Creative Chaos

A new label made its debut this week. Chaos Recordings will "operate alongside" Columbia Records, with the company's first album releases set for later this spring.

Heading up the company is label manager

CHAOS

Jim Cawley, whose first project will be the Wailing Souls' album *All Over the World*, set to hit the streets in June. July is the projected release date for rock group Collision which will be followed in August by singer/songwriter Brenda

Kahn's *Epiphany In Brooklyn*.

Chaos' initial staff will be eight field marketing and promotion reps. Marketing, sales and publicity areas will be set up at a later date, according to company officials. In the interim, those departments will be the responsibility of Sony and Columbia.

Jim Cawley was most recently senior vice president, marketing for EMI Records. Before that stint, he was at Arista for 15 years, starting in the mailroom and leaving as senior vice president, sales and distribution.

"I have known Jim for more than fifteen years and have seen

his steady growth through virtually every facet of the record business," said Columbia president Don Jenner. "I can't think of any-

one better suited to the challenge of starting up a new label in this roller coaster environment."

ARB Diary Editing Computerized

The Arbitron system of giving credit to a station even though its identifier is missing has been taken out of human hands and given to the computer.

According to Tom Mocarsky, Vice President of Communications for the ratings service, the rule hasn't been changed, just the recording method.

"We have changed the system only in the sense that we have automated *one specific edit*," he said. "And that is where we have a blank station identifier, but entries for everything else. We have a start time, we have a stop time, we have an AM/FM band indication and we have a place indication."

Another instance where the computer will take over, Mocarsky said, is when a listener omits entering a station's

identifier in a certain daypart on one day, but a pattern has been established making it clear the listener has the same station on in, say, morning drive, every day of the ratings week.

The impact of the new system on diary review is that previously, when a listener omitted giving credit, it was easy to spot by reviewers because it was written in with a special diary-editor's pen. Now that the computer takes over, those entries will not be as easy to spot. But, Mocarsky says, it will still be obvious in the "mechanicals" (actual diaries) where editing comes in.

"Nothing will change," Mocarsky re-iterated. "This was a system that was easy to automate, which speeds up our productivity. The rule is the same."

Executive Producer: C.R. Anderson

Male/female hip-hop duo mixes r&b/dance rhythms with a hearty dose of rap on this radio friendly dance cut. Up-tempo, melodic cut is spiced with extremely high-pitched female vocals and infectious beat.

Say (big) cheese. Elektra Entertainment Chairman Bob Krasnow (far left) has been tapped as chairman of the induction dinner committee for the Eighth Annual Rock and Roll Hall Of Fame induction dinner, which will be held in Los Angeles. It will be the first time the dinner will be held on the West Coast. Conferring with Krasnow were, from his left, MCA Music Entertainment Group Chairman Al Teller; Rock and Roll Hall of Fame Foundation Executive Director Suzan Evans; Atlantic Records Co-Chairman/Co-CEO Ahmet Ertegun; Capitol-EMI Records President and CEO Joe Smith; Giant Records CEO Irving Azoff.

The funky divas from En Vogue who, coincidentally, will grace the cover of the Gavin Report in late May, were in their home base Bay Area a few weeks ago to celebrate the release of their Atco/East West Records album titled—yes—Funky Divas—with local celebs. Smiling at the album's instant success are Atco/East West Chairman Sylvia Rhone; album co-producer Denzil Foster; En Vogue members Dawn Robinson, Terry Ellis, Maxine Jones and Cindy Herron; Bay Area-based writer/producer Narada Michael Walden.

On Saturday (4/25) KIIS/FM-Los Angeles and Sega of America made radio history as they raised almost a quarter of a million dollars for the Pediatric AIDS Foundation. The 40-hour radiothon concluded with an all-star concert that featured Luther Vandross, Richard Marx, Keith Sweat, Color Me Badd, Wilson Phillips, Amy Grant and Shanice, among others. Here Marx (l) and Vandross ham it up for the crowd.

RADI-O-RAMA

More Winter ARBs: In Boston, WZOU bested KISS 108 (WXKS), but the good news for both is each took nice jumps: WZOU 5.3-5.9 and KISS 108 5.5-5.8. Market leader WBZ took a big dive, 7.5-5.9 while crosstown rival WRKO jumped 6.4-7.4. WBCN pretty much held steady, going to 5.4 from 5.3. Same in reverse for WFNX which dropped from 1.9 to 1.8. WBOS dropped 2.4-1.9 and WCDJ stands at 1.5, down from 2.3...San Francisco Top 40 KMEL continued its down-trend, dropping to 4.6 from 5.3. Despite the fall, it remains the #1 music station in the market. Country-formatted KSAN enjoyed a nice hop, going up to 3.7 from 2.9. Other SF action: KSOL, which recently made a splashy moniker change to Wild 107 inched down to 2.8 from 2.9. KKSF is up to 2.7 from 2.5 while KBLX drops to 1.7 from 2.3. K-101 moved up 2.7-3.3 and KFOG is at 1.8 from 1.6...

In Washington, D.C., WPGC stayed on top, even though it took a dive from 9.2 to 8.8. Urban-

formatted WKYS also took a dive, 5.4-4.3. Ditto for WHUR, although not so drastic a fall: 3.3-2.9. So where did everybody go? It's not clear, but album station WWDC pulled up a full share, hitting 4.0 and classic rock WJFK went up a half-share to 3.0. Newly-religious WAVA took the biggest fall, going to 1.9 from 3.8, and Country station WMZQ held steady, moving to 5.7 from 5.8...In neighboring Baltimore, a Top 40 that now leans A/C, WBSB, dropped to 2.8 from 4.2, but the big story is Urban Contemporary WXYZ, which took a nosedive, going down two full shares to a 6.1. Churban 92Q (WERQ) came in with a 4.6...Chicago's WGCI/FM sits atop the music stations at 6.8, while B96 (WBBM/FM) has a 5.0. WXRT's 3.8 is a 20-year high for the alternative rocker...KUBE-Seattle came in with a 6.1, with KPLZ at 5.1. KKNW stands at 2.9...

After 3-1/2 years at KBOS-Fresno, 1-1/2 as PD Don Parker is leaving, but hasn't announced just where he's going. "It's somewhere west of the Mississippi," was all he'd say. Don leaves the station May 8, and no new PD has been named. Dan Stone

consults...PD Karl Kessler leaves non-commercial Jazz station WRTI-Philadelphia to move to Germany and work for RCS...After four months as morning man at WQGN-Groton, CT, Kelly Nash is out, but the parting was amicable. Call him at (203) 885-1711. OM Franco assumes morning duties...Joe Nasti joins B-94 (WBZZ)-Pittsburgh as 7P-Midnight personality. Only 19, Joe has already been on the air at WZKS-Louisville...Marcy Guiragossian has exited the Promotions Assistant position at KFOG-San Francisco after 2-1/2 years with the station. Call her at (415) 456-9919...Q106.5 (KYQQ)-Wichita PD/MD Steve Davis sheds the MD, giving the position to Alan Smith. The on-air lineup is as follows: 6-10A, Steve "Wonder" Davis; 10A-3P, Paige Turner; 3-7P, Jay Jeffries; 7P-12M, Alan Smith; 12M-6A, Jay Walker...Those old philosophical differences have reared their ugly head

A tall, clear glass filled with white milk is centered against a solid blue background. The glass is lit from the side, creating a bright highlight on the left edge of the milk and a dark shadow on the right. The lyrics of a song are overlaid on the left side of the glass in a white, bold, sans-serif font.

**When he hold it in his hand
He feel mighty he feel strong

again. This time at KHTR/FM-Pullman, WA, where PD Chuck Matheson has left. Interim PD is APD/MD Grayson Thagard...The New Music Seminar is coming up June 17-21. Call Meryl Wheeler or Marilyn Laverty for info. Their number is (718) 522-7171. Fax (718) 522-7242...Looks like someone did a bad editing job dept.: The 91X (XTRA)-San Diego morning team, Mike Berger, Jeff Prescott and Russ T. Nailz, were suspended indefinitely last week for airing a bit from the latest Andrew Dice Clay album that contained obscenities (surprise). The station ran apologies every hour on Thursday, 4/23. Word is Station Manager Mike Glickenhau is mighty unhappy about the incident...Get well wishes go out to Hot 97.7 (KHQT)-San Jose APD/MD John Christian who underwent back surgery. John had the same operation as San Francisco 49er QB Joe Montana did back in 1986, so he should be backup QB by the end of minicamp...PD/AM Driver at KX92 (KXRA)-Alexandria, MN is Michael Right, who comes from KKJO-St. Joseph, MO where he was PD. Former KX92 PD Ron Revere has moved to sister station KBJJ-Marshall, MN...New to San Francisco mornings are Goss & Garrett on 99.7 KFRC/FM. They replace Harry Nelson, who will announce future plans shortly...

INSIDE TOP 40 by Dave Sholin

Talent sometimes lurks in the most unexpected places. Take the case of **Brian Whitman**,

currently a sophomore at **Wagner College** on Staten Island, New York. Six years ago, **Scott Shannon**, then at **Z100 (WHTZ)** New York, first noticed Brian's knack for voices and comedy.

As Brian tells it, he was thirteen at the time and loved Shannon and the Morning Zoo. "I called Scott on the request line and did voices like **Ronald Reagan** and **Rodney Dangerfield**. Scott would joke with me off the air. He seemed to like me and said something like, 'We'll send you fifty bucks, take your phone number and maybe use some stuff.' I then heard Scott and **Jack Murphy**, his partner at the time, joke about me on the air, and thought, 'Well, they didn't like me.'

