OFFICE OF THE OFFICIAL SECRETARY TO THE GOVERNOR-GENERAL

29 September 2023

The Honourable Anthony Albanese MP Prime Minister Parliament House CANBERRA ACT 2600

Dear Prime Minister

I present the Annual Report of the Office of the Official Secretary to the Governor-General for the financial year ended 30 June 2023, in accordance with Section 46 of the *Public Governance, Performance and Accountability Act 2013*.

I certify that I am satisfied that the Office of the Official Secretary to the Governor-General has prepared fraud risk assessments and a fraud control plan, and has in place appropriate fraud prevention, detection, investigation, reporting and data collection procedures and processes to meet its specific needs and has taken all reasonable measures to minimise the incidence of fraud in the agency and to investigate and recover the proceeds of fraud against the Office, if this were to occur.

Yours sincerely

Paul Singer MVO Official Secretary to the Governor-General

OFFICIAL SECRETARY REVIEW

The Office of the Official Secretary to the Governor-General (the Office) facilitates the organisation and management of the Governor-General's official duties, management and maintenance of the official households and properties, and the administration of the Australian honours system.

There is an underlying principle across the broad remit of responsibilities: to support the Governor-General to celebrate individuals and organisations who do good in the community and whose work and efforts have a positive impact on those around them. In acknowledging achievement, the Governor-General and the Office seek to uplift and bring Australians together. The same principle of uplifting and unifying is equally true in challenging times, and it has been an ongoing priority of the Governor-General to support communities in moments of need and in times of recovery and rebuild.

In reviewing 2022–23, it is appropriate to refer first to the passing of Her Majesty Queen Elizabeth II on 8 September 2022 and the immediate accession of, and, in May 2023, coronation of His Majesty King Charles III.

On receipt of news of The Late Queen's passing, the Office worked closely with the Prime Minister's Office, Department of the Prime Minister and Cabinet and state and territory Government Houses to lead and coordinate the nation's response and observances. This included facilitating the execution of the Governor-General's constitutional and ceremonial responsibilities in Australia, supporting Their Excellencies to attend commemorative events in the United Kingdom, engaging with the community through national addresses and the media and opening Government House for members of the public to sign a condolence book and to watch ceremonial events.

Throughout, the Governor-General sought to highlight Queen Elizabeth's enduring legacy to contemporary Australia. As he said when addressing the nation: 'The news of her passing, while we knew it to be inevitable, has still shocked, prompted reflection and an outpouring of affection. What is clear is that even though her life has ended, her example to us all has not. That example of selfless service, devotion to duty and compassion for others is both an enduring legacy and a gift to us all.'

In the months following Queen Elizabeth's passing, the Governor-General used his program of community engagement to highlight examples of selflessness, commitment to others and kindness. In 2022–23, the Office supported the Governor-General and Mrs Hurley to undertake a broad, meaningful program of community engagement. This included 28 visits to

regional Australia, hosting 191 events at Government House and Admiralty House and actively supporting the 241 organisations of which they serve as Patrons. With the support of the Office, the Governor-General and Mrs Hurley engaged with organisations by either visiting operations to learn about their impact in the community, hosting organisations at Government House or Admiralty House to acknowledge the work of supporters and volunteers, and/or providing video and written messages of support to mark key milestones. This active engagement helps to reinforce and celebrate the diverse and meaningful contributions outstanding people make across almost every facet of life in our community.

The Governor-General and Mrs Hurley continued to prioritise visiting (and often returning to) communities impacted by natural disasters. During their visits to communities impacted by floods in 2022–23, the Governor-General and Mrs Hurley focused on listening, providing reassurance to those affected and thanking those involved in the response.

In 2022–23, the Office also supported the Governor-General to represent Australia overseas:

- to attend the inauguration ceremony for His Excellency Ferdinand R. Marcos Jr as President of the Republic of the Philippines (returned to Australia on I July)
- as Patron-in-Chief to support the Australian Commonwealth Games team at the Birmingham 2022 Commonwealth Games and then to undertake an official visit to Poland to recognise the 50th anniversary of our bilateral relationship
- to attend commemorative events following the passing of Queen Elizabeth II
- for a State Visit in recognition of the 50th anniversary of bilateral relations between Australia and Vietnam
- for a State Visit to Greece and an official visit to represent Australia at the Coronation of His Majesty The King, followed by a brief visit to the United Arab Emirates to present Australian Operational Service Medals (Civilian) to those involved in the August 2021 evacuation of Kabul
- for official visits to Samoa, Tonga, Kiribati, Tuvalu, Cook Islands and Vanuatu.

The Office supports the Governor-General to undertake his constitutional duties. In 2022–23, the Office participated in the Inquiry into the Appointment of the Former Prime Minister to Administer Multiple Departments. While the inquiry found that the responsibility for notifying the public and the Parliament of the administrative changes did not rest with the Governor-General or the Office, the Office has worked with the

Department of the Prime Minister and Cabinet on a new process for the publication in the Commonwealth Gazette of any changes to the ministry.

The Office continues to ensure that Government House in Canberra and Admiralty House in Sydney are managed and maintained effectively and efficiently. In addition to proactively planning and executing required maintenance, a key focus has been to create opportunities for the public to enjoy the properties. This included the first Open Days in both Canberra and Sydney since the COVID-19 pandemic as well as other regular opportunities for people to visit and tour the grounds and/or residences.

Recognising and celebrating the diversity in our community is also at the core of the Office's work. It was noteworthy that the 2023 King's Birthday Honours List included, for the first time, more women than men recognised in the General Division of the Order of Australia. Since becoming responsible for and receiving resourcing to increase awareness of and engagement with the Order of Australia in 2021–22, the Office has worked to encourage nominations for outstanding individuals from parts of the community that have been historically underrepresented. This work, a result of the Governor-General's priority that the Order represent in outcome and administration the diversity of Australia, is ongoing.

Internally, the Office has a strong governance culture, a robust approach to risk management and a continued focus on non-financial performance reporting. These mechanisms facilitate a prudent financial management framework which ensures effective and efficient financial management. In 2022–23 the Office progressed its Digital Transformation Program. This program of work included modernisation projects for the Office's Information and Communication Technology, the Australian honours system and the Office's financial information management system. This essential work will underpin and enable the Office's operations in an increasingly complex digital environment and better allow the Office to support flexible working environments.

OUTLOOK FOR 2023-24

The outlook for 2023–24 is constantly evolving and reflects, in part, the broader challenges and opportunities of the Australian community. In 2023–24 the Governor-General's community engagement program will continue to be influenced by external factors including the ongoing recovery from the COVID-19 pandemic and natural disasters that have occurred in recent years. Supporting and uplifting communities, highlighting our diversity and cohesiveness, and celebrating the good in our community remain priorities of the Governor-General in the final period of his term (while there is no set term for a Governor-General, it is notionally for a period of five years). More broadly and looking further

ahead, the anticipated appointment of the 28th Governor-General of the Commonwealth of Australia will similarly influence the Office's operating environment.

As part of managing and maintaining Government House and Admiralty House, the Office recognises the importance of creating opportunities for the public to experience both properties. In addition to the many thousands of invited guests and the tens of thousands of anticipated school students that visit, the Office will ensure there are Open Days and other occasions for the public to enjoy and learn more about the historic properties.

In administering the Australian honours and awards system, the Office will continue to make the system as inclusive as possible. The Office is conscious of increasing public awareness of and engagement with the Order of Australia. This is positive and reflects the priority to increase nominations from parts of our community that have been historically underrepresented in the Order. However, the increasing volume of nominations, and therefore increase to the time between nomination and outcome, is an ongoing priority for the Office to address.

The Office will continue to be impacted by and responsive to the broader environment. This includes increasingly challenging cyber-security requirements, increasing supplier costs and a highly competitive labour market. In addition, the Office is subject to other external factors relating to the management and maintenance of the Official Residences, including latent conditions that arise with project works. These and other factors, combined with a tight fiscal environment, create challenges that the Office will continue to manage in 2023–24.

In doing so, the Office will rely on the expertise, commitment and professionalism of our people. We will continue to support and empower our people to deliver outcomes that we are proud of and that support the Governor-General to uplift our community.

OFFICE OVERVIEW

The Office of Governor-General was established by the Constitution of the Commonwealth of Australia in 1901. The Governor-General represents His Majesty The King in Australia: exercising the executive power of the Commonwealth; upholding and executing its laws and Constitution; and performing a broad range of constitutional, statutory, ceremonial and community responsibilities. The Governor-General is also Commander-in-Chief of the Australian Defence Force (ADF). The Governor-General acts on the advice of the elected Australian Government in all relevant matters. The Office of the Official Secretary to the Governor-General, which was established in 1984 by amendment to the *Governor-General Act 1974*, supports the Governor-General in the fulfilment of these responsibilities as enabled by sections 6-20 of the Act, which is administered by the Prime Minister. Prior to 1984, the Governor-General's office was part of the Department of the Prime Minister and Cabinet. The accountable authority for the Office is the Official Secretary to the Governor-General. During 2022–23, this position was held by Mr Paul Singer MVO.

The Office comprises the following branches: Strategic Engagement, People and Services, Digital Services, Honours and Awards, a Communications and Creativity team, and a separate Finance team led by the Chief Financial Officer. The Chief Financial Officer and Directors of each branch report through the Deputy Official Secretary to the Official Secretary in his capacity as Chief Executive Officer. Figure 1 shows the structure of the Office at 30 June 2023.

The Strategic Engagement branch and executive staff provide direct support to the Governor-General by planning, organising and managing a forward program of national and international engagements; advising on contextual matters, public communications and other issues; and drafting briefings, speeches and messages. The branch responds to a large volume of communications from the public and handles visits to Government House by thousands of guests and school children each year.

The People and Services branch provides human resources support for the Office and also manages the official residences, including household operations, grounds and assets and coordinates physical security.

The Honours and Awards branch receives and researches nominations and recommendations for honours and awards for Australians who provide distinguished service to the community and the nation. The branch supports 2 Councils and one Committee which make recommendations to the Governor-General on honours matters. It also undertakes Office reception, records management and anniversary correspondence roles.

The Digital Services branch, established to lead the Digital Transformation Program, is responsible for the provision of information technology services and support and the coordination and delivery of IT projects for the Office.

The Communications branch manages external communications, including outreach and community engagement to increase awareness of and engagement with the Order of Australia, particularly by parts of the community that have been historically underrepresented.

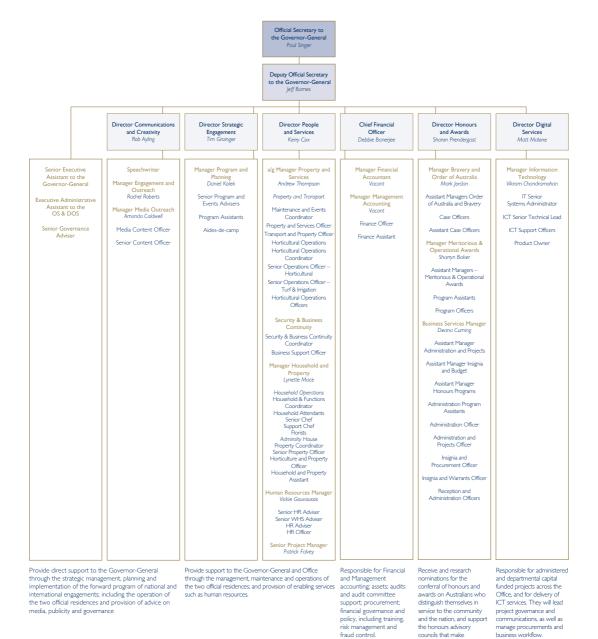

This report is structured according to the Office's outcome and program, in line with the accrual budgeting and reporting requirements for

Australian Government agencies, and provides information required under government guidelines for the preparation of annual reports. The Office's outcome and outputs are as follows:

Outcome	The performance of the Governor-General's role is facilitated through the organisation and management of official duties, management and maintenance of the official households and properties and administration of the Australian honours and awards system
Program I	Support for the Governor-General and Official Functions
Component I	Support of the Governor-General
Component 2	Management and maintenance of the official properties
Component 3	Administration of the Australian honours and awards system

The Outcome, Program and Program Components are consistent with those reported in the Office's 2022–23 Portfolio Budget Statements. The cost of corporate functions is allocated across all program components.

