, Adelaide, Australia (17-20 April 2007)

'Spatial Statistics using Geographically Weighted Regression'
GEOIDE Summer School, workshop, invited speaker, Halifax,
 Canada (3-4 June 2007)

'Vitality thresholds in the language data of Irish-speaking communities in the contemporary Gaeltacht'
XIII International Congress on Celtic Studies, Bonn, Germany (26-27 July 2007)

'Modelling Changing Hospital Service Accessibility in Ireland 1999-2006'
9th International Conference on Geocomputation, National Centre for Geocomputation, NUI Maynooth (3-5 September 2007)

'New techniques for using cartograms in spatial analysis and visualisation'
15th European Colloquium on Quantitative and Theoretical Geography, Montreux, Switzerland (7-11 September 2007)

'Crossing borders and barriers – modelling all-Ireland hospital accessibility'
15th European Colloquium on Quantitative and Theoretical Geography, Montreux, Switzerland (7-11 September 2007)

Corcoran, P. and A.C. Winstanley

'Removing the texture feature response to object boundaries'
International Conference on Computer Vision Theory and Applications, Barcelona, Spain (8-11 March 2007)

'Segmentation evaluation for object based remotely sensed image analysis'
GIS/UK 2007 Geographical Information Science Research UK Conference, National Centre for Geocomputation, NUI Maynooth, Ireland (11-13 April 2007)

'Watershed segmentation using a multi-scale ramp edge gradient operator'
International Conference on Machine Vision and Image Processing, Department of Computer Science, NUI Maynooth, Ireland (7 September 2007)

Coveney, S.

'GIS and GPS to enhance the accuracy of sea-level rise inundation-mapping for the Shannon estuary'
Environmental Science Association of Ireland Environ 2007, Carlow, Ireland (26-28 January 2007)

'Need for high-quality DEM data in coastal flood mapping: the role of LiDAR in meeting quality requirements'
Ordnance Survey Ireland, Laser Scanning Seminar, Dublin, Ireland (20 February 2007)

'Dual-frequency GPS survey to test medium-scale DEM data quality for sea-level rise prediction'
GIS/UK 2007 Geographical Information Science Research UK Conference, National Centre for Geocomputation, NUI Maynooth, Ireland (11-13 April 2007)

'Enhancing the accuracy of sea-level rise modelling in GIS - A case study of the Shannon estuary'
Conference of Irish Geographers, St Patrick's College Drumcondra, Ireland (11-13 May 2007)

'GPS verification of National Mapping Agency DEM data'
First International Conference on the geography of Europe, EUGeo 2007, Amsterdam, Netherlands (20-23 August 2007)

'Dual-frequency GPS survey for validation of a regional DEM data in an estuarine Salt Marsh'
9th International Conference on Geocomputation, National Centre for Geocomputation, NUI Maynooth, Ireland (3-5 September 2007)

'Terrestrial Laser Scanning for the generation of a local high-accuracy Digital Elevation Model'
1st Irish Earth Observation Researchers Symposium, Rural Economy Research Centre, Dublin, Ireland (14 November 2007)

Crespo, R.

'Application of GWR to a 19 year set of house price data in London to calibrate local hedonic price models'
9th International Conference on Geocomputation, National Centre for Geocomputation, NUI Maynooth, Ireland (3-5 September 2007)

Demšar, U., O. Špatenková and K. Virrantaus

'Centrality measures and vulnerability of spatial networks'
4th International Conference on Information Systems for Crisis Response and Management, ISCRAM, Delft, the Netherlands (13-16 May 2007)

Demšar, U., S.A. Fotheringham and M.E. Charlton

'Employing a geovisual exploratory post-analysis for interpretation of results of a spatial statistical method'
From geovisualization toward geovisual analytics, Annual meeting of the ICA Commission on Visualization and Virtual Environments, Helsinki, Finland (2-3 August 2007)

Foley, R.

'Data auditing and data sources for Ph.D. research'.
Postgraduate Training Consortium Workshop, Glencree, Co. Wicklow, Ireland (9-11 February 2007)

'Modelling commuting catchments in Ireland: a hierarchical approach using GIS'
GISRUUK 2007 Geographical Information Science Research UK Conference, National Centre for Geocomputation, NUI Maynooth, Ireland (11-13 April 2007)

'Spatial trends of unpaid caregiving in Ireland'
GISRUUK 2007 Geographical Information Science Research UK Conference, National Centre for Geocomputation, NUI Maynooth, Ireland (11-13 April 2007)

'Developing and applying a user-friendly web-based GIS for participative environmental assessment'
GISRUUK 2007 Geographical Information Science Research UK Conference, National Centre for Geocomputation, NUI Maynooth, Ireland (11-13 April 2007)

'Access to carer's services: mapping the geographies of informal care in Ireland'
Association of American Geographers Annual Conference, San Francisco, USA (17-21 April 2007)

'Identification of travel-to-work areas: a hierarchical approach'
Conference of Irish Geographers, St Patrick's College Drumcondra, Ireland (11-13 May 2007)

'The spatial distribution of poverty: conceptual issues in the construction of a poverty/deprivation index'
Conference of Irish Geographers, St Patrick's College Drumcondra, Ireland (11-13 May 2007)

'Geographic Information Systems in Strategic Environmental Assessment: can spatial data improve the process?'
27th Annual Conference of the International Association for Impact Assessment, Seoul, Korea (3-9 June 2007)

'Commodifying healthy places: the spa town as a therapeutic landscape'
XIIIth International Symposium in Medical Geography, Bonn, Germany (9-13 July 2007)

'Networked and disconnected rural economies in continuous space'
Sixth Quadrennial Conference of British, Canadian, and American Rural Geographers, Eastern Washington University, Washington, USA (15-20 July 2007)

'Crossing borders and barriers – modelling all-Ireland hospital accessibility'
15th European Colloquium on Quantitative and Theoretical Geography, Montreux, Switzerland (7-11 September 2007)

'Modelling changing hospital service accessibility in Ireland'
9th International Conference on Geocomputation, National Centre for Geocomputation, NUI Maynooth, Ireland (3-5 September 2007)

'Identifying travel-to-work areas in Ireland: a hierarchical approach using GIS'
9th International Conference on Geocomputation, National Centre for Geocomputation, NUI Maynooth, Ireland (3-5 September 2007)

'Health services on the island of Ireland'
Conference on Supporting Evidence-Informed Spatial Planning and Analysis—Towards the Development of Spatial Databases on the Island of Ireland, International Centre for Local and Regional Development, Dundalk, Ireland (15 November 2007)

Foley, R., M.E. Charlton and J. Walsh

'Exurbanisation and changing settlement patterns in Ireland 1996 – 2006'

Royal Geographical Society-Institute of British Geographers Annual Conference, London, UK (29-31 August 2007)

Foley, R., D. Meredith, M.E. Charlton and J. Walsh

'Functional urban – rural zones: conceptual background and empirical approaches to their identification'

Regional Studies Association – British and Irish Section Annual Conference, Glasgow, Scotland (20 September 2007)

Fotheringham, A.S.

'Geographically Weighted Regression'

Workshop, invited speaker and organiser, Technical University of Lisbon, Portugal (21-22 February 2007)

'Examining spatial heterogeneity through Geographically Weighted Regression'

Invited seminar speaker, Department of Mathematics, University of Limerick, Ireland (March 2007)

'Spatial surveillance: we know where you are!'

Science Series Seminar, invited speaker, National University of Ireland, Maynooth, Ireland (May 2007)

'Geographically Weighted Regression'

GEOIDE Summer School, invited workshop presenter, Halifax, Canada (3-4 June 2007)

'Small Areas for Ireland, Why? When? How?'

Enterprise Ireland Tech Club Seminar Series, invited speaker, Dublin, Ireland (June 2007)

'Current trends in geocomputation'

Geoinformatics Forum, Salzburg Conference, invited keynote speaker, Salzburg University, Austria (July 2007)

'Spatial surveillance: we know where you are!'

Department of Geography Seminar Series, invited speaker, National University of Ireland, Maynooth, Ireland (October 2007)

'Measuring and analysing spatial data: research at the National Centre for Geocomputaion'

Science Foundation Ireland Science Summit Conference, invited speaker, Dublin, Ireland (26-27 November 2007)

Haase, T. and R. Foley

'Feasibility study for a Local Poverty Index'

Combat Poverty Association, Research Seminar and Workshop, Dublin, Ireland (13 March 2007)

Lesley, L., **A. Winstanley**, A. Renfrew, M. Barnes and M. Chymera

'Power consumption in a New Light Rail Vehicle'

Railway Engineering Conference, Westminster, UK (5 June 2007)

Lewis, P.

'Software algorithm for decoding GPS from spatially encoded video'

9th International Conference on Geocomputation, National Centre for Geocomputation, NUI Maynooth, Ireland (3-5 September 2007)

'Synchronised encoding of GPS NMEA messages onto high definition video streams' *International Machine Vision and Image Processing Conference*, National Centre for Geocomputation, NUI Maynooth, Ireland (6 September 2007)

McCarthy, T.

'Compact airborne image mapping system (CAIMS)'

The Fifth International Symposium on Mobile Mapping Technology (MMT '07), Padua, Italy (28-31 May 2007)

'Integration of LiDAR and stereoscopic imagery for route corridor surveying'

The Fifth International Symposium on Mobile Mapping Technology (MMT '07), Padua, Italy (28-31 May 2007)

'Future research trends for route corridor mobile mapping systems'

The Second Annual Workshop on Routemapper Mobile Mapping Systems, Newark-on-Trent, UK (11 December 2007)

'Remote Sensing using light aircraft'

1st Irish Earth Observation Researchers Symposium, Rural Economy Research Centre, Dublin, Ireland (14 November 2007)

'Noise mapping techniques along route corridors'

Laser Scanning Seminar, Ordnance Survey Ireland, Dublin, Ireland (20 February 2007)

Špatenková O., **U. Demšar** and J. Krisp

'Self-organising maps for exploration of spacio-temporal emergency response data'

9th International Conference on Geocomputation, National Centre for Geocomputation, NUI Maynooth, Ireland (3-5 September 2007)

Síceolaíocht/ Psychology

Barnes-Holmes, D.

'Relational Frame Theory: A modern behavioral approach to human language and cognition.' *Doctoral Training in Clinical Psychology Training*, Department of Personality, Assessment and Treatment Psychology, University of Almeria, Spain (22-23 June 2007)

Barnes-Holmes, Y.

'The experience of Acceptance and Commitment Therapy (ACT).'

Workshop, First Congress on ACT by the Dutch Association for Behaviour Therapy, Appeldorn, The Netherlands (May 2007)

'Do you value your mental health: Taking care of your mind.' *Invited address, Mind, Body and Soul Week*, NUI Maynooth (November 2007)

Barnes-Holmes, Y. and D. Barnes-Holmes

'Understanding the clinical processes in Acceptance and Commitment Therapy (ACT).'

Invited address, First Congress on ACT by the Dutch Association for Behaviour Therapy, Appeldorn, The Netherlands (May 2007)

Barnes-Holmes, Y. and D. Barnes-Holmes

'Operant principles and practices in psychotherapy at last.'

Keynote address, Annual Congress of the Belgian Association for Behaviour Therapy, Brussels, Belgium (December 2007)

Barnes-Holmes, Y., D. Barnes-Holmes and I. Stewart

'Creating powerful therapeutic metaphors.'

Workshop, First Congress on ACT by the Dutch Association for Behaviour Therapy, Appeldorn, The Netherlands (May 2007)

Brennan, S. and S. McGilloy

'The impact of acquired brain injury on family carers: an exploratory study'. *Poster presentation to the 38th Annual Conference of the Psychological Society of Ireland*, Killarney (15-18 November 2007)

Byrne, S., K. Deasy and F. Lyddy

'Objects of reference, concept development and embodied cognition'. *Annual Conference of the Psychological Society of Ireland*, Killarney (18 November 2007)

Campbell, C., Y. Barnes-Holmes, Y. and D. Barnes-Holmes

'Measuring self-esteem using the Implicit Relational Assessment Procedure (IRAP).'

Annual Conference of the Psychological Society of Ireland, Killarney (15-18 November 2007)

Carroll, M., S. McGilloy and C. Carey

'Getting to the bottom of traveller mental health: A qualitative perspective'. Paper presented at the *4th Annual Psychology, Health and Medicine conference*, NUI Maynooth (13 April 2007)

Cochrane, A., D. Barnes-Holmes, Y. Barnes-Holmes and I. Stewart

'Does the IRAP predict spider fear?'

Annual Conference of the British Psychological Society Northern Ireland Branch, Carlingford, Ireland (11-13 May 2007)

Cochrane, A., D. Barnes-Holmes, Y. Barnes-Holmes and I. Stewart

'Developing a Behavioural Approach Test: Comparing Acceptance-versus Control-Based Strategies for Coping with Fear of Spiders.'

4th Annual Conference of the Division of Health Psychology, NUI Maynooth, Ireland (13 April 2007)

Cullen, C., D. Barnes-Holmes, Y. Barnes-Holmes and I. Stewart

'The Implicit Relational Assessment Procedure (IRAP): A useful procedure for assessing implicit homonegativity.'

29th Annual Congress of Psychology Students in Ireland, Dublin, Ireland (30 March-1 April 2007)

Cullen, C., D. Barnes-Holmes, Y. Barnes-Holmes and I. Stewart

'Implicit Relational Assessment Procedure (IRAP) and the malleability of negative attitudes to sexual orientation.'

33rd Annual Convention of the Association of Behavior Analysis, San Diego, USA (25-29 May 2007)

Cullen, C., D. Barnes-Holmes, Y. Barnes-Holmes and I. Stewart

'The Implicit Relational Assessment Procedure (IRAP): Assessing implicit sexual prejudice.'

Annual Conference of the British Psychological Society Northern Ireland Branch, Carlingford, Ireland (11-13 May 2007)

Deasy, K. and **F. Lyddy**

'Using repetitive sequences to assist the language development of an individual who is congenitally deaf-blind'.
Annual Conference of the Psychological Society of Ireland, Killarney (18 November 2007)

Desmond, D.

'Coping with upper limb amputation'
12th World Congress of the International Society for Prosthetics & Orthotics, Vancouver, Canada (29 July – 3 August 2007)

Dymond, S., **B. Roche**, J.P. Forsyth, R. Whelan and J. Rhoden
'Derived avoidance learning: Transformation of avoidance response functions in accordance with Same and Opposite Relational Frames'.
World Conference on ACT, RFT, and the New Behavioral Psychology, Sydney, Australia (15-19 August 2007)

Dymond, S., **B. Roche**, J. Forsyth and R. Whelan
'Derived transformation of avoidance response functions: Implications for clinically significant fear and avoidance.'
Annual Conference of the International Association for Behavior Analysis, Diego, USA (25-29 May 2007)

Gallagher, P., **D Desmond**, D Henderson-Slater and R Chatfield
'Beautiful Legs: the TAPES, Pain, Adjustment, Restriction and Satisfaction',
Opcare Scientific Meeting, Oxford, UK (October 2007)

Gallagher, P. and **D. Desmond**
'Assessing Psychosocial Outcomes: The Trinity Amputation and Prosthesis Experience Scales (TAPES)'
12th World Congress International Society for Prosthetics and Orthotics, Vancouver, Canada (29 July – 3 August 2007)

Gallagher, P., **D. Desmond** and M. MacLachlan
'Psychological aspects of prosthetic use and the Dublin Psychoprosthetics Group', *12th World Congress of the International Society for Prosthetics & Orthotics, Vancouver, Canada (29 July – 3 August 2007)*

Gallagher, S. and **S. McGilloway**
'Peer support within the ambulance service: is it working?'
Poster presentation to the *4th Annual Psychology, Health and Medicine conference, NUI Maynooth (13 April 2007)*

Gorham, M., **Y. Barnes-Holmes, D. Barnes-Holmes** and D. McAuliffe
'A link between rule-following, rigidity and depression?'
4th Annual Conference of the Division of Health Psychology, NUI Maynooth, Ireland (13 April 2007)

Gorham, M., **Y. Barnes-Holmes, D. Barnes-Holmes** and D. McAuliffe
'Rule-governed behavior: Differentiated pliance and tracking.'
33rd Annual Convention of the Association of Behavior Analysis, San Diego, USA (25-29 May 2007)

Harvey, D. and **S. Commins**
Dissecting exploratory behaviour: Cue-based searching strategies during Morris water maze acquisition.
Poster presented at 39th Annual General Meeting of the European Brain and Behaviour Society Trieste, Italy (September 2007)

Harvey, D. and **S. Commins**
Dissecting exploratory behaviour: Cue-based searching strategies during Morris water maze acquisition.
Poster presented at British Neuroscience Association, Harrogate, UK (April 2007)

Kealy, J., M. Diviney, D. Harvey, E. Kehoe, V. McGonagle and **S. Commins**
Overtraining in rats does not lead to the acquisition of a procedural strategy in the Morris water maze.
Poster presented at 39th Annual General Meeting of the European Brain and Behaviour Society Trieste, Italy (September 2007)

Kelleher, C. and **S. McGilloway**
'Researching vulnerable populations: A case study from the field of sexual violence'. Paper presented at the *4th Annual Psychology, Health and Medicine conference, NUI Maynooth (13 April 2007)*

