Revised Annexure III**

**ANNEXURE-III**

Applicants are requested to take note of the following points while submitting their proposals for the routes mentioned in this annexure:

1. Applicants are required to undertake their own diligence for assessment of suitability of the airports / Water Aerodromes / Helipads for RCS Flight operations being proposed by them, availability of slots at various airports, payload restrictions at various airports / Water Aerodromes / Helipads and market assessment.
2. The list of routes mentioned in Annexure III E. has been prepared in consultation with the Ministry of Ports, Shipping and Waterways and selection of routes for award, along with the terms of award, shall be finalized in consultation with the Ministry of Ports, Shipping and Waterways based on assessment of parameters including but not limited to availability of resources etc.
3. Certain RCS Routes (as marked with an asterisk (\*)) have been proposed for operations with fixed-wing aircraft and helicopters. In case valid Proposals are received for operations through both types of aircraft, the Implementing Agency shall only award such RCS Routes to one Applicant based on the lowest VGF per seat quoted for the said RCS routes.
4. Routes denoted by TRCS (Tourism RCS) have been proposed for operations with fixed-wing aircraft and the entire VGF amount for such routes shall be paid by the Ministry of Tourism. These routes shall accrue the same benefits as an RCS Route except they will not be eligible for either concessions that are offered by airport/ water aerodrome operators (2.1.2.5 of the Scheme) or exclusivity of operations (2.8 of the Scheme).