REPORT ON PERFORMANCE

CHAPTER 2

ANNUAL PERFORMANCE STATEMENTS 2022-23

STATEMENT OF PREPARATION

I, Paul Singer, as the accountable authority of the Office of the Official Secretary to the Governor-General (the Office), present the 2022–23 Annual Performance Statements of the Office as required under Section 39(1)(a) of the *Public Governance, Performance and Accountability Act 2013* (PGPA Act). In my opinion, these Annual Performance Statements are based on properly maintained records, accurately reflect the performance of the Office and comply with subsection 39(2) of the PGPA Act.

Paul Singer MVO Official Secretary to the Governor-General 29 September 2023

PURPOSE

The purpose of the Office is to:

- provide the necessary support to enable the Governor-General to perform official duties, which are constitutional, statutory, ceremonial or community in nature
- manage and maintain the official residences at Government House in Canberra and Admiralty House in Sydney
- provide effective administration of the Australian honours system through the Australian Honours and Awards branch.

The planned outcome for the Office is the facilitation of the performance of the Governor-General's role through the organisation and management of official duties, management and maintenance of the official households and properties, and administration of the Australian honours system. The Office delivers its planned outcome through one program, being Support for the Governor-General and Official Functions.

The objective of this program is to support the Governor-General and official functions and comprises 3 components:

- I. Support for the Governor-General.
- 2. Management and maintenance of the official properties.
- 3. Administration of the Australian honours system.

Table 1 summarises the results for 2022–23 against key performance indicators for Program 1 as identified on pages 267–269 of the 2022–23 Portfolio Budget Statements and pages 21–26 of the 2022–23 Corporate Plan. Table 2 compares the budget identified in those statements to actual cost during the year.

CHAPTER 2 REPORT ON PERFORMANCE

OUTCOME PERFORMANCE

The Office reports on performance in relation to a single outcome:

The performance of the Governor-General's role is facilitated through the organisation and management of official duties, management and maintenance of the official households and properties, and administration of the Australian honours and awards system.

During 2022–23, feedback was regularly received from the Governor-General on the quality of the program and reflected in the reports of the Office's Management Committee as appropriate.

Feedback on the work of the Office was also sought from key stakeholders (including government agencies, patronages, and guests) and used to refine and enhance approaches accordingly.

The Office supported the Governor-General and Mrs Hurley to undertake a program of activity that continued Their Excellencies' focus on celebrating service and contribution to our community, being present to offer comfort in times of national disaster as well as highlighting the good in our community. There were 28 visits to regional, rural or remote locations, including 11 to regional locations impacted by flooding and another 2 to regions recovering from bushfires. heir Excellencies also continued to actively support the organisations of which they serve as Patrons.

The management and maintenance of Government House and Admiralty House gave consideration to heritage and value for money. It was pleasing that since the lifting of COVID-19 restrictions, school tours, Open Days and community events at Government House and Admiralty House have resumed. Visitors were welcomed to the properties throughout the year for events to acknowledge the work of patronage organisations and celebrate the service of individuals.

The Office met the performance indicators for the Australian honours system, including the important work of increasing awareness and engagement with the Order of Australia to encourage nominations for outstanding individuals from all parts of our community.

FINANCIAL PERFORMANCE

OPERATING RESULT

This section provides a summary of the Office's financial performance for the 2022–23 financial year. Departmental and Administered results are shown in the audited financial statements on pages 75–113 of this report.

The operating result is a surplus of \$0.8 million for the 2022–23 financial year. The Office has received an unmodified audit report from the Australian National Audit Office (ANAO) for the 2022–23 financial statements.

REPORT AGAINST THE 2022-23 PORTFOLIO BUDGET STATEMENTS

The Office follows the Department of Finance-issued guidance for Commonwealth entities in the preparation of its financial statements to ensure the process and associated work papers are of a high standard.

An Agency Resource Statement is included at Appendix K, Table K1 of this report. During 2022–23, the total appropriations available to the Office were \$34.502 million. This comprised \$26.731 million for Department outputs (including \$409,000 towards the Departmental Capital Budget), \$7.276 million for Administered expenses, \$2.693 million towards the Administered Capital Budget, and \$495,000 as Special Appropriation for the Governor-General's salary.

In addition, the Office budgeted that it would receive \$85,000 in resources free-of-charge towards audit fees of the ANAO.

The total expenses and resources for Outcome I, including Departmental expense appropriations, revenue from other sources, and Administered expense appropriations, are set out in Appendix K, Table K2.

CAPITAL WORKS BUDGET

In 2022–23, several major projects were undertaken at the properties under the Office's Property Works Program, to the total value of \$2.036 million.

BUDGET VARIATIONS Detailed explanations for major variances to budget are shown in Chapter 4: Financial statements, on page 75–113 of this report.

SIGNIFICANT CHANGES IN 2022-23 There were no significant changes in 2022–23.

PROGRAM 1 – SUPPORT FOR THE GOVERNOR-GENERAL AND OFFICIAL FUNCTIONS

The program comprises 3 components:

- I. Support for of the Governor-General.
- 2. Management and maintenance of the official properties.
- 3. Administration of the Australian honours system.

The objectives of this program are to:

- provide high-level policy advice and administrative assistance to the Governor-General in support of official duties
- manage and maintain the Governor-General's official residences in Canberra and Sydney, including capital improvements, building and grounds maintenance and caretaking
- administer, on behalf of the Governor-General, the Australian honours system, including civilian honours and awards for members of the Australian Defence Force
- undertake research and prepare nominations for consideration by the Council for the Order of Australia, the Australian Bravery Decorations Council, and the National Emergency Medal Committee
- provide efficient and effective secretariat support to the Australian honours advisory bodies
- undertake the efficient procurement of Australian honours medals and insignia, warrants and investiture items.

- From 30 to 31 January 2023, the Governor-General travelled to Broome, Derby and Fitzroy Crossing in Western Australia, where he visited the Department of Fire and Emergency Services' Regional Operations Centre, met with staff of community support agencies, and attended a range of events with residents and business owners impacted by flooding.
- On 28 February 2023, the Governor-General travelled to Ballina, New South Wales, where he attended a memorial service on the first anniversary of the 2022 Lismore Floods and met with members of the 'Tinnie Army'.
- From 4 to 5 March 2023, the Governor-General travelled to Wangaratta and Melbourne, Victoria, where he attended National Emergency Medal presentations to recognise members of the Victorian Country Fire Authority and Victoria State Emergency Service involved in the 2019–20 Black Summer bushfires.

COMMUNICATIONS

Key activities included:

- supporting the Governor-General by producing 220 speeches and remarks for delivery at community events around the country
- providing 174 video or written messages to organisations
- managing engagement with national, local and international media in relation to key events such as the passing of Her Majesty Queen Elizabeth II, the Coronation of His Majesty The King, investiture ceremonies, and to promote community events (including events to support charitable organisations of which the Governor-General and/or Mrs Hurley serve as Patrons)
- managing the Governor-General's social media presence to reach and engage with Australians, promote program activity to a large audience, and raise awareness of the Australian honours system
- working with patronages to increase the recognition of their work and achievements through video messages, social media content and media coverage of events hosted or attended by the Governor-General and Mrs Hurley.

CORRESPONDENCE

In 2022–23, the Office received and attended to 3,635 items of general correspondence. In addition, the Honours and Awards branch received more than 28,584 items of correspondence including 4,701 nominations for Order of Australia and Bravery decorations. This does not include emails received directly by staff of the Honours and Awards branch.

The Office sent 7,771 congratulatory messages from the Governor-General for significant birthday and wedding anniversaries and 6,026 congratulatory messages on behalf of Her Majesty Queen Elizabeth II or His Majesty The King.

PROGRAM COMPONENT 2 – MANAGEMENT AND MAINTENANCE OF THE OFFICIAL PROPERTIES

Resources applied to this component are directed to:

• managing the Governor-General's official residences, including maintenance of the property, equipment and grounds and associated administrative services and governance advice.

TABLE 5: FINANCIAL PERFORMANCE FOR COMPONENT 2 OF PROGRAM 1

	Budget Estimate 2022–23	Actual 2022–23	Variation 2022–23

PROPERTY Management

The 2 official residences of the Governor-General (Government House in Canberra and Admiralty House in Sydney) were included in the Commonwealth Heritage List in June 2004 as places of significant heritage value owned or controlled by the Commonwealth. Their inclusion means the Office must protect their heritage value. The Office manages the properties in accordance with the *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act).

In 2022–23, the Office consistently applied the principles of ecologically sustainable development and considered potential environmental and heritage impacts when making management decisions. To maintain the heritage integrity and standards of the official residences and all property assets, the Office:

• engages suitably qualified heritage consultants to provide advice when needed

- maintains a Heritage Strategy as a framework for management of the properties
- has detailed Heritage Management Plans, to meet the EPBC Act requirements, for the residences and associated landscapes
- consults with the National Capital Authority before undertaking works at Government House that fall within the Authority's legislative responsibilities
- consults, as required, with the Department of the Environment on how best to undertake heritage assessments, prepare management plans, and protect the values of the heritage properties
- seeks approval from the Minister responsible for heritage matters (as required by the EPBC Act) where works have, or are likely to have, a significant impact on heritage issues.

The Office has commenced a review of the heritage values at Government House through consultation and engagement with key stakeholders and visitors. This review is expected to be completed in 2023–24 and will help inform the heritage strategy through future years.

The Office continues to manage its facilities using the Whole of Australian Government Property Services Arrangements established by the Department of Finance. The Property Service Provider to the Office delivers broad facilities management services including sustainability engineering and provides procurement and reporting efficiencies.

The provision of grounds maintenance services at Kirribilli House for Department of the Prime Minister and Cabinet under a Memorandum of Understanding continues to deliver value and savings for the Commonwealth. This initiative has reduced costs through leveraging the Office's existing horticulture and landscape management resources, expertise and systems co-located at Admiralty House.

The Office has been engaged by Department of the Prime Minister and Cabinet under a Memorandum of Understanding to provide project management and contract administration services for works to external landscape structures at Kirribilli House, leveraging the Office's existing capability and site experience.

The Office has participated in discussions with the Attorney-General's Department for potential project works at Admiralty House leveraging the Office's existing site experience.

The annual priorities and initiatives for both properties are outlined in the Property Management Plan (PMP) which guides all property management decision making. Further, the Property Works Program (PWP) is a program of projects designed to deliver the outcomes of the PMP. It identifies the priority works for the 4 years of the forward estimates at a high level, broadly in line with a twenty-year plan prepared in 2014 that identified property works priorities. When unforeseen works arise (for example, when ageing infrastructure fails unexpectedly or latent conditions are encountered during works), the plan is adjusted and priorities reviewed to accommodate emerging needs.

