EQUAL CHANCES FOR ATHLETES EVERYWHERE

Olympic Scholarships for Athletes "Rio 2016" programme

The International Olympic Committee (IOC), through Olympic Solidarity, constantly seeks to encourage the practice of sport and athletes throughout the world by offering the National Olympic Committees (NOCs) a large number of programmes that cover the different development stages in an athlete's career, from its beginnings in the junior ranks up to the highest sphere of elite sport.

It was in 1992, on the occasion of the XXV Olympiad in Barcelona that the idea to offer specific financial and technical support to athletes preparing for the Olympic Games first appeared. Six Olympiads later, this assistance became the cornerstone of the Olympic Solidarity programmes, offering athletes from less privileged countries or with limited resources the chance to prepare and qualify for the Olympic Games Rio 2016.

A budget of **USD 22,000,000** has provided individual and personalised support to **1,557 athletes** from **185 NOCs**, allowing them to compete on a level playing field with their counterparts from areas of the world with different needs and to be in a position to claim a place in the arena of the biggest sporting festival in the world.

Olympic Solidarity wishes to thank all those behind the success of this programme: the athletes, the NOCs, the continental associations of NOCs, the International Federations (IFs), the National Federations (NFs), the training centres, the organising committee and all other partners without whom it would not have been possible.

THANK YOU!

ATHLÈTES DU MONDE ENTIER SUR UN PIED D'ÉGALITÉ

Programme de bourses olympiques pour athlètes « Rio 2016 »

Le Comité International Olympique (CIO), au travers de la Solidarité Olympique, recherche constamment à encourager la pratique d'activités sportives et les athlètes dans le monde en offrant aux Comités Nationaux Olympiques (CNO) un nombre important de programmes destinés à couvrir les différentes étapes du développement dans la carrière d'un athlète, de ses débuts dans les rangs juniors jusqu'à la sphère plus élevée du sport d'élite.

C'est en 1992, à l'occasion des Jeux de la XXV^e Olympiade à Barcelone, qu'est née l'idée d'offrir une aide financière et technique spécifique aux athlètes se préparant pour les Jeux Olympiques. Six Olympiades plus tard, cette assistance est devenue le fer de lance des programmes de la Solidarité Olympique, offrant ainsi la possibilité à des athlètes de pays moins privilégiés ou avec des ressources limitées de se préparer et se qualifier pour les Jeux Olympiques de Rio 2016.

Un budget de **22 000 000 USD** a permis d'offrir un soutien individuel et personnalisé à **1 557 athlètes** venant de **185 CNO** leur permettant ainsi de se placer sur un pied d'égalité avec leurs homologues issus de régions du monde qui ne connaissent pas les mêmes besoins et ainsi pouvoir prétendre à une place dans l'arène de la plus grande fête sportive du monde.

La Solidarité Olympique remercie tous les acteurs qui ont joué un rôle clé dans le succès de ce programme: les athlètes, les CNO, les associations continentales de CNO, les Fédérations Internationales (FI), les Fédérations Nationales (FN), les centres d'entraînement, le comité d'organisation et les autres partenaires sans qui tout ceci n'aurait pas été possible.

MERCI!

10 additional scholarships were also awarded to the Refugee Olympic Team (R.O.T.), 4 women and 6 men.

10 bourses supplémentaires ont été accordées à l'équipe olympique des réfugiés (R.O.T.), 4 femmes et 6 hommes.

Objective of the programme

Help elite athletes selected by their respective NOCs to prepare and qualify for the Games of the XXXI Olympiad Rio 2016, with particular attention given to athletes and NOCs with financial difficulties.

Objectif du programme

Aider les athlètes d'élite désignés par leurs CNO respectifs à se préparer et à se qualifier pour les Jeux de la XXXI^e Olympiade à Rio en 2016, avec une attention particulière aux athlètes et aux CNO ayant des difficultés financières.