"Being persistent, I called back the next day and told Scott I was the guy who did the impressions and asked, 'What's the deal? Didn't you like them?' He told me, 'No—we liked them and I want you to co-host the show on Friday.' He sent a limo for me and about a quarter to six, Scott came through the door and put me on the air."

Whitman, whose nickname is "*The Bit Machine*," says it was never his plan to call in order to get on the air. He just wanted to say how much he liked the show. "If there's one person I'm thankful for, it's Scott Shannon."

In January, 1991, Brian called **Rick Dees** at **KIIS** in Los Angeles. He asked if Rick had a **George Bush** character on his show. When the answer was no, he replied, "He does now." Dees' producer at the time, **Jack Silver**, now PD at **WLUP Chicago**, "heard me, put me on hold and said, 'You're on next with Rick.' We did a bit and Rick jumped on the phone afterward to let me know he wanted more material, more characters."

Besides crediting Shannon and Dees for really giving him his start, Brian also says they're his "idols." Word about his ability has spread, and nowadays Whitman gets an early start, making his calls before heading off to school at 8 a.m. He's currently being heard on morning shows at **HOT 97**, **KIIS**, **EAGLE 106** (where he's also getting experience pulling a Sunday night shift), **K-101**, **POWER 99**, **KPLZ**, **Y100**, **KISS 108**, **KDWB**, **WDFX**, **WLUP**, **HOT 97.7**

and **KC101**. Characters include people such as **George Bush**, **Regis Philbin**, **Ed Koch** and just added, **Barbara Bush** and a guy called **Sexual Harrassment Man**.

Though unsure of his specific goal, this young, energetic and extremely bright entertainer is considering a future doing mornings, but also leaves the option open for other endeavors, including TV. But it's radio that he calls his first love, readily admitting he "wouldn't be happy doing anything else if I couldn't do radio. It lights that spark in people. It's important to keep the talent pool open, because the job of humor on a morning show can't rest solely on one person."

Brian has learned to tailor his bit for the peculiarities of stations, shows and markets. Anyone interested in contacting him should phone (718) 966-9147 or write "*The Bit Machine*," 115 Wheeling Avenue, Staten Island, NY 10309.

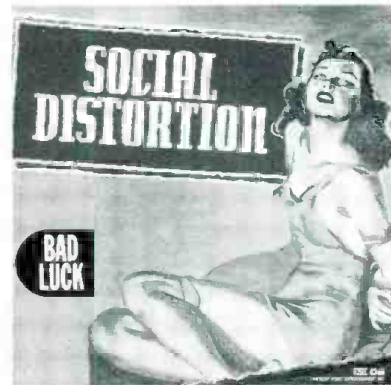

Sparks surround **SOPHIE B. HAWKINS** at **XL93** Grand Forks, ND, where **APD/MD Rick Acker** charts her 27-21 and says, "now top ten phones—all demos." Other impressive gains at **WJMX 29-19**, **WYAV/FM 28-19**, **WBHV 22-14**, **WZYQ 28-19**, **WVAQ/FM 22-17**, **WNKO 20-10**, **KROC 25-14**, **WJZQ 13-8**, **KIXY 24-17**, **Q105 7-4** "number two adult female phones," **KJBR 24-17**, **KMOK 24-18**, **KTMT 38-29**, etc.

MD Mark Reid at **KQKY** Kearney, NE, describes his market as, "**OUTFIELD** country." After three weeks on, it charts 34-29 and is pulling top five requests. Also top thirty at **B94**, **WIQQ** Greenville, **WNCI**, **KDOG** Mankato, **WIAL** and **WBIZ** Eau Claire, **POWER 99**, **KAFX** Lufkin/Nacogdoches, **KKBG** Hilo, **KAGO** Klamath Falls, etc. New on: **WNFI**, **WMME/FM**, **Z102**, **93QID**, **WQCY/FM**, **WCIL**, **KFOX**, **KLUC**, **Q102** and **Y107**.

At **WQGN** Groton, CT, PD **Chuck Davis** lists **WENDY MaHARRY** as the week's high debut at #28. Chuck is tracking "early phone response, mostly in middays from callers 25-plus, along with the cassingle beginning to retail." ADDs include: **Z102**, **WKBBQ**, **Y94**, **WTCF**, **106RTB**, **KNEN**, **KAFX**, **KRQU**, **KGWY**, **KOYE**, **KDLK**, **KGGG**, **WQPW**, etc.

LINEAR is "one of our seven hottest records," according to **KOYE** Laredo, TX PD **Steve Chase**, who takes it 37-16! Also top thirty at **WILD 107** San Francisco, **HOT 97.7** San Jose, **WYAV/FM** Myrtle Beach and **KLUC** Las Vegas. New on: **POWER 102**, **HOT 94.9**, **ZFUN**, **HOT 102**, **KYYY**, **B96**, **WZOU**, **WZPL**, **WYHY**, **Q105**, **G105**, **EAGLE 106**, **KDON**, **Y95**, **WKBBQ** and **KDWB**.

First week airplay moves **SOCIAL DISTORTION** right into **UP & COMING** with

instant believers including: **WPST** Trenton, NJ, **ZFUN** Moscow, ID, **KYYY** Bismarck, ND, **KBEQ** Kansas City, **KLAZ** Hot Springs/Little Rock, AR, **KTMT** Medford, OR and **KWOD** Sacramento.

Originality right now can be spelled **ARRESTED DEVELOPMENT**. It's unfair to sim-

ply describe this as a Rap record—it's a lot more and simply defies any type of categorization. **Q106** San Diego moves it 21-14 with **Kevin Weatherly** and **Michelle Santosuosso** getting requests "from all demos—top five adult phones and is a top ten selling cassingle." New on: **HOT 94.9**, **KPSI**, **KISS 108**, **KJYK**, **WBSS** and **WTIC/FM**.

Lots of talk about **TRUTH INC.**'s "*The Very Best Of Me*" and it's all positive from PDs and MDs alike, even if they didn't go with it out-of-the-box. Those who did, though, include: **WCGQ**, **FM104**, **KKNB**, **WRCK**, **WJMX**, **KKRL/FM**, **WHSB**, **WNVZ**, **KZMG**, **KZZT**, **KFOX**, **KMGZ**, **KOYE**, **WNKO**, **KTMT**, **KEEP**, **WKMZ**, **KQKY** and **99KG**. Plenty more say they're planning to **ADD** it in the next few weeks.

Music flash from **Darrin Stone**, **APD/MD** at **KSND** Eugene, OR, about **K-TEL**'s "*Hooked On Beatles*." The first time he played it "the phones went nuts." They tested it the following night and got a 90% positive reaction. Darrin adds, "It's pulling adult calls—at night!" If you need a copy or more information, call **K-TEL's Bill Halquist** at (612) 559-6826.

CLIPPINGS

Recently I've saved a few press clippings that have interested me. Here's a handful of them.

Much has been written and spoken about an editorial by consultant Jeff Pollack published in one of the trades earlier this year. Dave Sholin commented on it in his column here in the *Gavin Report*, it has been written about elsewhere, and it was a topic of discussion at the Top 40 session at the Gavin Seminar held in San Francisco last February. I was struck by a point no one else seems to have mentioned.

Pollack's piece warned that Top 40 in larger markets is now a "niche format," and that to survive, stations have to lean toward "dance" or "alternative." The problem, in Pollack's opinion, is having a core audience aged 12-24 is no longer viable. I question that, since my experience as a Top 40 programmer lead me to believe that Top 40 can get a very viable 25+ audience in a market full of stations with a youth core if you observe two rules: First, don't program in any way to 18-24 males. What they demand is not acceptable to anyone else, so concede that demo to the competition and program for the 12-17 audience. Second, follow a true Top 40 policy of playing all the hits (dayparting those most troublesome). If you follow these rules and target the teens, you'll get the 25+ audience as well.

However, that's an aside. The comment Pollack made that blew my mind was, "it's obvious no station can play all of the Top 10-selling albums when that list includes Nirvana, Bonnie Raitt,

Metallica, Hammer, Garth Brooks and Michael Bolton." (R&R 2/28/92) Albums!! Top 40 is not an album format. Anybody trying to program Top 40 from album charts is doomed to failure. Top 40 (as is A/C) is a song-oriented rather than artist-oriented format. Could that be why he thinks Top 40 is dead?

Second clipping. A Warner Bros. official is quoted as saying that, "unless Congress passes the pending home-taping-levy bill beforehand, neither the forthcoming Mini Disk (MD) nor Digital Compact Cassette (DCC) will have Warner's support." (Billboard, 3/28/92) This strikes me as very surprising. Digital Audio Tape (DAT) and CDs have the capability of providing a "master quality" source for further dubbing. But the forthcoming MD and DCC formats use "digital compression," deleting up to 80% of the music information during encoding, and reconstructing it on playback—and any subsequent attempt to redub an MD or DCC recording, after reconstruction, back digitally onto recording MD or DCC disks or cassettes, will result in audible degradation due to the "double compression" effects. Thus MD and DCC seem to be much "friendlier" to the record companies, for this reason, than the first-

generation digital record systems. And anyway, the U.S. Supreme Court permits as "fair use" the copying of one's own purchased recording for one's own use (dubbing a CD for play in a car cassette player, for example).

As a result, I can see little fairness in a "home taping levy" that attempts to collect royalties to replace lost sales due to personal dubbing, and I would think the record industry would be embracing technologies as eventual replacements for the CD because of the much greater protection they provide against dubbing while still offering "apparent CD quality sound" from a commercially sold disk or tape.