In 2022–23, several capital projects were undertaken at the properties, to the total value of \$2,028,700 (against a total budget of \$3,002,000). The underspend was due to the delay of some planned projects to coincide with operational requirements.

GOVERNMENT HOUSE

The major works projects undertaken at Government House during 2022–23 included:

- completion of a new Yarning Circle for ad-hoc, formal and ceremonial uses
- restoration and conservation work of the Overseers Cottage
- minor projects including replacement of air conditioning, replacement of flag poles, and landscape works.

ADMIRALTY HOUSE

The major works projects undertaken at Admiralty House during 2022–23 included:

- restoration works to the marine barracks to reduce the impact of adverse weather conditions
- completion of works at the southern boundary to restore the sea wall affected by the perpetual action of the ocean
- completion of works at the western wing to rectify the exterior fabric
- commencement of design works to reduce height safety risks at Kirribilli Point parapet and adjacent sandstone walls
- commencement of design works for the refurbishment of the Admirals Steps
- · minor projects including carpentry works.

WORKS OF ART AND OTHER ITEMS

The Office is grateful to the Australiana Fund, the National Gallery of Australia, the Australian Institute of Aboriginal and Torres Strait Islander Studies, the Australian War Memorial, and the Department of Parliamentary Services for the Ioan of paintings, sculptures, furniture and other items for public display at Government House and Admiralty House. These ongoing working relationships ensure that important works representing Australia are on display for the tens of thousands of visitors to the properties each year. The Office has partnered with the Australiana Fund to develop a database to assist in the collection management of the art, objects and furniture at the properties. Work to maintain the information in this database continues.

Some items are exchanged each year as part of the ongoing program to display a variety of Australian artworks and furniture. As at 30 June 2023, paintings, pieces of furniture, art and sculpture objects with a combined value of approximately \$27 million were on loan to the Office.

OFFICIAL PROPERTIES AND COMMUNITY EVENTS

Open Days were held at Government House on 17 March 2023 and at Admiralty House on 3 June 2023. A series of regular opportunities were provided throughout the year for the public to enjoy the properties.

In total, over 34,600 members of the public – including almost 17,000 school students – visited Government House and Admiralty House in 2022–23.

PROGRAM COMPONENT 3 -Administration of the honours AND AWARDS SYSTEM

Resources applied to this component are directed to:

- conducting comprehensive and independent research of nominations for awards
- providing high-level secretariat support to honours advisory bodies
- interpreting and applying gazetted regulations for defence, meritorious, operational service and long service awards to ensure that applicants meet eligibility criteria
- making cost-effective resource decisions for the timely acquisition of highquality insignia, warrants and honours publications
- maintaining registers of all award recipients.

Table 1 contains the performance indicators for Program Component 3 identified in the Portfolio Budget Statements, and Table 6 compares the budget identified in those statements to the component's actual cost during the year.

	Budget Estimate 2022–23	Actual 2022–23	Variation 2022–23
	\$ 000	\$ 000	\$ 000
Departmental appropriation – Cost of Component 3	9,985	8,224	١,76١
Administered appropriation – Acquisition of Australian honours medals/insignia, warrants and investiture items	2,696	1,499	1,196
Expenses not requiring appropriation	272	305	(33)
Total	12,953	10,028	2,925

TABLE 6: FINANCIAL PERFORMANCE FOR COMPONENT 3 OF PROGRAM 1

HONOURS AND AWARDS OVERVIEW

Australia's honours system recognises the outstanding service and contributions of Australians. The system began in 1975 when the Order of Australia, Australian Bravery Decorations and National Medal were created. Since then, additional awards have been introduced including a range of meritorious, operational, gallantry and distinguished awards.

The Honours and Awards branch provides secretariat support to 3 independent advisory bodies: the Council for the Order of Australia, the Australian Bravery Decorations Council and the National Emergency Medal Committee. This support includes the receipt of nominations, research and verification of service and presentation of documentation to these bodies for consideration. Nominations are generally processed in order of receipt, however processing may be expedited in exceptional circumstances.

Advisory body members are appointed with the expectation that they will apply expertise and judgement to their recommendations.

Details of the current membership of the Council for the Order of Australia, the Australian Bravery Decorations Council and the National Emergency Medal Committee are provided at Appendix A.

THE ORDER OF AUSTRALIA

The Order of Australia is our nation's pre-eminent system through which to recognise achievement and service to the community. The awards celebrate extraordinary contributions in fields as diverse as community service, tourism, architecture, education, multicultural affairs and philanthropy. It also includes a Military Division for members of the Australian Defence Force.

The Governor-General is Chancellor of the Order and the Official Secretary to the Governor-General traditionally serves as the Secretary of the Order. The Council for the Order of Australia considers nominations in the General Division and makes recommendations to the Governor-General for Australian citizens and permanent residents.

Appointments and awards in the Military Division are made by the Governor-General on the recommendation of the Minister for Defence.

The Assistant Minister to the Prime Minister makes recommendations to the Governor-General for Honorary awards for foreign citizens.

AUSTRALIAN BRAVERY DECORATIONS

The Australian Bravery Decorations recognise the courageous actions of those who have placed the safety and lives of others before their own.

Bravery nominations are considered by the Australian Bravery Decorations Council, which makes recommendations to the Governor-General.

NATIONAL EMERGENCY MEDAL

The National Emergency Medal provides recognition for the committed and courageous efforts of frontline responders, volunteers and community supporters during nationally significant emergencies in Australia.

The medal is awarded to persons who have rendered sustained or significant service. The Honours and Awards branch processes applications for 'sustained service' and makes recommendations directly to the Governor-General.

Nominations for 'significant service' are considered by the National Emergency Medal Committee, which makes recommendations to the Governor-General.

OTHER AWARDS

All other awards including military, long service, operational, public service, fire, emergency, police, ambulance, correction and intelligence service awards are processed and presented for approval by the Governor-General in accordance with gazetted regulations.

STAKEHOLDERS

In administering the awards under the honours system, the Honours and Awards branch engages with a number of stakeholders including federal, state and territory organisations and Government Houses.

The branch works closely with the Directorate of Honours and Awards in the Department of Defence, the Department of the Prime Minister and Cabinet's Parliamentary and Government Division, and contributes to increasing awareness of the Australian honours system.

The work of the 3 advisory bodies necessitates close liaison between the branch and the respective chairs, council and committee members. Strong communication supports business improvement and the consistent evaluation of performance.

HONOURS LISTS

Order of Australia, meritorious, and some military award recipients are announced in dedicated honours lists on Australia Day and The King's Birthday. Australian Bravery Decorations are announced twice a year, generally in March and August. On occasion, special announcements are made at other times during the year.

NOMINATIONS, AWARDS AND INVESTITURES

KEY RESULTS

In 2022–23, 4,123 nominations were received for the Order of Australia, reflecting an increase of over 30% from the previous financial year.

The Council met on 4 occasions during the year to consider nominations and other matters. Of the 2,375 nominations considered, 1,655 resulted in recommendations to the Governor-General and, subsequently, appointments or awards. Thirty-eight per cent of Order of Australia nominations considered by Council were received in the branch in the previous 24 months.

The branch faced challenges in processing due to the significant increase in the number of nominations received.

On the recommendation from the Minister for Defence, the Governor-General approved 50 appointments and awards in the Military Division of the Order of Australia.

In 2022–23, the Honours and Awards branch researched 369 nominations for consideration by the Australian Bravery Decorations Council, who met twice during the year. Ninety-two awards were approved by the Governor-General. Ninety-nine percent of nominations were presented to the Australian Bravery Decorations Council within 6 months of being researched. This is consistent with 2021–22.

- The Governor-General approved 772 awards to recognise excellence in international operations and specified occupations, including police, emergency services and Defence personnel. These awards were processed and gazetted within 6 months of receipt. In addition, 933 Australian Sports Medals were awarded.
- Of long service, and operational awards, 2,323 National Police Service Medals and 10,873 National Medals/Clasps were approved by the Governor-General. The majority of these were processed within 3 months of receipt. In addition, 18,919 National Emergency Medals, all for sustained service were approved by the Governor-General, of these, 13,527 were awarded for service during the 2019–20 bushfires.

Twenty non-Australian citizens were recognised by honorary awards in the Order of Australia during 2022–23 including 15 in the General Division and 5 in the Military Division.

Tables showing the number of nominations considered and awards conferred for the Order of Australia and the Australian Bravery Decorations in 2022–23, and the total number of nominations and awards conferred since 1975, are at Appendices B and C respectively. Appendix D shows the number of other award types made during the year for outstanding achievement in specific fields of activity, and the total since 1975.

The Honours and Awards branch assisted State Governors, the Northern Territory Administrator and heads of Australian diplomatic missions overseas to conduct investitures for recipients not invested by the Governor-General in 2022–23. The branch liaised with the relevant offices, provided media and guidance notes, and organised and dispatched the insignia.

Long service and operational awards are dispatched to the relevant service organisations for distribution or presentation.

APPROVAL FOR AUSTRALIANS TO WEAR FOREIGN AWARDS

The process for the acceptance and wearing of foreign awards by Australian citizens does not require the Governor-General's approval, if the award is listed on the approved Schedule on the Governor-General's website. In 2022–23 a small number of Australian citizens were approved by the Governor-General to accept and wear foreign awards that were not listed on the Schedule.

HONOURS AND AWARDS BRANCH -OTHER BUSINESS MAJOR ACHIEVEMENTS

The King's Birthday 2023 Honours List was the first time in history that more women than men were recognised in the General Division of the Order of Australia. In addition, there was gender balance or better at the 3 highest levels of award (Companion, Officer and Member).

Ensuring the Order reflects the Australian community has been a priority of the Governor-General and subsequently of the Office. Work is underway to increase awareness of and engagement with the Order across the community, with a particular focus on encouraging nominations for outstanding individuals from parts of the community that have been historically underrepresented. A multi-pronged organic (without paid advertising) approach is in place, including highlighting outstanding recipients, educating people about how to nominate, making the nomination process more accessible and working with community organisations to encourage nominations. Outputs have included targeted Community Service Announcements, video and written case studies about recipients and nominators, multiple live webinars and close collaboration with stakeholders to encourage nominations.

Significant work has been undertaken in revising nomination forms for the Order of Australia, Australian Bravery Decorations and the National Emergency Medal to capture further information on the cultural background and diversity of nominators and nominees.

The branch worked closely with the team managing and implementing the information and communications technology (ICT) modernisation of a new processing system (Cloud Awards). Aligned with Cloud Awards will be the establishment of a portal which enables organisations and individuals to submit nominations and recommendations online for all awards within the Australian Honours and Awards system. This application also enhances the security of the information provided to the Honours and Awards Branch. Cloud Awards will be launched early in 2023–24.

The branch has undertaken a major review of the technical specifications for all the Australian Honours and Awards insignia, taking into consideration changes to the way insignia have been produced over time, and relevant governance processes and performance measures. This has resulted in the development of a new suite of technical illustrations, specifications and imagery, as well as updated insignia determinations and compliance processes.

MANAGEMENT AND ACCOUNTABILITY

CHAPTER 3

CORPORATE GOVERNANCE

The Official Secretary, in his role as Chief Executive Officer and accountable authority, is accountable for the efficient, effective, economical and ethical use of resources and achievement of the highest possible performance from the Office. The Office's Management Committee assists the Official Secretary to meet his statutory responsibilities under the *Governor-General Act 1974 and the Public Governance, Performance and Accountability Act 2013.*

The Office recognises the need for a high level of accountability and monitors compliance with the Commonwealth Resource Management Framework and finance law. There were no instances of significant non-compliance with finance law during 2022–23.