Procedure for selecting the athletes and allocating an Olympic scholarship

- The NOCs and the NFs identify potential candidates for an Olympic scholarship.
- The NOC selects the Olympic scholarship candidates and sends their files to Olympic Solidarity.
- Each file is analysed in consultation with the IFs concerned, which give their opinion on the technical merit of the scholarship candidate.
- The final allocation decision lies with Olympic Solidarity, which informs the NOC of the actual allocation of the Olympic scholarships.

Procédure de sélection des athlètes et d'allocation d'une bourse olympique

- Les CNO et les FN identifient les candidats potentiels à une bourse olympique.
- Le CNO sélectionne les candidats à une bourse olympique et transmet leurs dossiers à la Solidarité Olympique.
- Chaque dossier est analysé en consultation avec les FI concernées qui se prononcent sur le mérite technique du candidat à la réception d'une bourse.
- La décision finale de l'allocation est du ressort de la Solidarité Olympique qui informe le CNO de l'attribution définitive des bourses olympiques.

Profile of Olympic scholarship holders

The candidates needed to have had a high enough sporting level to have the possibility to qualify for the Olympic Games Rio 2016 and must have taken part in international level competitions recognised by the summer sports IFs.

For their part, the NOCs needed to ensure that athletes who were sanctioned for failing to comply with the standards of sporting ethics as established by the Olympic Charter and the IOC were not submitted as candidates to obtain an Olympic scholarship.