And the last clipping is from a *Forbes* article (3/30/92) on the "digital music services" being offered to cable TV subscribers at a premium charge (see my 2/28/92 P.D. Notebook). The author of the article "The HBO of Radio?," Peter Newcomb, writes, "The sign-up rate for commercial customers—bars, restaurants, and department stores, which use it like Muzak—has been much stronger (than the in-home cable customer). No wonder. For about \$70 a month—roughly the same as Muzak—commercial customers get digital sound and six times as many programming choices."

Obviously, the providers of these digital "uninterrupted" services are not paying license fees for commercial use of their music. Presumably ASCAP and BMI are attempting to license such commercial users. But it sounds to me as if these cable services are a much greater threat, currently, to background music services, and to music publishers, than to radio stations. ●

HEAR & THERE

by Sheila Rene

Ryder's new album and new band. Matt Frenette from *Loverboy* is drumming, Eric Webster from *Alannah Miles* band is on keyboards, Peter Ferdette is on vocals and guitar, Spider Sinnave from the original Red Ryder is on bass and Sil Simone, who's a session player from Toronto, is also on guitar. Don't miss this show!...

The month of April ended on some really up notes (no pun intended). In a 13-day period, the Bay area was rockin' to some of the best music on earth. Little Village, Peter Frampton and Northern Pikes sold out the Warfield while Slim's hosted a full house for Shotgun Messiah. Frampton had the greatest audience—they were the show, and at times they drowned out his voice. Frampton recently replaced his drummer Michael Braun with Jamie Oldeker (Eric Clapton). The band smokes, and Frampton has never played better or with more feeling. Look for a label signing and more touring...

Seattle's SadHappy spent the weekend of April 10 showcasing at various clubs with publishers, several A&R teams and some lawyers hot on their heels. Offers are flying, but SadHappy haven't signed on the dotted line yet...Two entertaining shows at Bimbo's included Marillion and The Bottom Line Club tour, "In Their Own Words (A Bunch of Songwriters Sittin' Around Singing)." The almost four-hour show featured Midge Ure, Darden Smith, Chip Taylor, Don Henry and Rosie Flores. Ure and Smith kept the humorous sarcasm flowing alongside the tunes,

and Taylor talked Ure into performing acoustic versions of several of his Ultravox hits. Ure brought down the house with "Vienna." Rosie Flores impressed the audience with songs off her latest HighTone album *After The Farm*. Taylor is best known as the author of *The Troggs'* hit "Wild Thing," which closed out the show...

If that wasn't enough add U2's sold-out performance at the Oakland Coliseum and Soundgarden, Swervedriver and Monster Magnet's two sold-out shows at the Warfield. U2 put on an excellent, smooth and arty show. For close to two hours they stunned the audience with material from their last three albums and the current chart topper *Achtung Baby*. Portions of the shows were filmed for a satellite feed to Monday's (4/20) salute to Freddie Mercury at Wembley Stadium in London...

Bits & Pieces: Inger Lorre, supersonic vocalist with DGC's *Nymphs*, is recovering from a freak accident. Apparently lightning hit the van she and close friend, actor Rodney Eastman, were traveling in on their way back to Los Angeles from a concert. Lorre suffered a black eye, cuts, a broken wrist and broken fingers. Eastman, who's appeared in two "Nightmare on Elm Street" movies, sustained more serious injuries. I'm happy to report they're both recovering and Inger is wowing her European fans on the current tour...You can bet one of the hottest tickets on the tour scene will be to see Gary Moore, who's playing his first U.S. concerts in five years. So far shows have been scheduled only in New York and Los Angeles. Moore's latest album, *Still Got The Blues*, has sold three million copies worldwide... ●

Tom Cochrane was a standout in the group Red Ryder and he's back stronger than ever with his solo Capitol debut *Mad Mad World* which features the super sing-along track "Life Is A Highway." With four 1992 Juno awards under his belt, Ryder's out on tour with the *Smithereens*. He's most proud of winning honors as Composer of the Year, but a little embarrassed that "Life Is A Highway" beat out Bryan Adams' colossal hit "Everything I Do (I Do It For You)." Cochrane tells me his band refers to the *Smithereens* as "the Rock N' Roll Beatniks." "We have a lot in common, our ethics are the same and they're very accommodating guys without a rock n' roll attitude." They've toured together through 23 dates so far mostly in college markets where Cochrane says, "everything gets started." About his new career Cochrane says, "When the band got down to just Ken Greer and myself it was time for a change, and the last two albums were a step in that direction. I've had "Life Is A Highway" in the archives for about six years and brought it up with Red Ryder for the last three albums, and it kept getting vetoed. I wanted to play more guitar and it's worked out. It (leaving Red Ryder) was a gamble and very traumatic because we were out of a record deal in the states and were only releasing in Canada. But Capitol U.S. was taken aback by the finished product and after meeting with them we signed a new deal. I have a new attitude in life and I'm trying not to force things. The best things happen when you just let them happen—which is not to say that you don't work hard, but if it doesn't feel right, don't force it." This new attitude is reflected in

NEW HIP HOP RELEASES by Brian A. Samson

HOUSE OF PAIN - Jump Around (Tommy Boy) Former Rhyme Syndicate member Everlast has joined up with two fellow Irishmen to form the House Of Pain. Produced, arranged and mixed by Cypress Hill's Grandmaster Muggs, this uptempo single provides listeners with what H.O.P. calls "fine malt lyrics." Laced with squeaky buzzes that sounds like of a clarinet played by a novice, the beats should provide for some head-noddin' action. Get your taste through Albee at (212) 722-2211. **K-WOO**

MOD SQUAD - The Word (Priority) This duo drops some abstract flavor from their debut album, "People's Park." With a smooth beat and a catchy piano accent, Mod Squad delivers a message about peace. The super club version has a cool intro and a couple of

breakdowns that make it a perfect in-and-out mix. Call Ern Llamado at (800) 235-2300.

Ivan Rodriguez

M.C. LYTE - Eyes Are The Soul

(First Priority/Atlantic) The vocal delivery on this cut is classic Lyte-hard edged. Lyte drops three unrelated poems about people who regret the choices that they have made, a regret which is revealed in their eyes. Musically the Jazzy Soul remix is the best. The Soul remix (video remix) is cool until the swing beat kicks in, when it loses all of it's S=soul. Album and acappella versions are also provided: go with the Jazzy Soul. **Darien Long, WBNY, Buffalo, NY**

INSIDE A/C by Diane Rufer and Ron Fell

BONNIE RAITT now has a commanding lead over all comers. Seventeen stations are playing her more than any other record, and 92% of all players report HEAVY rotation.

PAULA ABDUL enters the Top Ten at #8 with an 88% HIT FACTOR, almost half of which is in HEAVY. The nine newest players are WAFL, WKGW, KCMX, KTHT, KQLS, K9FM, WGCD, KLZY and KTLS. Are the sixty or so not yet on it waiting for an engraved invitation?

Only three records are being played on more stations than CELINE DION's "If You Asked Me To." (RAITT, TROCCOLI, HOWARD JONES.) In four weeks it has tallied 197 stations and a 70% HIT FACTOR.

Up 23 ranks in two weeks is AMY GRANT's

"I Will Remember You." In that time, 57 stations have ADDED it and the HIT FACTOR has moved from 27% to 73%. Whew!!

Hottest record in the format during any week so far this year has to be "Hold On My Heart" by GENESIS. Nearly 200 A/Cs on board. A HIT FACTOR of 56% and another 46 ADDS include WQHQ, WMGI, KSBL, WBDX/FM, KPAY, Q104, KCMX, WVLT and KEFM.

With a 32% increase in HIT FACTOR, EDDIE MONEY's "Fall In Love Again" leaps from #34 to #22. Seventeen new include JOY99, KELO, WKWK/FM, KKOR, WCPZ, KIZZ and WCEM/FM.

CHRIS WALKER moves #39 to #32 with an 18% increase in HIT FACTOR and 17 ADDS, including KBAU/FM, WQLH/FM and WVMX, while HEAVY rotation includes WBMX/FM, J107, KRLT, WHMI etc.

REVIEWS

by Diane Rufer & Ron Fell

RINGO STARR

Weight Of The World (Private Music)

A song about emotional weight loss on a diet of self-examination and a jolt of reality. Producer Don Was keeps Ringo in a light but purposeful mood.

DAN HILL

Hold Me Now (Quality)

Another great love song from Dan Hill. This one's a fabulous boy/girl duet sung with hands-on experience by Dan and his new singing partner Rique Franks.

SOPHIE B. HAWKINS

Damn I Wish I Was Your Lover (Columbia)

After your first listen to Ms. Hawkins' debut single, you can feel there's much more to this talented singer/songwriter than meets the eye. This single is already Top 15 on our Top 40 chart and has early action with 16 A/Cs.

ONE 2 ONE

Memory Lane (A&M)

A powerful ballad with rich harmonies and a lyric that waxes nostalgic.

BETH NIELSEN CHAPMAN

Life Holds On (Reprise)

No missing Beth's gift for songwriting as this new single from her 1990 debut salutes the amazing will to survive in every living thing.

C'VELLO

Dangerous (Rendezvous/RCA)

C'Vello consists of Kevin and Tracy (siblings, singer/songwriters and co-producers) along with Ken Hulin and Sammy Brocato, all of whom hail from Baton Rouge, LA. Good sounding and definitely A/C-accessible.

KRLT and KWXX.

After just two weeks, k.d. lang's "Constant Craving" can be heard on 67 A/C stations. Picking up 32 ADDS, last week's RECORD TO WATCH moves into CHARTBOUND this issue. Among the new: WCOD, WVLT, WMXK, WTCB, WZLT, KFOR, KQKD, KZLT, WEOL, WQLR, KEYI, KTID, Q92/FM and KVVN/FM.

