

Wing Fact Sheet

655th ISRW

MAJCOM/LOCATION: Air Force Reserve Command, Wright-Patterson AFB, OH

MAJOR UNIT/FORCE STRUCTURE:

- The **655th Intelligence, Surveillance, and Reconnaissance (ISR) Wing** is an independent wing under 10th Air Force, Air Force Reserve Command, headquartered at Wright-Patterson Air Force Base, OH. The organization officially became a wing Sept. 20, 2018, consisting of two Groups and 14 Classic Associate Unit intelligence squadrons across seven different states conducting 10 distinct missions.
- **655th Intelligence, Surveillance, and Reconnaissance Group** (655 ISRG) is co-located with the Wing HQ at WPAFB, OH
 - The **14th Intelligence Squadron** (Acquisitions), WPAFB, OH, ensures intelligence supportability and provides pervasive ISR expertise in support of material lifecycle management.
 - The **16th Intelligence Squadron** (SIGINT), Ft. Meade, MD, conducts real-time signals intelligence collection, management, exploitation, and analysis of both tactical and nation data.
 - The **23rd Intelligence Squadron** (CYBER), Joint Base San Antonio-Lackland, TX, conducts the ISR Cyber mission in support of the Cyber National Mission Forces.
 - The **49th Intelligence Squadron** (Airborne Linguistics), Offutt AFB, NE, provides airborne collection, analysis, and reporting to the 97th Intelligence Squadron.
 - The **64th Intelligence Squadron** (HUMINT), WPAFB, OH, delivers predictive human intelligence collection and reporting through global integrated capabilities across the Air, Space, and Cyber domains.
 - The **71st Intelligence Squadron** (GEOINT/MASINT), WPAFB, OH, provides all-source, geospatial, and measurement/signatures intelligence analysts to satisfy National Air and Space Intelligence Center (NASIC), Geospatial and Signatures Intelligence Group operational requirements.
 - The **512th Intelligence Squadron** (CYBER), Ft. Meade, MD, conducts the ISR Cyber mission in support of the Cyber National Mission Forces.
- **755th Intelligence, Surveillance, and Reconnaissance Group** (755 ISRG) Joint Base Langley-Eustis, VA
 - The **28th Intelligence Squadron** (SOF ISR), Hurlburt Field, FL, delivers specialized analysis directly to Air Force Special Operations Forces; provides avionics MX personnel ISO NTI mission aircraft in contingency locations.
 - The **38th Intelligence Squadron** and the **50th Intelligence Squadron** (DCGS) Beale AFB, CA, provide internal/external mission support to worldwide globally-networked ISR operations.
 - The **42nd Intelligence Squadron** (Targeting), JBLE, VA, provides world class qualified and certified intelligence analysts trained to support worldwide, reach-back target analysis, executable precision engagement intelligence, collateral damage estimation, and battle damage assessment for Joint Force Commanders and Air Operation Centers.
 - The **63rd Intelligence Squadron** and the **718th Intelligence Squadron** (DCGS), JBLE, VA, provides internal/external mission support to worldwide globally-networked ISR operations.
 - The **820th Intelligence Squadron** (Targeting) Offutt AFB, NE, delivers full-spectrum target analysis and target intelligence subject matter expertise to facilitate global precision engagement.

Associated Weapon Systems
Distributed Common Ground System (DCGS)
Distributed Ground System-1
Distributed Ground System-2
RC-135V/W "Rivet Joint"
U-28A
Cyber National Mission Force
Combat Cyber Mission Force
MQ-9 "Reaper"

USAF Manpower Authorizations	
Total Government Forces	1225
Military	1216
Traditional Reserve	1024
Air Reserve Technicians	87
Active Guard/Reserve	105
Civilian	9
Contractor Manpower Equivalent	0