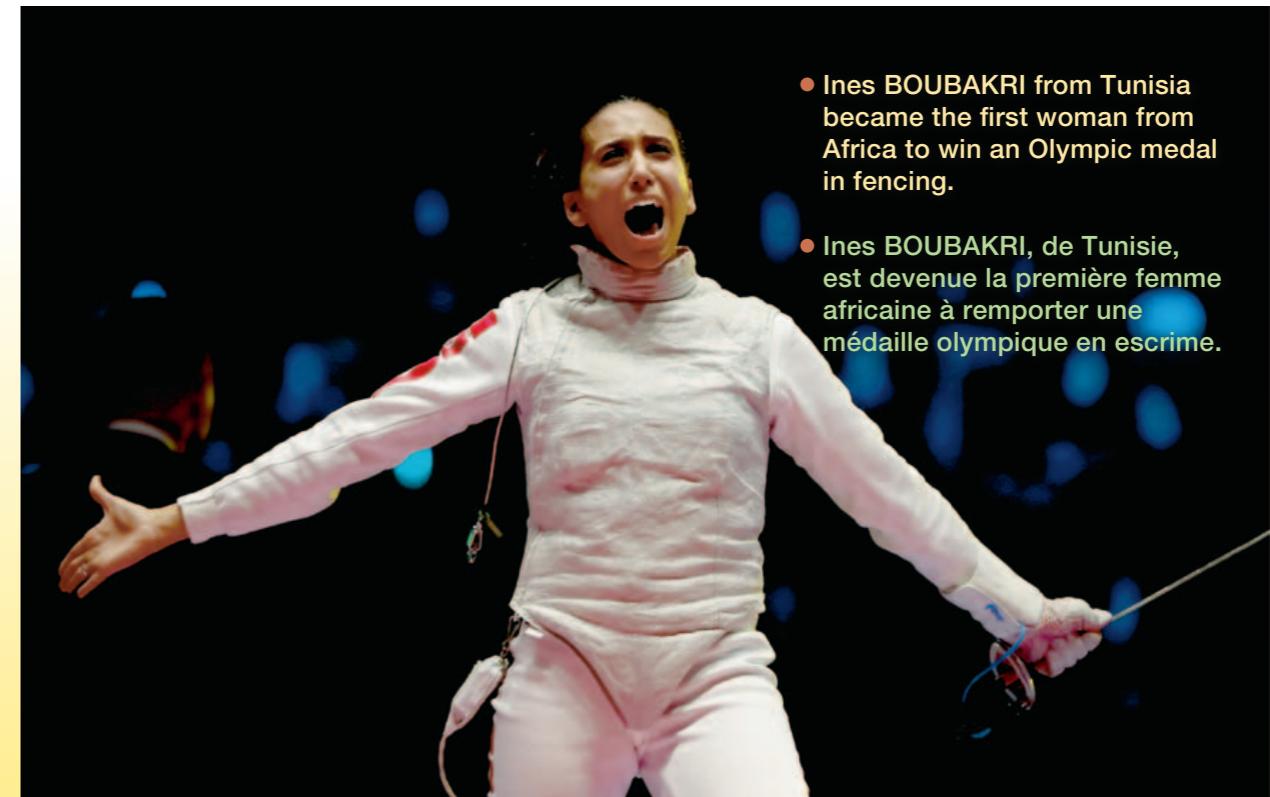

The NOCs were also invited to make every effort to submit a fair balance of male and female candidates, for whom an Olympic scholarship would have a significant impact on their training and who did not have any other financial means for their preparations.

Profil des candidats boursiers olympiques

Les candidats devaient faire preuve d'un niveau technique sportif suffisant leur permettant de prétendre à une qualification pour les Jeux Olympiques de Rio 2016 et avoir pris part à des compétitions de niveau international reconnues par les FI des sports d'été.

De leur côté, les CNO devaient s'assurer que les athlètes ayant été condamnés pour des actions contraires à l'éthique sportive telles qu'établies par la Charte olympique et le CIO ne soient pas présentés comme candidats à l'obtention d'une bourse olympique.

Les CNO étaient également invités à proposer un nombre équitable de candidatures féminines et masculines pour qui l'octroi d'une bourse olympique avait un impact significatif sur leur entraînement et qui ne disposaient d'aucun autre moyen de financement pour se préparer.

• Ines BOUBAKRI from Tunisia became the first woman from Africa to win an Olympic medal in fencing.

• Ines BOUBAKRI, de Tunisie, est devenue la première femme africaine à remporter une médaille olympique en escrime.

Monitoring

As soon as they became Olympic scholarship holders, all athletes were subject to ongoing monitoring. Olympic Solidarity established a reporting procedure to suit each available training option, enabling the scholarship holders' performances to be measured regularly and efficient monitoring to be conducted. Participation in the various qualification competitions was an important part of this athlete monitoring.

Le suivi

Une évaluation constante de chacun des athlètes a été effectuée dès qu'ils sont devenus boursiers olympiques. La Solidarité Olympique a établi une procédure de reporting adaptée à chaque type d'option d'entraînement disponible pour mesurer les performances des boursiers de manière régulière et assurer un contrôle et un suivi efficaces. La participation aux différentes compétitions de qualification a été une partie importante du suivi de l'athlète.

Advantages of an Olympic scholarship

The decision on whether the athletes train at home or abroad in a partner high-level training centre depends on the needs of the athletes, the needs of their sport and the wishes of their NOC.

An Olympic scholarship may contribute to the following:

- appropriate training facilities;
- a specialist coach for the relevant discipline;
- assistance and regular medical and scientific check-ups;
- accident and illness insurance;
- full-board accommodation;
- financial assistance for taking part in the Olympic qualification events.

Avantages d'une bourse olympique

La décision quant à savoir si les athlètes s'entraînent chez eux ou à l'étranger dans un centre d'entraînement de haut niveau, dépend exclusivement des besoins des athlètes, des nécessités de leur sport et de la demande du CNO.

Une bourse olympique pourrait contribuer à ce qui suit:

- installations d'entraînement adéquates;
- entraîneur spécialisé dans la discipline sportive concernée;
- assistance et contrôle régulier en matière médicale et scientifique;
- assurance accident et maladie;
- hébergement en pension complète;
- aide financière pour la participation aux compétitions de qualification olympique.

