Crystal Clear Skin in one bottle.

Beauty in every precious drop.

After relentlessly studying over 350 strains of yeast, Pitera™ was discovered. The unique strain's natural efficacy has been keeping skin youthful since its discovery over 30 years ago, and that's why its formula has been left unchanged.

SK-II

The Miracle of Pitera™

Around 1970, SK-II began devoting itself to find a natural ingredient to create a skin miracle. On a special occasion, the secret of perfect skin was found in the hands of an old brewmeister at a sake brewery which were white and smooth as those of a baby. It inspired SK-II to analyze the yeast fermentation process. Finally, SK-II succeeded in finding the special yeast to produce Pitera™, the key to crystal clear skin.