Keogh, C., **Y. Barnes-Holmes and D. Barnes-Holmes**
'Using cognitive defusion strategies to cope with negative self-referential thoughts.'
4th Annual Conference of the Division of Health Psychology, NUI Maynooth, Ireland (13 April 2007)

Keogh, C., **Y. Barnes-Holmes and D. Barnes-Holmes**
'Using the IRAP with emotional stimuli: Assessing the impact of clinical interventions.'
33rd Annual Convention of the Association of Behavior Analysis, San Diego, USA (25-29 May 2007)

Keogh, C., Y. **Barnes-Holmes** and **D. Barnes-Holmes**
 'The Implicit Relational Assessment Procedure (IRAP) as a clinical measure of emotional change.'
Annual Conference of the Psychological Society of Ireland, Killarney, Ireland (15-18 November 2007)

Keogh, K.M., P. White, S.M. Smith, **S. McGilloway**, T. O'Dowd and G. Gibney 'Changing illness perceptions: protocol and pilot study of a randomised controlled trial of a family-based psychological intervention to improve outcomes in Type 2 diabetes'. Paper presented at the *4th Annual Psychology, Health and Medicine conference, NUI Maynooth (13 April 2007)*

Levins, L., A. Gavin, **B. Roche**, C. Linehan and M. Ruiz 'Using a behavioral precursor to the Implicit Association Test to measure differences in the sexual categorisation of children and adults by men and women.'
Annual Conference of the International Association for Behavior Analysis, Diego, USA (25-29 May 2007)

Linehan, C., **B. Roche**, S. McLoone and T. Ward 'What's in a game? The relational properties of computer gaming behaviour.'
Annual Conference of the International Association for Behavior Analysis, Diego, USA (25-29 May 2007)

Luciano, C., S. Valdivia, F. Ruiz, **D. Barnes-Holmes**, F. Cabello, M. Dougher, M. Rodríguez, O. Gutiérrez-Martínez and **Y. Barnes-Holmes**
 'Acquisition of functions and transference of the extinction by relational means.'
5th World Congress of Cognitive-Behavioral Therapies, Barcelona, Spain (14-17 July 2007)

Luciano, C., S. Valdivia, O. Gutiérrez-Martínez, **D. Barnes-Holmes**, **Y. Barnes-Holmes**, M. Dougher, F. Ruíz, F. Cabello and M. Rodríguez
 'Impact of several protocols in the acquisition of functions and transference of the extinction by relational means.'
5th World Congress of Cognitive-Behavioral Therapies, Barcelona, Spain (14-17 July 2007)

Luciano, C., S. Valdivia, F. Ruíz, F. Cabello, **D. Barnes-Holmes**, M. Dougher, M. Rodríguez, O. Gutiérrez and **Y. Barnes-Holmes**
 'Altering avoidance: Respondent extinction versus values/defusion.'
41st Annual Convention of the Association for Behavioral and Cognitive Therapies, Philadelphia (15-18 November 2007)

Mahon, C., C. Parsons and **F. Lyddy**
 'Assessing phonological awareness in children: Developing tasks for different populations'. *Annual Conference of the Psychological Society of Ireland, Killarney (17 November 2007)*

Martínez, O., M.C. Luciano, **D. Barnes-Holmes** and **Y. Barnes-Holmes**
 'Rebound effects as a result of thought suppression techniques.'
5th World Congress of Cognitive-Behavioral Therapies, Barcelona, Spain (14-17 July 2007)

McGilloway, S.
 'Caring for young minds: The mental health needs of young people in Ireland.'
Invited lecture to the Quality Promotion Office series of Mental Health Contact Lunches, NUI Maynooth (26 April 2007)

McKenna, I., **D. Barnes-Holmes**, **Y. Barnes-Holmes** and I. Stewart
 'The Implicit Relational Assessment Procedure and responding to food-related items among over-weight and non-over-weight individuals.'
Annual Conference of the British Psychological Society Northern Ireland Branch, Carlingford, Ireland (11-13 May 2007)

McKenna, I., **D. Barnes-Holmes**, **Y. Barnes-Holmes** and I. Stewart
 'The Implicit Relational Assessment Procedure as a measure of hunger reactions to healthy and unhealthy foods as a function of time since last meal.'
29th Annual Congress of Psychology Students in Ireland, Dublin, Ireland (30 March-1 April 2007)

McKenna, I., **D. Barnes-Holmes**, **Y. Barnes-Holmes** and I. Stewart
 'The Implicit Relational Assessment Procedure and responding to food-related items among over-weight and non-over-weight individuals.'
33rd Annual Convention of the Association of Behavior Analysis, San Diego, USA (25-29 May 2007)

McKenna, I., **D. Barnes-Holmes**, **Y. Barnes-Holmes** and I. Stewart
 'The Implicit Relational Assessment Procedure as a measure of hunger reactions to healthy and unhealthy foods as a function of time since last meal.'
Poster, 4th Annual Conference of the Division of Health Psychology, NUI Maynooth, Ireland (13 April 2007)

McGuire, S., A. Gavin, **B. Roche**, C. Linehan and M. Ruiz
 'A stimulus equivalence-based implicit test to identify inappropriate internet use.'
Annual Conference of the International Association for Behavior Analysis, Diego, USA (25-29 May 2007)

McLoughlin, K. and **S. McGilloway**
 'The attitudes of health professionals toward palliative care: an Irish perspective'. Paper presented at the *Irish Association of Palliative Care Research and Education Seminar*, Dublin (1 February 2007)

McLoughlin, K. and **S. McGilloway**
 "'Just an extra bit of TLC"? Exploring the attitudes of health professionals toward palliative care'. Paper presented at the *4th Annual Psychology, Health and Medicine conference*, NUI Maynooth (13 April 2007)

McLoughlin, K. and **S. McGilloway**
 'The attitudes of health professionals toward palliative care: an Irish perspective'. *Poster presentation to the European Association of Palliative Care*, Budapest, Hungary (7-9 June 2007)

Moore, J.L., C. Rawdon and **R.A.P. Roche**
 'Electrophysiological correlates of memory consolidation and reconsolidation' *International Brain Research Organisation (IBRO) Conference*, Melbourne, Australia (July 2007)

Moore, J.L., C. Rawdon and **R.A.P. Roche**
 'High-density ERPs may differentiate consolidation from reconsolidation processes in humans during associative learning'
The 39th Annual General Meeting of the European Brain and Behaviour Society (EBBS), Trieste, Italy (September 2007)

Moore, J.L., S. Cassidy, S. Boll, E. Joyce and **R.A.P. Roche**
 'Behavioural and electrophysiological correlates of contextual processing in episodic memory'
Cognitive Neuroscience Society Annual Meeting, New York, USA (May 2007)

Moore, J.L., S. Cassidy, S. Boll, E. Joyce and **R.A.P. Roche**
 'Behavioural and electrophysiological correlates of local versus global contextual processing in episodic memory'
Poster presented at British Neuroscience Association, Harrogate, UK (April 2007)

Murphy, C. and **D. Barnes-Holmes**
 'Complex derived more/less manding with children with and without a diagnosis of autism: A synthesis of Skinner's "Verbal Behavior" and Relational Frame Theory IV.'
33rd Annual Convention of the Association of Behavior Analysis, San Diego, USA (25-29 May 2007)

Murphy, J.S., **R.A.P. Roche**, C. Wynne and **S. Commins**
 'Cortical & subcortical basis of spatial memory: implicit coding of location and perceptual recognition of viewpoint'
The 39th Annual General Meeting of the European Brain and Behaviour Society (EBBS), Trieste, Italy (September 2007)

Murphy, J.S., **S. Commins** and **R.A.P. Roche**
 'Spatial perception: an electrophysiological correlate of perceptual reorientation after rotation'
Proceedings of the Australian Neuroscience Society (ANS), Melbourne, Australia (July 2007)

Murphy, J.S., **R.A.P. Roche**, C. Wynne and **S. Commins**
 'Electrophysiological indices of human spatial memory: A spatial grid task to investigate egocentric and allocentric representations'
Cognitive Neuroscience Society Annual Meeting, New York, USA (May 2007)

Murphy, J.S., **S. Commins** and **R.A.P. Roche**
 'Spatial perception: an electrophysiological correlate of perceptual reorientation after rotation'
International Brain Research Organisation (IBRO) Conference, Melbourne, Australia (July 2007)

Murphy, J.S., **R.A.P. Roche**, C. Wynne and **S. Commins**
 'Explicit and implicit memory for spatial location: ERP and source analysis'
Poster presented at British Neuroscience Association, Harrogate, UK (April 2007)

O'Connor, S., **B. Roche** and D. O'Hora
 'Improving relational skills in adults and children using multiple exemplar training.'
Annual Conference of the International Association for Behavior Analysis, Diego, USA (25-29 May 2007)

O'Toole, C. and **D. Barnes-Holmes**
 'Can the IRAP improve cognitive abilities? Using the IRAP to investigate the link between human relational processes and intelligence.'
Annual Conference of the British Psychological Society Northern Ireland Branch, Carlingford, Ireland (11-13 May 2007)

O'Toole, C. and **D. Barnes-Holmes**

'Using the IRAP to investigate the link between human relational processes and intelligence.' *33rd Annual Convention of the Association of Behavior Analysis, San Diego, USA (25-29 May 2007)*

O'Toole, C. and **D. Barnes-Holmes**

'The effect of repeated exposure to relational tasks on general cognitive abilities.' *33rd Annual Convention of the Association of Behavior Analysis, San Diego, USA (25-29 May 2007)*

O'Toole, C. and *D. Barnes-Holmes*

'Are you smart enough to get it wrong: The importance of relational flexibility in human intelligence?' *Annual Conference of the Psychological Society of Ireland, Killarney, Ireland (15-18 November 2007)*

Parsons, C. and **F. Lyddy**

'The development of reading and literacy skills in English and Irish among Irish primary school children'. *Annual conference of the British Psychological Society Northern Ireland Branch, Carlingford, Co. Louth (May 2007)*

Power, P., **D. Barnes-Holmes, Y. Barnes-Holmes** and I. Stewart

'The Implicit Relational Assessment Procedure (IRAP): A useful procedure for assessing implicit national stereotypes?' *29th Annual Congress of Psychology Students in Ireland, Dublin, Ireland (30 March-1 April 2007)*

Power, P., **D. Barnes-Holmes, Y. Barnes-Holmes,** and I. Stewart

'The Implicit Relational Assessment Procedure (IRAP): Assessing implicit racism.' *Annual Conference of the British Psychological Society Northern Ireland Branch, Carlingford, Ireland (11-13 May 2007)*

Power, P., **D. Barnes-Holmes, Y. Barnes-Holmes** and I. Stewart

'The Implicit Relational Assessment Procedure (IRAP): A useful procedure for assessing implicit racism?' *33rd Annual Convention of the Association of Behavior Analysis, San Diego, USA (25-29 May 2007)*

Rawdon, C., L. Delaney, K. Denny and **R.A.P. Roche**

'Electrophysiological markers of hyperbolic discounting in money and health: A high-density ERP study' *The 39th Annual General Meeting of the European Brain and Behaviour Society (EBBS), Trieste, Italy (September 2007)*

Rawdon, C, L. Delaney, K. Denny, W. Zhang and **R.A.P. Roche**

'High-density ERPs may reveal domain differences for hyperbolic discounting in health and money'. *The Royal College of Physicians of Ireland, Winter Scientific Meeting, Dublin (December 2007)*

Roberts, A. and **S. McGilloway**

'The role and perceived effectiveness of a hospice-based volunteer bereavement support service'. Paper presented at the *Irish Association of Palliative Care Research and Education Seminar, Dublin (1 February 2007)*

Roberts, A. and **S. McGilloway**

'Evaluating bereavement support services: the views and experiences of hospice staff'. Paper presented at the *4th Annual Psychology, Health and Medicine conference, NUI Maynooth (13 April 2007)*

Roberts, A. and **S. McGilloway**

'Assessing bereavement support services: integrating the views of general hospice staff and volunteers'. Paper presented at the *Annual Kaleidoscope Conference, Dublin (30 May 2007)*

Roche, B., A. Gavin and M. Ruiz

'Developing implicit behavior tests based on the concept of derived relational responding.' *Annual Conference of the International Association for Behavior Analysis, Diego, USA (25-29 May 2007)*

Rodriguez, M., C. Luciano, **D. Barnes-Holmes,** S. Valdivia and F. Ruiz

'Transformation of respondent elicitation functions established with aversive conditioning.' *5th World Congress of Cognitive-Behavioral Therapies, Barcelona, Spain (14-17 July 2007)*

Ruiz, M. R., J. Goicoechea, B. Johnson, **B. Roche** and A. Gavin

'Using an Implicit Association Test to assess differences the sexual categorisation of children and adults by men and women.' *Annual Conference of the International Association for Behavior Analysis, Diego, USA (25-29 May 2007)*

Scanlon, G., **Y. Barnes-Holmes** and **D. Barnes-Holmes**

'The perception of teachers to children with emotional and behavioural difficulties in mainstream education.' *Annual Conference of the Psychological Society of Ireland, Killarney, Ireland (15-18 November 2007)*

Scanlon, P., **S. Commins** and **R.A.P. Roche**

'A Study of the Neural Correlates of Source Memory Retrieval in Young and Old Participants using a High-Density ERPs Array'

The 39th Annual General Meeting of the European Brain and Behaviour Society (EBBS), Trieste, Italy (September 2007)

Scanlon, **P. S. Commins** and **R.A.P. Roche**

'Behavioural and Electrophysiological Studies on the Effect of Ageing on Source Memory Ability'

Cognitive Neuroscience Society Annual Meeting, New York, USA (May 2007)

Scanlon, P., **S. Commins** and **R.A.P. Roche**

'Neural correlates of source memory in young and older adults are revealed by a high-density ERPs array'

Poster presented at British Neuroscience Association, Harrogate, UK (April 2007)

Stewart, I., **D. Barnes-Holmes**, L.A. McHugh and D.P. O'Hora

'Contextual control over non-arbitrary relational responding: Further empirical investigations.'

33rd Annual Convention of the Association of Behavior Analysis, San Diego, USA (25-29 May 2007)

Wilson, C., **Y. Barnes-Holmes** and **D. Barnes-Holmes**

'Measuring psychological acceptance and relaxation as coping strategies for academic test anxiety.'

Annual Conference of the Psychological Society of Ireland, Killarney, Ireland (15-18 November 2007)

Vahey, N., **D. Barnes-Holmes**, **Y. Barnes-Holmes** and I. Stewart

'The Implicit Relational Assessment Procedure (IRAP) as a measure of smoking-related implicit attitudes.'

29th Annual Congress of Psychology Students in Ireland, Dublin, Ireland (30 March-1 April 2007)

Vahey, N., **D. Barnes-Holmes**, **Y. Barnes-Holmes** and I. Stewart

'The Implicit Relational Assessment Procedure (IRAP) as a measure of smoking-related implicit attitudes.'

Annual Conference of the British Psychological Society Northern Ireland Branch, Carlingford, Ireland (11-13 May 2007)

Vahey, N., **D. Barnes-Holmes**, **Y. Barnes-Holmes** and I. Stewart

'The Implicit Relational Assessment Procedure as a measure of implicit attitudes to social and health related aspects of smoking.'

33rd Annual Convention of the Association of Behavior Analysis, San Diego, USA (25-29 May 2007)

Vahey, N., **D. Barnes-Holmes**, **Y. Barnes-Holmes** and I. Stewart

'Testing a novel measure of implicit attitudes supporting tobacco addiction: The Implicit Relational Assessment Procedure (IRAP).'

Poster, 4th Annual Conference of the Division of Health Psychology, NUI Maynooth, Ireland (13 April 2007)

Vahey, N., **D. Barnes-Holmes**, **Y. Barnes-Holmes** and I. Stewart

'The Implicit Relational Assessment Procedure (IRAP): Prisoners, students, social stigmatisation and self-esteem'

Annual Conference of the British Psychological Society Northern Ireland Branch, Carlingford, Ireland (11-13 May 2007)

Tascanna Seachtracha agus Seirbhís Phoiblí 2007/ External Assignments and Public Service 2007

Bitheolaíocht/Biology

Burnell, A. M.

Member of the Senate of the National University of Ireland, 2002-2007.

External examiner for PhD thesis at the University of Leeds, UK.

External evaluator of candidate for promotion to the rank of Full Professor in the Department of Nematology at the University of California Davis, USA.

Referee for Molecular and Biochemical Parasitology and Gene.

Referee for grant applications to BARD (The United States - Israel Binational Agricultural Research and Development Fund) and the BBSRC the UK Biotechnology and Biological Sciences Research Council.

Dix, P.J.

External Examiner, PhD, University of Newcastle-Upon-Tyne, UK.

Referee for the following scientific journals:
Plant Cell Reports, Plant Molecular Biology, Transgenic Research, Plant Science.

Member, Food Safety Authority of Ireland Sub-committee on GMOs and Novel Foods.

Doherty, D.G.

External examiner of the B.Sc. degree programme in Biomedical Sciences, University of Newcastle-upon-Tyne, UK.

Referee for the following scientific journals:
Immunology, Journal of Hepatology, Clinical and Experimental Immunology, Tissue Antigens.

Committee member of the Irish Society for Immunology.

Doyle, S.

