# The Empire State Building Tower

## More Than Just Architecture

Since rolling out the welcome mat to broadcasters in 1931, we've made a tradition of rapid response to the constant challenges of the emerging generations of broadcast technology...from FM radio to commercial television and more recently DTV.

We've had many proud moments in 71 years of service to the broadcast community. None are more meaningful than our ability, in the wake of September 11th, to provide immediate haven, permanent facilities and the necessary power for all TV and FM stations and their broadcast transmissions.

The Empire State Building... more than just architecture.

## He Comes From Outer Space

---

### CURIOSLY ENOUGH, HE'S LANDED IN AN AD ABOUT COPYRIGHT LAW.

---

The miniature alien you see above is the proud possession of Allee Willis, vintage toy enthusiast. So if you're in the broadcast or cable industry, why should you want to read about an individual like Allee Willis, let alone her tin collectibles? Because Allee is a major supplier of content to your business: she's a songwriter.

At BMI, our job is to manage the songwriter relationship for you.

Every year, we license billions of public performances of musical works from songwriters, composers and publishers. Operating on a non-profit-making basis, we distribute the fees we receive from broadcasters as royalties to Allee and hundreds of thousands like her. Tasks that would otherwise have to be performed by you.

Now, we have no doubt you'd enjoy doing business with someone as creative as Allee. The question is: do you really have the time to do business with 300,000 different Allees?

---

Managing the songwriter relationship.<sup>SM</sup> **BMI**<sup>®</sup>

## Key to Radio Listings

Radio listings include AM (amplitude modulation) and FM (frequency modulation) radio stations in the United States, its territories and Canada. All collected data for these listings include information current to July 2002. The following is a breakdown of a sample radio listing. The sample, WOF, is a co-owned AM/FM station. To use the radio key, see boldface numbers and corresponding explanations.

**(1) WOF(AM)**—**(2)** Oct 8, 1946: **(3)** 1000 khz; 1 kw-D, 250 w-N, DA-D. (L-KQSL) TL: N35 48 31 W121 43 28 (CP: 5 kw-U). **(3a)** Stereo. **(3b)** Hrs opn: 24. **(4)** Box 1000 (99999). (909) 555-1000. FAX: (909) 999-9999. **(5)** Licensee: General Broadcasting Corp. (group owner; acq 7-20-69; \$255,000 with co-located FM; **(5a)** FTR 2-12-83). **(6)** Net: ABC/E, AP; Mountain State Network. Rep: Jones & Company, Penn State. Format: MOR, C&W. Spec prog: Sp 3 hrs wkly. **(7)** John Jones, gen mgr; David Smith, chief engr. **(8)** Rates: \$14; 13.50; 14; 12.50.

**(1a) WOF-FM**—**(2)** October 1959: **(9)** 101.1 mhz; 3 kw. Ant 300 ft. **(3a)** Stereo. **(10)** Dups AM 50%. Format: C&W. **(11)** WOF-TV affil. **(8)** Rates: \$8.50; 7; 8.50; na.

**(1)** Station call letters as assigned by the Federal Communications Commission (FCC) or Canadian Radio-television and Telecommunications Commission (CRTC).

**(1a)** Station call letters for co-owned FM station. WOF-FM has the same ownership as WOF(AM), and the FM listing contains only information different from the AM. Co-owned AM and FM stations are often listed together, even when they have dissimilar call letters. In some instances FM may be listed first.

**(2)** Date station first went on air (regardless of subsequent ownership changes).

**(3)** Frequency in kilohertz; power and hours of operation. WOF operates with one kilowatt in daytime hours, 250 watts at night, and uses a directional antenna in daytime. Nighttime operation is limited to hours when dominant station KQSL is operating in daylight. TL refers to the geographical coordinates (longitude and latitude) of the transmitter. WOF holds a construction permit for five kilowatts power day and night.

**(3a)** WOF broadcasts in stereo.

**(3b)** WOF broadcasts 24 hours daily.

**(4)** Address and zip code, telephone and FAX. Teletype Writer Exchange number may also be included.

**(5)** Licensee name and date of acquisition (if not original owner). If the licensee is a group owner—a company with several broadcast properties—it is so identified, as a group owner of

which the licensee is a subsidiary. Details on group owners are listed in Section A. If the station has been sold and the sale information is available, it is recorded after the acquisition date, ie. acq. date; purchase price; FTR date.

**(5a)** FTR date. FTR refers to *Broadcasting & Cable* magazine's weekly For the Record column that appeared in the magazine until June 8, 1998, where station sales were recorded as received from the FCC. The column (renamed FCC Actions) has been moved from the magazine to the broadcastingcable.com Web Site.

**(6)** Network, representative and programming. WOF national affiliates are ABC Entertainment Network and AP Network. The regional affiliate is Mountain State. The WOF national sales representative is Jones & Company and their regional sales representative is Penn State. The WOF program format is part middle-of-the-road, part country and western, with three hours weekly of special programming in Spanish. For radio format definitions, see page D-637.

**(7)** Key personnel.

**(8)** Advertising rates. This data indicates the prices the station charges for a one-minute spot, run 12-times-a-week during the following time slots: 6 a.m.-10 a.m.; 10 a.m.-3 p.m.; 3 p.m.-7 p.m.; 7 p.m.-midnight, respectively. If a time slot is not applicable, "na" replaces the rate.

**(9)** Frequency for WOF-FM is 101.1 megahertz, with 3 kilowatts of effective radiated power and an antenna height of 300 feet above average terrain. WOF-FM broadcasts in stereo (see **(3a)**).

**(10)** Programming. WOF-FM duplicates WOF(AM) programs 50% of the time and has a country and western format.

**(11)** Co-owned TV. WOF-TV has the same licensee as WOF-AM-FM.

**Note:** Listings for independent AM & FM stations follow the sample shown for WOF(AM).

An asterisk (\*) preceding station call letters indicates noncommercial stations.
