## WNBC Debuts Top-40 Format

WNBC/New York launched its new Top 40 format September 1, titling the approach "The All New WNBC." Program Director **Bob Pittman** told **R&R** that the station

was featuring a playlist of 25 current and recurrent records and a "very conversational" mode of presentation, "a cross between Top 40 and AOR." Air personalities

are refraining from talking over record intros, most of which are started cold. Every third hour is commercial-free during the kick-off period, and Pittman has instituted a \$50,000 cash call contest, with listeners required to answer their phones, "WNBC's gonna make me rich" (a phrase Pittman employed successfully at **WMAQ/Chicago**). "All our contests are being run extremely low-key, just as we did in Chicago at **WKQX**," said Pittman, referring to **WMAQ's** AOR FM counterpart. "All promos are me as Program Director explaining to the listeners exactly what is going on in a non-hype way." Prior to launching the new format, Pittman reported, the entire air staff had been given an extensive tour of the New York metropolitan area by air, boat and bus, "so they could see the real New York, not just Manhattan."

## Tapes Up, Discs Down In Share Of Sales Market

Pre-recorded tapes are chipping away at records' dominance of the music market according to a **NARM** report. Tape sales accounted for 30.1% of total sales volume, up 1.4% over last year, with record sales down accordingly to 69.9%. In addition, sales of pre-recorded cassettes now represent 23.6% of the tape market, a jump of 10.5%.

The report also broke down sales by style of music, with "Contemporary" (a loose category encom-

passing Rock, R&B, and more youth-oriented types of Pop/Adult style music) accounting for 62% of the total volume, a slight increase over 1975. Country was also up a bit, to 12.1%, while "Adult Contemporary" (more traditional forms of Pop/Adult) was down a little to 10.5%. Jazz moved up to 5.3%, while Classical dropped significantly to 3.4%. Singles sales rose 25.3%, an encouraging statistic for many observers concerned about the future of 45's.

### BUYS OUT EMI

## Private Stock Declares Independence

**Larry Uttal**, President of **Private Stock Records**, has bought out **EMI Records'** interest in the company. Private Stock was formed in 1974 by Uttal and EMI.

"The move makes Private Stock a completely independent com-

pany, a development much to the liking of Uttal. He told **R&R**: "We have achieved in just three years a solid worldwide base for further expansion. That, combined with my own independent nature, made complete ownership an inevitable

desire. This move creates exciting new growth opportunities for Private Stock, its artists, and its employees...and will enable me to share the rewards of that growth with the talented executives and

## 'Record Retail Report' Launched

"The traditional, generalized trade paper approach just doesn't do the job. To be really useful, you must specialize." The speaker is **Bill Valenziano**, editor of a new weekly retail-oriented publication, **Record Retail Report (3R)** for short). It's his contention that there exists a significant retail information gap in current music industry trade reporting. "For decades trades have gone on trying to capsule all the available information for everyone, and have ended up not providing enough meaningful information for anyone. It leaves a hole. Then somebody comes along and specializes in radio, or jukeboxes, or gossip, or whatever, and becomes hugely successful, and the generalized approach continues to wither. That's what happened, in a larger

sense, to **Life**, **Look**, and the **Saturday Evening Post**. More specialized publications supplanted their usefulness.

"We're specializing in retail information," Valenziano continues. His stated goal is to provide the most complete, most useful information from retailers across the country, to provide both retailers and manufacturers with a realistic specific picture of what's going on in regional and national market-

