Statistics are current as of: 9/30/2015

The National Forest System (NFS) is comprised of:

- 154 National Forests
- 57 Purchase Units
- 20 National Grasslands
- 7 Land Utilization Projects
- 16 Research and Experimental Areas
- 28 Other Areas

NFS lands are found in 43 States as well as Puerto Rico and the Virgin Islands.

Total NFS acres as of 9/30/2015 = 192,922,127

NFS lands are organized into:

- 9 Forest Service Regions
- 114 Administrative Forest or Forest-level units
- 515 Ranger District or District-level units

The Forest Service administers 127 Wild and Scenic Rivers in 23 States, and 446 National Wilderness Areas in 39 States.

The FS also administers several other types of Congressionally-designated areas:

- 1 National Historic Area in 1 State
- 1 National Scenic Research Area in 1 State
- 1 Scenic Recreation Area in 1 State
- 1 Scenic Wildlife Area in 1 State
- 2 National Botanical Areas in 1 State
- 2 National Volcanic Monument Areas in 2 States
- 2 Recreation Management Areas in 2 States
- 6 National Protection Areas in 3 States
- 8 National Scenic Areas in 6 States
- 10 National Monument Areas in 5 States
- 12 Special Management Areas in 5 States
- 21 National Game Refuge or Wildlife Preserves in 12 States
- 22 National Recreation Areas in 20 States

## **Acreage Calculation**

LAR table data is generated from the FS electronic Land Status Record System (LSRS) geodatabase. Spatial feature data is stored in the geodatabase in geographic coordinates (decimal degrees). LSRS data layers are overlaid in various combinations to generate data for the 28 LAR tables. Acreage values are projected and calculated from the geometries of the overlay features. Geographic coordinates are projected using the Alaska Albers Equal Area Conic projection for Region 10 (Alaska) and the North American Albers Equal Area Conic projection for the other 8 FS Regions.

## Land Areas Report – Glossary of Terms

<b>Total/Gross Acreage</b>	<b>NFS Acreage</b>	<b>Other Acreage</b>
Sum of NFS and non-NFS acreages.	Areas that fall within one of the National Forest System designations described below.	Areas located within NFS boundaries that are not federally owned or administered by the Forest Service.

### General Area Kinds

#### National Forest System

A nationally significant system of Federally owned units of forest, range, and related land consisting of national forests, purchase units, national grasslands, land utilization project areas, experimental forest areas, experimental range areas, designated experimental areas, other land areas, water areas, and interests in lands that are administered by the USDA Forest Service or designated for administration through the Forest Service. Also see Section 11 of Forest and Rangeland Renewable Resources Planning Act of 1974 (P.L. 93-378, 88 Stat. 476, 16 U.S.C. 1609).

#### National Forest

A unit formally established and permanently set aside and reserved for National Forest purposes.

#### Purchase Unit

A unit designated by the Secretary of Agriculture or previously approved by the National Forest Reservation Commission for purposes of Weeks Law acquisition.

#### National Grassland

A unit designated by the Secretary of Agriculture and permanently held by the Department of Agriculture under Title III of the Bankhead-Jones Farm Tenant Act.

**Land Utilization Project**

A unit designated by the Secretary of Agriculture for conservation and utilization under Title III of the Bankhead-Jones Farm Tenant Act.

**Research and Experimental Area**

A unit reserved and dedicated by the Secretary of Agriculture for forest or range research and experimentation.

**National Preserve**

A unit established to protect and preserve scientific, scenic, geologic, watershed, fish, wildlife, historic, cultural, and recreational values; and to provide for multiple use and sustained yield of its renewable resources.

**Other Area**

An area administered by the Forest Service that is not included in one of the above groups.

**Region**

A large geographic area containing units of the National Forest System.

**National Forest System Special Designated Areas****National Forest Wilderness Areas**

Areas designated by Congress as a part of the National Wilderness Preservation System.

**National Forest Primitive Areas**

Areas designated by the Chief of the USDA Forest Service as primitive areas. They are administered in the same manner as national wilderness areas, pending studies to determine suitability as a component of the National Wilderness Preservation System.

**National Wild and Scenic River Areas**

Areas designated by Congress as part of the National Wild and Scenic River System.

**National Recreation Areas**

Areas established by Congress for the purpose of assuring and implementing the protection and management of public outdoor recreation opportunities.

**National Scenic-Research Area**

Areas established by Congress to provide use and enjoyment of certain ocean headlands and to insure protection and encourage the study of the area for research and scientific purposes.

**National Game Refuges and Wildlife Preserve Areas**

Areas designated by Presidential Proclamation or by Congress for the protection of wildlife.

**National Monument Areas**

Areas including historic landmarks, historic and prehistoric structures, and other objects of historic or scientific interest, declared by Proclamation or by Congress as national monuments.

**Common Abbreviations**

<b>NF</b>	National Forest
<b>NFS</b>	National Forest System
<b>PU</b>	Purchase Unit