- Dilshod NAZAROV won the first gold medal at the Olympic Games for Tajikistan.
- Dilshod NAZAROV a décroché la première médaille d'or aux Jeux Olympiques pour le Tadjikistan.

Close and fruitful collaboration

Olympic Solidarity has strived to ensure optimum training conditions for all the athletes concerned, and to this end it works with various high-level training centres around the world. In the framework of this network, Olympic Solidarity works closely with a number of NOCs, IFs and independent centres, which make their facilities available and supervise the scholarship holders.

This allows many athletes who may never have had access to such a level of training, to benefit from the experience, skills and facilities within these institutions. Olympic Solidarity would therefore like to thank all its partners who welcomed Olympic scholarship holders "Rio 2016":

- Comité National Olympique et Sportif Français: Centre Régional Jeunesse et Sport Petite Couronne, Seine Maritime (FRA)
- United States Olympic Committee: USOC High Performance Training Centre (HPTC), Colorado Springs (USA)
- International Association of Athletics Federation: HPTCs (Eldoret, Dakar, Mauritius, Cologne, Gold Coast and Beijing)
- United World Wrestling: Centre in Thies (SEN)
- International Cycling Union: World Cycling Centre, Aigle (SUI)
- International Judo Federation: Centres in Tashkent (UZB), Cly (ROU) and Budapest (HUN)
- World Archery Federation: Centre in Bangkok (THA)
- Centro de Alto Rendimiento San Cugat (ESP)
- World Rowing Federation
- International Table Tennis Federation

Une collaboration étroite et fructueuse

La Solidarité Olympique s'est efforcée d'assurer les conditions d'entraînement optimales pour chacun des athlètes concernés et c'est dans cette optique qu'elle a fait appel aux services de différents centres d'entraînement de haut niveau dans le monde. Dans le cadre de ce réseau, la Solidarité Olympique collabore étroitement avec un certain nombre de CNO, de FI et centres indépendants qui mettent à disposition leurs infrastructures et qui supervisent les athlètes boursiers.

Ceci a permis à de nombreux athlètes qui n'auraient certainement jamais pu accéder à un tel niveau d'entraînement de bénéficier de l'expérience, des compétences et des moyens à disposition au sein de ces institutions. La Solidarité Olympique remercie tous les partenaires qui ont accueilli les boursiers olympiques «Rio 2016»:

- Comité National Olympique et Sportif Français: Centre Régional Jeunesse et Sport Petite Couronne, Seine Maritime (FRA)
- United States Olympic Committee: USOC High Performance Training Centre (HPTC), Colorado Springs (USA)
- Association internationale des fédérations d'athlétisme (IAAF): HPTCs (Eldoret, Dakar, Maurice, Cologne, Gold Coast and Beijing)
- Fédération mondiale de lutte (UWW): Centre à Thies (SEN)
- Union Cycliste Internationale (UCI): Centre Mondial du Cyclisme, Aigle (SUI)
- Fédération internationale de judo (IJF): Centres à Tashkent (UZB), Cly (ROU) et Budapest (HUN)
- Fédération mondiale de tir à l'arc (WA): centre à Bangkok (THA)
- Centro de Alto Rendimiento San Cugat (ESP)
- Fédération Internationale des Sociétés d'Aviron (FISA)
- Fédération internationale de tennis de table (ITTF)

Refugee Olympic Team, a message of hope for the planet

Following the approval of Olympic Agenda 2020, the IOC's strategic roadmap for the future of the Olympic Movement, and in light of the prevailing global refugee crisis, the IOC created a special fund of USD 2 million to develop relief projects through sport in collaboration with NOCs around the world.

In parallel, during a speech to the United Nations General Assembly, the IOC President announced the participation of top-level refugee athletes at the Olympic Games Rio 2016.