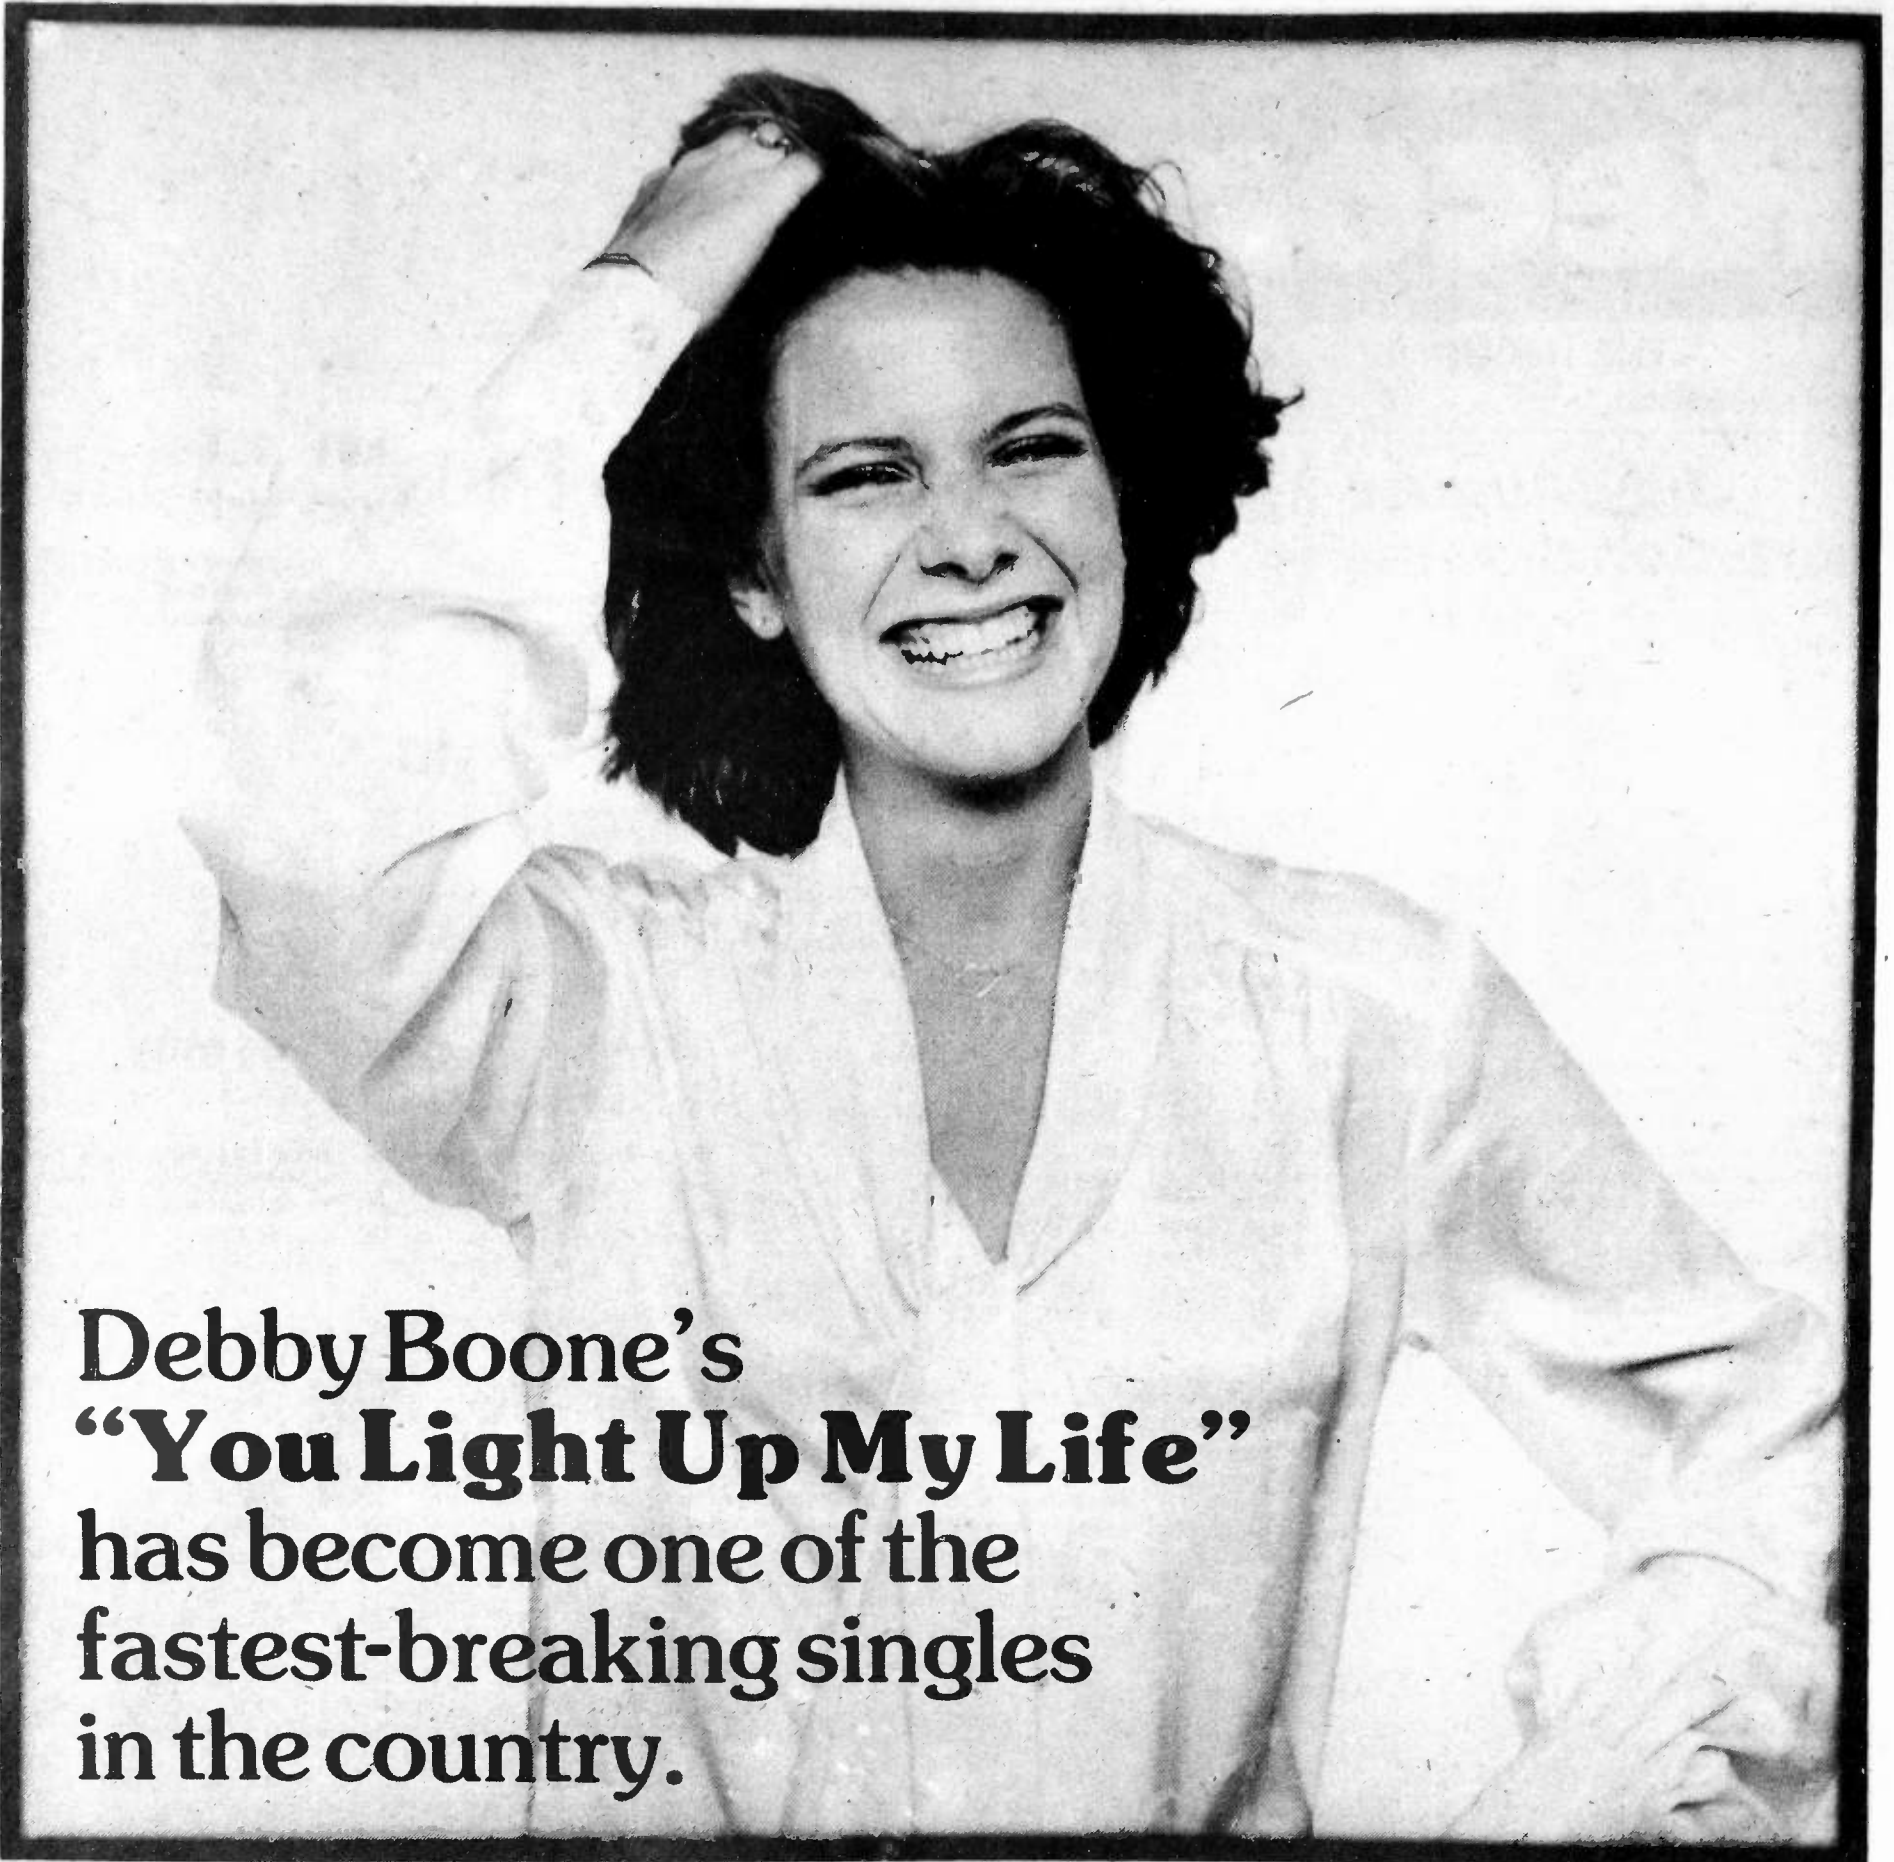

place action. And, in a crucial innovation, **3R** will provide its retailer/manufacturer readership with the most significant airplay information, using special **Radio & Record** research. "Instead of bombarding our readers with a hail of scattershot information, we'll be giving them the specific kind of airplay input that retailers can tie in with their own data," says Valenziano. In a similar belief, **R&R** will use reciprocal retail information from **3R** in an upcoming Research page, thereby giving its radio and record industry readership crucial sales-oriented input in conjunction with the relevant airplay information.

**3R** plans to build its information service through calling 700-

## ARISTA ARISTOCRACY AT CONVENTION

Arista's recent San Diego convention was the company's biggest and most eventful ever, with the signing of Al Stewart and distribution deals with Buddah and