Invited Expert Reviewer for Enterprise Ireland Innovation Partnership Scheme.

Invited Expert Reviewer for Enterprise Ireland Proof of Concept Scheme.

PhD External Examiner, Innsbruck Medical University, Innsbruck, Austria.

Referee for the following scientific journals:

Journal of Virological Methods, Nature Protocols, Chembiochem, Clinical Infectious Diseases, Applied Microbiology and Biotechnology, Journal of Infectious Diseases, Journal of Virology, Case Studies in Infectious Diseases (Book), Mycopathologia, Acta Biochimica et Biophysica Sinica, Journal of Medical Virology, Fungal Genetics and Biology, Microbiology, Journal of Medical Microbiology.

Invited Expert Interview Panel Member, Teagasc Beef Research Centre, Grange, Co. Meath.

Findlay, J.

EC -Chairman of Marie Curie Fellowships.

EC -Chairman of Marie Curie Training Networks.

President's Council for Staff Appointments, Technical University of Cyprus, Cyprus (27-28 Sept 2007).

Griffin, C.T.

Member of Editorial Board, *Biological Control*.

Reviewer for granting agency US National Science Foundation.

Referee for the following scientific journals:
International Journal of Parasitology, Applied Soil Ecology, Comparative Biochemistry and Physiology, Journal of Invertebrate Pathology, Biological Control, Nematology, Journal of Pest Science, Biocontrol.

PhD External Examiner, Lancaster University.

Associate specialist (Nematodes) for Fauna Europaea.

Member of Nematology Committee, AAB.

Jones, G.

Council Member- Royal Academy of Medicine in Ireland, Biomedical Sciences Section.

PhD External Examiner, King's College London.

Referee for the following scientific journals:
Genetics, Journal of Biological Chemistry, Molecular Microbiology, Prion, Cell, Molecular Biology Letters.

Kavanagh, K.

External Examiner BSc (Biotechnology) Dublin City University, 2007-2010.

National University of Ireland Representative for Leaving Certificate Biology (Higher and Ordinary Level), 2007-2012.

Vice-President, Institute of Biology of Ireland, 2007-2010.

Referee for the following scientific journals: *FEMS Microbiology Letters, Microbiology, British Journal of Biomedical Science, Microbes and Infection, Antimicrobial Agents and Chemotherapy, Mycopathologia, Comparative Biochemistry and Physiology, Frontiers in Bioscience.*

Associate Editor *Mycopathologia*, 2006- 2009.

Associate Editor *Jordanian Journal of Bioscience*, 2007-2010.

Grant reviewer for Medical Research Council of South Africa.

Careers for Biologists. Three lectures to Leaving Certificate students attending Careers Day at Scoil Mhuire Clane, Co. Kildare, October 19, 2007.

Studying Science at NUI Maynooth. Invited speaker, Coolmine comprehensive school, November 22, 2007.

Mahon, B.

Site review panel EU Global Allergy and Asthma European Network. Expertise: lung Inflammation.

Programme Review (International):
Expert Review panel EU Framework Programme 7. Poverty related diseases (Health) Expertise: inflammation, immunization, and diagnostics.
Expert Review EU FP7. Environment (as inflammation expert on health aspects of indoor air pollution).

Project grant review (International):
The Wellcome Trust; Medical Research Council (UK); British Biotechnology and Biology Science Research Council (BBSRC); Asthma, UK; Guy's & St Thomas' Charitable Foundation, London, UK; The Eli and Edythe L. Broad Foundation, CA., USA; National Medical Research Council (NMRC) Singapore, Au-Gen, (Austrian Genome Research Programme), Israel Science Foundation (ISF), Slovak Research and Development Agency; The R&D Office, Central Services Agency, Northern Ireland.

Grant review (National):
Enterprise Ireland ATRF programme, Health Research Board Immunology/pathology basic research panel, HRB Microbiology basic research panel, National post-doctoral fellowships panel.

Senior Editor, *Journal of Inflammation.*

Referee for the following scientific journals: *Stem Cells and Development, Cell Research, Gene Therapy, Journal of Clinical Investigation, Journal of Infectious Disease, Journal of Immunology, Infection & Immunity, Immunology, Clinical and Experimental Immunology, J. General Virology, Clinical and Experimental Allergy, Immunology Letters and Microbes & Infection.*

PhD External examiner, University of Nottingham, UK.

Chairman, Irish Universities Promoting Science.

Board Member and associated sub committees, Health Research Board, 2004-2007.

Dean of Science and Engineering, NUI Maynooth.

McInerney, J.O.

Speaker against the motion, *This house holds that human embryos must be legally protected from any scientific act which intentionally threatens their development.* (28 March). NUI Maynooth Pro-Life society meeting.

Co-chair (with Dr. Mark Ragan, University of Queensland, Australia) of the symposium *Horizontal Gene Transfer: Reconstructing the Tree, Ring, Web or Network of Life* at SMBE 2007, the annual meeting of the Society for Molecular Biology and Evolution (SMBE), Halifax, Nova Scotia, Canada (24-28 June).

Lecturer and administrator, European Molecular Biology Organisation (EMBO) practical course on comparative genomics, FIOCRUZ, Rio de Janeiro, Brazil.

Programme committee member, 20th IEEE International Symposium on Computer-Based Medical Systems, Maribor, Slovenia (20 – 22 June)

Programme committee member, ISMB/ECCB 2007, for the area *Sequence Analysis and Alignment.* ISMB/ECCB, Vienna (21-25 July 2007)

Expert reviewer for the following:
The Wellcome Trust intermediate fellowship scheme, Science Foundation Ireland Research Frontiers Programme, The Biotechnology and Biological Sciences Research Council (BBSRC).

Expert panel member for the Health Research Board Infections, Immunity and Host Defence Panel (2005-2009).

Meade, C.

PhD External examiner, UCD.

Miggin, S.

Referee for the following scientific journals:
Journal of Biological Science, Public Library of Science, Journal of Leukocyte Biology, Journal of Inflammation.

Moynagh, P.

Member of focus group of heads of research centres as part of Advisory Science Council Study on Ireland's international engagement in Science, Technology and Innovation, (October 2007)

Chair of Symposium as part of IAS Biochemical Society Meeting *Ubiquitin and ubiquitin-like modification in health and disease*, RCSI (November 2007)

Member of judging panel for HRB Watt's Medal Competition, December 2007.

Member and Vice Chairperson, Board of Management, Ballapousta National School.

Murphy, N.B.

Ph.D. External examiner, Trinity College Dublin.

Ph.D. External Examiner, Dublin Institute of Technology.

Nugent, Jacqueline, M.

Referee for the following scientific journals:
Molecular Biology & Evolution, Transgenic Research, Plant Biotechnology Journal.

Project Grant Reviewer for The National Science Foundation Organization, USA (MCB- Genes and Genome Systems).

O'Dea, S.

Treasurer, Irish Society for Gene and Cell Therapy.

Reviewer for *American Journal for Respiratory Cell and Molecular Biology.*

Host laboratory to winners of group prize in Irish Young Scientist Competition 2007.

Ohlendieck, K.

Vice-Chair, Life Science Panel, Royal Irish Academy.

Committee member, Molecular and Cellular Medicine panel of the Health Research Board.

Co-Chair, 10th International Symposium on Molecular Medicine, Hersonissos, Crete, Greece, 11 October 2007.

Chair, Public Health and Epidemiology panel, Health Research Board.

Chair, HRB Research Methodology Support Centre panel, Health Research Board.

Reviewer, HRB Summer Student Poster Competition 2007, Health Research Board.

PhD External examiner, Victoria University, Melbourne, Victoria, Australia.

Member, Editorial Board: Basic and Applied Myology, Unipress, Pavia, Italy.

Member, Editorial Board: Molecular Medicine Reports, Spandidos Publications, Athens, Greece.

Referee for the following scientific journals:
Proteomics, Neuromuscular Disorders, Analytical Biochemistry, Cell Calcium, Comparative Biochemistry and Physiology, BMC Genomics, Biochimica et Biophysica Acta, Electrophoresis.

Project reviewer for the following foundations:
Royal Society; Muscular Dystrophy Ireland, French Muscular Dystrophy, Wellcome Trust, Padua University Foundation, Italian Telethon, Alberta Foundation for Medical Research, Action Medical Research UK.

Pisani, D.

Reviewer for the following scientific journals:
Molecular Biology and Evolution, Trends in Microbiology, PlosOne.

Ceimic/Chemistry

Breslin, C.B.

Chair of the European Section of the Electrochemical Society (2006-2008).

NCEA External Examiner for the National Diploma in Science and Analytical Chemistry at Athlone Institute of Technology.

Evaluator of Research Grants for Enterprise Ireland (Proof of Concept Fund, Technology Development Fund and Applied Research Programme).

Reviewer for the following Scientific Journals: Journal of the American Chemical Society, Journal of the Electrochemical Society, *Electrochimica Acta*, Journal of Applied Electrochemistry, *Electrochemistry Communications*, Journal of Physical Chemistry B, *Phys Rev Letters*, Materials Chemistry, Journal of Materials Research, Materials Science Forum, Materials Research Bulletin, Surface and Coatings Technology, Corrosion Science, Corrosion, Surface Science, Applied Surface Science, Synthetic Metals, Langmuir, Water Research, Environmental Science and Technology, Journal of Polymer Research, Materials Chemistry and Physics, Chemistry of Materials, Canadian Journal of Chemistry, Australian Journal of Chemistry, European Polymer Journal.

Reviewer of Book Proposals for Springer New York (Chemistry Division).

Heaney, F.

Member, RSC [Royal Society of Chemistry].

Referee for journals of the Royal Society of Chemistry and for 'SynLett'.

External assessor, NUI Galway, Interview board for candidate seeking promotion to College Lecturer.

Lowry, J.P.

External Examiner for MSc. Thesis – School of Biomolecular and Biomedical Sciences, Conway Institute, UCD, 2007.

Assessment Board: Science Foundation Ireland – Research Frontiers Programme (Chemistry Panel), 2007.

Treasurer and Committee Member - Analytical Division of the Royal Society of Chemistry (Republic of Ireland Section).

Reviewer for: Analytical Chemistry; *Analytica Chimica Acta*; Analyst; Biosensors & Bioelectronics; Bioelectrochemistry; Chemical Communications; ChemBioChem, Journal of Cerebral Blood Flow & Metabolism; Electroanalysis; Journal of Neurochemistry; Journal of Neuroscience Methods; Talanta; Journal of Inorganic Biochemistry.

Co-Director [with Mr. Patrick Sheridan - Director, Biomedical Facility, UCD, Mr. Peter Nowlan – Director, Bioresources Unit, TCD) of the National Licence Training Course (under the auspices of the Department of Health & Children) for animal experimentation. (www.last-ireland.org).

Member of EPSRC Peer Review College.

Member of the British Pharmacological Society.

Member of the Physiological Society (London).

Fellow of the Royal Academy of Medicine in Ireland.

Member of the International Society for Neurochemistry.

Member of the Marie Curie Fellowship Association.

Chartered Chemist & Member of the Royal Society of Chemistry (CCChem. MRSC).

Member of the British Neuroscience Association.

McCaffrey, J.G.

Reviewer for the *Journal of Physical Chemistry A*, American Chemical Society.

Reviewer for the *Journal of Physical Chemistry B*, American Chemical Society.

Reviewer for the *Journal of Chemical Physics*, American Institute of Physics.

Reviewer for *Journal of Molecular Structure*, Elsevier Press.

McGinley, J.

Reviewer for the following journals: Polyhedron, Journal of Coordination Chemistry, Inorganic Chemistry Communications, *Inorganica Chimica Acta*, European Journal of Medicinal Chemistry, Journal of Molecular structure.

External Examiner for Ph.D. Thesis, School of Chemical Sciences, Dublin City University, July 2007.

External Examiner for undergraduate science courses in Dundalk Institute of Technology.

Member of the American Chemical Society.

Member of the Royal Society of Chemistry.

Fellow of the Institute of Chemistry of Ireland.

Stephens, J. C.

Member of the Royal Society of Chemistry, MRSC.

Maynooth representative for the Royal Society of Chemistry, Republic of Ireland Section.

Eolaíocht Ríomhaireachta/Computer Science

Brown, S.

Engineers Ireland, K'Nex Schools Competition Judge.

Markham, C.E.

IMVIP 2007 Conference - Technical Committee/Editor.

McDonald, J.

Chair of the International Machine Vision and Image Processing Conference 2007.

Treasurer of the Irish Pattern Recognition and Classification Society.

Programme Committee Member of International Machine Vision and Image Processing Conference 2007.

Reviewer for IEE Proc. Vision, Image & Signal Processing.

Monahan, R.

External Examiner, MSc in Computing Science, Griffith College Dublin.

External Examiner, BA Mathematics modules, Dublin Business School.

Moser, P.

Reviewer for the journal of Theoretical Computer Science, Elsevier.

Reviewer for Logical Approaches to Computational Barriers, Third Conference on Computability in Europe.

Naughton, T. J.

Reviewer for Optics Letters (OSA).

Reviewer for Applied Optics (OSA).

Reviewer for Optics Express (OSA).

Reviewer for Optics Communications (Elsevier).

Reviewer for Optical Engineering (SPIE).

Reviewer for Journal of Optics A: Pure and Applied Optics (IOP).

Reviewer for Proceedings of the Royal Society (London).

Programme committee member for Electro-Optical Sensors

and Systems, 20th Annual Meeting of the IEEE Lasers and Electro-Optics Society (IEEE LEOS 2007), Lake Buena Vista, Florida (21 - 25 October 2007)

Programme committee member for Three-Dimensional TV, Video, and Display VI, SPIE Optics East, Boston, USA (9-12 September 2007)

Programme committee member for the International Machine Vision and Image Processing Conference (IMVIP 2007), Maynooth (5-7 September 2007)

Programme committee member for Optics and Photonics for Information Processing, SPIE Optics & Photonics, San Diego, USA (26-30 August 2007)

Invited Lecturer at Infotech Oulu Graduate School 'Digital Hologram Image Processing Intensive Full Course,' Department of Electrical and Information Engineering, University of Oulu, Finland (20-30 August 2007)

Invited Lecturer at UNAM Postgraduate Program in Computer Science and Engineering, 'Optical Information Processing,' Instituto de Investigaciones en Matematicas Aplicadas y en Sistemas (IIMAS), Universidad Nacional Autonoma de Mexico (UNAM), Mexico (5-7 November 2007)

O Donoghue, D.

Technical Reviewer for Enterprise Ireland's Innovation Partnership Program.

Program Reviewer - B.Sc. (Hons.) in I.T. Management, (Level 8) Department of Computing, I.T. Tallaght.

Reviewer for Artificial Intelligence Review journal.

Programme Committee Member for 4th International Joint Works.

Power, J.

External examiner for the BSc. in Computer Science, Trinity College Dublin, 2006-2008.

External examiner for the M.Sc. in Software Development at Cork Institute of Technology, 2006-2008.

Reilly, R.

Reviewer for the EU FP7 Cognitive Robotics call.

Timoney, J.

Visiting Lecturer, College of Computer Science, Zhejiang University, Hangzhou, China.

Innealtóireacht Leictreonach/ Electronic Engineering

Devitt, F.

External Examiner for the BE (Mechatronics) programme in DCU.

Director of Clear Voice Systems Ltd., an eLearning company.

Farrell, R.

Member of the Microelectronics Industry Design Association of Ireland (MIDAS).

Member of the Tyndall National Institute National Access Programme Review and Assessment Committee.

Panel Reviewer for Enterprise Ireland Commercialisation Fund (Technology Development) Programme.

Reviewer for the Instituut voor de aanmoediging van innovatie door Wetenschap & Technologie (IWT-Flanders) Industry Grant Support Scheme.

Reviewer for the Natural Sciences and Engineering Research Council (Canada) Strategic Project Grant Scheme.

Reviewer for IEEE Transactions on Circuits and Systems.

Technical Committee and Co-Chair for the IEEE Symposium on Vehicular Technology Conference, 2007.

McLoone, S.F.

Chairman of the United Kingdom and Republic of Ireland Section of the IEEE.

Member of the IFAC Technical Committee on Cognition and Control.

Member Machine Learning for Signal Processing Technical Committee of the IEEE Signal Processing Society.

IEE Student Counsellor for NUI Maynooth.

IEI College Liaison Representative for NUI Maynooth.

Secretary of the Royal Irish Academy Engineering Sciences Academy Committee.

Treasurer of the Irish Systems and Control Committee.

Member of the Accreditation Board of Engineers Ireland.

Ringwood, J.

Reviewer, IEEE Transactions on Control Systems Technology.

Reviewer, 2007 iNEER Special Volume.

Reviewer, Experimental Physiology.

Reviewer, IEEE Transactions on Biomedical Engineering Energy.

Reviewer, Journal of Applied Physics.

Reviewer, ASME Journal of Dynamic Systems, Measurement and Control.

Reviewer, American Journal of Physiology- Regulatory, Integrative and Comparative Physiology.

External examiner for MSc in Exercise physiology, TCD.

Reviewer, International Conference on Research in Engineering Education (ICREE), 2007.

Reviewer, 2007 Irish Signals and Systems Conference, Derry.

Reviewer, 4th (2007) International Conference on Informatics in Control, Automation and Robotics, Angers.