This issue's RECORD TO WATCH, ANNIE LENNOX's "Why," now has 58 stations playing with 23 new this week. Already a 12% HIT FACTOR, ANNIE's single heads the pack of UP & COMING. ADDED this week at WBLG/FM, WCEM/FM, KMJC, KTLS, WJJY/FM, WFRO, WRCO, KBMG, WHIZ, WLDR and JOY99 to list a few.

Given The Slightest Chance...

“Life Holds On”

Beth Nielsen Chapman,

The new single from
following up her three consecutive Top 10 AC hits.

*“‘Life Holds On’ started out as a poem I wrote as a child.
It’s a song about hope that celebrates, like the seeds of spring,
the power and resilience of life...”*

INSIDE URBAN

QUARTETS HAVE THE EDGE

Two very successful foursomes with a lot to celebrate got together and smiled for the camera. Atlantic Starr and Color Me Badd recently added Soul Train Music Awards, American Music Awards and Grammys to their multi-platinum awards. Pictured (l-r): CMB's Kevin Thornton; Atlantic Starr's David Lewis and Wayne Lewis; CMB's Mark Calderon; Atlantic Starr's Rachel Oliver and Jonathan Lewis; CMB's Bryan Abrams and Sam Watters. (By the way, did you catch Color Me Badd acting as well as singing in last week's episode of "Beverly Hills 90210"? Not Badd, guys!)

In spite of the competition and after looking tentative last week, KEITH SWEAT's ballad "Why Me Baby?" hits the top of the chart! Take a look at who's lining up in the Top Ten ready to replace him at #1: En Vogue, Tracie Spencer, Chaka Khan, and Lisa Stansfield! Not surprising is the big debut of LIONEL RICHIE's "Do It To Me" at #30, becoming our "Hot" listing of the week. Seems like we're going out on a limb by making DAS EFX's "They Want EFX" our Top Tip so early in the game, but look at the stations that went out on the limb with us: WBLS-New York, WCDX-Richmond, WCOW-Westbury, WUSL-Philadelphia, WVCB-Albany, K98-Monroe, KGRM-Grambling, KMJJ-Shreveport, KQXL-Baton Rouge, WBLX-Mobile, WFKX-Jackson, WFXA-Augusta, WGOK-Mobile, WJMH-Winston-Salem, WPEG-Charlotte, WXOK-Baton Rouge, WKKV-Mil-

waukee, WRNB-Minneapolis, KHRN-Bryan, KMJQ-Houston, KBMS-Portland, and KKFY-Seattle. Our Record To Watch, RHONDA CLARKE's "(If Loving You Is Wrong) I Don't Want To Be Right," is holding a 36% Hit Factor and picks up seven more adds from OC104, WHUR, KQXL, WWDW/FM, WILS, WKKV and KJLH. Pamela Hall, WHUR-Washington, D.C., makes BY ALL MEANS' "The Feeling I Get," which is sitting at the top of our Up & Coming, her RTW. She says, "Getting huge phones on the record—everytime the record airs, the phones go crazy." Stan Boston, WNHC-New Haven, feels the embers are still burning for THE TEMPTATIONS' "Hoops Of Fire" saying, "Some ladies must really like to hear about men jumping through fire for their love because the phones are really lighting up every time we play this—adult females galore!!" Ciao for now, Betty.

NEW RELEASES

by John Martinucci

BEBE & CECE WINANS - Depend On You (Capitol)

BeBe and CeCe once again team up with co-writer and producer Keith Thomas to deliver a contemporary Gospel theme with Hip-hop flair. This brother and sister group continue to have success with their Different Lifestyles album, which has delivered three top ten hits so far. "Depend On You's" contemporary beat will appeal to younger listeners.

ATLANTIC STARR - Unconditional Love (Reprise)

The Lewis Brothers should be dubbed the "Princes of Ballads." They've released back-to-back slow jams that definitely warm the heart. The group now searches for the kind of love you thought only your Mother could give you.

LADY SOUL - Don't Forget About Me (Boston International/Hollywood)

Margo Thunder, Phaedra Butler and Rise' Engermann collectively make up the smooth and sensual vocals of Lady Soul. There's something about this trio and this song that gives you a sense of deja vu.

GIORGE PETTUS - Don't Put Me Off 'Til Tomorrow (MCA)

Singer/songwriter/producer David "Pic" Conley gives Giorge a Surface-type sound that has the hook programmers listen for. Pettus' pleading vocals mesh well with the background voice of co-writer/co-producer Derrick Cullen to create a real chart contender.

CHRIS WALKER - No Place Like Love (Pendulum/Elektra)

Chris Walker has already gotten his foot in the door at Top 40 and A/C stations with "Take Time," his second top ten hit on Urban Radio. Now, on his third release, Chris will croon his way back on your playlist with this mid-tempo love song that should appeal to all demos.

ALBUM CUTS

TLC - Baby, Baby, Baby
JOE PUBLIC - I Miss You
JODY WATLEY - Commitment Of Love
ROGER - Emotions

Suffering from the same old thing? We have The Antidote.

Ronny Jordan is a hot new noise among jazz guitar players.

He has crafted his sound from the vibe he picked up in "The Groove Academy" that is North London. He learned the intricacies of melody from years playing in his church choir band. He embraces the spirit of Wes Montgomery and the cool pop sensibility of George Benson. The end result is a remarkable musician with a sound that is uniquely

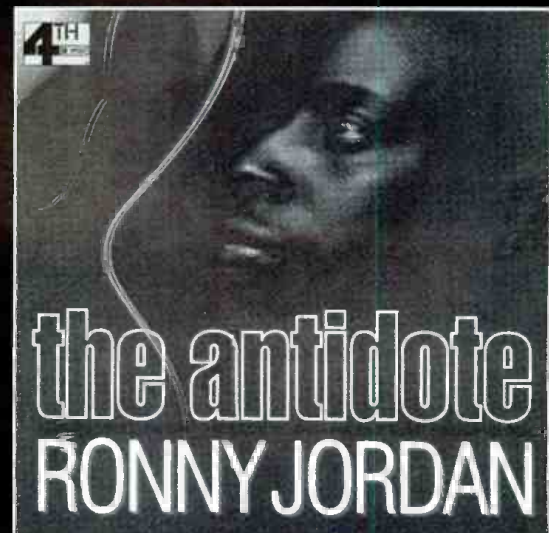

Ronny Jordan!

JAZZ NEW RELEASES

GRACE UNDER PRESSURE - JOHN SCOFIELD (BLUE NOTE)

Two of your more distinct guitarists—John Scofield and Bill Frisell—are together, trading cosmic jazz licks under the strong rhythm foundation of Charlie Haden and Joey Baron. In Frisell's case, instead of operating under more floating, atmospheric circumstances, he's in Scofield's arena, which means the punches tend to fly fast and free. Since both guitarists are placed in their respective and consistent corners, you don't need a program. Scofield works the right hand side of the sound spectrum, sowing his seeds with a fat tone and contributing flanged rhythms. Frisell's tone is thinner and airier. Steve Swallow's acoustic-oriented production gives both the wooden and the electric instruments clarity, favoring Haden's bass with room-shaking presence. The music emits a wide selection of mood and scenario, whether you want a rave-up ("Grace Under Pressure"), sincerity ("Honest I Do"), a walking, bluesy arrogance ("Bill Me"), or complexity ("Scenes From A Marriage").

DO I EVER CROSS YOUR MIND - GEORGE HOWARD (GRP)

George Howard's sax work floats like a butterfly. Recorded on the heels of a Japanese tour, on Do I Ever Cross Your Mind Howard mixes three vocal tunes (geared toward the Urban market) with an instrumental majority. A best-selling instrumentalist, George Howard tends to have a long shelf life on stations who commit early. One of the highs is a colorful cover of Marcus Miller's "Jo Jo," written for and originally cut by Miles Davis on *Amandla*. "Just The Way I Feel" is the album's kick-starter, propelled by some opening synth chords. Of the vocal selections we favor "Stay Here With Me," which mixes soprano sax with the vocal triumvirate of James Ingram, Carl Anderson and the hot Phil Perry. Hard to go wrong with a power trio like that.

"Why" - ANNIE LENNOX (ARISTA)

So far it's been a 35 million-selling career for Eurythmics. It's safe to say that some of those discs were bought up by loyal Alternative

Adult radio listeners. "Why," the opening shot from Annie Lennox's debut solo production entitled *Diva*, is spiritually ultrasonic, breathtakingly sophisticated, lyrically telling and congruently adult in texture and tempo. Dave Stewart, Annie's Eurythmics partner, contributed the groovy "Lily Was Here" theme to AA radio. "Why" is Lennox's turn.

LOVE DANCES - SUE MATTHEWS (SIR/ POSITIVE MUSIC)

Positive Music, the Virginia boutique Adult Alternative label, takes on its first true Jazz quest with the torchy ballads of Sue Matthews. Matthews' delivery is intimate, flawless and smooth. We prefer the tracks that gravitate toward interpretation and a suave cabaret feel. Cole Porter's "Easy To Love," the title cut and "Make Me Rainbows" are elegantly spare. Matthews' vocals smolder with dynamics and technical precision—even under the most minimal musical accompaniment. Just check out her stark treatment of "My Funny Valentine." She literally puts her singing talent on the line.

RATINGS WARFARE

Combat in ratings warfare stood at a truce long enough for some ratings generals to pass on suggestions to the troops on how to win. The scene of this summit was the Country Music Seminar in Nashville. Such an august body should have met at President Andrew Jackson's house, the Hermitage, which is nearby, but the crowd was too large for it to take such an accommodation.