Passport Records, as reported last week in R&R. Pictured at a convention cocktail party are (l-r) John Sebastian, Program Director of KDWB/Minneapolis; Arista President Clive Davis; Arista recording artist Barry Manilow; and Bartell Broadcasting National Music Director Mary Kay Anthony. Both Sebastian and Anthony participated in a special radio seminar.

## Court Halts Mushroom's Heart LP

A District Court injunction has paralyzed Mushroom Records' marketing efforts on behalf of their much-disputed Heart album "Magazine." The company had won legal permission to release the LP, the subject of a longstanding court battle between Mushroom and Heart plus the group's new label, Portrait, in mid-August. Approximately 30,000 copies were shipped to Southern California retailers, in addition to a complete radio and press mailing, with a reported

800,000 plus advance orders received by Mushroom.

On August 26th, a 7-day restraining order was handed down forbidding further shipments and promotional efforts by Mushroom. Radio airplay, described as extensive by the company, was not affected, but the planned release of a single from the LP, "Heartless," was halted. Although the temporary restraining order was to have expired September 2, no legal resolution had been handed

down as of Tuesday (9-5), according to Mushroom sources. (9-6)

## Radio Report A First In Britain

Radio & Record News has published a special issue entitled "The Radio Report," providing the most comprehensive overview of the fast-developing British radio industry yet produced. As editor Greg Thain points out in his editorial, England's radio scene, long the limited province of the BBC, has now come of age, with 19 independent commercial radio stations and 20 localized BBC outlets in existence (and playing popular music). "The Radio Report" is a vital guide to that newly mature market.