The NOCs were asked to identify any refugee athlete with the potential to qualify for the Olympic Games Rio 2016. Such candidates could then receive funding from Olympic Solidarity to assist with their preparations and qualification efforts.

The participating athletes and the other members of the Refugee Olympic Team (R.O.T.) were named by the IOC Executive Board in June 2016. The nomination criteria included sporting level, official refugee status verified by the UNHCR, and personal situation and background.

Ten refugee athletes, fully supported by Olympic Solidarity both technically and financially, took part in the Olympic Games Rio 2016. They have acted as a symbol of hope for the 60+ million refugees worldwide and brought global attention to the magnitude of the refugee crisis.

Équipe olympique des réfugiés, un message d'espoir planétaire

À la suite de l'adoption de l'Agenda olympique 2020, la feuille de route stratégique du CIO pour l'avenir du Mouvement olympique, et au vu de la crise des réfugiés sévissant à l'échelle mondiale, le CIO a débloqué un fonds d'urgence spécial de deux millions de dollars américains (USD) pour mettre sur pied des projets d'aide par le sport en collaboration avec les CNO du monde entier.

Parallèlement, lors d'un discours devant l'Assemblée générale des Nations Unies, le président du CIO annonçait la participation d'athlètes réfugiés de haut niveau aux Jeux Olympiques de Rio 2016.

Les CNO ont été priés d'identifier tout athlète réfugié susceptible de pouvoir se qualifier pour les Jeux Olympiques de Rio 2016. Ces candidats ont ensuite pu recevoir une aide financière de la Solidarité Olympique pour leurs préparatifs en vue de leur éventuelle qualification.

Les athlètes participants et les autres membres de l'équipe olympique des réfugiés (R.O.T.) ont été désignés par la commission exécutive du CIO en juin 2016. Les critères de sélection comprenaient le niveau sportif, le statut officiel de réfugié vérifié par le HCR, la situation personnelle et le parcours de chacun des athlètes.