The commander of the panel was Joel Rabb, president of Joel Rabb Associates, who saluted the panelists: Jim Tice, operations manager of WZZK/Birmingham; Randy Michaels, COO of Jacor Communications and owner of Critical Mass Media; Jason Kane, senior vice president, research of the Research Group; and Ted Doren, president of Diary Experts.

Kane presented the audience with a six-step method to get ratings results. "Rating warfare starts with a really solid plan, because any ratings success has got to be judged in a disciplined way," began Kane.

First, focus on your demo. Never lose concentration of force on "who" is important to your radio stations and your strategy. Many program directors become too fascinated with success or failure in demos that don't matter.

Second, have your own Arbitron databank. Develop a database on your station's history so that you understand its highs and lows over time. Study other stations in similar markets or stations that have similar competitive situations as you so you can understand what the norms might be for this type of competitive battle. Trend and track all the performance indicators by demographic cell. Trends are what really matters.

Third, have clear ratings goals based on history, competition, market conditions and strategy. There is no win and there is no loss if you can't define it. After all, consistent performance in Arbitron is what brings great financial success.

Fourth, use of all of the tools available to you as far as Arbitron is concerned. Programmers often overlook the sales computer. Run reports you may not normally see just looking at the book. Also, use the sales computer to find out turnover on promos so you can determine how many promos may be needed. What does the reach and frequency look like on your hottest record rotation? Call on your Arbitron representative, making sure you get all the information you can from Arbitron. Often, when there is a problem with Arbitron, come out of the dugout and argue for the next call. "There is a squeaky wheel file somewhere in Laurel," contends Kane.

Fifth, become a ratings expert. Study it. It's

the game board.

Sixth, have a sound plan to evaluate the validity of each book. The key word on the front of an Arbitron book is the world 'estimate.' Examine response rate, average PPDV, metro proportionality by county, persons using radio, diary return by demo, etc.

Randy Michaels told the assembly that, "If you're involved in programming a radio station, you are primarily in the business of marketing. When we use the term marketing, we mean the entire process. Great radio stations are listener-focused because it's listeners who deliver advertisers and never the other way around."

Michaels went on to say, "Real listening is not measured by anyone that I know of. Arbitron is based on reported listening. The change of stations is not reported coincidentally. Everybody knows that Arbitron diaries are rarely filled out coincidentally. They are filled out at some later time based on top-of-mind recall. As you market to the diarykeeper, it is not enough to get your station consumed, you have to get it remembered. You have to develop recall for attributes, for images, for dial position, for format position, etc. And, to do that you have to develop a marketing plan that should be listener-focused and diarykeeper-focused. And it should be simple. The plan should start with who you are, what you are, where you are, and then what your tactic or mission statement is. That's what you need to communicate to a diarykeeper."

Michaels also strongly recommended constructing a grid of your strengths and weaknesses and the competitors strengths and weaknesses. The object is to design a plan that exploits your strengths and attacks competitive weakness. "Avoid attacking competitive strength directly," advised Michaels.

"Once you have prepared a plan," urged Michaels, "it is extremely important that you execute with focus and passion. Great plans are made calmly and executed with wild emotion. The real battle is for top-of-mind awareness at the time of diary entry!"

Jim Tice spoke to the nitty-gritty role that must be addressed following the release of an Arbitron report. The question is not only how well the station did but why. Tice outlined some of the actions he takes: (1) Keep a history file for at least the last year and preferably longer on key data like TSL, Turnover, Average Quarter Hour, Cume and Share. (2) Invest in the AID Programmers Package and get month-by-month and county-by-county data. (3) Study page 3A to determine how well Arbitron did in making its sample distribution goals, looking particularly at demo-

graphic cell performance, including Black and/or Hispanic. (4) Compare demographic cell weighted versus unweighted. (5) Read page 4C for the metro market profile. (6) Check page 5B for any special announcements about the survey.

Todd Doren addressed the troops about what is learned through a diary review and attacked some of the myths about diaries. He says his research indicates that 20% of the diarykeepers contribute 60% of the quarter hours and that 40% of the diarykeepers total approximately 80% of the quarter hours. Myth had it that 20% of diarykeepers accounted for 80% of the quarter hours. The programming implication of this myth-buster is that heavy listeners—the core audience—should be the focus of the program director.

