Learning Materials

Covering the main subject areas, teachers can quickly and easily engage pupils through the use of interactive resources, worksheets, and lesson plans.

External Resources

Britannica also provides the user with additional research capabilities through direct access to journals and magazines plus more than 100,000 educationally-safe and relevant websites.

Live Feeds

'This Day in History' and 'Biography of the Day' plus live newsfeeds from children's BBC, ABC, Behind the news, etc. all present the user with up-to-date information and new topical ideas.

Workspace

You can add and save any Britannica resource into your own personal workspace for use at any time. It's easily shareable too.

Engaging Content

It also contains soft content like Spotlight, Britannica Classics, Biographies, and Year in Review. The content covers a range of education-based topics bringing together relevant resources from Britannica into one convenient place.

Timelines

Trace selected topics through history with this interactive tool.

Geography Features

World Atlas integrated with Google maps, Compare Countries, Geography Explorer for Kids, Discover Asia, and Discover our World.

Dictionary and Thesaurus

Students can quickly and easily expand their vocabulary by simply double-clicking on any word in an article to get a dictionary definition.

Articles

Students, teachers and parents all have access to what Encyclopædia Britannica is famous for—articles. Over 125,000 articles written by renowned contributors from around the world and edited by Britannica for you.

Media-rich Content

Invigorate teaching and learning by supplementing your topics with the use of full length video, flash-based interactive games, illustrations, animations, video clips, pictures, and audio clips.