Chairperson, Irish Systems and Control Committee (sub-committee of Royal Irish Academy).

Member of EPSRC Peer Review College.

Member, Council of Irish University Engineering Deans.

Fisic Thurgnamhach/Experimental Physics

O'Sullivan, C.

Member, Royal Irish Academy Chemical and Physical Sciences Committee.

Member, Institute of Physics in Ireland Committee.

Referee for *Measurement Science and Technology*.

External Examiner, PhD, Cambridge University, UK.

Murphy, J. A.

Member of the Astronomy and Space Science Subcommittee of the Royal Irish Academy.

NUI Representative in consultations with the State Examinations Commission on the Leaving Certificate Examination in Physics 2007.

Member of the Programme Committee for the SPIE Terahertz and Gigahertz Electronics and Photonics Conference at the Photonics West 2008, San Jose, California.

Member of the Design Review Panel for the Clover Project , UK Science and Technology Facilities Council.

External Examiner for Dublin City University, Undergraduate Degree Programme.

Reviewer for the *Journal of Optics A: Pure and Applied Optics*.

van der Burgt, P. J. M.

Secretary, Atomic and Molecular Interactions Group of the Institute of Physics.

Referee for *Journal of Physics B: Atomic, Molecular and Optical Physics*.

University Representative, Maynooth Fairtrade Steering Committee.

Trappe N.

Reviewer for the *Journal of the Optical Society of America A, Optics, Image Science, and Vision*.

Institiúid Hamilton/Hamilton Institute

Duffy, K.

Guest Editor, Markov Processes and Related Fields.

Referee for Mathematical Reviews, IEEE/ACM Journal on Selected Areas of Communications, IEEE Communications Letters, American Journal of Mathematical and Management Sciences, Computer Communications, IEEE Transactions on Communications, International Journal of Electronics and Communications, International Journal of Vehicular Technology and Journal of Applied Mathematics.

External Ph.D. examiner, University of Wales.

Huisinga, W.

Organiser (with M. Mackey, McGill, Montreal) of Stochastic aspects of bifurcation and multistability in gene regulation Minisymposium at the International Council for Industrial and Applied Mathematics (ICIAM), Zurich, Switzerland. 16-20 July 2007.

Organiser (with P. Deuflhard, Zuse Institute Berlin and M. Mackey, McGill, Montreal) of Minisymposium Mathematics in Life Sciences at the Annual conference of the German Mathematician Union (DMV), Berlin, Germany. 25-30 March 2007.

Leith, D.

Consultancy: Cisco Systems, Eircom.

Conference organisation: INFOCOM 2007 TPC, PFLDnet 2007 Co-chair.

Committee member: UK EPSRC, European Commission, Enterprise Ireland, SFI.

Committee member: SFI ICT Advisory panel.

Chairman, IEEE Ireland Chapter on Communications & Control.

Mason, O.

Reviewer for the following journals: IEEE Transactions on Automatic Control, Systems and Control Letters, IET Systems Biology, SIAM Journal of Matrix Analysis and its Applications.

Reviewer for the conference: American Control Conference 2007.

Member of the editorial board of the journal Synthetic and Systems Biology.

Middleton, R. H.

Vice President, Conference Activities, IEEE Control Systems Society.

Advisory Board, Industrial Learning Systems.

Senior Research Associate, The University of Newcastle, Australia.

Associate Editor at Large, the IEEE Transactions on Automatic Control.

Murray-Smith, R.

Expert reviewer for European Research Council.

Expert reviewer for European Commission.

Shorten, R.

Committee member: ILAS Board; SFI FES Board.

Wellstead, P.

Professorial Promotions Panel: City University London.

External PhD examiner: Cambridge University.

Visiting Professor: City University, London.

Matamaitic/Mathematics**Buckley, S.M.**

Reviewer for *Mathematical Reviews* (ongoing).

Referee for the following international mathematics journals: Central European Journal of Mathematics; Journal of Mathematical Analysis and Applications; Proceedings of the London Mathematical Society.

Reviewer for a US NSF grant application.

Participated in NUIM Olympiad Training Programme.

Comiskey, C.

Nominated by Ms. Mary Hanafan, Minister for Education and Science to the Board of the Irish Research Council for Science, Engineering and Technology (IRCSET), 2006 – 2010.

Invited external expert to the National University of Mauritius and The Indian Ocean Commission on Prevalence and Incidence of HIV/AIDS in Mauritius, Seychelles, Madagascar, and Comoros, December 2007.

Invited external expert to the National University of Mauritius and The Indian Ocean Commission on the spread of malaria and tuberculosis in Madagascar, December 2007.

Invited external reviewer for the French/Ireland Ulysses Funding Program, November 2007.

Invited by Hewlett Packard Ireland to provide professional training in research skills to the Business Development and Research Unit, September 2007-December 2007.

Statistical reviewer for the journal 'Disability and Rehabilitation', 2007.

Reviewer for The Journal of Mathematical Biology, 2007.

Elected by members of the academic staff to The Governing Authority of The National University of Ireland, Maynooth, 2005 -2010.

Member of the Human Resource Committee of Governing Authority of NUI, Maynooth, 2005-2010.

Secretary of the Human Resources and Staff Development Sub-Committee of Governing Authority of NUI, Maynooth, 2005-2010.

Dickinson, D.

Treasurer of ASA (IFUT).

Reviewer for Mathematical Reviews.

Referee for an international journal.

External examiner for Cem Salph (PhD), University of York (December 2007).

Falk, K.

Referee for Geometric Dedicata.

Hurley, C.

Associate editor for the journal 'Statistics and Computing'.

Maintain Irish Statistical Association website.

Referee for international journals.

Mac an Bhaird, C.

Director of 'Maths is Fun Week', NUI Maynooth. Organised in conjunction with the Access Office, June 2007.

Mathematics consultant for the 'Return to Learning Maths Week' organised by the Mature Students' Office NUI Maynooth, August 2007.

McCarthy, P.

Supervisor of Ph.D. student, Ciarán Mac an Bhaird with thesis title: "Gauss' Method of Cyclotomy" Completed September 2007.

Murray, J.

Trainer for the International Mathematical Olympiad (2007).

Vice president of North Kildare Maths Problem Club.

Referee for Algebra and Number Theory, Mathematics of Computation, Journal of the London Mathematical Society.

Reviewer of four articles for MathSciNet.

Member of Irish, London and American Mathematical Societies.

Member of NUI Maynooth Health and Safety sub-committee.

Ó Cairbre, F.

Member of the National Advisory Council for the Exploration Station (the upcoming National Interactive Science Centre).

Radio Programme on 'A Mathematical Journey'.

Maths Week Ireland Coordinator.

Reviewer for Zentralblatt Math.

School presentations on mathematics.

O' Farrell, A. G.

Advisor to Teaching Council.

Council Member, Royal Irish Academy.

NCCA Junior Cycle Maths Course Committee.

External Examiner, SPD.

External for PhD thesis, Warwick.

British Mathematical Colloquium Scientific Committee.

SFI RFP Panel.

IFUT Vice-President, and Chair, NUIM/SPCM branch.

Member of training team for Irish Mathematical Olympiad.

Society of Actuaries Education Group.

Search Committee for President, NUI Galway.

O'Shea, J.

Secretary of the Royal Irish Academy Committee for Mathematical Sciences.

Secretary of the Royal Irish Academy Subcommittee for Mathematics Education.

Member of the Irish Universities Quality Board's Task Force for the Teaching and Learning of Mathematics.

Secretary of the Irish Mathematical Society.

Chair of the Educational Issues Subcommittee of the Irish Mathematical Society.

Small, A.

Member of training team for Irish Mathematical Olympiad.

Watson, R. O.

Member of the Governing Authority, NUIM.

Member of the Senate of NUI.

Chair of the Academy Committee for Mathematical Sciences of the Royal Irish Academy.

Member of the Board of Science of the Royal Irish Academy.

Member of training team for Irish Mathematical Olympiad.

Member of NCCA Leaving Certificate Mathematics Course Committee.

Member of IMS, IMTA and NKMPCC.

Wraith, David

Treasurer of Irish Mathematical Society.

Reviewer for 'Mathematical Reviews'.

Member of the Irish Universities Quality Board's Task Force for the Teaching and Learning of Mathematics.

Member of the Educational Issues sub-committee of the Irish Mathematical Society.

Fisic Mhatamaiticiúil/ Mathematical Physics

Dolan, B.

Member of the Institute of Physics.

Member of Scientists for Global Responsibility.

Research Associate of the School of Theoretical Physics, Dublin Institute for Advanced Studies.

Referee for NUIM travel scholarship applications.

Member of appointment board for Schrödinger Fellowships,

School of Theoretical Physics, Dublin Institute for Advanced Studies.

Member of the local organising committee for the conference Topological Quantum Computing, 10-15 September 2007, Hamilton Mathematics Institute, TCD.

Member of the national organising committee for the 14th Irish Quantum Field Theory Meeting, 11-12 May 2007, National University of Galway.

Referee for *Journal of High Energy Physics*, *Physical Review D*, *Classical and Quantum Gravity*, *Symmetry*, *Integrability and Geometry: Methods and Applications*, *Journal of Physics A* and *Journal of Physics G*.

Heffernan, D. M.

Panel member for NUI Travelling Studentship Awards.

Advisor to the Department of Education and Science.

Extern Examiner to the University of Limerick B.Sc. in Applied Physics.

Extern Examiner to the University of Limerick Grad. Diploma in Applied Physics.

M.Sc. Examiner University of Limerick.

Member of American Physical Society.

Research Associate School of Theoretical Physics, Dublin Institute for Advanced Studies.

Nash, C.

Worked as a member of the commission of the International Union of Pure and Applied Physics.

External referee and interview board member for Dublin Institute of Advanced Studies.

External examiner for M.Sc. thesis School of Mathematics Trinity College Dublin.

Referee for *Physical review D*.

Referee for *Journal of Physics A*.

Referee for *Physics Letters B*.

Skullerud, J.I.

Referee for *Physical Review D*.

Referee for *Journal of High Energy Physics*.

Tchrakian, T.

External Examiner for the Ph.D. at the University of Oldenburg.

External Examiner for the Ph.D. at the University of Durham.

Research Associate at the School of Theoretical Physics, Dublin Institute for Advanced Studies.

Vala, J.

Reviewer for Fulbright Students and Scholar Awards in Science & Engineering, Fulbright Commission Ireland.

Reviewer for *Physical Review Letters*.

Reviewer for *Physical Review A*.

Reviewer for *Physical Review B*.

Consultant for Supercomputer Procurement Process, Irish Center for High-End Computing, Dublin, Ireland.

Co-chair of the User's Council, Irish Center for High-End Computing, Dublin.

Principal Partner of Marie-Curie Research Training Network "ConQuest", European Commission, EU.

Principal Partner of ERA-Pilot on Quantum Information Science and Technology (WP3), EU.

Research Associate of the School of Theoretical Physics, Dublin Institute for Advanced Studies.

Research Associate of the School of Mathematical Sciences, Trinity College Dublin.

Member of the American Association for Advancement of Science.

Member of the American Mathematical Society.

Member of the American Physical Society.

Member of the International Association of Mathematical Physics.

Organiser of 3rd Mini-Symposium on Topological Phases and Quantum Computation, Innsbruck, Austria (29-30 June 2007)

Organiser of International Workshop on Topological Quantum Computing TQC 2007, Trinity College Dublin (10-14 September 2007)

An tIonad Náisiúnta Geoiríomhaireachta (NCG)/ National Centre for Geocomputation (NCG)

Fotheringham, A.S.

External Examiner MSc in Remote Sensing and Spatial Analysis, School of Geographical Sciences, University of Southampton, UK 2005-2007.

External Examiner MSc in Distance Learning, School of Geographical Sciences, University of Southampton, UK 2005-2007.

External Examiner MSc in GIS, Department of Geography, University of Nottingham, UK 2007-2009.

Editor *Transactions in GIS*, 1999-.

Síceolaíocht/Psychology

Barnes-Holmes, D.

Editorial Board, *The European Journal of Behavior Analysis*.

Editorial Board, *The Psychological Record*.

Associate Editor, *The International Journal of Psychology and Psychological Therapy*.

Editorial Board, *The European Journal of Psychology*.

Council Member, The Psychological Society of Ireland.

President, The Association for Contextual Behavioral Science.

Barnes-Holmes, Y.

Editorial Board, *The Journal of Applied Behavior Analysis*.

Commins, S.

Reviewer for the international journals Brain Research, Behavioural Brain Research, Neuroscience, Neuroscience Letters, Neurobiology of Learning and Memory.

Visiting Academic, Trinity College Institute of Neuroscience, Trinity College, Dublin.

External examiner for MSc (Trinity College Dublin).

Desmond, D.

Associate editor *Prosthetics and Orthotics International*.

Referee for *Disability and Rehabilitation and the Archives of Physical Medicine and Rehabilitation*.

Chairperson of the Psychological Society of Ireland Division of Health Psychology.

Chairperson of the organizing committee for 'Psychology, Health and Medicine 2007'.

Member of the review panel for the 12th World Congress of the International Society for Prosthetics & Orthotics.

Lyddy, F.

Editor *The Irish Psychologist*.

Editorial Board *The Irish Journal of Psychology*.

Director and Honorary Treasurer The Psychological Society of Ireland.

Member of the Irish Research Council for the Humanities and Social Sciences Postgraduate Renewals Committee.

Member of the Irish Research Council for the Humanities and Social Sciences Postdoctoral Renewals Committee.

External Examiner, B.A./ B.Ed. Psychology, Mary Immaculate College, University of Limerick.

External Examiner, M.A. Thesis, University College Dublin.

Manuscript Reviewer *The Psychological Record*.

Manuscript Reviewer *International Journal of Teaching and Learning in Higher Education*.

Abstracts Reviewer The Psychological Society of Ireland Annual Conference 2007.

McGilloway, S.

Reviewer for Health and Social Care in the Community.

Reviewer for the Economic and Social Research Council (UK) – Standard Grants Scheme.

External Examiner, BA in Social Care, Cork Institute of Technology.

External Examiner, MA Thesis, Trinity Western University, Canada.

Member of the Editorial Board, Irish Journal of Psychology.

Report reviewer for the Health Research Board (Mental Health Division).

Committee Member of the Psychological Society of Ireland Division of Health Psychology.

Member of the Psychology Health and Medicine (2007) Conference and Scientific Committees.

Subject reviewer for the 38th Annual Conference of the Psychological Society of Ireland.

Interviewed for the Irish Times Health Supplement. *Putting children first*. 27 November 2007.

Interviewed for RTE Radio 1 (Pat Kenny Show) *Incredible Years in Ireland*. 19 December 2007.

Roche, R.

Media Work - *Quantum Leap*, RTÉ Radio 1, January 25, 2007.

Secretary of Neuroscience Ireland 2006-2008.

Manuscript reviewer for the European Journal of Neuroscience (EJN), Acta Pharmacologica Sinica, Dementia & Geriatric Cognitive Disorders, Journal of Psychophysiology.

Visiting Academic, Trinity College Institute of Neuroscience, Trinity College, Dublin.

Visiting Academic, Geary Institute for Social Sciences, University College, Dublin.

Roche, B.

Guest Reviewer for the *Journal of the Experimental Analysis of Behaviour*, January 2007.

Guest Reviewer for the *Journal of the Experimental Analysis of Behaviour*, February 2007.

Served on the Editorial Board of the *European Journal of Behaviour Analysis*.

Served on the Editorial Board of *The Behaviour Analyst*.

Served on the Editorial Board of *Analysis of Gambling Behaviour*.