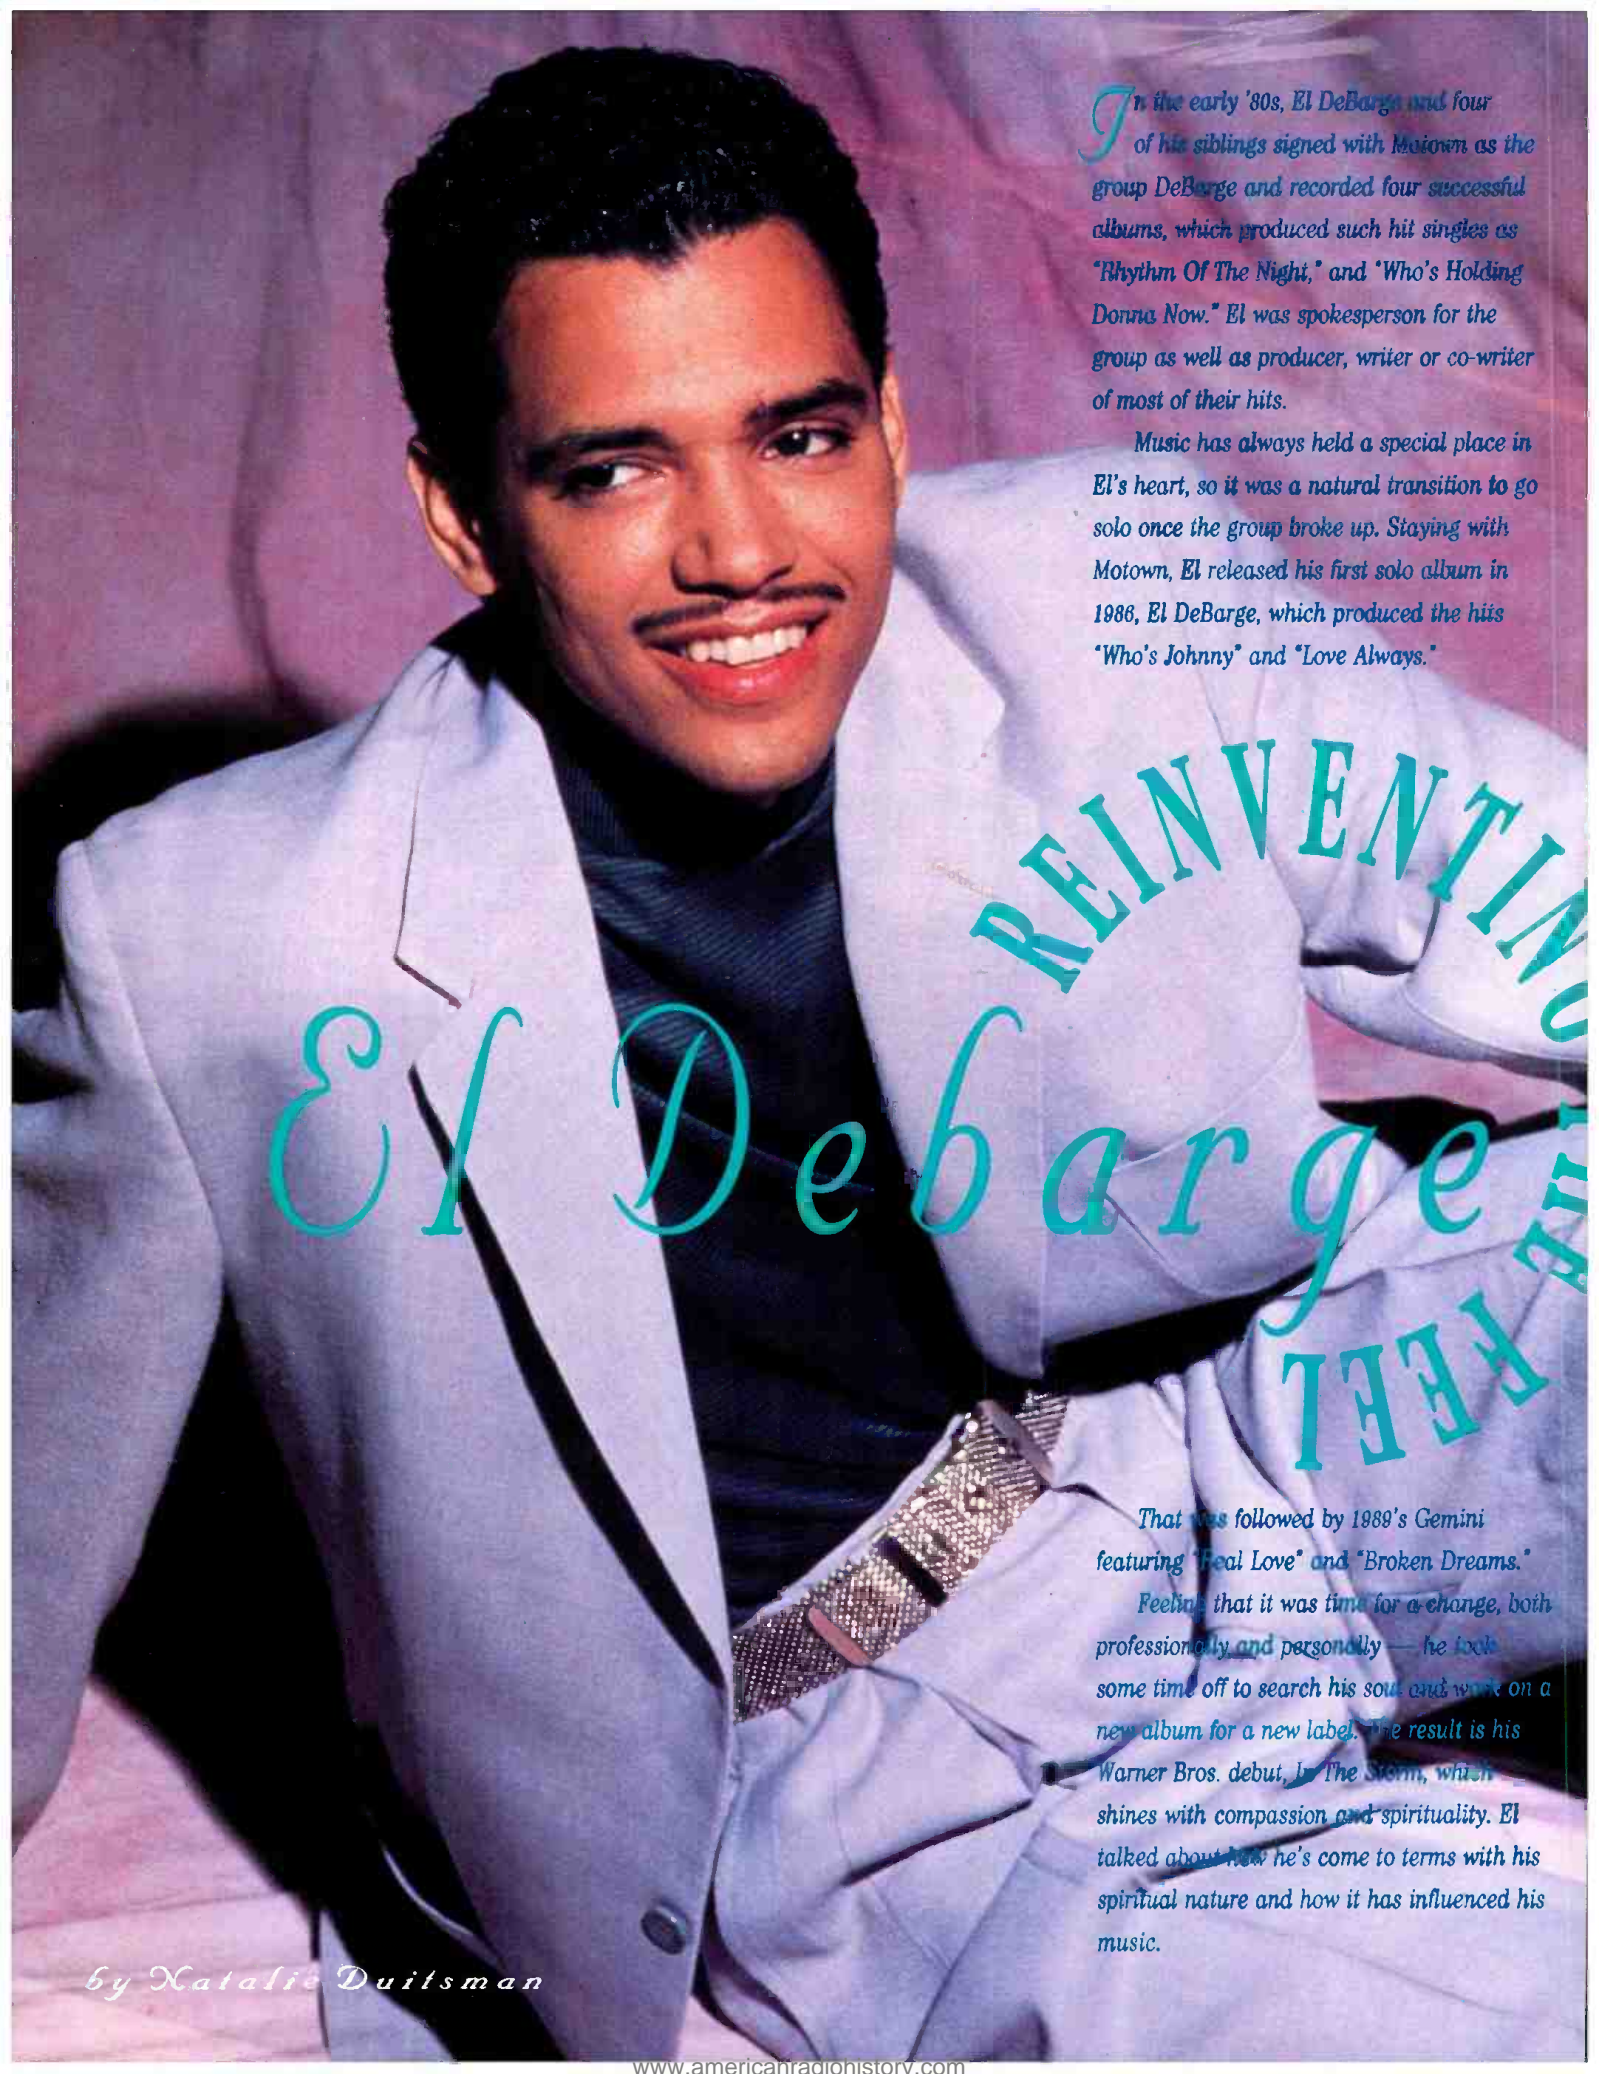

"The conventional wisdom," Doren says, "is that Thursday is the most important day of the survey week." He pointed out that his data shows that Thursday is indeed the day of the week that contributes the most quarter hours, at 16.5%, but Friday is at 16.4%, and even Tuesday is at 14.7%. Doren recommends that a programmer may want to focus promotion on days other than Thursday.

Another concern is "buffer sample." The risk of buffer sample being used in a survey is real and, according to Doren, the best chance of it occurring is in the third month.

Buffer sample is a specially drawn random sample that may be used in the survey if the return rate in one month is significantly lower than in previous surveys. Hence, if the return of diaries in the first month of the survey period is 80% of that expected, then Arbitron will add buffer in the third month of the survey. Why not add in the second month? Remember that processing of the diaries does not take place until 14 days after the end of the survey, so a count of in-tab would not be available until 17 days after the end of the survey month. The buffer sample is placed in the same manner as regular sample which means a three-week lead. Now, before getting hyper over this, remember that buffer accounts for less than 5% of all sample, and that it can be placed and is in any given month of the survey, since Arbitron is continually in the measurement process not just a quarterly.

Doren does recommend that the station's marketing campaign not be limited to just the first few weeks of the quarterly survey period, because the possibility of buffer being used does exist.

Rabb dismissed the troops to go listen to some Country music and get back into ratings warfare with just a bit more knowledge of the game board. ●

In the early '80s, El DeBarge and four of his siblings signed with Motown as the group DeBarge and recorded four successful albums, which produced such hit singles as "Rhythm Of The Night," and "Who's Holding Donna Now." El was spokesperson for the group as well as producer, writer or co-writer of most of their hits.

Music has always held a special place in El's heart, so it was a natural transition to go solo once the group broke up. Staying with Motown, El released his first solo album in 1986, El DeBarge, which produced the hits "Who's Johnny" and "Love Always."

REINVENTING El DeBarge THE FEEL

That was followed by 1989's Gemini featuring "Real Love" and "Broken Dreams."

*Feeling that it was time for a change, both professionally and personally — he took some time off to search his soul and work on a new album for a new label. The result is his Warner Bros. debut, *In The Storm*, which shines with compassion and spirituality. El talked about how he's come to terms with his spiritual nature and how it has influenced his music.*

by Natalie Duitsman

ND: We haven't heard from you in a long time. What have you been up to?

EL: I've been learning. I went back to the powerhouse to get juiced up. I've been regrouping, rediscovering myself and finding out what it is that I really want to do. I've been trying to stay happy, and I can only do that by being me. I want to sing the kind of songs that I like to sing and I don't want to sell out—try to gain any awards or do anything with the intention of getting the popular vote.

ND: You and your siblings have been singing for a long time. Do you remember when it started?

EL: It really got started when we moved from Detroit to Grand Rapids, Michigan, where we joined my Uncle Bills church. My Uncle James was the minister of music, and he trained and critiqued us. He saw that we were talented, and he let us be the musicians for the choir and the singers. I was eleven at the time.

ND: What are your siblings doing now?

EL: We're not doing any albums right now as a family, but we plan to. I believe it's going to be a Gospel album, under Uncle James' and my production. And my mother is going to do a sola Gospel album.

ND: It must be a joy to work with your family.

EL: I've been wanting to do it for so long, especially with Uncle James. It will be a privilege. Warner Bros. has a Gospel label, Warner Alliance, so we're going to try to do it right there at home.

ND: Why did you sign with Warner Bros.?

EL: Well, my contract was just about up with Motown, and I wanted to deal with Warner Bros. I heard a lot of good things about them, and everything I'd heard was true. We

pursued each other.

ND: Tell me about the title In The Storm.

EL: The song came to me when I was in the studio playing the piano—the chords and the title just hit me. We're all in the storm together, and I began to think there's a storm going on in this world and everybody has their own personal storm in their own life. But we're all in it together. I watch people ridicule one another, saying, "look at that junkie over there with the needle in his arm, that's something I'd never do. Look at that fool." I'm saying be careful how you judge your brother, because that could very well be you one day. Let's lift one another up and help one another, because we're all in the storm together. I believe that God wanted me to talk about that, because the title just came to me.

ND: What does the album cover represent?

EL: The album cover represents the people in our lives from the street scene, the bar, and the neighborhood. It's very down to earth and very reachable. It's not a club, but instead it's a neighborhood dance. And the people represent a lot of us too. We're in the storm, but not for long.

ND: You're very spiritual.

EL: I try to stay in touch with my creator, Jesus Christ. He is the source of my creativity. That's where it all comes from for me. And I give Him the glory for what He's done in my life. I just want to say thank you. After all is said and done it's been Him and His grace that's brought me this far.

