# PARISH & TOWN CENSUS STATISTICS

These concise tabulations list the basic results of the 2001 Census derived by Suffolk County Council from data on [www.neighbourhood.statistics.gov.uk/dissemination/](http://www.neighbourhood.statistics.gov.uk/dissemination/). All the parishes are included here whereas more detailed information is only available for individual parishes that are above particular thresholds (to do with population size and the number of households). As this data constitutes a snapshot for 29 April 2001, the Council intends to update the figures with estimates of total population and counts of dwelling stock on a regular basis using locally sourced information.