Taighde Maoinithe agus Deontais 2007/ Funded Research and Grants 2007

Bitheolaíocht /Biology

'The characterisation of genes expressed by the nematode *Steinernema carpocapsae* when parasitising insects'
Science Foundation Ireland, 04/BR/B0392,
€235,703 (A.M. Burnell, 2004-2007)

'The isolation and molecular characterization of ice binding proteins from the Arctic nematode *Panagrolaimius superbus*'
Science Foundation Ireland, 07/RFP/GEN/F778,
€145,000 (A.M. Burnell, 2007-2009)

'The exploitation of anhydrobiotic genes for the preservation of intact proteins, cells and tissues in a dry state'
Science Foundation Ireland, 02/1N.1/B032,
€882,000 (A.M. Burnell in collaboration with J. McCaffrey, Department of Chemistry, 2003-2007)

'The molecular biology of desiccation-tolerant nematodes'
Leverhulme Trust, F/09717/B,
€201,092 (A.M. Burnell, co P.I. with Dr. Alan Tunnacliffe, University of Cambridge, 2006-2009)

'Prokaryote phylogenomics: lateral transfer, gene duplication and the evolution of bacterial genomes'
IRCSET Embark post-doctoral fellowship,
€96,300 (J.A. Cotton and J.O. McInerney, 2006-2008)

'Mechanisms of transgene integration and expression in crop plant plastids: underpinning technology for improving human health ("Plastomics")'
EU 6th Framework, STREP,
€238,000 (P.J. Dix, 2004-2007)

'Recombinant Pharmaceuticals from Plants for Human Health ("PharmaPlanta")'
EU 6th Framework, Integrated Project,
€260,000 (P.J. Dix, 2004-2009)

'Developing efficient and stable biological containment systems for genetically modified plants ("Transcontainer")'
EU 6th Framework, STREP,
€500,000 (P.J. Dix, 2006-2009)

'Environmental stress in plants: an analysis of the roles of reactive oxygen species scavenging enzymes and calcium signalling, using a novel transformed macrochloroplast system'
SFI Research Frontiers Programme,
€220,000 (P.J. Dix, 2006-2009)

'The Technologies of Biological Membranes'
EU Marie Curie-TOK,
€1,067,000 (P.J. Dix, 2006-2010)

'Applied *Lolium* plastomics: Mutagenesis and transformation as tools to examine plastid gene function and trait improvement'.
Teagasc Walsh fellowship,
€60,000 (P.J. Dix, 2006-2009)

'Collaborative Research and Education in Agricultural Technologies and Engineering' (CREATE), IGERT (US) Programme,
Budget: to be determined (collaboration between P.J. Dix and The University of California, Davis, 2007-2012)

'The role of human CD1-restricted $\gamma\delta$ T cells in the polarization of dendritic cell maturation'
Irish Research Council for Science Engineering and Technology Embark Scholarship awarded to Margaret Dunne,
€72,009 (D.G. Doherty, 2005-2008)

'The role of CD1 δ -restricted natural killer T cells in dendritic cell maturation and differentiation'
Science Foundation Ireland Research Frontiers Programme,
€138,969 (D.G. Doherty, 2005-2008)

'Microfluidic Assay Development Project'
Biosensia Limited,
€133,481 (S. Doyle, 2006-2007)

'Nonribosomal peptide synthetase gene expression in the human pathogen, *Aspergillus fumigatus*'
Health Research Board Summer Studentship to Aisling Frizzell,
€1,600 (S. Doyle, 2007)

'Phosphopantetheinylation, the basis of a novel biomolecular labelling technology'
Enterprise Ireland Proof of Concept Grant, PC/2006/379,
€88,419 (S. Doyle, 2007-2008)

'Fungal Proteomics'
Higher Education Authority- Programme for Research in Third Level Institutions (Cycle 4)- NUI Maynooth with ITT Dublin and DCU
€141,274 (Overall award: €9,200,000) (S. Doyle, 2007-2009)

'Functional analysis of a nonribosomal peptide synthetase gene in the human pathogen, *Aspergillus fumigatus*'
Irish Research Council for Science Engineering and Technology PhD scholarship, Host laboratory for Embark PhD Scholar, Karen O'Hanlon,
€72,009 (S. Doyle, 2007-2010)

'BioNanoInteract'
Science Foundation Ireland Strategic Research Cluster Award (UCD, UCC, TCD, NUI Maynooth and UL),
€300,000 (Overall award: €7,200,000) (S. Doyle (Co-applicant), 2007-2010)

'Effects of abrupt weaning and truck transportation of beef calves on physiological mediators of the stress response and gene expression changes in circulating neutrophils.'
Teagasc Walsh PhD Fellowship'
€63,000 (S. Doyle, B. Earley (Teagasc) and J. Burton, RIP (Michigan State University) 2007-2010)

'Do selected nonribosomal peptide synthetases contribute to the virulence of *Aspergillus fumigatus* by protecting against oxidative stress?'
Health Research Board General Research Grant Project, RP/2006/043,
€115,240 (S. Doyle and K. Kavanagh, 2006-2009)

'Gliotoxin biosynthesis in the human pathogen *Aspergillus fumigatus*'
Science Foundation Ireland Research Frontiers Programme, SFI/07/RFP/GEN/F571,
€120,000 (S. Doyle, K. Kavanagh and D. Brougham (DCU), 2007-2010)

'Quantitative PCR Instrument'
Science Foundation Ireland Equipment Grant,
€77,797 (S. Doyle, K. Ohlendieck, F. Heaney, J. Nugent, P. Dix, A. Burnell, G. Jones, P. Moynagh and K. Kavanagh, 2007)

'Aggressive competition in nematodes'
IRCSET Postdoctoral Fellowship,
€96,300 (L. Ebssa with C.T. Griffin, 2006-2008)

'GPCR processing and drug development'
European Union, LSH-2005-1.2.5-3-037365,
€429,000 (J. Findlay, 2007-2011)

'Chemical Hit Discovery for Insulin Resistance and Type 2 Diabetes'
Enterprise Ireland, PC/2007/047,
€116,000 (J. Findlay, 2007-2008)

'Evolution of competitive killing in parasitic nematodes'
SFI Research Frontiers in Science Programme,
€145,000 (C.T. Griffin, 2005-2008)

'Baseline data, response to pressures, functions and conservation of keystone micro and macro-organisms in Irish soils'
EPA ERTDI,
€132,088 (C.T. Griffin, 2006-2009)

'Fighting and sex in *Steinernema* nematodes'
SFI UREKA Supplement,
€5,600 (C.T. Griffin, 2007)

'Molecular and cellular effects of serotonin re-uptake inhibitors in the nervous system of *C. elegans*'
EU Marie Curie Outgoing International Fellowship,
€262,916 (C.T. Griffin and C.M. Dempsey, 2004-2007)

'Sustainable management of forest insect pests'
INTERREG 3a,
€245,448 (C.T. Griffin and A. Dillon, 2004-2007)

'Integrated reduced chemical control of *Hylobius abietis* in Sitka spruce'
Project supplement COFORD,
€212,000 (C.T. Griffin, M.J. Downes and A.M. Dillon, 2007)

'Ecological impact of proposed first widespread use of biological control in Ireland: Multispecies interactions in a below-ground forest ecosystem' EPA STRIVE Programme.
€94,765 (C. Griffin and C. Meade, 2007-2010)

'Measuring and Managing Dry Bubble Disease Pressure on Mushroom Farms'
Teagasc Walsh Fellowship,
€63,000 (H. Grogan (Teagasc) and K. Kavanagh 2007-2010)

'Confidential Industrial Research'
Enterprise Ireland Innovation Voucher Scheme,
€5,000 (K. Kavanagh, 2007)

'An investigation of the disease causing potential of environmental isolates of *Aspergillus fumigatus*'
Environmental Protection Agency Doctoral Scholarship,
€94,748 (K. Kavanagh, 2007-2011)

'Diseases of the immuno-compromised patient'
PRTL3, National Institute for Cellular Biotechnology (NUI Maynooth),
€1,700,000 (K. Kavanagh and S. Doyle 2002-2007)

'Preclinical development of novel therapeutic antimicrobial and antineoplastic agents'
Technological Sector Research Strand 3, HETAC,
€399,910 (K. Kavanagh and colleagues in ITTallaght, RCSI,
DCU and Dublin IT, 2007-2010)

'Hsp70's Role in Amyloid Propagation'
Irish Health Research Board,
€189,048 (G. Jones, 2004-2007)

'Chaperone effects upon prion propagation'
RIA/SFI Ireland-China Collaboration Fund,
€11,040 (G. Jones, 2005-2007)

'Identification of potential prion proteins in plants'
Marie Curie International Reintegration Fellowship (EU),
€80,000 (G. Jones, 2005-2007)

'Hsp70 effects on prion propagation'
Enterprise Ireland International Collaboration Programme,
€5,000 (G. Jones, 2006-2007)

'Effects of mutant Hsp70 species on mammalian prion propagation'
Irish Health Research Board,
€292,935 (G. Jones, 2006-2009)

'The British Yeast Group'
SFI Conference and Workshop Grant
€4,500 (G. Jones, 2007)

'SPUR summer student award'
NUI Maynooth, awarded to A. Blumlein,
€2,000 (G. Jones, 2007)

'Postgraduate research scholarship'
IRCSET, awarded to A. Blumlein,
€72,009 (G. Jones, 2007-2010)

'Prions and their propagation'
IRCSET, awarded to C. Moran,
€72,009 (G. Jones, 2007-2010)

'Biochemical analysis of Hsp70 mutants that suppress prion propagation'
Science Foundation Ireland Research Frontiers Award,
€222,466 (G. Jones, 2007-2010)

'Immunology of Mesenchymal stem cells'
SFI CSET REMEDI,
€500,000 (B.P. Mahon, 2003-2008)

'CCL28 and human airway inflammation'
Health Research Board Basic Research Grant,
€160,000 (B.P. Mahon, 2005-2008)

'Travel Funding'
Health Research Board Global Health Award,
€10,000 (Collaboration between B.P. Mahon, N. Murphy
and Enfer Scientific Ltd., 2007)

'Commercialisation of Maynosin, a novel antimicrobial therapeutic'
Enterprise Ireland Proof of Concept Grant,
€90,000 (B.P. Mahon, 2007-2008)

'Preclinical safety of a novel *B. pertussis* vaccine'
Health Research Board Basic Research Grant RP2006/274,
€150,000 (B.P. Mahon, 2007-2010)

'CHILD-INNOVAC a novel vaccine and therapeutic delivery platform'
EU Framework 7,
€400,000 (from €11million to consortium; final amount
subject to confirmation) (B.P. Mahon, Workpackage
leader/PI, 2008-2011)

'Prokaryote phylogenomics: lateral transfer, gene duplication
and the evolution of bacterial genomes'.
Irish Research Council for Science, Engineering and
Technology (IRCSET),
€96,300 (J. McInerney, 2006-2008)

'Comparison of the nucleotide substitution versus the gene
acquisition paradigms in microbes'
Science Foundation Ireland, Research Frontiers Programme,
€163,000 (J. McInerney, 2005-2008)

'Irish Centre for High End Computing'
Programme for Research in Third Level Institutes Cycle IV,
€400,000 (from €9,500,000 to consortium; final amount
subject to confirmation)
(J. McInerney, with collaborators in DCU, DIAS, NUI Galway,
TCD, UCC, UCD, 2007)

'High performance computing clusterEquipment grant'
Higher Education Authority,
€210,000 (J. McInerney with R. Fealy, D. Pisani and A.
Winstanley, 2007)

'The shape of things to come: understanding the evolution
of the shape of metabolic networks in *Escherichia coli*'
Science Foundation Ireland Research Frontiers Programme,
€165,000 (J. McInerney, 2007)

- 'Studentship to Slawomir Gruca'
IRCSET,
€72,000 (J. McNerney, co-supervised with Dr. M. O'Connell, DCU, 2007-2010)
- 'Studentship to Fergal Martin'
IRCSET,
€60,000 (J. McNerney, 2005-2008)
- Summer Studentship to Leanne Haggerty,
Science Foundation Ireland UREKA Programme,
€3,850 (J. McNerney, 2007)
- Summer Studentship to Carla Cummins,
Science Foundation Ireland UREKA Programme,
€3,850 (J. McNerney, 2007)
- 'World Programme: Course on phylogenetic and phylogenomic analysis, Jardim de Botânico, Rio de Janeiro, RJ, Brasil'
European Molecular Biology Organisation (EMBO),
€25,000 (J. McNerney, 2007)
- 'The genetic diversity of wild rape (*Brassica rapa* subsp. *campestris*) in Ireland: characterization, conservation, assessment'
Field collecting grant, Department of Agriculture and Food Biodiversity Programme 2007-2008,
€24,000 (C. Meade, 2007-2009)
- 'Co-existence guidelines in relation to volunteer *Brassica napus* in crop rotation'
Teagasc Walsh Fellowship,
€56,000 (C. Meade and E. Mullins (Teagasc), 2005-2008)
- 'Coexistence of GM and non-GM crops: modelling the effects of cropping systems on gene flow from herbicide tolerant GM oilseed rape.'
Department of Agriculture Research Stimulus Fund, 2006-2008,
€169,000 (C. Meade and E. Mullins (Teagasc) 2005-2008)
- 'Investigating the effect of stochastic insect and wind mediated gene flow between potato fields'
Department of Agriculture and Food Research Stimulus Programme,
€199,190 (C. Meade and E. Mullins (Teagasc) 2007-2011)
- 'The role of Mal cleavage in TLR1/2 and 2/6 signalling'
Health Research Board, RP/2006/293,
€269,266 (S. Miggin, 2006-2009)
- 'Immunology PhD training site'
Health Research Board,
€5 million (P.N. Moynagh (Director) Tri-Institutional PhD programme involving NUI Maynooth, Trinity College Dublin, Queens University Belfast, 2007-2014)
- 'The Combat Diseases of Poverty (CDP) Consortium: Building Education and Research Capacity to Address Infectious Diseases in East Africa'
Irish Aid, Higher Education Authority,
€1.44 million (N.B. Murphy (Biology) and J. Saris (Anthropology) (2007-2009)
- 'Clinical testing of a blood treatment process to reduce transmission of infectious parasites in Uganda'
Health Research Board, Irish Aid Networking grant,
€9,060 (N.B. Murphy, 2007-2008)
- 'Can plant plastids produce a candidate flu vaccine'
Science Foundation Ireland Research Frontiers Programme Grant,
€183,180 (J.M. Nugent, 2006-2009)
- 'Developing a plastid-based vaccine against *Helicobacter pylori* in lettuce'
Science Foundation Ireland IRCSET/EMBARK Initiative PhD studentship to Orlaith McGrath,
€57,150 (J.M. Nugent, 2006-2009)
- 'PDS-1000 HeTM HeptaTM System, housing/operational unit, gas supply and regulator'
Science Foundation Ireland Equipment Grant,
€54,611 (J. Nugent, S. Doyle, P. Dix, A. Burnell and G. Jones, 2007)
- 'System and technology for the delivery of therapeutic molecules to the airways'
Enterprise Ireland Commercialisation Phase Proof of Concept Grant,
€94,441 (S. O'Dea, 2006-2007)
- 'Identification of human airway epithelial stem cells and modulation of differentiation pathways to treat lung disease'
Science Foundation Ireland CSET Grant in collaboration with the Regenerative Medicine Institute, NUI Galway,
€171,100 (S. O'Dea, 2004-2008)
- 'Development of Technologies to Identify Signalling Pathways Involved in Lung Disease Processes'
EU FP6 Marie Curie Transfer of Knowledge Grant,
€510,000 (S. O'Dea (Co-ordinator), K. Kavanagh, S. Doyle, M. Fares (Trinity College Dublin), B.P. Mahon, 2005-2008)

'Pathobiochemical role of excitation-contraction coupling in the age-related decline of skeletal muscle mass and strength using proteomic, subproteomic and intraproteomic analysis' Science Foundation Ireland Principal Investigator Grant, €704,527 (K. Ohlendieck, 2005-2009)

'Role of the dystrophin-glycoprotein complex and associated regulatory elements in non-obese type 2 diabetic skeletal muscle' Health Research Board Basic Research Grant, €168,640 (K. Ohlendieck, 2005-2009)

'Identification of novel biomarkers in dystrophic heart and muscle fibres using comparative proteomics' Medical Research Charities Group / Health Research Board Joint Funding Scheme in conjunction with Muscular Dystrophy Ireland, €30,000 (K. Ohlendieck, 2007-2010)

'Inferring the eukaryotic tree of life using partial genomes' IRCSET EMBARK PhD Fellowship to T.A. Holton, €76,000 (D. Pisani, 2007)

'Pharmacogenomics of the GPCR superfamily' Wellcome Trust Vacation Scholarship to S. Maguire, €3,000 (D. Pisani, 2007)

'Inferring the eukaryotic tree of life using partial genomes' Irish Centre for High-End Computing, €5,000 (D. Pisani and T.A. Holton, 2007)

Ceimic/Chemistry

'Application of Microelectrochemical Sensors and Biosensors in Drug Discovery (Preclinical Candidate Selection)'. Solvay Pharmaceuticals Licence Agreements, €75,970 (J.P. Lowry and Maryanne Dalton, 2007)

'High Resolution Diffuse Optical Tomography System'. SFI Equipment Award, €380,030 (J.P. Lowry, 2007, Collaboration with PI Dr. Tomas Ward, Department of Electronic Engineering, Prof. Barak Pearlmutter and Prof. Charles Anderson, Hamilton Institute and Dr. Richard Roche and Dr. Sean Commins, Department of Psychology, NUIM)

'Rodent Workstations and Operant Chambers'. HEA Equipment Award, €118,072 (J.P. Lowry, 2007)

'Integrative studies on cognitive dysfunction in schizophrenia using in vivo voltammetry and translational animal models'.

AstraZeneca, Sweden (2 years) and Hjärnfonden, Sweden (1 year), €40,000 (J.P. Lowry, 2007-10, Collaboration with PI Dr. Erik Pålsson and Prof. Lennart Svensson, Department of Pharmacology, University of Gothenburg, Sweden)

'In Vivo characterisation of a novel polystyrene-based glutamate biosensor'. SFI UREKA Supplement Award, €5,600 (J.P. Lowry, 2007)

'The Development of a Highly Selective and Sensitive Dopamine Sensor for Biomedical Applications'. Enterprise Ireland Commercialisation Fund – Proof of Concept Grant, €82,265 (J.P. Lowry, 2007-2008, Collaboration with PI Dr. Bernadette Alcock and Collaborator Prof. Carmel B. Breslin, Department of Chemistry, NUIM)

'Application of LIVE Technologies to Neuroscience Discovery Research at Eli Lilly & Co: Comparative studies of energy metabolism and of D-serine monitoring in the brain'. SFI Industry Research Partnership Supplement Award with Eli Lilly & Co. Ltd., U.K., €149,700 (J.P. Lowry, 2006-2009; Collaborator - Prof. Robert D. O'Neill, UCD School of Chemistry & Chemical Biology)

'An electrochemical system for long-term, real-time dopamine neurotransmission in discrete brain regions: development and application to the pharmacology of typical and atypical neuroleptics'. SFI Research Frontiers Grant, €82,065 (J.P. Lowry, 2006-2007; Collaboration with PI Prof. Robert D. O'Neill, UCD School of Chemistry & Chemical Biology)

'Neurochemical Analysis using Microdialysis with Integrated Microsensor'. Department of Education & Science, Technology Sector Research: Strand I. Postgraduate R&D Skills Programme, €34,000 (J.P. Lowry, 2005-2007; Collaboration with Dr. Eithne Dempsey & Dr. Tim McCormac, Institute of Technology, Tallaght)

'A Novel Drug Delivery System using Conducting Polymers'. Health Research Board Research Project Grant, €207,268 (J.P. Lowry, 2005-2008, Collaboration with PI Dr. Carmel Breslin, Department of Chemistry, NUIM)

'Real-time Monitoring of Brain Biochemistry'.