ND: Who are your influences?

EL: Marvin Gaye, Sly Stone, the Isley Brothers and Earth Wind and Fire. Those are the biggest influences. I have some strong Gospel influences such as Andre Crouch and the Hawkins.

ND: Do you have some favorite cuts on this album?

EL: Well, they're all my favorites; I like them for different reasons. They all have special meaning. I try not to put anything on my record that is not special. It's all coming from my heart.

ND: The preludes and interludes seem to set the mood of the songs.

EL: Exactly. The preludes and interludes tie the album in from song to song. Their moods are the different moods that I would be in.

ND: Over the past few months, you have been popping up on other people's projects,

"I began to think there's a storm going on in this world and everybody has their own personal storm in this life. We're all in the storm together, but not for long."

specifically Tone Loc and Fourplay. How did those projects come about?

EL: The bass player (Nathan East) for Fourplay said they were going to do a Marvin Gaye remake and he knows how crazy I am about Marvin Gaye, so he asked me if I would sign it. Tone Loc and I are good friends, we were in the studio together and just worked it out.

ND: You have some guest appearances on the album by Patti LaBelle and Kool Moe Dee. How did those come about?

EL: Patti LaBelle, came about through Fourplay, who produced that particular song, "After The Dance." It was their idea—they know Patti and they wanted to involve her in the project. Patti's got a lot of energy, as we all know, and she's a Gemini just like I am. Working with Kool Moe Dee was my co-producer Maurice White's idea. We needed to have someone talk about the fast lane.

ND: A newcomer Chante' Moore sings on your album as well. How did that come about?

EL: Chante' Moore is a little girl that I discovered. She is with MCA and I quickly got her over to my management, who agreed that she was definitely talented. I introduced her on my

album, and I'm trying to shine a light on her talent. I wanted her to know that I believed in her enough to put her on my record.

ND: Did the album turn out the way you wanted it to?

EL: Yes. I wanted to bring back the old school love songs, the stuff that gets to your heart. I want to tell radio that this is a little album I put together called In The Storm. I did it with sincerity and I hope you enjoy it. ■

DID THESE GUYS PLAN THIS?

Radio folks love to ham it up, and we have proof. The KNEW/KSAN crew joke with Michelle Wright after a listening party. NEW RELEASES

by Lisa Smith & Cyndi Hoelzle

WYNONNA - *I Saw The Light* (MCA)

It's not the same light Hank was singing about, that's for sure. Why ask Wy? This song has so much energy, it's easy to see why so many stations jumped on it early. There's no stopping this Judd.

LEEROY PARNELL - *What Kind Of Fool Do You Think I Am* (Arista)

This is the kind of song that you have to crank up and sing along with—it's familiar from the first listen. Parnell sounds great, and the slide guitar shows he's still the same rockin' roadhouse Lee Roy.

EARL THOMAS CONLEY - *If Only Your Eyes Could Lie* (RCA)

Earl Thomas croons his way through this lovely Bob McDill/John Jarrard song.

JEFF KNIGHT - *I Wish She Didn't Know Me* (Mercury)

This song just had to come from personal experience. How else could Knight come up with a line like "I wish she didn't hate me, I'd have a chance that maybe we could start all over..." Knight is our favorite new storyteller; songs like this one show why.

HIGHWAY 101 - *Honky Tonk Baby* (Warner Bros.)

Grab a partner and do the Highway shuffle to this wonderful song, which sounds tailor-made for the band and their good-time groove.

PROGRAMMER'S PICK

GREAT PLAINS - *Iola* (Columbia)

Many a one-hit wonder will emerge from the explosion of new artists on the Country scene. Walking that fine line between longevity and life-as-an-answer-to-a-Trivial Pursuit question will be increasingly difficult. Great Plains clearly has their feet planted firmly in the future. "Iola" walks that line with tremendous balance. John Brooks, OM/PD, WCTQ-Venice, FL

ALBUM NEW RELEASES

BY KENT ZIMMERMAN

NONSVCH - XTC (Geffen)

When he's sharp, XTC's Andy Partridge is nobody's fool, or more accurately, everybody's. Alongside Colin Moulding and Dave Gregory, the XTC core trio creates some of the quirkiest, original rock n roll recorded. However, given an issue, Partridge can smudge an indelible thumb print on the year, and this time he does it with "The Ballad Of Peter Pumpkinhead," a Christ-like tale of the pure-at-heart versus special interests. What Partridge is saying is significant. It's not only that special interests control us politically, it's also that when different groups combine their pressure, nothing gets done. And that's not all. Nonsvch has lots more to say. Moulding's "The Smartest Monkeys" takes off where Ray Davies left off on the Kink's "Apeman," paralleling homeless man with the prehistoric age. Back to Partridge, "The Disappointed" is a brilliant locket portrait of broken-hearted, disenfranchised romantics. Throughout Nonsvch, XTC supply the subtleties while drummer Dave Mattacks brings forth the thunder. Who says pop ingenuity died with the Beatles?

MILAGRO - SANTANA (Polydor/PLG)

A crucial effort for Santana as he changes labels and attempts a fresh start by reinventing himself as the lone voice of Afro-Cuban rock n roll. *Milagro* is dedicated to two music figureheads—Bill Graham and Miles Davis—who influenced not only Santana per-

sonally, but all of us tangentially. In many ways, both men's dreams and visions commandeer *Milagro*, not only through its sense of power, but through its spirit of variety, a dream neither Graham or Davis could abandon despite what our times dictate. All through *Milagro*, Santana wears his spiritual idealism on his sleeves, whether it be during the power-playing of the title track or the multi-directional "Somewhere In Heaven." Like it is in church, sometimes it's necessary to raise the roof in song. Like during that dangerous break at the four-minute mark of "Somewhere In Heaven." Maybe God needs to be awakened with a ripping 120dB guitar and organ solo. During times like these, Christ, anything's worth a shot. From God's ear to Santana's soul to our ears, also try "Saja/Right On," "Life Is For Living" and the instrumental fury of "Gypsy/Grajonca" (Grajonca was Bill Graham's real last name) into (my fave) "We Don't Have To Wait." The concluding "A Dios" is a spaced, posthumous conglomeration of John Coltrane, Miles and the Santana band. Adios Bill and Miles. This music makes us miss you more.

THE DRIVER - TERRY REID (Warner Bros.)

Sometimes the companies release records for the kids, sometimes for the fragmented fan, sometimes for dancers who mindlessly twirl themselves dizzy inside late night discos. And sometimes we, the patient invisible minority, get one.

Periodically Englishman Terry Reid makes a comeback on a major label. How does he do it? His is the eternal voice both smooth and gravelly, that never seems to wear thin and always sounds splendid when put to whatever contemporary production exists. He's not corralled by hard rock or ballads; he'll take what comes down the pike. Ironically, Terry was Jimmy Page's first choice when he was forming Led Zep, a foiled opportunity that will forever haunt Reid. Whether he's at peace with that monumental blunder seems irrelevant. He's always been a purveyor of melody and true grit. Albums like *The Driver* serve as that perfect, well-timed pit stop away from the trendy, the Alternative, the carefully aimed (or mis-aimed) and intentional industry stab for stardom. You know, off-beat just like Eric Clapton's "Tears In Heaven"—a success that almost has no right to exist. Welcome back "superlungs." Trax: "Hand Of Dimes" (thanks to Jody at KGSR for hipping us), "The Whole Of The Moon" (Mike Scott for the masses), "Fifth Of July," and my fave, the beautiful title track rendition of "The Driver Part II," written by soundtracker Hans Zimmer (for Rain Man?).

MATTERS OF THE HEART - TRACY CHAPMAN (Elektra)

Album and Alternative gets a two week jump on Tracy Chapman's latest. Top 40 and A/C trail balloons will be launched on "Bang Bang Bang." *Matters Of The Heart* is a little less shy, though infi-

nately more personal than Tracy's two previous efforts. Top notch talent like mixer Bob Clearmountain, rhythmists Manu Katche and Tony Levin, and producer Jimmy Iovine show massive commitment when it comes to getting Chapman's stark messages across. Understatement is still Chapman's best weapon as songs like "Bang Bang Bang," "Dreaming On A World" and the longing "I Used to Be A Sailor" barely raises her voice above a whisper. However it's not how loud you howl, but how your thoughts are organized and presented. Tracy Chapman still seems to be perfecting the art of the single voice—at times representing the suffering masses, at times merely one lonely soul.

NEVER BEEN ROCKED ENOUGH - DELBERT McCLINTON (CURB)

Lots and lots of reasons to stay tuned. Delbert McClinton has made a sizable dent with "Everytime I Roll The Dice." Turns out it's just the tip of the iceberg. Four trax produced by Don Was (one of which was co-produced by Ms. Bonnie Raitt) are balanced by the remainders featuring a famous backing band, David Letterman's Most Dangerous Band starring Paul Shaffer, Will Lee and Anton Fig. At the mid-point, Delbert gives John Hiatt's "Have A Little Faith In Me" a hymnal workout. That's Tom Petty on the chorus of the humorous "Why Me?" Like Bonnie Raitt, Delbert sticks to what he does best—interpreting a long line of quality submissions and original tunes. "Can I Change My Mind?" has the carbon-copy line-up of "Everytime I Roll The Dice" with equally pleasing results, yet nothing pops better than *Womack & Womack's* "Good Man, Good Woman," originally heard on Bonnie's *Nick Of Time*.