The opening portion of the report consists of feature articles covering management, programming,

advertising, and the life of a British air personality. Detailed ratings information is provided, along with maps measuring stations' signal impact. Finally, the report features profiles of each individual radio station, listing key executives, frequencies and transmitter power, and other useful information. The report is attractively designed, with photos, logos, and occasional color.

American record companies desiring an advance look at a significantly growing radio market can acquire copies of "The Radio Report" by contacting Radio & Record News, 11 Blenheim Terrace, St. Johns Wood, London NW8 0EH, England.

1000 retailers each week—"three to five times as many as anyone else calls." The dealers will be asked their three best-selling 45's and LP's, and this information will be tabulated for regional Top 10 best-seller lists.

Retailers will also be asked their "Most Promising" albums and singles, in a completely unsolicited fashion—the dealer names the product, not the publication. Then, Most Promising charts will be regionalized, and categorized into Pop, Country, and AOR. The actual number of responses for a given record will also be listed, to give manufacturers a clearer idea of what a chart listing actually means.

This information will be coordinated with R&R's Most Promising airplay charts, also regionalized and divided into Pop, Country and AOR categories. Retailers will then have meaningful sales and airplay information combined in a concise, useful format, which will be a "substantially more exact indicator of a record's status than a number 192 placing on a traditional chart," according to Valenziano.

3R will also make its retail information available to the industry on a daily basis via phone enabling companies to assess the pace and impact of records breaking in specific markets "more accurately than ever before," says

3R's editor. In addition, the publication will serve as a "forum" for retailers, allowing them to air their problems and issues weekly. Close ties will also be maintained with distributors, racks, and one-stops. 3R, whose other principals, Phil Jaffe and Sal Fortenza, publish the highly successful retail merchandising catalog 12 X 12, intends to become the single most vital source of information for the retail sector by providing the right mix of specific and useful information.

## NAB Asks FCC For Minority Broadcast Credit

The NAB has requested the FCC to issue certificates to avoid capital gains taxes to owners of broadcast properties who sell to minority buyers. The sellers would then be able to use the tax credit toward purchase of other properties, according to the NAB. "Tax certificates would further the commission's goals of increasing broadcast ownership by minorities," the NAB brief stated, "because for the first time sellers would have an economic incentive to seek out qualified minority buyers."

In a related event, FCC Chair-

man Richard Wiley told the National Black Media Coalition that the Small Business Administration is considering loaning money for the purchase of broadcast properties by minorities. In the past, the SBA cited First Amendment considerations in refusing such loans, indicating that if the loans defaulted, the government, through the SBA, would end up owning the stations in question. But Commissioner Robert E. Lee said that the problem could be avoided by writing specific regulations prohibiting government takeovers in such cases.

## Brunswick Executives May Face New Payola Trial

Four officials of Brunswick Records whose payola-related convictions were recently overturned may still face a new trial. The U.S. Court of Appeals in Philadelphia stated that evidence existed on which a jury might find that radio stations, artists, writers and publishers had been defrauded via mail and telephone by the defendants, Nat Tarnopol, President of

Brunswick; Peter Garris, Vice President; Lee Shop, Production Manager; and Irving Wiegman, Secretary/Treasurer. The new trial, if held, would take place in Newark District Court. The reversal of convictions for mail fraud and conspiracy involving the IRS will stand, but Tarnopol also faces seven counts of attempted income tax evasion in a New York court.

## No Official Presley Memorials Yet Scheduled

A warning has been issued against fraudulent Elvis Presley benefit concerts by a promoter close to the late singer's manager, Col. Tom Parker. Northwest promoter Tom Hulett stated that only one official benefit for Elvis will be

held, late this year or early in 1978, and warned entertainers, managers, radio stations, and others that any other "benefits" planned are strictly unauthorized by the Presley organization.

# What's New?

## Laser Record Player: Beam Of The Future?

Three Japanese electronic manufacturers have developed a record player using a laser to reproduce sound. A laser beam is cast onto the surface of a special disc coated with a reflecting chemical, and according to the companies, the method produces outstanding fidelity and no noise whatever, thanks to the absence of friction between disc and the traditional needle. At this stage of development, the new discs have recording grooves on only one side and play for up to 30 minutes, but reportedly the playing time can be quadrupled in the future. The Mitsubishi Electric Corp., TEAC Corp., and TDK Electronics will demonstrate the new record player at the All-Japan Audio Fair, opening September 23 in Tokyo, perhaps signalling a new technological revolution in the sound recording industry. Can LOR (laser-oriented rock) be far away?