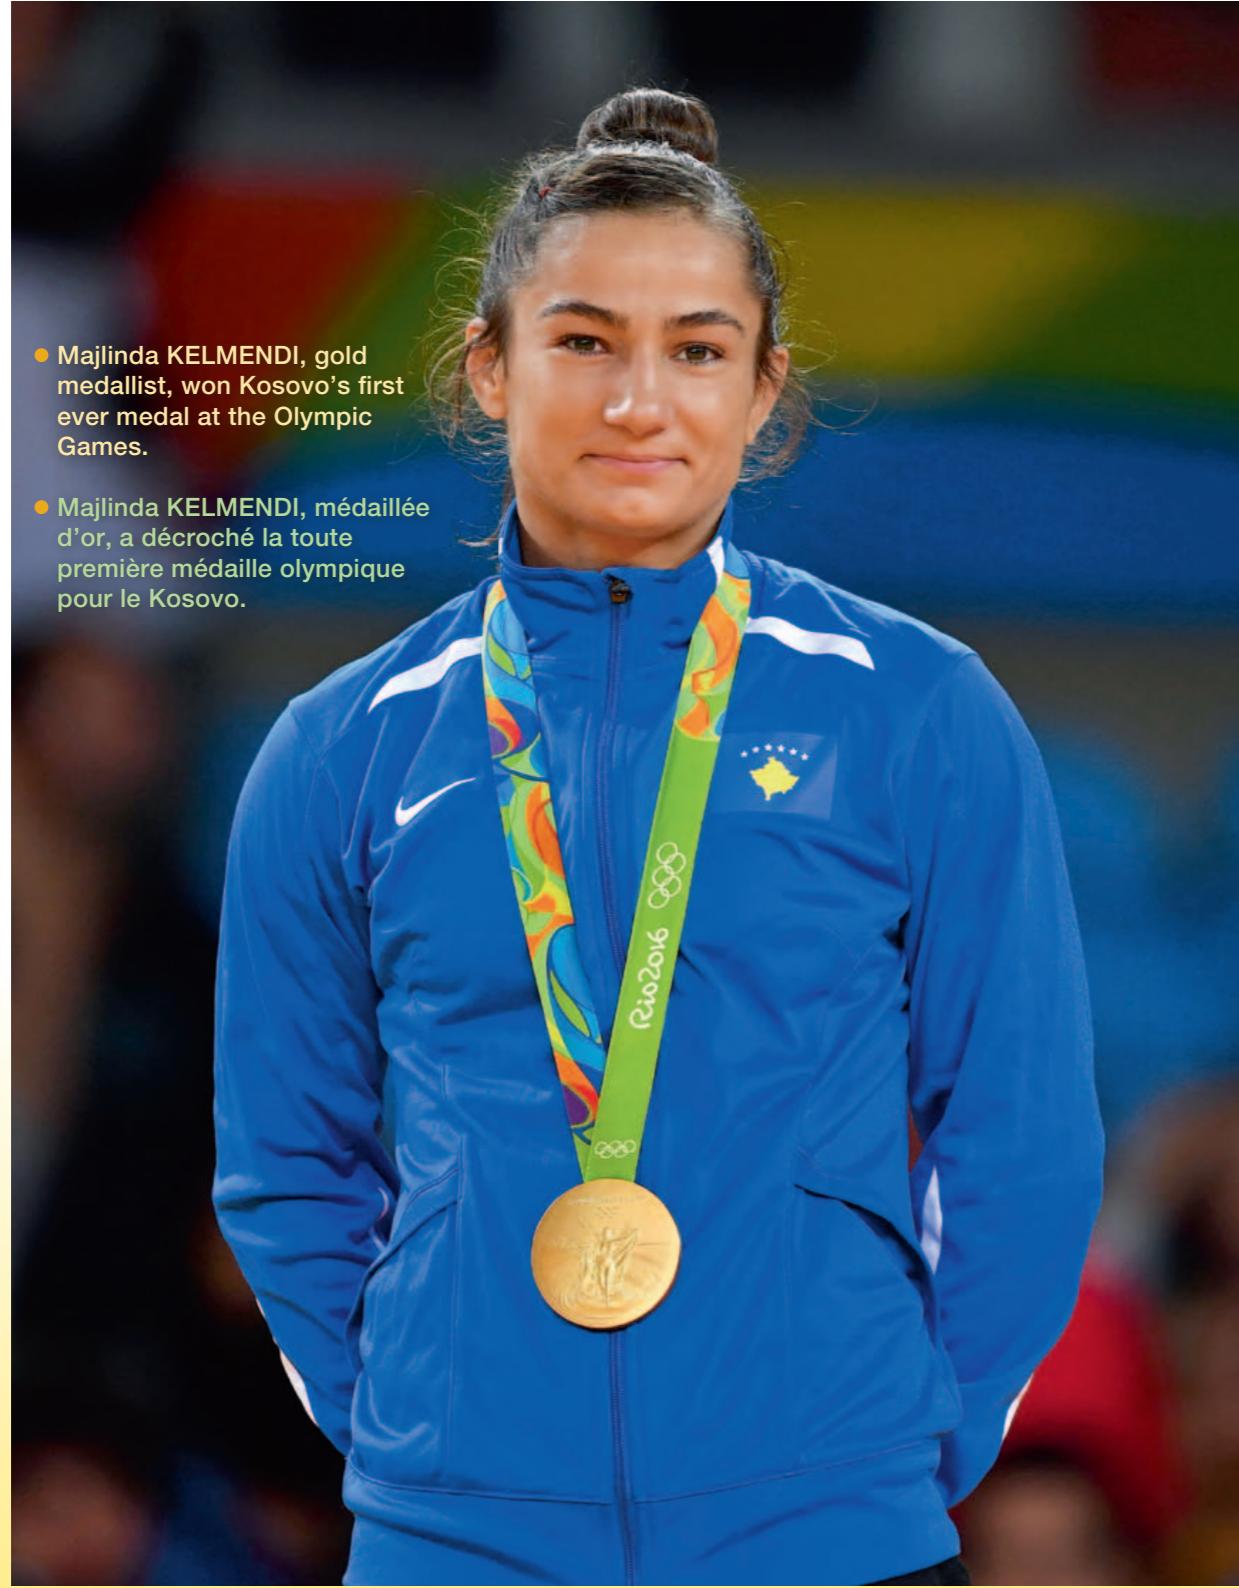

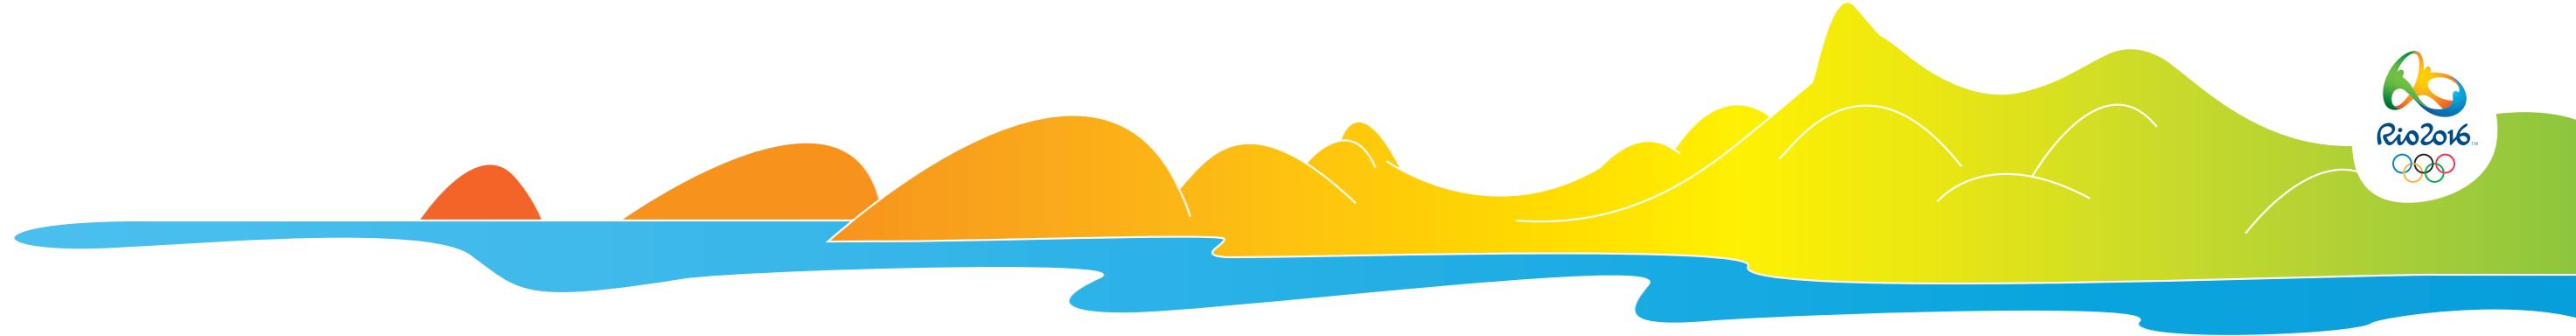

Dix athlètes réfugiés, bénéficiant d'une aide à la fois technique et financière de la part de la Solidarité Olympique, ont ainsi pris part aux Jeux Olympiques de Rio 2016. Par leur participation, ils ont envoyé un message d'espoir aux plus de 60 millions de réfugiés dans le monde et attiré l'attention de la planète sur l'ampleur de la crise des réfugiés.