The Deputy Official Secretary, assisted by the branch directors and the Chief Financial Officer, supports the Official Secretary's overall governance responsibilities by facilitating the development of corporate and business plans; establishing policy and accountability frameworks; managing risk, fraud and security planning; setting frameworks for advising on people management; managing industrial relations; managing information and communications technology; and overseeing budget management of the Office.

The Office has several committees:

COMMITTEES

- Management Committee (including the Property, Information Technology and the Security Sub-Committees)
- Audit Committee
- Workplace Consultative Committee (WCC)
- Work Health and Safety Committee.

The Management Committee comprises the Official Secretary as Chief Executive Officer; the Deputy Official Secretary as Deputy Chief Executive Officer; the Directors of the People and Services, Honours and Awards, Strategic Engagement, Communications and Creativity, and Digital Services branches; and the Chief Financial Officer. The group meets monthly and considers strategic issues affecting the Office, including any emerging or ongoing risks, and monitors the delivery of performance outcomes for the Office.

The Property Sub-Committee provides governance of the integral requirements and responsibilities of the stewardship of the Official Heritage Properties. Membership includes the Deputy Official Secretary, Director People and Services (chairperson), Manager Household and Property, Project Managers and the Chief Financial Officer. Responsibilities of the sub-committee include overseeing the delivery of the Property Works Program to achieve project and property outcomes within scope and on budget.

The Information Technology Sub-Committee provides governance of the growing and complex information technology needs of the Office. Membership includes the Deputy Official Secretary, Director Digital Services (chairperson), Chief Financial Officer and the IT Manager. Responsibilities of the sub-committee include developing the IT strategic plan, prioritising projects, and overseeing the delivery and progress of the IT program in accordance with the IT strategic plan.

The Security Sub-Committee provides governance of the integral requirements and responsibilities of physical, personnel and information security. Membership includes the Deputy Official Secretary (chairperson), Director People and Services, Director Digital Services, Security and Business Continuity Coordinator, Manager Human Resources, and the IT Manager: Responsibilities of the sub-committee include monitoring implementation, delivery and progress of security projects and initiatives, the Security Management Plan, the Security Planning Program and Protective Security Policy Framework (PSPF) performance.

The three-person Audit Committee is responsible for providing independent assurance and assistance to the Official Secretary on the Office's risk oversight, control and compliance frameworks and performance and financial accountability. The Audit Committee is comprised of an independent external Chair and 2 independent external members.

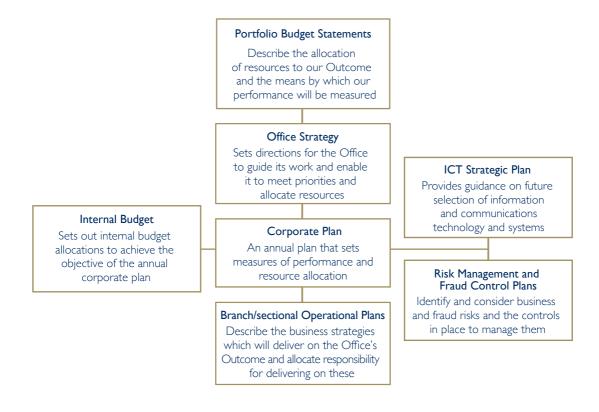

The WCC, representing all staff of the Office, continues to provide a forum for management and employees to discuss matters affecting the workplace. Meetings of the WCC are chaired alternately by a representative of the Official Secretary and a representative of employees. The membership of the WCC comprises:

- the Official Secretary or nominee
- · one other management representative
- · employee representatives from across the branches
- one union workplace delegate
- one union official.

The Work Health and Safety Committee is chaired by the Director of the People and Services branch. Membership includes management representatives and health and safety representatives from across the Office. The Committee's responsibility is to facilitate discussion and cooperation on work health and safety (WHS) issues in the workplace.

STRATEGIC PLANNING

FIGURE 2: STRATEGIC PLANNING FRAMEWORK

CORPORATE PLAN

The Office's Corporate Plan 2022–23 is both a statement of its corporate vision, strategy and objectives, and a business plan. It aims to bring together planning and other strategic and operational activities and to articulate the linkages between them. It is a four-year rolling plan, updated annually, which distils the Office's objectives into a high-level action plan for the current year.

RISK MANAGEMENT FRAMEWORK

The Office's Risk Management Framework identifies the business risks the Office manages in order to achieve its objectives. Individual risk assessments are completed for projects, events and other operational activities. Risk management is an integral part of sound management practice and an essential element of good governance. The Office actively manages risk in accordance with its Risk Management Framework. Its key strategic risks focus on:

- support for the Governor-General
- managing internal and external events
- advising the Governor-General on a broad range of matters
- · developing and executing an effective community engagement program
- effective administration of the Australian honours system
- effective stewardship of the official properties
- maintaining and executing efficient and effective management systems
- building and maintaining a strong, capable and engaged workforce.

The Deputy Official Secretary performs the role of the Chief Risk Officer for the Office. In accordance with the Commonwealth Risk Management Policy, the Office regularly reviews its risk management framework, risk register, settings and supporting plans to ensure risks are appropriately identified and risk controls are effectively implemented. Management and mitigation of these risks is further reinforced through the Office's daily operations and administrative practices.

The Office continued to participate in Comcover's risk benchmarking program, which measures the effectiveness of agencies' risk management frameworks, practices and systems against a set of key result areas.

The Office's result for 2022–23 was a maturity level of Advanced, which reflects the Office's high level of maturity and competence in this field.

FRAUD CONTROL FRAMEWORK

The Office maintains a comprehensive Fraud Risk Assessment and Fraud Control Plan and has embedded fraud prevention, detection, investigation, reporting and data collection procedures and processes. The Fraud Control Plan is regularly reviewed and updated, with the Office being fully committed to complying with the Commonwealth Fraud Control Framework to minimise the incidence of fraud through the development, implementation and regular review of a range of fraud prevention and detection strategies.

There were no known incidents of fraud in 2022-23.

SECURITY
FRAMEWORK

The Office continues to work on increasing our maturity in relation to the requirements of the Protective Security Policy Framework (PSPF). The Office is developing its policies and processes to further align with the PSPF. Cyber security matters were managed in accordance with Australian Signals Directorate guidance. The Office remains committed to its ongoing relationships with the Australian Federal Police and the Attorney General's Department to ensure a collegiate approach to the protective security environments at Government House and Admiralty House.

AUDIT ACTIVITIES

The Office operates under a three-year internal audit plan which is updated on a regular basis through input from the Office's Audit Committee.

The audits are prioritised in response to changing operational and strategic requirements that take into account the Office's risk profile.

During 2022–23, the engagement of RSM Australia (RSM) and McGrathNicol (McN) for the provision of internal audit services continued.

In 2022–23, RSM undertook a review of the Office's risk management practices to assess the effectiveness of current processes and procedures in place to identify and treat risks. McN completed a review of the Office's performance measurement and reporting, to assess the effectiveness of delivery against obligations from the *Public Governance, Performance and Accountability Act 2013.*

EXTERNAL SCRUTINY

On 29 September 2023, the ANAO provided an unmodified audit opinion on the Office's 2022–23 financial statements.

The Office was not the subject of any agency-specific audits by the Auditor-General's Office or investigations or reviews by a parliamentary committee or the Commonwealth Ombudsman during 2022–23.

BUSINESS Continuity

The Office maintains a whole-of-office Business Continuity Plan (BCP), which is supported by individual business area plans. These plans are reviewed, updated and tested regularly. The Office continues to work within COVID-safe guidelines and Government advice while still delivering all critical business functions to enable the key functions of the Governor-General. The Office reviews and establishes its BCP systems against other risks that have the potential to impact business as usual operations.

ETHICAL STANDARDS

Standards of appropriate behaviour for staff of the Office are set out in the Office's Code of Conduct and Workplace Behaviours Policy, which were endorsed in the Enterprise Agreement 2015–18, as well as in previous agreements. This continues until January 2025 under OOSGG Determination (No.2) 2021 which was approved by the Australian Public Service Commissioner on 17 December 2021.

The Code of Conduct reflects the Australian Public Service Code of Conduct and Values as set out in the *Public Service Act 1999*. Our values are integral to building and maintaining a safe, positive and inclusive culture of high performance and leadership. All staff are required to comply with the Code of Conduct including, at all times, to behave in a way that upholds the values, integrity and reputation of the Office.

On 17 December 2021 the Australian Public Service Commissioner approved the Office's remuneration proposal and OOSGG Determination (No.2) 2021. This Determination applies in addition to the Enterprise Agreement 2015–18. The Determination provides staff with increases to their existing salaries, to the effect of 1.9 per cent from 13 January 2022, then the lower of the applicable Wage Price Index figure or 2 per cent from 13 January 2023 and 13 January 2024, while maintaining the terms and conditions under the Enterprise Agreement 2015–18. The pay rise for January 2023 was increased to 3 per cent in line with Government advice. The Enterprise Agreement is accessible on the Office's intranet.

Financial management and accountability requirements for the Office are set out in Accountable Authority Instructions (AAIs), which are issued by the Official Secretary under the PGPA Act and developed in line with the model AAIs issued by the Department of Finance. The AAIs are cross-referenced to relevant parts of the Act to ensure that staff are fully aware of their legal obligations. The AAIs are available to all staff on the Office's intranet.

The Office's procurement policy and guidelines establish clear standards of ethical behaviour for all staff responsible for procurement.

MANAGEMENT OF HUMAN RESOURCES

KEY ACHIEVEMENTS

The Office continues to deliver on the organisation's strategy of *Giving* Hope – Uplifting the Nation to support and empower staff to be innovative, embrace change and work collaboratively to deliver impressive outcomes.

Key achievements include:

- implementation of a new performance framework, the Annual Performance Agreement (APA), which provides a forum for constructive feedback and enables two-way conversations between staff and their managers. The completion of the APAs throughout the Office has been embraced in a collegial manner, providing opportunities for constructive conversations and facilitating career development
- development and delivery of training programs which allow staff to have increased experience and exposure opportunities to boost organisational capability and support professional development
- increasing the opportunity for flexible working arrangements, including supporting staff when working remotely
- delivering outcomes-focused projects that meet the objectives set out in Giving Hope – Uplifting the Nation
- building strategies to attract, develop and maintain a talented and diverse workforce, including building recruitment capability and increasing process efficiency and formal partnerships with local government, academic institutions and government agencies
- progressing diversity and inclusion initiatives, including through the Diversity and Inclusion staff working group
- supporting tailored employment for people with disabilities and partnering with support services
- facilitating a people support program for the Office to support injury and complex case management
- continuing the reward and recognition of staff achievement through the Australia Day Achievement Awards and internal acknowledgement.

KEY MANAGEMENT PERSONNEL REMUNERATION

The following information relates to the key management personnel (KMP) of the Office consistent with the disclosure requirements of the PGPA Rule 2014 (PGPA Rule). During 2022–23, the Office did not have any officials requiring disclosures under the senior executives and other highly paid staff categories.

