

**Active substances / product type combinations
for which all participants have withdrawn or for which no complete dossier has been submitted
within the time period specified in Annexes V and VIII to Commission Regulation (EC) No**

In accordance with Articles 8 (3) and 9(5) of Regulation (EC) No 2032/2003, the Commission shall inform the Member States if a situation arises where, as regards a particular existing active substance/product type combination, all the participants have withdrawn or no dossier has been received within the time period specified in Annexes V and VIII to that Regulation. That information shall also be made public by electronic means.

The following list contains:

- Active substances notified in product types 16, 18, 19 and 21, for which the dossiers submitted by the deadline of 30 April 2006 could not be accepted as complete;
- Sorbic acid, which was notified in product type 8 and for which no dossiers was submitted by the deadline of 28 April 2004. A dossier was however submitted for potassium sorbate and is currently under evaluation;
- Other active substance / product type combinations, for which all participants have withdrawn recently;

Within three months of the publication of this notice, a producer, formulator, association or other person wishing to take over the role of participant as regards the existing active substance/product type combination shall inform the Commission accordingly. Such information shall be sent to:

European Commission
Directorate-General Environment
Unit B-3, Office Bu-9, 6-163
B-1049 Brussels
Or by e-mail to: ENV-Biocides@ec.europa.eu

Within the same time period, Member States may indicate to the Commission that they are interested to take over the role of a participant for one or more of the listed active substance / product type combinations.

Where the Commission receives no response within three months, a decision shall be taken not to include the existing active substance in Annex I, IA or IB to Directive 98/8/EC for the product type(s) concerned.