Eli Lilly & Company Ltd (UK & USA) - Neuroscience Research Division,
€319,506 (J.P. Lowry, 2005-2008)

'Dissecting hippocampal function: multiple cellular mechanisms, multiple sub-regions and multiple functions'.

The Wellcome Trust,
€1,259,555 (J.P. Lowry, 2004-2009, Research Grant with PI Dr. David Bannerman (Wellcome Senior Research Fellow) & Prof. Nicholas Rawlins, Department. of Experimental Psychology, Oxford)

'Real-time simultaneous monitoring in vivo of glutamate and H₂O₂ in brain tissue, using a novel implantable polymer-enzyme composite device'.

Health Research Board Research Project Grant,
€164,842 (J.P. Lowry, 2004-2007; Collaborator - Prof. Robert D. O'Neill, UCD School of Chemistry & Chemical Biology)

'New Technologies for Monitoring Cell Signalling in the Living Brain: Design, characterisation and *in-vivo* application to study extracellular glutamate, energy metabolism and their relationship'.

Science Foundation Ireland (SFI) Investigator Programme Grant,
€610,048 (J.P. Lowry, 2004-2008; Collaborator - Prof. Robert D. O'Neill, UCD School of Chemistry & Chemical Biology)

'Real-time neurochemical analysis of aspartate: An enzyme-modified microelectrochemical biosensor'.

Enterprise Ireland Basic Research Grants Scheme,
€135,947 (J.P. Lowry, 2003-2007)

'Electrochemical Sensors: Strategies for In Vivo Monitoring of Brain Nitric Oxide'.

Royal Society of Chemistry (RSC)/ Engineering & Physical Sciences Research Council (EPSRC), U.K. Analytical Ph.D Studentship,
€55,854 (J.P. Lowry, 2003-2007)

'Equipment Grant'

Health Research Board,
€16,123 (C.B. Breslin, 2006-2007)

'Conducting Polymers Modified with Cyclodextrins: Novel Materials in Environmental Remediation'

Science Foundation Ireland, Research Frontiers Programme,
€140,000 (C.B. Breslin and A.D. Rooney, 2006-2009)

'Sensing and Remediation of Nitrates using Copper and Bimetallic Copper Nanoparticles'

Environmental Protection Agency,
€88,500 (C.B. Breslin and A.D. Rooney, 2006-2009)

'The development of a nitrate sensor'

Enterprise Ireland, Proof of Concept Fund,
€89,000 (B.E. Alcock and C.B. Breslin, 2007-2008)

'New Biodegradable Hydrogel Materials for the Delivery of Nitrification and Urease Inhibitors'

Research Stimulus Fund, Department of Agriculture and Food,
€430,378 (C.B. Breslin, A.D. Rooney and K. Richards (Teagasc), 2007-2010)

'The Protection of Water Resources: New Materials for the Sensing of Nitrates and Heavy Metals and for the Removal of Organic Contaminants'

Developing Environmental Research Potential Award, EPA, STRIVE programme,
€770,000 (B.E. Alcock and C.B. Breslin (Mentor), 2007-2012)

'Removal of Phosphates from Effluents using an Electro-Materials Approach'.

Enterprise Ireland, Research Innovation Partnership Programme,
€46,600 (C.B. Breslin, 2007-2008)

'High frequency electrochemical impedance spectroscopy'

EPA STRIVE Infrastructure Scheme
€45,000 (C.B. Breslin, 2007-2008)

'Sensing and Remediation of Nitrates using Silver, Copper and Bimetallic Copper Nanoparticles'

Irish Research Council for Science and Technology (IRCSET)
€72,009 (C.M. Fox, 2006-2009)

'Calixarene-doped Conducting Polymers as Selective Electrochemical Sensors'

Irish Research Council for Science and Technology (IRCSET)
€72,009 (R. Doyle, 2006-2009)

'Polypyrrole Doped with Cyclodextrins: Applications in Electrochemical Sensing'

Irish Research Council for Science and Technology (IRCSET)
€67,000 (C. Harley, 2005-2008)

'Conducting Polymers modified with Supramolecular Cages as a Novel Drug Delivery System'

Irish Research Council for Science and Technology (IRCSET)
€67,000 (G.M. Hendy, 2005-2008)

'New Materials for the Delivery of Drug Molecules'
Irish Research Council for Science and Technology (IRCSET)
€72,009 (E. Ryan, 2007-2010)

'Electrochemical Sensors'
Endeavour Europe Award, Australian Government
€15,000 (C. Harley, 2006-2007)

'Drug Delivery'
Endeavour Europe Award, Australian Government
€15,000 (G.M. Hendy, 2006-2007)

'The exploitation of anhydrobiotic genes for the preservation of intact proteins, cells and tissues in a dry state'
Science Foundation Ireland, 02/1N.1/B032,
€882,000 (J.G. McCaffrey in collaboration Prof. A.M. Burnell, Dept. of Biology, NUIM, 2003-2007)

'A time-resolved, infra-red spectroscopic study of the activation of silane by electronically excited metal atoms'.
Science Foundation Ireland Basic Research, 04/BR/C0182
€227,114 (J.G. McCaffrey, 2004-2008)

'Time-resolved spectroscopic studies of porphyrin tautomers isolated in low temperature solids'
SFI Research Frontiers Programme, 06/RFP/CHP012
€148,000 (J.G. McCaffrey, 2006-'09)

'Time resolved NIR emission of porphyrins in the solid rare gases.'
SFI UREKA Scheme, 06/RFP/CHP012-UR07
€5,600 (J.G. McCaffrey, 2007)

'Spectroscopie résolue en temps de la tautomérisation des porphyrines en matrice de gaz rare'.
EU Access to Large Scale Facilities, Use of Free Electron Laser CLIO, Orsay France, IC 011-07
€27,000 (J.G. McCaffrey in collaboration Dr. N. Shafizadeh, LPPM Orsay, France 2007)

'Oxidative addition reactions of metal atoms with hydrocarbons'.
EU Marie Curie Re-Integration Grant ERG_203885
€45,000 (J.G. McCaffrey hosting the research of Dr. M. Collier, 2007-2010)

'The synthesis'Click Chemistry and the RNA revolution. 1,3-Dipolar cycloaddition routes to chemically modified oligonucleotides; generation of synthetically modified short RNAs having potential for genomic research and antisense therapy'.
Science Foundation Ireland Principal Investigator Career Advancement (PICA) Award 05/PICA/B838
€507,868 (F. Heaney, 2006-2010)

'Scientific Microwave Package'.
SFI Equipment Award,
€84,700 (F. Heaney 2007)

'NH-Isoxazolidines, next generation organocatalysts?'
Science Foundation Ireland IRSECT Award to Postgraduate student RS/2005/37
€65,000 (L. Doyle 2005-2008)

'The synthesis and biological evaluation of exciting new quinolone antimicrobial and anticancer agents'
PRTL IV,
€126,540 (J.C. Stephens and J. McGinley, February 2008-March 2011)

'Novel quinolone antimicrobial agents: synthesis and biological evaluation'
Health Research Board,
€2,000 (J.C. Stephens, June 2007-September 2007)

'Novel organocatalytic Michael reaction methodology'
John Hume Fellowship,
€28,500 (J.C. Stephens, October 2006-November 2009)

Eolaíocht Ríomhaireachta /Computer Science

'Spread space/spectrum technique for holographic data storage'
Irish Research Council for Science, Engineering & Technology,
€96,300 (B. Hennelly and T.J. Naughton, 2006-2008)

'Digital Holographic Microscope'
Science Foundation Ireland,
€200,000 (T.J. Naughton and B. Hennelly, 2007)

'Holographic sensing and digital display of real-world 3D objects'
Science Foundation Ireland,
€194,000 (T. J. Naughton, J. McDonald and B. Hennelly, October 2007 – September 2010)

'Photo-Realistic Facial Expression Engine'
Enterprise Ireland Commercialisation Fund +,
€104,658 (J. McDonald and J. Ghent, November 2006 - December 2007)

'Development of a computational model for the description of the shape, texture and dynamics of facial expression'
Science Foundation Ireland,
€145,000 (J. McDonald and P. Whelan (DCU), October 2005 - September 2008)

'Three-dimensional holographic image processing'
Science Foundation Ireland,
€160,401 (J. McDonald, T. Naughton and S. Sheridan
(UCD), October 2004 - March 2008)

'SFI Stokes Lectureship'
Science Foundation Ireland,
€450,000 (P. Moser, 2007-2012)

'Image analysis in three-dimensional digital holographic
microscopy'
Irish Research Council for Science, Engineering &
Technology,
€72,000 (K. Molony and T.J. Naughton, 2007-2010)

'Advanced processing of holographic video'
Irish Research Council for Science, Engineering &
Technology,
€96,300 (E. Darakis and T.J. Naughton, 2007-2009)

'Designing computers from biomolecules'.
Irish Research Council for Science, Engineering &
Technology,
€57,150 (N. Murphy, T.J. Naughton and D. Woods, 2005-
2008)

'Real-time segmentation of 3D objects from holographic
video'.
Irish Research Council for Science, Engineering &
Technology,
€76,000 (C. Mc Elhinney and T.J. Naughton, 2004-2008)

'Encryption and decryption of digital holograms of three-
dimensional objects'.
Science Foundation Ireland,
€170,000 (J.T. Sheridan and T.J. Naughton, 2004-2008)

'Self optimising distributed systems'.
Irish Research Council for Science, Engineering &
Technology,
€71,000 (A. Page and T.J. Naughton, 2003-2007)

'A Study of the Influence of Typographic Factors on Children
Reading Irish'
Foras na Gaeilge,
€82,245 (R. Reilly, 2007-2009)

'Pre-planning grant for a Graduate school in Speech and
Language Technology'
Irish Research Council for Science, Engineering &
Technology,
€60,000 (J. Van Genabith (DCU), F. Cummins (UCD), C.
Vogel (TCD), P. Murphy (LU) and J. Timoney, 2007)

'Formal Analysis of programmable logic for reverse
engineering and verification of safety critical behaviour in
control systems'
CNRS-Enterprise Ireland Ulysses Visites de Recherche
Scheme,
€4,880 (A.C. Winstanley, R. Monahan in collaboration with
the University of Nancy, France, 2007-2008)

'National Centre for Geocomputation'.
Science Foundation Ireland Research Professorships Scheme,
€2,500,000 (S. Fotheringham, R. Kitchin and A. C.
Winstanley, 2004-2009)

'Geographic Information Science Research Conference'
SFI Conference and Workshop Scheme,
€7,500 (A.C. Winstanley, 2007)

'Graphics Recognition using Structural Descriptors'
SFI China/Ireland Collaboration Research Fund,
€26,500 (A.S. Fotheringham and A.C. Winstanley, in
collaboration with Fudan University, China, 2005-2007)

'Spatial Video Data Analysis and Access over restricted
Networks'
Government Of Ireland Research Scholarships In Science,
Engineering And Technology,
€57,150 (A.C. Winstanley and P. Lewis 2005-2008)

'Texture Based Classification of Objects using Computer
Vision'
Government Of Ireland Research Scholarships In Science,
Engineering And Technology,
€57,150 (A.C. Winstanley and P. Corcoran, 2004-2007)

'Climate Change IT Systems Development'.
Post-doctoral Fellowship, Environmental Protection Agency,
Environmental Research Development and Innovation
Programme,
€169,499.95 (A.C. Winstanley and P. Mooney, 2004-2007)

'Geographic Information Science Research Conference
sponsorship'
Irish Tourist Authority
€2,200 (A.C. Winstanley)

'Geographic Information Science Research Conference
sponsorship'
Ordnance Survey UK
€6,700 (A.C. Winstanley)

Innealtóireacht Leictreonach/Electronic Engineering

'Advanced Architectures for Ultra-High Frequency Phase-Lock-Loops'

Enterprise Ireland Advanced Technologies Research Programme, ATRP/02/306
€345,660 (R. Farrell 2002-2007)

'Radio Frequency Integrated Circuit Test'

Enterprise Ireland Commercialisation Fund Programme, CFTD/03/PEI/304
€317,915 (R. Farrell, S. McLoone 2003-2007)

'Wave energy converter model for power system dynamics simulations'

Enterprise Ireland Proof of Concept Phase, Commercialisation Fund, PC/2007/321
€88,953 (E. Kennedy and J. Ringwood, March 2007-March 2008)

'Advanced Geotechnologies, SFI Strategic Research Cluster grant, 2008-2013,

€7,024,583 (Lead PI: A.S. Fotheringham, NUI Maynooth, total of 10 Co-PIs awarded in 2007)

'Augmentation of Stroke Rehabilitation through the Application of Neural Prostheses and Wearable Sensors' IRCSET Embark Initiative PhD scholarship

€72,000 (awarded to Claire Dormer, PI: T. Ward, NUI Maynooth) (2007-2009)

'Data Mining and Advanced Statistical Process Control for Semiconductor Manufacturing' Enterprise Ireland Innovation Partnership grant with Intel Ireland Ltd.

€256,000 (awarded to Sean McLoone, 2007-2008)

'Simulation and model based control of rural anaerobic fermenters using Computational Intelligence methods' PhD studentship in collaboration with Prof. Michael Bongards, University of Applied Sciences Cologne, Germany,
€16,500 (PI Sean McLoone, 2007-2009)

'Closed-Loop Game State Replication Method for Peer-to-Peer Networked Multiplayer Games'

Enterprise Ireland, Proof of Concept Scheme, PC/2007/043
€88,000 (T. Ward and S.C. McLoone, August 2007 – August 2008)

"High Resolution Diffuse Optical Tomography System," 05/RFP/ENG0089/EC07,

Science Foundation Ireland: Equipment Grant,
€380,030 (T. Ward, 2007)

Irish Research Council for Science, Engineering and Technology (IRCSET),

€80,000 (2007 - Xin Zhang, 2007-2010)

Irish Research Council for Science, Engineering and Technology (IRCSET),

€80,000 (2007 - Paddy Walsh, 2007-2010)

Irish Research Council for Science, Engineering and Technology (IRCSET)

€80,000 (2007 – Claire Dormer, 2007-2010)

'Plasma Formation, Measurement and Control'

Science Foundation Ireland

€580,000 (J. Ringwood, S. Doherty and P. Jordanov, 2003-2007)

'Prognostics for Aircraft Health Management'

Enterprise Ireland

€277,000 (J. Ringwood, S. Butler, 2005-2008)

'Sea and Swell Spectra'

The Marine Institute

€40,000 (J. Ringwood, G. Nolan, 2006-2007)

Fisic Thurgnamhach/Experimental Physics

Embark Postgraduate Scholarships,

Irish Council for Science, Engineering and Technology,

€43,000 (A. Cuddihy, October 2005 – September 2007)

Embark Postgraduate Scholarships,

Irish Council for Science, Engineering and Technology,

€64,000 (P. Mooney, October 2004 – September 2007)

'Study of the seasonal behaviour of the mesopause using hydroxyl data in the CEDAR Data System'.