The Office has 2 KMP positions, which were occupied by 2 officers during 2022–23. The remuneration of the Official Secretary is determined by the

	Remuneration Tribunal. Further information on the Tribunal can be found at www.remtribunal.gov.au. The Deputy Official Secretary's remuneration was determined in accordance with section 34 of the current Enterprise Agreement. Since 2016–17, the Office has published information about the remuneration of its executives on the Office website. This information provides transparency of remuneration of senior executives and other highly paid officials of Commonwealth entities and companies. Information relating to KMP remuneration is set out in Appendix E.
REMUNERATION Arrangements	At 30 June 2023, the Office remunerated 92 employees: 90 employees were covered by the Enterprise Agreement (including 4 casual employees), one by the Remuneration Tribunal, and one by an Individual Flexibility Arrangement (IFA).
	No employees received performance pay in 2022–23.
	The classification ranges that apply to employees under the Enterprise Agreement is set out in Appendix G.
STAFFING CHANGES AND STATISTICS	In 2022–23, the average staffing level (ASL) for the Office was 84.82. The Office actively manages and monitors workforce analytics and data to ensure allocated ASL best meets business needs.
	The Office continues to make informed staffing decisions in line with strategic and operational goals. Natural attrition has provided an opportunity to review positions to ensure we have the right people in the right place, with the right capabilities at the right time.
	During the 2022–23 financial year there were 39 employee cessations and 28 employee commencements.
	Detailed staffing demographic information in accordance with workplace diversity principles is at Appendix G.
DEVELOPING STAFF	The Office's focus on employee communication and engagement aims to build organisational culture and collaboration by sharing content that creates a common understanding of purpose, priorities, and processes.
	The Office is transforming its approach to internal communications by launching Microsoft Teams and SharePoint as this inspires thinking and connection in an increasingly virtual working environment.

The Office is committed to embedding a learning culture where staff engage in continuous learning through their work and from others, alongside targeted formal learning programs and resources. Employees are supported by their managers and have access to development opportunities that align with individual and organisational capability needs. Promotion of this learning culture is a shared responsibility between staff, their direct manager and the leadership of the organisation.

In 2022–23, there was continued commitment to the development of our staff, delivering training sessions across the Office including: APS Ethics and Values, Privacy, Cyber Security, Work Health and Safety, and Effective Communication. The reintroduction of face-to-face training after COVID-19 has been facilitated and delivered for all staff.

The Office continues to provide its people with access to confidential counselling services through its Employee Assistance Program.

The Office provides opportunities for school-aged students to undertake work experience placements.

WORKPLACE HEALTH AND SAFETY OVERVIEW

WORKPLACE HEALTH AND SAFETY STRUCTURE AND OVERSIGHT

The Office continues to focus on providing a safe and healthy work environment and actively promotes safe work practices that ensure the health, safety, and wellbeing of all staff, contractors and visitors.

The Office policies and procedures are fundamental to our commitment to WHS. The Office takes all reasonable and practicable steps to protect the health, safety and wellbeing of all staff and actively communicates with all employees. This provides a greater awareness of their obligations under the *Work Health and Safety Act 2011* (WHS Act) to take all reasonable steps to ensure the safety of themselves and others.

WHS statistics are presented in Appendix J.

HEALTH AND SAFETY MANAGEMENT ARRANGEMENTS

In exercising a commitment to ensuring the health and wellbeing of its staff (and consistent with the legislative obligations of the WHS Act), the Office implements effective prevention strategies, such as:

- providing a safe and healthy workplace in which people are protected from hazards (or potential hazards) that may cause psychological or physical injury or disease
- integrating adaptable safe work systems into work processes

- providing information and training to employees to enable them to perform their work safely
- ensuring that workers, including casual staff and contractors, are aware of their individual obligations and responsibilities to ensure the safety of all
- encouraging a cooperative and consultative relationship within the Office on health and safety issues
- ensuring compliance with, and full implementation of, the requirements of the WHS Act, the WHS Regulations and the associated Codes of Practice.

INITIATIVES THAT ENSURE THE HEALTH, SAFETY AND WELFARE AT WORK OF EMPLOYEES AND CONTRACTORS

The Office has a full-time, dedicated Senior Work Health Safety Advisor (SWHSA) to oversee health and safety, review WHS policies and processes, raise staff awareness and foster a culture of WHS, manage early intervention and compensation and provide the Health and Safety Representatives (HSRs) with guidance, education and sound advice. The SWHSA regularly consults with management and staff for all WHS initiatives and issues by providing legislative direction and understanding.

The WHS Committee meets every 3 months in accordance with the WHS regulations to discuss workplace inspections and other WHS matters.

Employee and workplace health monitoring procedures include regular inspections of the grounds and property, workplace assessments are conducted for all staff on commencement and personal protective equipment is provided where required.

The Office actively encourages the utilisation and awareness of the Employee Assistance Program (EAP) counselling service available to both employees and their immediate families.

The health and wellbeing program includes the provision of specialist services, influenza vaccinations, guest speakers and health brochures covering a range of topics.

WHS inductions are presented and discussed for all new employees which provides them a greater understanding of their environment and WHS responsibilities whilst employed at the Office. All existing employees are required to undertake annual refresher training on key WHS programs to support and continue education with regards to WHS obligations.

HEALTH AND SAFETY OUTCOMES ACHIEVED AS A RESULT OF INITIATIVES

WHS policy and guidelines are regularly reviewed and updated in consultation with all staff to reflect WHS legislation and best practice. Comprehensive WHS information is available on the Office intranet, including a hazard and incident notification, flow charts and appropriate forms.

The Office continues to promote a healthy and safe workplace culture, focused on improving the wellbeing of all staff. As a result of the impact of COVID-19, the importance of wellbeing initiatives continues to be reinforced and COVID-safe measures are actively implemented according to advice from ACT Health and Commonwealth initiatives.

The Office communicates and consults with employees to increase awareness of their obligations under the *Work Health and Safety Act 2011* (WHS Act) to take all reasonable steps to ensure the safety of themselves and others and report hazards, accidents, or near misses.

The Office continues to support and coach leaders on their roles and responsibilities in order to increase their understanding of their roles and responsibilities under the WHS Act and to assist with achieving an early, safe, and stable return to work for affected staff.

The Office ensures that mandatory training is undertaken on a regular basis. Staff across the Office participated in various training sessions including WHS training for managers and staff, first aid and cardiopulmonary resuscitation training, snake safety, epilepsy awareness, managing wellbeing and training in recognising vicarious trauma.

Other mandatory training sessions and presentations included emergency safety training, emergency warden training and e-learning covering ethics and values, cultural awareness, bullying and harassment, diversity and discrimination, security, health safety and wellbeing, and fraud and corruption.

WHS training statistics are presented at Appendix J, Table J2.

The Office continues to support return to work, early intervention and rehabilitation activities as part of a robust tailored injury management program. The Office currently has no active Comcare compensation cases.

DISABILITY Reporting

Since 1994, Commonwealth departments and agencies have reported on their performance as policy adviser, purchaser, employer, regulator and provider under the Commonwealth Disability Strategy. In 2007–08, reporting on the employer role was transferred to the Australia Public Service Commission's State of the Service Reports and the APS Statistical Bulletin. These reports are available at www.apsc.gov.au. Since 2010–11, departments and agencies have not been required to report on these functions. The Commonwealth Disability Strategy was superseded by the National Disability Strategy 2010–20.

The National Disability Strategy 2010–20 has been superseded and built on by Australia's Disability Strategy 2021–31, which sets out a plan for continuing to improve the lives of people with disability in Australia over the next 10 years. A range of reports will be published including a data dashboard, annual targeted action plan reports, implementation reports every 2 years and 2 major evaluations. Over time the data will form an evidence base to guide decisions on disability changes. Further information can be found at www.disabilitygateway.gov.au/ads and https://www.dss.gov.au/disability-and-carers/disability-strategy.

The Australian Government, along with state and territory governments and the Australian Local Government Association used results of the National Disability Strategy consultations to inform development of Australia's Disability Strategy 2021–31.

MANAGEMENT OF ASSETS AND FINANCIAL PROCESSES

ASSET MANAGEMENT

The Office manages administered property, plant and equipment, inventory and departmental plant and equipment and intangible assets with a total net book value of \$179.2 million (2021–22: \$178.4 million).

As at 30 June 2023, administered non-financial assets comprised:

- \$169.944 million of land and buildings. These relate to the 2 vice-regal properties: Government House and Admiralty House
- \$1.264 million of infrastructure, plant and equipment
- \$5.373 million of inventories being medals held by the Office and to be issued under the Australian honours system.

The Office continued to deliver its Property Works Plan (PWP) under the revised Administered Capital Budget (ACB) to preserve the current functionality of the Commonwealth-listed heritage properties under its control, in accordance with statutory obligations and heritage requirements. Further information is provided under 'Property management' in the 'Report on performance'.

As at 30 June 2023, Departmental assets comprised:

- \$2.234 million of infrastructure, plant and equipment primarily relating to gardening and information technology
- \$0.144 million of intangibles representing ordinary software
- \$0.032 million of inventories
- \$0.257 million of other non-financial assets, representing pre-payments made by the Office.

The Office receives a Department Capital Budget (DCB) to replace assets which have reached the end of their useful life. The Office monitors the management of assets on an ongoing basis to ensure that the planned expenditure from DCB reflects the Office's business requirements.

The management of assets is governed by the Accountable Authority Instructions (AAIs) on managing public property and the Office's Asset Management Policy. These policies cover the proper stewardship of assets throughout the asset lifecycle, including the purchasing, stocktaking, impairment and disposal of assets. These policies are regularly communicated to staff through compulsory training and are available online.

PURCHASING

The Commonwealth Procurement Rules (CPRs) and the Office's AAIs provide the framework within which decisions about the procurement of goods and services are made. The Office's procurement policies and practices focus on:

- value for money
- · encouraging competition
- the efficient, effective, economical and ethical use of government resources
- · accountability and transparency in procurement
- procurement risk
- procurement method.

Certain positions within the Office have delegated responsibility for the exercise of powers under the PGPA Act. A position-based electronic purchasing workflow system was used for approval of orders to be raised. Branch Directors and Section Managers continue to be responsible for the expenditure of funds and the management of assets under their control.

The Office has ongoing contracts to provide a variety of contractor services, including internal audit, banking, payroll, office cleaning, and property maintenance and minor works. The Office supports small business participation in the Australian Government procurement market. Small and Medium Enterprises (SME) and Small Enterprise participation statistics are available on the Department of Finance's website.

	The Office supports its employees in managing procurement by providing information and training on procurement policies and procedures, and maintaining a central point of contact for advice on the CPRs, AAIs and tendering processes.
	The Office actively engages with Indigenous enterprises (in accordance with Commonwealth Indigenous Procurement Policy) and SMEs in its procurement of goods and services, including commitment to pay on time to agreed terms and to seek opportunities to reduce the payment time.
CONSULTANTS	The Office engages consultants on an as-required basis to provide professional and specialist services for building works and architectural services, administrative projects, information technology support and systems development, and to facilitate organisational change and management reforms for which the Office does not have the available capacity or staff or there is a need for independent research.
	Prior to engaging consultants, the Office considers the skills and resources required for the task, the skills available internally, and the cost-effectiveness of engaging external expertise. The decision to engage a consultant is made in accordance with the PGPA Act and its related rules and regulations including the CPRs and relevant internal policies.
	During 2022–23, 4 new reportable consultancy contracts were entered into involving total actual expenditure of \$179,944. In addition, 12 ongoing reportable consultancy contracts were active during the period, involving total actual expenditure of \$486,376. This information is also contained in Appendix H, Table H1. Table H2 provides information on those organisations who received the 5 largest shares of the Office's expenditure on reportable consultancy contracts and those organisations who received 5 per cent or more of the Office's expenditure on such contracts.
	Annual reports contain information about actual expenditure on contracts for consultancies. Information on the value of contracts and consultancies is available on the AusTender website www.tenders.gov.au.
LEGAL SERVICES Expenditure	In accordance with the requirements of the Legal Services Directions 2017, the Office reports that total expenditure on external legal services in 2022–23 was \$75,518.

