Aristocrat's newest Hyperlink Slot, JAWS™ makes world premiere at Sycuan Casino

Just when you thought it was safe to go back to the casino, Aristocrat Technologies is unleashing the video slot game everyone will be talking about, *JAWS™*! The new video slot game starts swimming its way into players' hearts when it makes its world premiere today at Sycuan Casino in El Cajon, Calif.

JAWS™ is based on the Academy Award®-winning film franchise and submerges the player in a total experience. The fun begins the minute players sit down in their chair. Then, a nervous flick of a finger on the "shark tooth" spin button, and the game begins. From deep inside the slot, the familiar spine-tingling JAWS™ theme music sets the tone, but JAWS is more fun than dangerous. In fact, players can win one of four Hyperlink® progressive jackpots and fun bonus games keep players in the "water" longer. Completing the experience, an electro-mechanical buoy topper lights up and sounds off a bell during game play, and shark "gills" cover the speakers.

JAWS™ is driven by Aristocrat's powerful GEN7™ platform, resulting in state-of-the-art video and amazing sound quality for some of the best slot play anywhere. Encasing the game is the award-winning *VIRIDIAN™* cabinet, complete with blue water bubble trim and edge lighting that illuminates during game play.

Sycuan Casino is welcoming the state-of-the-art slot experience with an entire evening of fun and excitement. The Champagne Showgirls will be on hand to teach people how to play JAWS™, hand out shark key chains and pocket toys. There will be music and much more.