ALTERNATIVE INSIDE

BY LINDA RYAN

I heard some really great things from **THE CHARLATANS'** bass player **MARTIN BLUNT** about the Earth Day concert **THE EDGE** threw a couple of weeks ago in Dallas, Texas. Congratulations to **GEORGE GIMARK** and his hard working staff on a very successful event! A good time was had by all.

Another piece of news from our Nation's heartland—**KTAO**, Taos, New Mexico, will celebrate its 10th birthday this June and they've already started making plans for the celebration. Concerts, bungee jumping, golf tournaments and other events are being penciled in, and any money raised will go to environmental organizations—which makes sense since **KTAO** is a solar powered radio station. **KTAO** needs bands to play, items to give away, birthday greetings, IDs, etc. Give **BRAD HOCKMEYER** a shout at (505) 758-1017.

Wax Trax's **ANDY WOMBELL** is scheduled to have corrective surgery on both of his eyes this week and is expected to be out of commission for about two months. Even though he won't be able to read them for a while, get well cards can be sent in care of Wax Trax: PO Box 461178, Los Angeles, CA. 90046.

Rhino Records will be releasing **THE TROGGS'** new album, *Athens Andover*, for which **PETER HOLSAPPLE** of **DB's** fame contributed two songs—one of which was co-written by **PETER BUCK**, **MIKE MILLS** and **BILL BERRY** of **R.E.M.**

A few imports that keep finding their way back into my CD player these days include: **AIRHEAD's** "Right Now," **THE SANDKINGS'** "Let It Grow" and **ADORABLE's** "Sunshine Smile."

NEW RELEASES

MATERIAL ISSUE - "WHAT GIRLS WANT" (MERCURY)

With songs like "Valerie Loves Me," "Diane" and "Li'l Christine," culled from last year's monster debut album, *International Pop Overthrow*, one gets the impression that **Material Issue's** world revolves around members of the opposite sex. The theme continues with their new single, "What Girls Want." This power-trio from Chicago excels in loud, guitar-driven pop songs with plenty of fat hooks. Add a sense of humor and you've got "What Girls Want," which, if

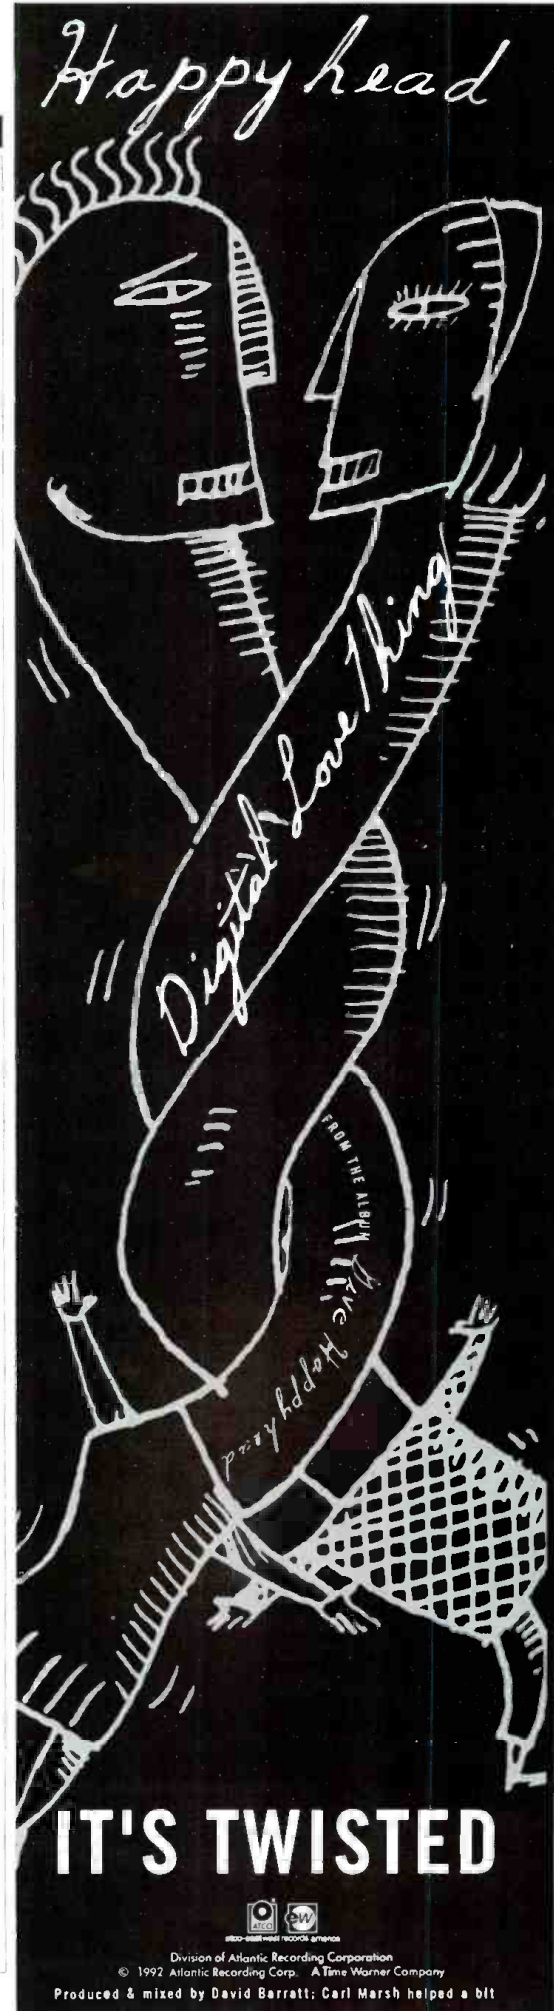

you believe the song, is a man with 'lips like Mick Jagger, Rod Stewart's hair and Keith Richard's stagger.' What kind of girls do these guys talk to, anyway? Rod Stewart's hair? C'mon guys! **LINDA RYAN**

THE LEVELLERS - LEVELLING THE LAND (ELEKTRA)

In their native England, **The Levellers** have a **Grateful Dead**-type of following, where fans travel from city to city in search of odd jobs, a place to rest their head, and a good night of entertainment—not necessarily in that order! The band's acoustic-campfire sound and socio-political lyrics go hand-in-hand with that nomadic, 'bare-necessities' lifestyle, but that's not to say we urban dwellers won't enjoy what **The Levellers** have to offer. On the contrary, much like **The Pogues** or **The Waterboys**, these songs warrant a good time by all. My absolute favorite is "Far From Home," but I also like "One Way," "Another Man's Cause" and "The Riverflow." **LR**

DIAMANDA GALAS - THE SINGER (MUTE)

It's not exactly usual to quote a record rep in a review of an artist on his/her label, but **Adam** from **Mute** had an angle on **Diamanda Galas'** *The Singer* that bears repeating: the blues, while oft re-performed, haven't been radically re-interpreted in recent memory. **Diamanda Galas'** training as a classical pianist (she used to play some of these tunes in her father's band) and extraordinary vocal capabilities are applied with her provocative, infamous vision to one original and a slew of standards and traditionals by the likes of **Willie Dixon**, **Roy Acuff** and **Screamin' Jay Hawkins**. While many "performance artists" ghettoize themselves by being palatable only to the already converted, **Galas'** approach may, on this record, hook a few blues aficionados who've never before been exposed to her disturbing messages. Or so I hope. **SEANA BARUTH**

PERSONAL PICKS

SINGLES by Dave Sholin

POI DOG PONDERING - *Be The One* (Columbia) Featured on our recent Gavin Video Magazine, this eight-member contingent hail from poi country—Hawaii. Their many musical influences combine for one remarkably fresh and commercial sound. Hard to resist the rhythmic groove behind this super-cool production.

RTZ - *All You've Got* (Giant/Reprise) Thumbs up for this latest hook-filled single created by lead singer Brad Delp and his guitar playin' partner Barry Goudreau. Their debut album, *Return To Zero*, has provided hits for Album, A/C and Pop radio, and this latest entry is screamin' Top 40's name.

CHRIS CUEVAS - *I Need You* (Atlantic) Chris' last single, "You Are The One," did exceptionally well in all sized markets, but just never got enough exposure for national ranking. Now this young singer/songwriter turns up the heat and delivers a tune that deserves to be his first major hit. Audiences should be singing the chorus after one play.

XTC - *The Ballad Of Peter Pumpkinhead* (Geffen) One only need listen to the compilation CD, "Radios In Motion—A History Of XTC," to understand that Andy Partridge and Colin Moulding make more than music, they make statements. Listen, feed your head, then turn your listeners on to this thought-provoking release.

CURTIS STIGERS - *Sleeping With The Lights On* (Arista) Love lost continues to be the

inspiration for a lot of songs, and here's a new method of expressing that "I'm all messed up without ya, honey" sentiment. C'mon, when was the last time you heard Bela Lugosi and Boris Karloff mentioned in a lyric? Clever concept and a hot tune, along with some wailin' saxophone.

RINGO STARR - *Weight Of The World* (Private Music) Watch out—Ringo is ready to hit the road and he's travelin' the world circuit. Though he sang lead on several Beatles' tunes like "Honey Don't," "Boys" and "Act Naturally," the lovable drummer didn't really hit his stride as a solo performer until the early '70s when he scored with a string of hits. Now with an all-Starr lineup of players and producers, he re-emerges with a contemporary message fans that young and old can understand.

CROSSOVER PICK

CLUBLAND FEATURING ZEMYA HAMILTON - *Set Me Free* (Great Jones/Island/PLG) Clubland got raves last time out with one of the best Dance tracks to come along this year, "Hold On (Tighter To Love)." This follow-up should bust 'em even bigger. Top twenty at HOT 97 New York, plus a debut at KMEL San Francisco #34 and ADDs at: B96, WZOU, KKFR, KTFM, POWER 102 and KWIN.