COMPETITIVE TENDERING AND CONTRACTING

During the reporting year, the Office did not contract to another organisation the delivery of any program activities it had previously performed.

AUSTRALIAN NATIONAL AUDIT OFFICE ACCESS CLAUSES The Office did not enter into any contract of \$100,000 or more (including GST) during 2022–23 that did not provide for the Auditor-General to have access to the contractor's premises.

EXEMPT CONTRACTS

ADVERTISING AND MARKET RESEARCH

The Official Secretary did not exempt any contract or standing offer in excess of \$10,000 from being published on AusTender on the basis that it would disclose exempt matters under the *Freedom of Information Act 1982*.

The Office did not undertake any advertising campaigns in 2022-23.

The Office undertook 2 market research activities in 2022–23.

Organisation	Purpose	Expenditure
Hall & Partners Pty Ltd	User testing of new honours and awards nomination forms to ensure accessibility and usability.	\$32,670 (GST inc.)
Hall & Partners Pty Ltd	Insights to inform activity to increase awareness of and engagement with the Order of Australia by the Australian community.	\$32,945 (GST inc.)

DISCRETIONARY GRANTS

The Office neither made nor administered any discretionary grants during the financial year.

INFORMATION TECHNOLOGY

The Office's outcomes continue to be underpinned by advancements in the security, reliability, mobility, and functionality of its information and communications technology (ICT) infrastructure, as laid out in the ICT Strategic Plan 2018–23. Notable achievements in the 2022–23 period included:

- establishment of a branch dedicated to managing and delivering digital services, which includes a strong focus on cyber security
- persistent dedication to ICT security governance, aligned with the OOSGG ICT Cyber Security Strategy. This encompasses the ongoing enhancement of security governance policies, standards, and procedures

- implementation of a Security Operations Centre capability in collaboration with an industry partner, enhancing cyber security monitoring and response capabilities
- successful finalisation of the new Cloud Awards Honours and Awards management system, set to launch in July 2023
- execution of a managed services support arrangement with an industry partner, specifically for the Cloud Awards system
- broadening of Honours and Awards diversity data capture through the user-friendly Cloud Awards online portal
- adoption of Microsoft 365 across the Office, substantially boosting mobility, functionality, and collaboration capabilities
- distribution of new laptops to all staff members and provision of new mobile phones to highly mobile staff, fully integrated with Microsoft 365
- transition of a majority of virtual servers from on-premises to Microsoft's Azure cloud platform
- conception of a fresh Office information architecture, strategically designed for the forthcoming migration of all Office files to SharePoint (migration scheduled for second quarter of FY2022–23).
- implementation of Records365 as the new records management tool, with complete adoption set to follow the file migration to SharePoint
- skill enhancement initiatives for both staff and the IT Operations team, oriented toward harnessing the potential of new cloud technologies, namely Microsoft 365 and Azure
- institution of a structured technical change management system to effectively manage IT system changes
- adoption of a service desk ticketing tool to enhance the administration of user support
- establishment of Level 3 IT support capability through collaboration with an industry partner, offering enhanced redundancy, capability, and service.

These achievements were made possible through internal Office funding and the additional funding secured for new policy proposals (NPP) concerning ICT and Honours and Awards modernisation. Collectively, these projects spearheaded a modernisation of the Honours and Awards system, now called Cloud Awards, while simultaneously delivering a digital transformation for the entire Office workforce. This transformation, in turn, has significantly elevated business continuity, mobility, collaboration, and cyber security measures, all contributing to the fulfilment of Office outcomes in a resource-efficient and effective manner. As a PGPA Act agency, the Office has actively participated in and benefited from various whole-of-government arrangements. These initiatives have encompassed coordinated telecommunications services, as well as streamlined software and hardware procurement procedures.

FREEDOM OF INFORMATION

The Office continues to build and foster an agency culture that embraces appropriate disclosure of its information holdings through the Information Publication Scheme (IPS) on its website at www.gg.gov.au.

The IPS was established by Part II of the *Freedom of Information Act 1982* (FOI Act) with effect from 1 May 2011. Agencies subject to the FOI Act are required to publish information released to the public as part of their IPS. This requirement has replaced the former requirement to publish a section 8 statement in annual reports. The IPS section of the Office's website publishes other information (in addition to the information published under s 8(2)), taking into account the objects of the FOI Act (s 8(4)).

Optional information is published under the following headings:

- Our priorities this includes a link to relevant sections of the website and the Annual Report
- **Our finances** this includes links to the Financial Statements contained within the Annual Report and the Portfolio Budget Statements
- **Our lists** this includes a link to the Senate File List, Agency Contracts and Honours Lists
- Governor-General's Program daily program of official engagements
- Speeches copies of selected speeches given by the Governor-General.

The Office proactively identifies and publishes information that may be of interest to the public (such as new policies or reviews undertaken), additional to the mandatory requirements, in the Disclosure Log on its IPS. The Office's organisational chart and functions are detailed in Chapter I of this report and on the website, where a series of links appear in the section on the IPS.

FOI PROCEDURES AND INITIAL CONTACT POINT

The FOI Act applies to the Office as a body established for a public purpose by an enactment and, therefore, is a 'prescribed authority' as defined in section 4. However, Section 6A of the FOI Act provides:

> Official Secretary to the Governor-General – This Act does not apply to any request for access to a document of the Official Secretary to the Governor-General unless the document relates to matters of an administrative nature. For the purposes of this Act, a document in the possession of a person employed under section 13 of the Governor-General Act 1974 that is in his or her possession by reason of his or her employment under that section shall be taken to be in possession of the Official Secretary to the Governor-General.

The FOI Act therefore has a restricted application to the Office, being relevant only in respect of requests for access to documents that relate to 'matters of an administrative nature'. The High Court has determined that the FOI Act does not apply to requests for access to documents that relate to the discharge of the Governor-General's substantive powers and functions.

Members of the public seeking access to documents relating to 'matters of an administrative nature' in the possession of the Official Secretary should apply in writing to:

> The Official Secretary to the Governor-General Government House Canberra ACT 2600 Email: **FOI.IPS@gg.gov.au**

Initial enquiries may be directed to the Office's FOI Contact Officer on telephone (02) 6283 3533.

CHARGES

The Office's policy on levying charges under FOI regulations is that, where applicable, charges should be imposed for processing FOI requests. However, charges may be reduced or not imposed if the Official Secretary is satisfied that an appropriate reason to do so exists. If access is approved, copies of documents will be provided after the Office receives payment of any charges that apply.

FOI APPLICATIONS IN 2022-23

During 2022–23, 66 FOI requests were received for documents relating to the operations of the Office of the Official Secretary to the Governor-General. Of these:

- 7 were released in full
- 6 were released in part
- 39 were denied under section 6A of the Act
- 2 were denied under other sections of the Act
- 11 were requests that did not relate to documents in possession of the agency and therefore the FOI Act did not apply
- one was withdrawn.

ENERGY EFFICIENCY, ECOLOGICALLY SUSTAINABLE DEVELOPMENT AND ENVIRONMENTAL PROTECTION

The Office's objective is to improve its environmental outcomes in accordance with government policy while at the same time providing services of the highest quality.

The Office reports on ecological sustainability performance in accordance with s 516A of the *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act). Use of the Environment and Sustainability Portal that was implemented in 2019–20 by the Property Service Provider has continued to improve the efficiency and accuracy of data capture, analysis and reporting.

ENERGY CONSUMPTION AND GREENHOUSE Emissions

The Office continues to apply the Sustainability Plan from the Property Service Provider that identifies energy saving opportunities focusing on reducing energy consumption. All electricity procured in the ACT is from a renewable energy Power Purchase Agreement (PPA), which has net zero emissions under a market-based calculation approach.

As part of the Office's Property Works Program, initiatives and alternative resources are considered, for each project that is undertaken, that can aid in reducing energy consumption across our sites.

ENERGY CONSUMPTION - TRANSPORT AND MACHINERY

Office employees are encouraged to minimise air travel and fleet vehicle usage. This is achieved by undertaking travel only where there is a demonstrated business need and other communication tools such as teleconferencing and videoconferencing are not appropriate alternatives.

The Office has commenced investigating possible electric vehicle solutions as part of its programmed vehicle fleet turnover and the associated infrastructure to support such changes. This would complement our current use of electric carts by our Horticulture Operations team at Government House.

RESOURCE EFFICIENCY AND WASTE

The Office has recently undertaken an ICT Uplift Project which has provided staff the ability to reduce the requirement for printing across most business programs. The Office recycles printing paper where printer capability allows.

In 2022–23, the Office continued its partnerships with BinShift and GoTerra to split our waste streams into landfill, mixed recycle, dry compost, paper, soft plastics, 10c deposit and wet compost. The 10c recyclable waste is accumulated and collected by a charity who cashes it in and retains the funds.

The Office further pursues its environmental commitment with other initiatives such as:

- composting of green waste and dry compostable paper products at Admiralty House and Government House
- continued use of a soil sieve at Government House, to enable on-site manufacture of high-quality compost, with savings on materials, handling and costs
- regular donations of leftover food and flowers to the charities OzHarvest in Sydney and The Yellow Van in Canberra
- migration from petrol to electric handheld machinery items.

The Office worked within the guidelines issued by the ACT Government to extract water from Lake Burley Griffin for watering gardens and lawns at Government House. All of the managed landscape (which accounts for 40 per cent of the total property area) at Government House is serviced by drawing water from the lake. During 2022–23, the Office continued to closely manage its water consumption for irrigation within the licensed allotment.

INDEPENDENT AUDITOR'S REPORT

To the Prime Minister

Opinion

In my opinion, the financial statements of the Office of the Official Secretary to the Governor-General (the Entity) for the year ended 30 June 2023:

- (a) comply with Australian Accounting Standards Simplified Disclosures and the Public Governance, Performance and Accountability (Financial Reporting) Rule 2015; and
- (b) present fairly the financial position of the Entity as at 30 June 2023 and its financial performance and cash flows for the year then ended.

The financial statements of the Entity, which I have audited, comprise the following as at 30 June 2023 and for the year then ended:

- Statement by the Official Secretary to the Governor-General and Chief Financial Officer;
- Statement of Comprehensive Income;
- Statement of Financial Position;
- Statement of Changes in Equity;
- Cash Flow Statement;
- Administered Schedule of Comprehensive Income;
- Administered Schedule of Assets and Liabilities;
- Administered Reconciliation Schedule;
- Administered Cash Flow Statement; and
- Notes to the financial statements, comprising a summary of significant accounting policies and other explanatory information.

Basis for opinion

I conducted my audit in accordance with the Australian National Audit Office Auditing Standards, which incorporate the Australian Auditing Standards. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Entity in accordance with the relevant ethical requirements for financial statement audits conducted by the Auditor-General and his delegates. These include the relevant independence requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) to the extent that they are not in conflict with the Auditor-General Act 1997. I have also fulfilled my other responsibilities in accordance with the Code. I believe that the auditer believe that the auditer believe that the sufficient and appropriate to provide a basis for my opinion.

