REUTERS SUMMITS EXCLUSIVE BREAKING NEWS MARKETS LISTEN TO

WHAT ARE REUTERS SUMMITS?

Reuters Summits give clients unparalleled access to breaking news and views from the movers and shakers in key industries, markets and countries. Hundreds of top CEOs, central bank heads, major investors, government leaders and regulators talk to our team of reporters in closed sessions worldwide during more than 30 Summits a year – leading to packages of 50-100 exclusive news stories, videos, blog postings and other news items from each. Often these stories have a market impact, whether on individual securities, entire sectors or the wider markets.

Customers of Thomson Reuters products, such as Thomson Reuters Eikon, Reuters 3000 Xtra and Thomson ONE, get exclusive, direct and instant access to content from Reuters Summits, providing a huge advantage over clients of other news services. The stories later are posted on www.reuters.com/summits. Transcripts from Reuters Summits are also available to clients who have access to Thomson Reuters StreetEvents. Reuters Summits provide valuable insight into companies, market sectors, and economies that you will not get elsewhere.