Irish Fulbright Scholarship Award,

€5,000 (F. Mulligan, 2007)

'Verification of the optical design of HIFI for the Herschel Space Telescope and detailed modelling of the instrument', Grant from PRODEX Fund (European Space Agency),

€280,000 (J.A. Murphy, N. Trappe and T. Peacocke, January 2006 – December 2008)

'DEMON: a Proposal for a Satellite-Borne Experiment to study Dark Matter and Dark Energy'

Grant from the Austrian Academy of Sciences for Space Day Austria 2007,

€250 (F. Noviello, 27 March 2007)

'Multifrequency Polarisation Observations of the Cosmic Microwave Background'
Science Foundation Ireland Research Frontiers Programme, 06/RFP/PHY022,
€156,300 (C. O'Sullivan, J.A. Murphy & V. Yurchenko, June 2006- May 2009)

'Characterisation and verification of the optical system for the Atacama Large Millimeter Array Channel 9',
Research Frontiers Grant, Science Foundation Ireland,
€146,000 (N. Trappe, October 2005 – September 2008)

Institiúid Hamilton/Hamilton Institute

'National Communications Network Research Centre'
Science Foundation Ireland,
€5,488,114 (D. Leith, M. Davis, DIT & J. Nelson, UL, 2004-2008)

'Complex Embedded Automotive Control Systems'
EU STREP,
€220,000 (R. Shorten & D. Leith, 2004-2008)

'Systems Biology & Non-invasive Full NIR Spectrum Sensing in Bio-Systems'
Science Foundation Ireland,
€2.630,000 (P. Wellstead, 2004-2009)

'Modelling and Design of Future Communication Networks: A Hybrid Systems Approach'
Science Foundation Ireland,
€883,201 (R. Shorten, 2004-2008)

'Equipment Grant'
Science Foundation Ireland,
€55,920 (D. Leith and R. Shorten, 2006-2007)

'International Collaboration Programme'
Enterprise Ireland,
€1,000 (R. Shorten, 2006-2007)

'Hamilton Institute Mathematics Outreach Proposal'
Science Foundation Ireland,
€82,000 (R. Shorten, 2006-2008)

'A Dynamic Systems Approach to Negotiated Interaction on Mobile Devices'
Science Foundation Ireland,
€163,000 (R. Murray-Smith, 2006-2008)

'Walton Grant'
Science Foundation Ireland,
€155,694 (C. Anderson, 2006-2007)

'Embark Initiative Postdoctoral Fellowship Scheme 2007'
IRCSET,
€96,300 (TianJi Li, 2007)

'Remote Gesture Recognition Device for Automotive Vehicles'
Enterprise Ireland Proof of Concept Commercialization Fund, EI/PC/2007/0128,
€71,869 (S. Solmaz, Mar 2008-1 Mar 2009)

'Dynamics, Feedback and Multiagent Systems'
Science Foundation of Ireland, 07/RPR/1177
€521,000 (R.H. Middleton, Aug 2007- Aug 2009)

'National Biophotonics and Imaging Platform'
HEA/PRTL 4 Biophotonics,
€933,103 (D. Kalamatianos and P.E. Wellstead, Oct 2007- Oct 2010)

'The field of physiologically based pharmacokinetics'
Research Cooperation with Bayer Schering Pharma AG, Berlin,
€60,000 (W. Huisinga, Nov 2007-Oct 2009)

'Network Mathematics'
HEA PRTL 4,
€2,200,000 (Graduate programme, 2007-2010)

'Next Generation Communications Networks'
Science Foundation Ireland grant,
€4,100,000 (D.J. Leith, 2007-2011)

'Mobile Wireless Networks'
HEA PRTL 4,
€699,000 (D.J. Leith, D.W. Malone, 2007-2010)

'Next Generation TCP'
Cisco Systems,
\$100,000 (D.J. Leith, R.N. Shorten, 2007)

'Router Anomaly Detection'
Cisco Systems,
\$100,000 (D.J. Leith, R.N. Shorten, 2007)

'Walton Grant'
Science Foundation Ireland,
€60,024 (K. Narendra, 2007)

'Walton Grant'
Science Foundation Ireland,
€89,552 (P. Hodgkin, 2007)

'IMSARCS'
EI grant ILP/2006/202,
€50,000 (D. Malone, 2007-2008)

'Using 802.11 medium access control layer measurements to understand and improve network performance'
Science Foundation Ireland,
€150,000 (K. Duffy, 2007-2010)

Matamaitic/Mathematics

'Gromov Hyperbolicity and Quasihyperbolic Geodesics'
Enterprise Ireland Basic Research Award,
€125,850 (S. Buckley, 2003-2007)

'The boundary at infinity and notions of hyperbolicity for metric spaces and groups'
Science Foundation Ireland Research Frontiers Programme Award,
€159,132 (S. Buckley, 2006-2009)

External expert member of the UA Madrid node of the network 'Análisis complejo y teoría de operadores'
Grant from Ministerio de Ciencia y Tecnología, Spain,
€15,270 (S. Buckley, 2006-2009)

'Atlantic Philanthropies and Archways, National Randomised Control Trial of the Childrens Incredible Years Program'
Psychology Dept. NUI, Maynooth,
€1,000,000 (C. Comiskey, S. McGilloway and A. Lodge, 2007-2010)

'Developing an integrated case management information system for HIV/AIDS and drug use'
Health Research Board, Health Information Systems Research,
€250,000 (C. Comiskey, J. Pugh and the HSE, 2006-2008)

Extension (2 years) of the ROSIE project on treatment outcomes
NACD National Advisory Committee on Drugs,
€615,000 (C. Comiskey, 2006-2008)

'Optimal design of the progressive concrete constructions.'
Grant Agency of Czech Republic,
€1,250 (J. Dalik, 2005-2007)

'Centre of Integrated Design of Advanced Structures'
Ministry of Education, Youth and Sports of the Czech Republic,
€3,750 (J. Dalik, 2005-2012)

'Simultaneous Diophantine Approximation on Manifolds'
Science Foundation Ireland,
€160,000 (D. Dickinson, 2005-2008)
'Combinatorial Methods for Data Analysis',
Science Foundation Ireland Research Frontiers Programme,
€112,800 (C. Hurley 2006-2009)

'Maze on Campus'
HEA Strategic Initiative project on Innovation and Creativity,
€300 (F. Ó Cairbre, 2007)

'Time-reversal symmetries of dynamical systems'
Science Foundation Ireland, Research Frontiers Programme 2005,
€160,000 (A.G. O'Farrell, 2005-2008)

'Harmonic and Complex Analysis and its applications'
ESF Networking Programme,
€550,000 (A. G. O'Farrell and S. Buckley, 2006-2011)

'Reversible Maps'
SFI, EUREKA Programme,
€5100 (A. G. O'Farrell, M. Boyce, 2007)

'Involutions in the Representation Theory of Group'
Science Foundation Ireland, Research Frontiers Programme 2005,
€85,000 (J. Murray, 2005-2008)

Research Grant,
Professor Michael Baake, Universitat Bielefeld, Germany,
€744 (I. Short, January 2007)

Research Grant,
Mathematics Department, University of the Witswatersrand, South Africa,
€748 (I. Short, July 2007)

Fisic Mhatamaiticiúil/Mathematical Physics

'Spectral statistics, wavefunction scarring and quantum transport in mixed phase space systems'
SFI Research Frontier Programme Award, PHYF791,
€126,000 (D. M. Heffernan P.I., 2007-2010)

'The use of modern developments in nonlinear dynamics to understand, characterize and control the arrhythmiias of the Heart'
Ircset – Embark Initiative Award,
€70,000 (S. Pouryaha and D. M. Heffernan, 2006-2009)

'Solitons solutions to Higher Dimensional Gravitating Gauged Scalar Field Systems, with applications to AdS/CFT and Branes'

Science Foundation Ireland,
€163,148 (T. Tchrakian, 2007-2009)

'Research Enhancement Grant'

Dean of Research NUIM,
€1,500 (T. Tchrakian, 2007-2008)

'Topological Phases and Topological Quantum Computation'

President of Ireland Young Researcher Award, Science Foundation Ireland, 05/Y12/1680,
€999,917 (J. Vala, Nov 2005 – Oct 2010)

'Topological Phases in Quantum Lattice Systems'

Irish Center for High-End Computing Full National Service - Class A 'Grand Challenge', nmphy002a,
€61,720 (notional value) (J. Vala, July 2006 – June 2008)

'Controlled Quantum Coherence and Entanglement in Sets of Trapped Particles, Marie Curie Research Training Network, CONQUEST, European Commission, Brussel, Belgium,

€34,000 (J. Vala, Mar 2003 – Feb 2008)

'International Workshop on Topological Quantum Computation'

Science Foundation Ireland, 06/CW/11132,
€10,000 (J. Vala, May 2007 – Dec 2007)

An Institiúid um Micrileictreonaic agus Chórais gan Sreang/Institute of Microelectronics and Wireless Systems

'Centre for Telecommunications Value-Chain Research (CTVR)'

Science Foundation Ireland, Centres for Science and Engineering Technologies 03/CE3/I405
€3,500,000 (R. Farrell, 2004-2009)

'Enabling Technologies for Smart Antennas'

Enterprise Ireland, Commercialisation Fund: Proof of Concept, EI/PC/2006/339
€90,000 (T. Cooper, 2006-2008)

'A Vehicle-Based Mobile System for Monitoring WiMAX Availability and Capacity'

Enterprise Ireland, Innovation Partnerships,
€111,015 (R. Farrell, 2006-2007)

'Range finding for Golf Courses'

Enterprise Ireland, Innovation Partnerships, EI/IP/2007/477
€23,189 (R. Farrell, 2007-2008)

'Methodology for the physical design of UWB filters using thin-film structures'

Enterprise Ireland, Innovation Partnerships, EI/IP/2007/443
€110,956 (R. Farrell, 2007-2008)

'Automated Detection of Environmental Effects on WiMAX Propagation'

Enterprise Ireland, Commercialisation Fund: Proof of Concept, EI/PC/2007/320
€85,998 (R. Farrell, T. McCarthy, S. McLoone, 2006-2008)

'Vector Signal Analyser'

SFI Supplemental Capital Equipment Grant, 03/CE3/R405/8C
€137,529 (R. Farrell, 2007-2008)

'Performance Prediction for Digital Logic at the 32nm Node'

IRCSET Enterprise Partnership PhD Scholarship (Intel)
€85,000 (R. Farrell, 2007-2008)

'Software Defined Radio for Wideband PMR Applications'

IRCSET Enterprise Partnership PhD Scholarship (EADS)
€75,000 (R. Farrell, 2007-2008)

'Software Defined Radio using low-cost Hardware Platforms'

IRCSET Enterprise Partnership PhD Scholarship (EADS)
€75,000 (R. Farrell, 2007-2008)

An tIonad Náisiúnta Geoiríomhaireachta (NCG)/National Centre for Geocomputation (NCG)

Post-doctoral Fellowship 'Climate Change IT Systems Development'

Environmental Protection Agency, Environmental Research Development and Innovation Programme
€169,499.95 (A.C. Winstanley and P. Mooney, September 2004- October 2007)

'Research Professor Supplement'

Science Foundation Ireland
€92,088 (A.S. Fotheringham, April 2007-January 2008)

'Supplemental Equipment Grant'

Science Foundation Ireland Equipment Grant
€85,262.00 (A.S. Fotheringham, December 2006- March 2007)

'Texture Based Classification of Objects using Computer Vision'
Government of Ireland Research Scholarships in Science, Engineering and Technology, IRCSET
€57,150 (A. Winstanley and P. Corcoran, 2004-2007)

'Spatial Video Data Analysis and Access over Restricted Networks'
Government of Ireland Research Scholarships on Science, Engineering and Technology, IRCSET
€57,150 (A. Winstanley and A.S. Fotheringham and P. Lewis, 2005-2008)

'Graphics Recognition using Structural Descriptors'
Science Foundation Ireland China / Ireland Collaboration Research Fund
€ 26,500 (A. Winstanley and A.S. Fotheringham and Fudan University, Shanghai, 2005-2007)

'STAR Award'
Science Foundation Ireland
€10,503 (A.S. Fotheringham and A. McCormack, June 2007)

'Geographic Information Science Research Conference'
Science Foundation Ireland Conference and Workshop Scheme,
€7,500 (A. Winstanley, 2007)

'Direct Georeferencing for Airborne Survey' Innovation Voucher
Enterprise Ireland
€5,000 (T. McCarthy, October 2007-April 2008)

'GPS/HDTV Encoder' Innovation Voucher
Enterprise Ireland
€5,000 (T. McCarthy, October 2007-April 2008)

'Formal Analysis of Programmable Logic for Reverse Engineering and Verification of Safety Critical Behaviour in Control Systems'
CNRS-Enterprise Ireland Ulysses Visites de Recherche Scheme
€4,880 (A. Winstanley, R. Monaghan and Université Henri Poincaré, Nancy, 2007-2008)

'Address Matching'
Health Research Board
€1,600 (A.S. Fotheringham, November 2007)

'Mobility Grants Scheme' (Travel to Helsinki)
Royal Irish Academy
€1,400 (U. Demšar, November 2008)

'Sponsorship re 9th International Conference on Geocomputation 2007'
Science Foundation Ireland Conferences and Workshops Scheme
€10,600 (A.S. Fotheringham, September 2007)

'Sponsorship re 9th International Conference on Geocomputation 2007'
Ordnance Survey Ireland
€3,000 (A.S. Fotheringham, September 2007)

'Sponsorship re 9th International Conference on Geocomputation 2007'
Failte Ireland
€1,500 (U. Demšar, September 2007)

'Sponsorship re 9th International Conference on Geocomputation 2007'
eSpatial Solutions Ltd
€500 (A.S. Fotheringham, September 2007)

'Sponsorship re 9th International Conference on Geocomputation 2007'
Elsevier
€500 (U. Demšar, September 2007)

'Sponsorship re 9th International Conference on Geocomputation 2007'
Springer
€500 (U. Demšar, September 2007)

'Sponsorship re 9th International Conference on Geocomputation 2007'
Wiley-Blackwell
€150 (U. Demšar, September 2007)

'Sponsorship re GISRUUK 2007 Geographical Information Science Research UK Conference'
Ordnance Survey
UK£5,000 (A. Winstanley, April 2007)

'Sponsorship re GISRUUK 2007 Geographical Information Science Research UK Conference'
Irish Tourist Authority
€2,200 (A. Winstanley, April 2007)

'Sponsorship re GISRUUK 2007 Geographical Information Science Research UK Conference'
ESRI
UK£2,000 (A. Winstanley, April 2007)

'Sponsorship re GISRUK 2007 Geographical Information Science Research UK Conference'

Taylor and Francis

UK£1,200 (A. Winstanley, April 2007)

'Sponsorship re GISRUK 2007 Geographical Information Science Research UK Conference'

Antycip

UK£1,000 (A. Winstanley, April 2007)

'Sponsorship re GISRUK 2007 Geographical Information Science Research UK Conference'

Cadcorp

UK£1,000 (A. Winstanley, April 2007)

'Sponsorship re GISRUK 2007 Geographical Information Science Research UK Conference'

Edina

UK£500 (A. Winstanley, April 2007)

'Sponsorship re GISRUK 2007 Geographical Information Science Research UK Conference'

Elsevier

UK£500 (A. Winstanley, April 2007)

'Sponsorship re GISRUK 2007 Geographical Information Science Research UK Conference'

GEES

UK£500 (A. Winstanley, April 2007)

'Sponsorship re GISRUK 2007 Geographical Information Science Research UK Conference'

Wiley

UK£400 (A. Winstanley, April 2007)

'Sponsorship re GISRUK 2007 Geographical Information Science Research UK Conference'

QMRG

UK£300 (A. Winstanley, April 2007)

'Sponsorship re GISRUK 2007 Geographical Information Science Research UK Conference'

Blackwell

UK£180 (A. Winstanley, April 2007)

'Sponsorship re GISRUK 2007 Geographical Information Science Research UK Conference'

GeoDirectory

€500 (A. Winstanley, April 2007)

Síceolaíocht/Psychology

'Behavioural and psycho-physiological responses to induced emotional arousal: Acceptance and control based strategies.'

IRCHSS Postgraduate Scholarship

€38,100 (A. Cochrane supervised by D. Barnes-Holmes, 2004-2007)

'Cognitive defusion as a coping strategy for negative self-referential thoughts: An experimental analysis.'

IRCHSS Postgraduate Scholarship

€38,100 (C. Keogh co-supervised by Y. Barnes-Holmes and D Barnes-Holmes, 2005-2008)

'Psychological acceptance and relaxation as coping strategies: An experimental analysis.'

IRCHSS Postgraduate Scholarship

€38,100 (C. Wilson co-supervised by Y. Barnes-Holmes and D Barnes-Holmes, 2005-2008)

'Derived stimulus relations versus classical conditioning: Developing a model of fear acquisition and maintenance using the Implicit Association Test and Event Related Potentials.'

IRCHSS Postgraduate Scholarship

€25,400 (C. O'Toole supervised by D. Barnes-Holmes, 2006-2008)

'Using the IRAP and High-Density Event-Related Potentials (ERPs) to investigate the brain-behaviour mappings that occur during exposure to a food-related IRAP among Obese and Non-Obese Populations.'

IRCSET Postgraduate Scholarship

€72,009 (I. McKenna supervised by D. Barnes-Holmes, 2006-2009)

'Mapping brain and behaviour in the context of implicit prejudice using the Implicit Relational Assessment Procedure.'

IRCSET Postgraduate Scholarship

€72,009 (C. Cullen supervised by D. Barnes-Holmes, 2006-2009)

'Brain mapping implicit racism using a High-Density EEG array and Source Localisation analyses.'

IRCSET Postgraduate Scholarship

€72,009 (P. Power supervised by D. Barnes-Holmes, 2006-2009)

'Derived stimulus relations versus classical conditioning: Developing a model of fear acquisition and maintenance using the Implicit Association Test and Event Related Potentials.'

John and Pat Hume Postgraduate Scholarship
€12,700 (C. Murphy supervised by D. Barnes-Holmes, 2006-2007)

'Progressively complex derived request repertoires in children with Autism: Synthesizing Skinner's Verbal Behavior with Relational Frame Theory.'

John and Pat Hume Postgraduate Scholarship
€15,000 (C. O'Toole supervised by D. Barnes-Holmes, 2005-2008)

'Brain mapping implicit cognitions involved in smoking addiction and cessation.'