Percentage of Olympic scholarship holders qualified by sport /
Pourcentage de boursiers olympiques qualifiés par sport

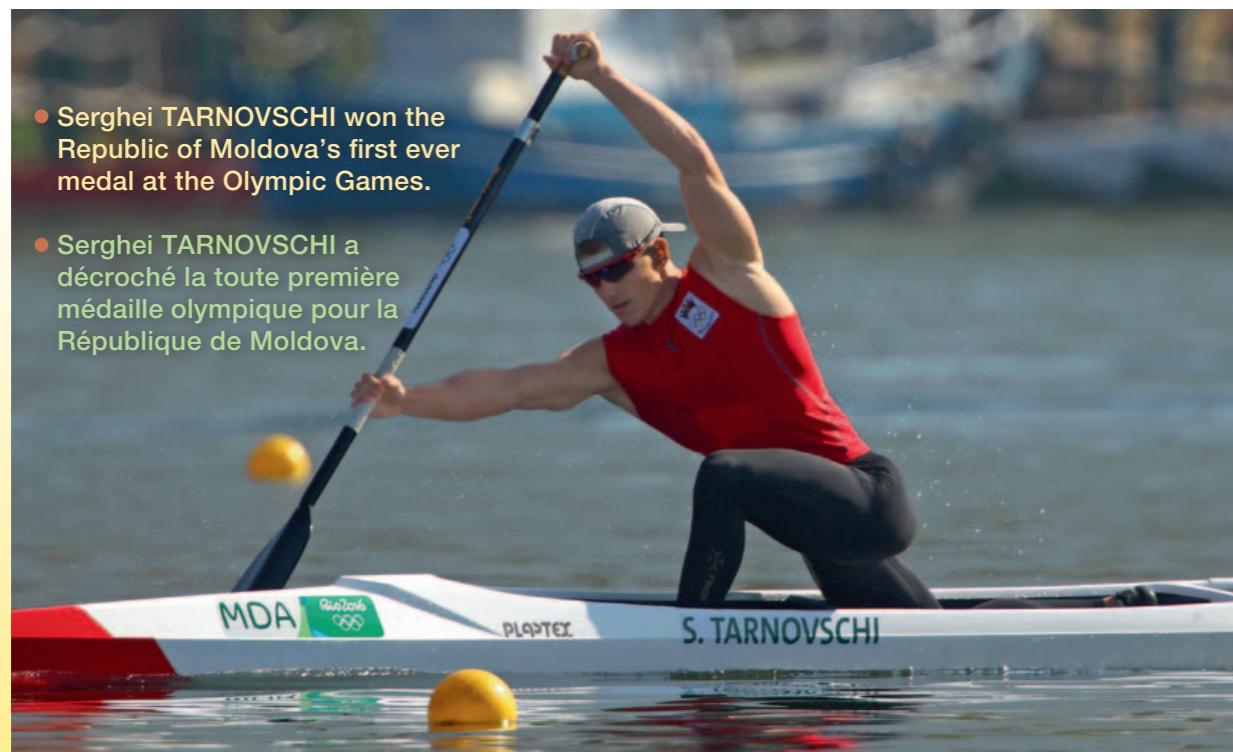

The qualification criteria differs from sport to sport and therefore impacts the athlete qualification percentage, which varies from 16% to 73% for this edition of the programme. For the unlucky ones who fail to qualify through the qualification competitions, the most deserving may in some cases be given an invitation by the Tripartite Commission. In this way, 48 additional scholarship holders were able to continue their journey towards the Olympic Games Rio 2016.

Les critères de qualification diffèrent d'un sport à l'autre et ont une incidence sur le taux de qualification des athlètes, qui varie de 16% à 73% pour cette édition du programme. Pour les boursiers plus méritants qui n'ont pas réussi à se qualifier par les compétitions de qualification, il reste la possibilité de bénéficier d'une invitation de la commission tripartite. Ainsi, 48 boursiers supplémentaires ont pu poursuivre leur chemin jusqu'aux Jeux Olympiques de Rio 2016.