Accountable Authority's responsibility for the financial statements

As the Accountable Authority of the Entity, the Official Secretary to the Governor-General is responsible under the *Public Governance, Performance and Accountability Act 2013* (the Act) for the preparation and fair presentation of annual financial statements that comply with Australian Accounting Standards – Simplified Disclosures and the rules made under the Act. The Official Secretary to the Governor-General is also responsible for such internal control as the Official Secretary to the Governor-General determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Official Secretary to the Governor-General is responsible for assessing the ability of the Entity to continue as a going concern, taking into account whether the Entity's operations will

GPO Box 707, Canberra ACT 2601 38 Sydney Avenue, Forrest ACT 2603 Phone (02) 6203 7300 cease as a result of an administrative restructure or for any other reason. The Official Secretary to the Governor-General is also responsible for disclosing, as applicable, matters related to going concern and using the going concern basis of accounting, unless the assessment indicates that it is not appropriate.

Auditor's responsibilities for the audit of the financial statements

My objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian National Audit Office Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with the Australian National Audit Office Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or
 error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is
 sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material
 misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion,
 forgery, intentional omissions, misrepresentations, or the override of internal control;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of
 the Entity's internal control;
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Accountable Authority;
- conclude on the appropriateness of the Accountable Authority's use of the going concern basis of accounting
 and, based on the audit evidence obtained, whether a material uncertainty exists related to events or
 conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If I conclude
 that a material uncertainty exists, I am required to draw attention in my auditor's report to the related
 disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My
 conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future
 events or conditions may cause the Entity to cease to continue as a going concern; and
- evaluate the overall presentation, structure and content of the financial statements, including the
 disclosures, and whether the financial statements represent the underlying transactions and events in a
 manner that achieves fair presentation.

I communicate with the Accountable Authority regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

Office of the Official Secretary to the Governor-General Statement by the Official Secretary to the Governor-General and Chief Financial Officer

In our opinion, the attached financial statements for the year ended 30 June 2023 comply with subsection 42 (2) of the *Public Governance, Performance and Accountability Act 2013 (PGPA Act)*, and are based on properly maintained financial records as per subsection 41 (2) of the PGPA Act.

In our opinion, at the date of this statement, there are reasonable grounds to believe that the Office of the Official Secretary to the Governor-General will be able to pay its debts as and when they fall due.

Office of the Official Secretary to the Governor-General STATEMENT OF COMPREHENSIVE INCOME Budget Variance Commentary for the year ended 30 June 2023

Explanation of Major Variances ¹	Affected line item
Employee benefits Employee benefits were under budget by \$687k (6.5%) predominantly because of a lower than budgeted average staffing level (ASL) and delayed recruitment activity. Additionally, an increase in the bond rate resulted in a reduction in the long service leave provision balance, further reducing employee benefits. Employee benefits in the cash flow statement were under budget as a result of the above.	Employee benefits expense (Statement of Comprehensive Income), Employee provisions (Statement of Financial Position), Operating cash used - employees (Cash Flow Statement)
Supplier expenses Supplier expenses were under budget by \$752k (5.8%). The main driver was the Office's ICT modernisation program to deploy a contemporary environment based on the Digital Transformation Agency's blueprint. Office of the Official Secretary to the Governor-General STATEMENT OF FINANCIAL POSITION Budget Variance Commentary for the year ended 30 June 2023

Explanation of Major Variances ¹	Affected line item			
Trade and other receivables The trade and other receivables were over budget by \$756k (21.0%). The Office received funding for an ICT modernisation program with the difference in timing of delivery of the program and appropriated funds resulting in an unspent balance at year end.	Trade and other receivables (Statement of Financial Position), Operating cash received (Cash Flow Statement), Appropriations received (Cash Flow Statement), Section 74 receipts transferred to the Official Public Account (OPA) (Cash Flow Statement)			
Non-financial assets Intangible assets were under budget by \$79k (35.5%) due to timing of project completion.	Non-financial assets (Statement of Financial Position), Investing cash used (Cash Flow Statement), Operating cash used (Cash Flow Statement)			
Suppliers' payables Suppliers' payables were under budget by \$534k (38.9%) predominantly because of efficient management of account payable processes.	Payables (Statement of Financial Position), Operating cash used (Cash Flow Statement)			
<u>Provisions</u> Employee provisions were under budget predominantly as a result of changes in the discounting rate.	Employee benefits expense (Statement of Comprehensive Income), Employee provisions (Statement of Financial Position)			
¹ A variation is considered major when the variance between budget and actual is both greater than 10% and greater than 2% of the relevant category (expenses, revenue, assets, liabilities, receipts, or payments). An item below this threshold will be included if considered important for the reader's understanding.

Overview

1.1 Outcome

The Office of the Official Secretary to the Governor-General (the Office) is an Australian Government controlled Non-Corporate Commonwealth Entity (NCCE). The Office is a statutory office established under the *Governor-General Act 1974* and is structured to meet the following outcome:

Outcome 1

The performance of the Governor-General's role is facilitated through the organisation and management of official duties, management and maintenance of the official household and property and administration of the Australian Honours and Awards system.

The Office's activities contributing toward the outcome are classified as either departmental or administered. Departmental activities involve the use of assets, liabilities, income and expenses controlled or incurred by the Office in its own right. Administered activities involve the management oversight by the Office, on behalf of the Government, of items controlled or incurred by the Government.

Departmental activities are identified under one program - Support for the Governor-General and Official Functions and three program components:

- Component 1 Support of the Governor-General
- Component 2 Management and maintenance of the official properties; and
- Component 3 Acquisition of Australian honours medals/insignia, warrants and investiture.

The Office conducts the following administered activities on behalf of the Government:

- Pays the salary of the Governor-General;
- Purchases goods and services in connection with the administration of the Australian Honours and Awards system;
- Provides for depreciation of assets used in connection with the provision of services to the Governor-General; and
- Manages and maintains the official household and property.

The above activities are discussed in more detail in the body of the Annual Report.

The continued existence of the Office in its present form and with its present programs is dependent on Government policy and on continuing funding by Parliament for the Office's administration and program.

1.2 Basis of Preparation of the Financial Statements

The financial statements are required by section 42 of the *Public Governance, Performance and Accountability Act* 2013.

The financial statements have been prepared in accordance with:

- a) Public Governance, Performance and Accountability (Financial Reporting) Rule 2015 (FRR); and
- b) Australian Accounting Standards and Interpretations including simplified disclosures for Tier 2 Entities under AASB 1060 issued by the Australian Accounting Standards Board (AASB) that apply for the reporting year.

The financial statements have been prepared on an accrual basis and in accordance with the historical cost convention, except for certain assets at fair value. Except where stated, no allowance is made for the effect of changing prices on the results or the financial position. The financial statements are presented in Australian dollars.

1.3 New Accounting Standards

Two amending standards (AASB 2021-2 and AASB 2021-6) were adopted earlier than the application date as stated in the standard. These amended standards have been adopted for the 2022-23 reporting period.

AASB 2021-2 amends AASB 7, AASB 101, AASB 108, AASB 134 and AASB Practice Statement 2. The amending standard requires the disclosure of material, rather than significant, accounting policies, and clarifies what is considered a change in accounting policy compared to a change in accounting estimate.

AASB 2021-6 Amendments to AASB 2021-6 amends the Tier 2 reporting requirements set out in AASB 1049, AASB 1054 and AASB 1060 to reflect the changes made by AASB 2021-2.

Accounting Policies: Tier 2 and The details of the changes in accounting policies and adjustments are disclosed below and in the relevant notes to the financial statements. This amending standard is not expected to have a material impact on the entity's financial statements for the current reporting period or future reporting periods.

1.4 Significant Accounting Judgement and Estimates

No accounting assumptions and estimates have been identified that have a significant risk of causing a material adjustment to carrying amounts of assets and liabilities within the next accounting year.

In accordance with AASB 13 Fair Value of Property, Plant and Equipment has been taken to be the market price of similar assets as determined by an independent valuer. In some instances, the Office's buildings are purpose built and may in fact realise more or less in the market.

1.5 Revenue

Revenue from Government

Amounts appropriated for departmental appropriations for the year (adjusted for any formal additions and reductions) are recognised as revenue from Government when the Office gains control of the appropriation, except for certain amounts that relate to activities that are reciprocal in nature, in which case revenue is recognised only when it has been earned. Appropriations receivables are recognised at their nominal amounts.

Sale of Assets

Gains from disposal of non-current assets are recognised when control of the asset has passed to the buyer.

1.6 Cash

Cash and cash equivalents include cash on hand and cash at bank. Cash is recognised at its nominal amount.

1.7 Inventories

Inventories held for distribution are valued at cost, adjusted for any loss of service potential. Inventories acquired at no cost or nominal consideration are initially measured at current replacement cost at the date of acquisition.

1.8 Taxation

The Office is exempt from all forms of taxation except Fringe Benefits Tax (FBT) and the Goods and Services Tax (GST)

1.9 Reporting of Administered Activities

Administered revenues, expenses, assets, liabilities and cash flows are disclosed in the administered schedules and related notes.

Except where otherwise stated below, administered items are accounted for on the same basis and using the same policies as for departmental items, including the application of Australian Accounting Standards.

A desktop revaluation of non-financial assets (land only) was undertaken as at 30 June 2023.

Revenue

All administered revenues are revenues relating to the course of ordinary activities performed by the Office on behalf of the Australian Government. As such, administered appropriations are not revenues of the Office in that the Office only oversees distribution or expenditure of the funds as directed.

Revenue is generated from the sale of replacement medals to recipients who earlier received awards under the Australian Honours and Awards system. Administered fee revenue is recognised when it is invoiced. It is recognised at its nominal amount less any impairment allowance account. Collectability of debts is reviewed at balance date. Allowances are made when collection of the debt is judged to be less rather than more likely.

1.10 Events After the Reporting Year

There was no subsequent event that had the potential to significantly affect the ongoing structure and financial activities of the Office.

1.11 Contingent Assets and Liabilities

At 30 June 2023, the Office had no contingent assets or liabilities to disclose.

¹Rendering of services for the current financial year predominantly relates to revenue from the memorandum of understanding (MOU) with the Department of Prime Minister and Cabinet (PM&C) to undertake grounds maintenance at Kirribilli House on its behalf.

Accounting Policy

Revenue from the provision of services is recognised when control has been transferred to the buyer. Under the income recognition model of *AASB 15* the Office shall first determine whether an enforceable agreement exists and whether the promises to transfer goods or services to the customer are 'sufficiently specific'. If an enforceable agreement exists and the promises are 'sufficiently specific' to a transaction or part of a transaction), the Office applies the general *AASB 15* principles to determine the appropriate revenue recognition. If these criteria are not met, the Office shall consider whether *AASB 155* applies.

The transaction price is the total amount of consideration to which the Office expects to be entitled in exchange for transferring promised goods or services to a customer. The consideration promised in a contract with a customer may include fixed amounts, variable amounts, or both.

Receivables for goods and services, which have 30-day terms, are recognised at the nominal amounts due less any impairment allowance account. Collectability of debts is reviewed at end of the reporting year. Allowances are made when collectability of the debt is judged to be less rather than more likely.

Accounting Policy

Resources received free of charge

Resources received free of charge are recognised as revenue when, and only when, a fair value can be reliably determined and the services would have been purchased if they had not been donated. Use of those resources is recognised as an expense.

Secondments

Secondment arrangement services received free of charge are accounted for as the fair value that the Office would otherwise have paid for the services if not provided voluntarily. In accordance with the requirements of *AASB 1058*, the value of these services has been recognised as resources received free of charge for the financial year.

On the initial recognition of secondment arrangement services as an asset or an expense, the Office recognises any related amounts in accordance with the relevant standard. The Office recognises the excess of the fair value of the services over the recognised related amounts as income immediately in the income statement.