John and Pat Hume Postgraduate Scholarship
€15,000 (N. Vahey supervised by D. Barnes-Holmes, 2006-2009)

'Using the IRAP and High-Density Event-Related Potentials (ERPs) to investigate the brain-behaviour mappings that occur during exposure to a food-related IRAP among Obese and Non-Obese Populations.'

John and Pat Hume Postgraduate Scholarship
€15,000 (I. McKenna supervised by D. Barnes-Holmes, 2006-2009)

'Mapping brain and behaviour in the context of implicit prejudice using the Implicit Relational Assessment Procedure.'

John and Pat Hume Postgraduate Scholarship
€15,000 (C. Cullen supervised by D. Barnes-Holmes, 2006-2009)

'Brain mapping implicit racism using a High-Density EEG array and Source Localisation analyses.'

John and Pat Hume Postgraduate Scholarship
€15,000 (P. Power supervised by D. Barnes-Holmes, 2006-2009)

'Promoting Inclusion for Students with Emotional and Behavioural Difficulties (EBD): Interventions to Support Change in Teacher Attitudes and Practice'

National Council for Special Education, SERI/7/2006
€105,000 (P. Power supervised by D. Barnes-Holmes, 2006-2009)

'Analysing verbal relations in forming destructive experiential avoidance and in altering it through ACT methods.'

Spanish Ministry of Education and Science, Programme I+D (SEJ-05-05845/PSY)

€33,677 (C. Luciano in collaboration with D. Barnes-Holmes and Y. Barnes-Holmes, 2005-2008)

'Derivation of psychological functions in the analysis of destructive experiential avoidance and in ACT methods.'

Government of Andalusia, Spain: Excellent Projects Programme, HUM 1093

€180,000 (C. Luciano in collaboration with D. Barnes-Holmes and Y. Barnes-Holmes, 2006-2009)

'Neural bases of spatial learning and memory in humans.'

Irish Research Council for Science, Engineering and Technology Postgraduate Research Scholarship

€72,000 (J. Murphy and S. Commins and R. Roche, 2005-2008)

'Electrophysiological correlates of memory, context, stress and reconsolidation in humans'

Irish Research Council for Science, Engineering and Technology Postgraduate Research Scholarship

€72,000 (J.L. Moore and R. Roche, 2005-2008)

'Behavioural and electrophysiological correlates of source memory in normal and abnormal aging'

Irish Research Council for the Humanities and Social Sciences Postgraduate Research Scholarship

€48,000 (P. Scanlon and S. Commins and R. Roche, 2006-2008)

'Electrophysiological correlates of decision making in economic-based tasks'

University College Dublin Start-up Fund

€25,000 (C. Rawdon and L. Delaney and R. Roche, 2007-2008)

HEA Capital Equipment grant

€84,000 (S. Commins, D. Barnes-Holmes and R. Roche, 2007)

'High Resolution Diffuse Optical Tomography System'

Science Foundation Ireland: Equipment Grant
€380,030 (T. Ward, B. Pearlmutter, C. Anderson, S. Commins, R. Roche and J. Lowry, 2007)

'Hippocampal output to neocortex: examination of the electrophysiological and plastic properties of subicular and CA1 projections to perirhinal and postrhinal cortices'
SFI Research Frontiers Grant,
€130,000 (J. Kealy and S. Commins, 2006-2009)

John & Pat Hume €15,000 (M. Diviney and S. Commins, 2007-2010)

'Responding to, and managing, Critical Incident Stress in the ambulance service'.
The Pre-Hospital Emergency Care Council in collaboration with the Health Services National Partnership Forum,
€329,926 (S. Gallagher and S. McGilloway, 2007-2010)

'A National Study to Evaluate the Effectiveness of the Incredible Years Parent, Teacher and Child Training Series'
The Atlantic Philanthropies in collaboration with Archways,
€1,184,066 (S. McGilloway, T. Bywater, A. Lodge, C. Comiskey, Y. Barnes-Holmes, M. Donnelly and D.O Neill, 2007-2010)

'Identifying and connecting detainees with a mental illness to appropriate health and social services'.
The NHS National R&D Programme on Forensic Mental Health (UK),
£150,000 (€220,000) (M. Donnelly, S. McGilloway, R. McClelland, F. Browne and D. Scott, 2005-2008)

The 'hidden costs' of sexual violence: A multi-dimensional approach to the impact and experience of trauma.
Irish Research Council for the Humanities and Social Sciences (IRCHSS) Postgraduate Scholarship,
€38,100 (C. Kelleher and S. McGilloway, 2005-2008)

'An evaluation of bereavement support services in hospice',
The Irish Hospice Foundation, Thérèse Brady Postgraduate Scholarship,
€33,000 (A. Roberts and S. McGilloway, 2004-2008)

'Health promotion in palliative care: identifying and responding to attitudinal barriers to service use.'
The Health Research Board and the Irish Hospice Foundation under the Building Partnerships for a Healthier Society Research Awards 2005,
€117,000 (S. McGilloway, K. McLoughlin, J. Fleming, P. Doorley and M. Donnelly, 2006-2007)

'Pilot evaluation II of the 'Incredible Years' program in Ireland',
The Clondalkin Partnership,
€16,500 (S. McGilloway, 2006-2007)

'Exploring language and communication in an individual with congenital deafblindness: a case study'
National Council for Special Education
€10,000 (F. Lyddy, 2007)

'Tús na délitearthachta i gcomhthéacs Gaeilge-Béarla'
An Chomhairle um Oideachas Gaeltachta agus Gaelscolaíochta
€36,000 (F. Lyddy, 2006-2008)

Reading acquisition in Irish and English
Irish Research Council for the Humanities and Social Sciences Postgraduate Scholarship
€38,100 (C. Parsons and F. Lyddy, 2005-2008)

'The Psychology of Migraine'
John and Pat Hume Postgraduate Scholarship
€15,000 (M. Percival supervised by D. Desmond, 2007-2010)

Léachtóirí ar cuairt agus Aoiléachtóirí 2007/ Visiting and Guest Lecturers 2007

Bitheolaíocht /Department of Biology

An Dr/Dr Werner Vos

Laboratory for Biophysics, Wageningen University, The Netherlands
 'Distance constraints from site-directed spectroscopy as a tool to study membrane protein structure'
 (Joint-Marie Curie Laboratory for Membrane Proteins and the Biology Department)
 (23 January 2007)

An tOllamh/Professor Michael Bidochka

Department of Biological Sciences, Brock University, Ontario, Canada
 'Insects as model hosts to study microbial pathogenesis'
 (2 February 2007)

An tOllamh/Professor Mark Blaxter

Department of Biological Sciences, University of Edinburgh
 'Patterns and processes in the evolution of nematode genetics'
 (16 February 2007)

An Dr/Dr Susan Mason

Nonlinear Dynamics, Newcastle upon Tyne, UK
 'SameSpots: Unique technology delivering a major advance for 2D proteomics'
 (19 February 2007)

An Dr/Dr Angus Bell

Microbiology Department, Trinity College Dublin
 'Disassembling Malaria: Investigation of plasmodium microtubules as drug targets'
 (2 March 2007)

An Dr/Dr Sinead Miggin

Department of Biology, NUI Maynooth
 'Investigations into the role of Toll-like receptors and Caspase-1 in inflammation'
 (16 March 2007)

An Dr/Dr Denis Alexander

Director, Faraday Institute for Science and Religion at St. Edmund's College,
 and Senior Affiliated Scientist at The Babraham Institute, Cambridge University, UK
 'Tyrosine kinases, Bcl-xL deamidation, pH regulation and a possible new approach to cancer therapy'
 (20 April 2007)

An tOllamh/Professor John Findlay

Department of Biology, NUI Maynooth
 'Membrane proteins: From human dysfunction to molecular - and back again'
 (Joint-Marie Curie Laboratory for Membrane Proteins and the Biology Department)
 (10 May 2007)

An tOllamh/Professor Phil Hodgkin

Walter and Eliza Hall Institute (WEHI), Melbourne, Australia
 'Immunology Masterclass'
 (16 July 2007)

An Dr/Dr Colin Bingle

University of Sheffield Medical School, Royal Hallamshire Hospital, Sheffield, UK
 'Pluncs; a vertebrate restricted family of innate immune molecules?'
 (16 March 2007)

An Dr/Dr Frank Wellmer

Plant Developmental Genetics Laboratory, Trinity College Dublin
 'Regulatory networks in plant development'
 (28 September 2007)

An Dr/Dr Anne McGettick-Dillon

School of Biochemistry & Immunology, Trinity College Dublin
 'How regulating our TRAM system may help prevent autoimmune disorders. The role of TRAM in toll-like receptor signaling'
 (12 October 2007)

An Dr/Dr Marcello Ruta

Department of Earth Sciences, University of Bristol, UK
 'Emerging complexity and the radiation of limbed vertebrates: Diversity, disparity and rates of character change'
 (26 October 2007)

An Dr/Dr Mark Caddick

School of Biological Sciences, University of Liverpool, UK
 'A simple regulatory model gains complexity: Post-genomic analysis of nitrogen regulation in *Aspergillus*'
 (16 November 2007)

Faculty of Social Sciences

Introduction

The Faculty of Social Sciences includes the following departments:

Adult and Community Education
 Anthropology
 Applied Social Studies
 Business & Law
 Economics, Finance and Accounting
 Education
 Geography
 Sociology
 National Institute for Regional and Spatial Analysis (NIRSA)

In the course of the past year the Department of Business and Law was established within the Faculty. This department offers a range of programmes of undergraduate and postgraduate programmes and in the past year offered the first Law courses in Law within the University – Law and Arts and Business and Law.

This Report draws attention to the central role of the Faculty of Social Sciences, not only within NUI Maynooth but further afield also. Social Sciences courses at undergraduate and postgraduate level account for 2267.329 FTE's of a total population of 6012.

The past year saw a number of major new initiatives within the Faculty. Work continued on the development of a Graduate School; the ongoing research agenda was developed through the successful application to PRTL Cycle 4 by NIRSA; the submission to Irish Aid led by the Department of Anthropology and the Institute of Immunology and also a successful networking bid by the Department of Adult and Community Education. All departments within the Faculty are in the process of completing their Departmental Quality Reviews, the cycle of which has been changed from ten years to five years.

In the coming year the Faculty will play an active part in implementing elements of the University's successful SIF bid, particularly as it affects the University's participation in the Dublin Region Higher Education Alliance (DRHEA).

The developments in the Graduate School will continue and it is expected that a further Irish Aid call will materialise.

I would like to thank all members of Faculty for their goodwill and co-operation in the course of the past year. In particular, I wish to thank Dr Rebecca King-Ó Riain, Faculty Secretary and Ms Breeda Behan, Administrative Officer in the Deans' Office.

Professor Tom Collins
 Dean
 Faculty of Social Sciences

Dámh na nEolaíochtaí Sóisialta

Réamhrá

Tá na ranna seo a leanas mar chuid de Dhámh na n-Eolaíochtaí Sóisialta:

Oideachas Aosach agus Pobail
Antraipeolaíocht
Staidéar Sóisialta Feidhmeach
Dlí & Gnó
Eacnamaíocht, Airgeadas & Cuntasaíocht
Oideachas
Tíreolaíocht
Socheolaíocht
Institiúid Náisiúnta um Spásanailís agus Anailís Réigiúnach (NIRSA)

Sa bhliain a chuaigh thart, bunaíodh Roinn Dlí agus Gnó sa Dámh. Déanann an roinn seo réimse leathan clár a thairiscint ag leibhéal fochéime agus iarchéime agus, le bliain anuas, rinneadh cúrsaí sa Dlí san Ollscoil - Dlí agus na Dána chomh maith le Dlí agus Gnó - a thairiscint den chéad uair.

Déanann an Tuarascáil seo aird a tharraingt ar an ról lárnach atá ag Dámh na nEolaíochtaí Sóisialta, ní hamháin in OÉ Má Nuad ach níos faide ó bhaile freisin. Is fiú 2267.329 FTE as daonra iomlán de 6012 iad cúrsaí fochéime agus iarchéime na n-Eolaíochtaí Sóisialta.

Le bliain anuas, cuireadh tús le roinnt mórthionscnaimh nua sa Dámh. Leanadh den obair a bhí á déanamh ar Scoil Iarchéime a fhorbairt; tugadh an clár oibre do thaighde leanúnach céim eile chun cinn nuair a d'éirigh le hiarratas NIRSA ar Thimthriall 4 de chuid PRTL; rinneadh iarratas freisin ar Irish Aid, treoraithe ag Roinn na hAntraipeolaíochta agus ag an Institiúid Imdhíonachta chomh maith le tairiscint líonraithe ar éirigh leis, déanta ag an Roinn Oideachais Aosaigh agus Pobail. Tá gach roinn sa Dámh i mbun Athbhreithniú Cáilíochta Roinne a chríochnú i láthair na huaire agus tá an timthriall sin athraithe ó dheich mbliana go cúig bliana.

Sa bhliain atá amach romhainn, beidh ról gníomhach ag an Dámh i leith gnéithe de thairiscint SIF na hOllscoile a chur i bhfeidhm, go háirithe ó thaobh na héifeachta atá aige ar pháirtíocht na hOllscoile i gComhaontas Ard-Oideachais Réigiún Bhaile Átha Cliath (DRHEA).

Leanfar de na forbairtí ar an Scoil Iarchéime agus táthar ag súil go dtiocfaidh glooch eile ó Irish Aid.

Ba mhaith liom buíochas a ghabháil le baill foirne na Dáimhe as ucht a gcuid dea-thola agus a gcomhoibrithe le bliain anuas. Ba mhaith liom buíochas faoi leith a ghabháil leis an Dr. Rebecca King-Ó Riain, Rúnaí na Dáimhe agus le Breeda Behan, Uas., Oifigeach Riaracháin in Oifig an Déin.

An tOllamh Tom Collins

Lodge, A. and R. Malone

"'Let us have womanly ways': gender differences in seeking
and accessing promoted posts in Irish education".

*32nd Annual Conference of the Educational Studies
Association of Ireland*,
Cavan (30 March 2007)

Lodge, A. and M. Feeney

'Girls think it's a kind of man's subject': Examining the
quality of student information and support in considering
engineering as a career option.

*32nd Annual Conference of the Educational Studies
Association of Ireland*,
Cavan (30 March 2007)

Lodge, A. and M. Clarke

'Voices in Teacher Education: Enhancing Educational Quality
through Critical Dialogue'.

*Annual Conference of the American Educational Research
Association*,
Chicago, USA (12 April 2007)

Lodge, A. and C. McAvinia

'The use of audience response software for attitudinal
research in teaching'.

Fifth Annual Teaching and Learning Conference,
NUI Galway (8 June 2007)

Malone, A.

'The Role of Senior School Leadership in promoting a
Teaching and Learning agenda at Whole School Level'
Educational Studies Association of Ireland,
Cavan (March 2007)

'Easing the Transition from Primary into Post Primary'

Presentation to the staff and parents, St. Louis' High School,
Rathmines (25 October 2007)

'Leading Learning in the 21st Century'

Leadership Development for Schools,
Adare, Co. Limerick (15 November 2007)

Malone R.

'Early School leaving and the Problem of Quality'

Educational Studies Association of Ireland (30 March 2007)

'Refusing the Gift? Curriculum, Pedagogy and Early School
Leaving'

AERA Annual Meeting, Chicago (11 April 2007)

Educational Disadvantage and Learning Support

Church of Ireland College of Education (16 April 2007)

'Building social capital: reconstructing habitus'

ESRC seminar series,
Strathclyde University, Glasgow (20 June 2007)

'Mixed Ability Teaching'

One day seminar for teachers.

St Louis Secondary School, Monaghan (28 August 2007)

*Briefing to Guidance Counsellors regarding B. Sc (Education)
degree*

NUI Maynooth (11 September 2007)

Talks regarding B. Sc (Education) *Maynooth Open Day* (23
November 2007)

Quirke-Bolt, N., C. McAvinia, L. Jennings and N. Metcalfe

'Moodle at NUIM: Bridging the Gaps'

Moodle Moot Conference, Royal College of Surgeons in
Ireland (6 February 2007)

Quirke-Bolt, N. and N. Metcalfe

'Collaborative Classroom Projects using Wiki's'

Computer Education Society of Ireland (CESI) Conference,
Dublin (17 February 2007)

Quirke-Bolt, N. and A. MacAllister

'The Janus Challenge: Teaching and Learning & Technology'

*Educational Studies Association of Ireland (ESAI)
Conference*, Cavan (30 March 2007)

Quirke-Bolt, N. and G. Smith

'Continuous Professional Development in a new key: Reviewing key themes in the TL21 project'
Joint Managerial Body / Association of Management of Catholic Secondary Schools Conference (JMB/AMCSS), Galway (3 May 2007)

Quirke-Bolt, N. and N. Metcalfe

'Linking for Learning - Collaborative Project Work'
National Educational Computer Conference (NECC), International Society of Technology Education (ISTE), Atlanta, Georgia, USA (25 June 2007)

Rickard, A. and T. Collins

'Staff Development Day'
RACE Seminar
Kildare (1 September 2007)

Tíreolaíocht/Geography

Bartley, B.

Discussant and Session Chair 'Mapping the Border Territories'
An Audit of Community Development in the Border Region, Cross Border Centre for Community Development, Dundalk Institute for Technology (26 February 2007)
