**CHILDREN'S PROGRAMMING CHANGES PUBLIC FILE REPORT**

(Third Quarter 2015)

FCC regulations require us to notify the public when one of our core children's programs is preempted and/or rescheduled. NBC29's Kids programming blocks on Saturday and Sunday mornings are currently as follows and we predict they will remain the same through Fourth Quarter 2015. All shows continue to target children 2-5 years old. Please continue to monitor this site for children's programming updates.