Revaluations of non-financial assets

A desktop revaluation of non-current assets (Land only) at Government House and Admiralty House was conducted as at 30 June 2023 by an independent valuer, JLL, in accordance with the revaluation policy stated at Note 5. This resulted in no change in the fair value of the non-current assets.

Contractual commitments for the acquisition of property, plant, equipment and intangible assets

Contractual commitments relating to non-financial assets amounted to \$94,787 (2022: \$72,761) GST inclusive.

Accounting Policy

Acquisition of Assets

Assets are recorded at cost on acquisition except as stated below. The cost of acquisition includes the fair value of assets transferred in exchange and liabilities undertaken. Financial assets are initially measured at their fair value plus transaction costs where appropriate.

Property, Plant and Equipment Asset Recognition Threshold

Purchases of property, plant and equipment are recognised initially at cost in the statement of financial position, except for purchases costing less than \$3,000, which are expensed in the year of acquisition (other than where they form part of a group of similar items which are significant in total).

The initial cost of an asset includes an estimate of the cost of dismantling and removing the item and restoring the site on which it is located.

ROU Assets

Leased ROU assets are capitalised at the commencement date of the lease and comprise the initial lease liability amount, initial direct costs incurred when entering into the lease less any lease incentives received. These assets are accounted for by Commonwealth lessees as separate asset classes to corresponding assets owned outright, but included in the same column as where the corresponding underlying assets would be presented if they were owned.

Following initial application, an impairment review is undertaken for any ROU lease asset that shows indicators of impairment and any impairment loss is recognised against any ROU lease asset that is impaired. Lease ROU assets continue to be measured at cost after initial recognition in the Office's financial statements.

Revaluations

Following initial recognition at cost, property plant and equipment (excluding ROU assets) are carried at fair value (or an amount not materially different from fair value) less subsequent accumulated depreciation and accumulated impairment losses. Valuations are conducted with sufficient frequency to ensure that the carrying amounts of assets do not differ materially from the assets' fair values as at the reporting date. The regularity of independent valuations depends upon the volatility of movements in market values for the relevant assets. The Office undertakes independent valuations on an annual basis for land assets. Independent valuations for infrastructure, property, plant and equipment are undertaken on a triennial basis.

Revaluation adjustments are made on a class basis. Any revaluation increment is credited to equity under the heading of asset revaluation reserve except to the extent that it reverses a previous revaluation decrement of the same asset class that was previously recognised in the surplus/deficit. Revaluation decrements for a class of assets are recognised directly in the surplus/deficit except to the extent that they reverse a previous revaluation increment for that class.

Any accumulated depreciation as at the revaluation date is eliminated against the gross carrying amount of the asset and the asset restated to the revalued amount.

In relation to the official properties administered by the Office, the disposal of land is restricted as follows:
 in the case of Government House - by government zoning under the National Capital Plan; and
 in the case of Admiralty House - by New South Wales Legislation - Governor-General's Residence (Grant) Act 1945

Depreciation

Depreciable property, plant and equipment are written-off to their estimated residual values over their estimated useful lives to the Office using, in all cases, the straight-line method of depreciation.

Depreciation rates (useful lives), residual values and methods are reviewed at each reporting date and necessary adjustments are recognised in the current, or current and future reporting years, as appropriate.

Depreciation rates applying to each class of depreciable assets are based on the following remaining useful lives:

2023	<u>2022</u>
1 to 125 years	1 to 126 years
1 to 53 years	1 to 54 years
to 181 years	3 to 182 years
1 to 11 years	2 to 11 years
31 years	32 years
1 to 7 years	1 to 4 years
	1 to 125 years 1 to 53 years to 181 years 1 to 11 years 31 years

The depreciation rates for ROU assets are based on the commencement date to the earlier of the end of the useful life of the ROU asset or the end of the lease term.

Impairment

All assets were assessed for indications of impairment as at 30 June 2023. Where indications of impairment exist, the asset's recoverable amount is estimated and an impairment adjustment made if the asset's recoverable amount is less than its carrying amount.

The recoverable amount of an asset is the higher of its fair value less costs to sell and its value in use. Value in use is the present value of the future cash flows expected to be derived from the asset. Where the future economic benefit of an asset is not primarily dependent on the asset's ability to generate future cash flows, and the asset would be replaced if the Office was deprived of the asset, its value in use is taken to be its depreciated replacement cost.

Derecognition

An item of property, plant and equipment is derecognised upon disposal or when no further future economic benefits are expected from its use or disposal.

Intangibles

The Office's intangibles comprise purchased software for internal use. In the absence of an active market these assets are carried at cost less accumulated amortisation and accumulated impairment losses. Software is a mortised on a straight-line basis over its anticipated useful life. The average useful life of the Office's software is 5 years (2022: 5 years). All software assets were assessed for indications of impairment as at 30 June 2023. No indicators of impairment were identified.

The above lease disclosure should be read in conjunction with the accompanying note 1C.

Accounting Policy

For all new contracts entered into, the Office considers whether the contract is, or contains a lease. A lease is defined as 'a contract, or part of a contract, that conveys the right to use an asset (the underlying asset) for a year of time in exchange for consideration'.

Once it has been determined that a contract is, or contains a lease, the lease liability is initially measured at the present value of the lease payments unpaid at the commencement date, discounted using the interest rate implicit in the lease, if that rate is readily determinable, or the Office's incremental borrowing rate.

Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is remeasured to reflect any reassessment or modification to the lease. When the lease liability is remeasured, the corresponding adjustment is reflected in the ROU asset or profit and loss depending on the nature of the reassessment or modification.

	\$	\$
Note 7: Employee provisions		
Leave	2,752,456	3,252,541
Total employee provisions	2,752,456	3,252,541

Accounting Policy

Liabilities for short-term employee benefits and termination benefits due within twelve months of the end of the reporting year are measured at their nominal amounts.

Other long-term employee benefits are measured as net total of the present value of the defined benefit obligation at the end of the reporting year minus the fair value at the end of the reporting year of plan assets (if any) out of which the obligations are to be settled directly.

Leave

The liability for employee benefits includes provision for annual leave and long service leave.

The leave liabilities are calculated on the basis of employees' remuneration at the estimated salary rates applicable at the time the leave is taken, including the Office's employer superannuation contribution rates to the extent that the leave is likely to be taken during service rather than paid out on termination.

The liability for long service leave has been calculated using Department of Finance (DoF) Shorthand Model which incorporates the work of an actuary as at 30 June 2023. The estimate of the present value of the liability takes into account attrition rates and pay increases through promotion and inflation.

Superannuation

Staff of the Office are members of the Public Sector Superannuation Scheme (PSS), the PSS accumulation plan (PSSap), or employee nominated superannuation funds held outside the Australian Government.

The PSS is a defined benefit scheme for the Australian Government. The PSSap is a defined contribution scheme.

The liability for defined benefits is recognised in the financial statements of the Australian Government and is settled by the Australian Government in due course. This liability is reported by the DoF's administered schedules and notes.

The Office makes employer contributions to the employees' defined benefit superannuation scheme at rates determined by an actuary to be sufficient to meet the current cost to the Government. The Office accounts for the contributions as if they were contributions to defined contribution plans.

The liability for superannuation recognised as at 30 June represents outstanding contributions.

8. Key Management Personnel Remuneration

Key management personnel (KMP) are those persons having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any director (whether executive or otherwise) of the entity. The Office has determined the KMP to be the Official Secretary and the Deputy Official Secretary. KMP remuneration is reported in the table below.

The total number of KMP that are included above is 2 (2022: 2).

 $^1\text{Long-service}$ leave reflects the effect of the current bond rate which increased from 3.7% in the prior year to 4.0% this financial year.

9. Related Party Disclosures

Related party relationships:

The Office is an Australian Government controlled entity. Related parties to the Office are KMP and other Australian Government entities. The Office has assessed the KMP to comprise of the Official Secretary and the Deputy Official Secretary.

Transactions with related parties:

Given the breadth of Government activities, related parties may transact with the government sector in the same capacity as ordinary citizens. Such transactions have not been separately disclosed in this note.

Giving consideration to relationships with related entities, and transactions entered into during the reporting year by the Office, it has been determined that there are no related party transactions to be separately disclosed.

The Office derived no interest income from financial assets in either the current or prior year.

Accounting Policy

Financial Assets

In accordance with AASB 9 *Financial Instruments*, the Office classifies its financial assets as financial assets at amortised cost. The classification depends on both the Office's business model for managing the financial assets and contractual cash flow characteristics at the time of initial recognition. Financial assets are recognised when the Office becomes a party to the contract and, as a consequence, has a legal right to receive or a legal obligation to pay cash and derecognised when the contractual rights to the cash flows from the financial asset expire or are transferred upon trade date.

Financial Liabilities at Amortised Cost

Financial assets included in this category need to meet two criteria:

1. the financial asset is held in order to collect the contractual cash flows; and

2. the cash flows are SPPI on the principal outstanding amount.

Amortised cost is determined using the effective interest method.

Effective Interest Method

Income is recognised on an effective interest rate basis for financial assets that are recognised at amortised cost.

Impairment of Financial Assets

Financial assets are assessed for impairment at the end of each reporting year based on expected credit losses, using the general approach which measures the loss allowance based on an amount equal to lifetime expected credit losses where risk has significantly increased, or an amount equal to 12-month expected credit losses if risk has not increased.

The simplified approach for trade, contract and lease receivables is used. This approach always measures the loss allowance as the amount equal to the lifetime expected credit losses.

A write-off constitutes a derecognition event where the write-off directly reduces the gross carrying amount of the financial asset.

Financial Liabilities

Financial liabilities are classified as other financial liabilities. Financial liabilities are recognised and derecognised upon 'trade date'.

In some instances, the Office's buildings are purpose built and may in fact realise more or less in the market.

Desktop revaluations of land assets at Government House and Admiralty House were conducted as at 30 June 2023 by an independent valuer, JLL, in accordance with the revaluation policy stated at Note 5. This resulted in no change in the fair value of the non-financial land assets.

Notes:

Ordinary annual services are appropriated through Appropriation Act 1 and Act 3 (PAES).

^cDCB and ACB are appropriated through Appropriation Act 1. They form part of ordinary annual services and are not separately identified in the Appropriation Acts. ³Section 74 receipts

⁴The variance of \$1.8m in ordinary annual services is primarily because of expenditure relating to SaaS relevant to the ICT modernisation project. Funding for the ICT modernisation project was appropriated through DCB which was underspent by \$5.6m due to SaaS expenditure being paid through drawdowns from ordinary annual services appropriations.

Medals, particularly with regard to eligible Local Government Areas (LGA's) and clarification on roles and responsibilities to verify service in direct response to the emergency. At times the inflow of this information from external agencies has not been timely which has added to the overall timeframes of the process. In addition, supplier side delivery constraints have also been a limiting factor in the Office's ability to issue the medals as per previous forecasts thereby contributing to the underspend. The variance of \$1.1m in administered ordinary annual services is predominantly as a result of receiving nominations and liaising with stakeholders relating to National Emergency

The variance of \$204k in ACB is due to COVID-19 lock down restrictions during the financial year resulting in delays in works.

¹From 2010-11, the Government introduced net cash appropriation arrangements where revenue appropriations for depreciation/amortisation expenses of non-corporate Commonwealth entities and selected corporate Commonwealth entities were replaced with a separate capital budget provided through equity appropriations. Capital budgets are to be appropriated in the year when cash payment for capital expenditure is required.

²The inclusion of depreciation/amortisation expenses related to ROU leased assets and the lease liability principal repayment amount reflects the impact of AASB 16 Leases, which does not directly reflect a change in appropriation arrangements.