## Americans True To Their Schools

More than one in every four Americans will either be attending school or teaching it, according to a National Center for Education Statistics report. 60.3 million people will attend schools and colleges, with a further 3 million in teaching or administrative positions. 15.7 million are in high school, with 11.3 million giving it the old college try.

## Wholesale Price Rise Minimal

Wholesale prices in the U.S. rose 0.1% in August, a figure viewed by government officials as an encouraging for inflation control. The wholesale price index, however, stands at 194.6% of the 1967 average.

## AMPEX Upping Prices 4%

Ampex Corporation will raise prices an average of 4% on certain video and audio products. The increase goes into effect October 1, 1977.

## Parker Packs Peck Of Pickled Pens

Parker Pen Company is selling a limited run of 5000 pens made from brass salvaged from the ocean liner "Queen Elizabeth," now lying at the bottom of Hong Kong harbor. Price tag: \$225 apiece, and it's not stated whether they write underwater.

## High Bocce Sales Reported

Backyard sports, notably the Italian lawn-bowling game bocce, are registering substantial sales increases, and in some cases, according to sources at General Sportcraft Company, outpacing sales of baseball and other traditional sporting equipment. Bocce sets run from \$12 to \$50, and sales are up 25%, with the rise attributed to consumers spending more time on backyard activities.

## Wreck Of The Edmund Fitzgerald Explained

The Coast Guard has named the probable cause of the sinking of the "Edmund Fitzgerald," the Great Lakes ore carrier immortalized Gordon Lightfoot's 1976 hit. Leaky hatches, causing "massive flooding of the cargo hold" during a severe storm, were most likely responsible for the tragedy, which took the lives of all 29 crew members on November 10, 1975. No blame for the sinking was fixed by the Coast Guard board of inquiry.

# TV News

## NBC News Gets New Look

Beginning September 6, the "NBC Nightly News" will be thoroughly revamped. Co-anchorman David Brinkley will be based in Washington, with co-anchorman John Chancellor remaining in New York. Instead of delivering the news from behind the traditional desk, Chancellor will be seated on a couch in an attempt to move away from the prevalent all-knowing newscasters image. The program will be divided into four parts, with greater emphasis on comprehensive reporting of the day's lead story and investigative special reports...An American version of the smash British music-related series "Rock Follies" is being cast. "Rock Follies," a comedy-drama-musical story of three women and their trouble-plagued attempts to achieve rock success, has spun off a major U.K. hit single and a second British TV series, and is regarded as an obvious influence on American shows like "3 Girls 3" and the current "Sugar Time." Alan Sachs, co-creator of "Welcome Back Kotter," will produce the American "Rock Follies."

## Laverne & Shirley Leads; CBS Wins Network Battle

"Laverne & Shirley" was a solid number one in Nielsen's ratings for the week ending August 28, while CBS edged ABC for the network title, 15.8 to 15.7. Completing the national Top 10 were 2) "Switch" (up from 58th last week), 3) "Happy Days," 4) ABC's Sunday Movie "A Fistful Of Dollars," 5) "Charlie's Angels," 6) NBC's Monday Movie, "Shamus," 7) CBS' movie special "Attack On Terror," Part I, 8) ABC movie special "Smash-Up On Interstate 5," 9) "MASH," and 10) "Attack On Terror," Part II. Music-related series had an indifferent week, with "Sugar Time" coming in at 28th, "Year At The Top" an improved 35th, "Keane Brothers" at 63rd, and "Starland Vocal Band" tying for last at 66th.

In Arbitron's TV meter service ratings for August 20-26, New York's Top 10 was headed by "Three's Company," followed by 2) "Barney Miller" and "Quincy" (tie), 4) "Laverne & Shirley" tying with "Welcome Back Kotter," 6) a tie between "Barnaby Jones" and "Rockford Files," 8) another dead heat for "Charlie's Angels" and "Happy Days," and tying for 10th, "Sugar Time" and "Szysnyk."

Los Angeles rated "Laverne & Shirley" at the top, supplemented by 2) "Smash-Up On Interstate 5" (ABC Tuesday Night Movie) and "Happy Days" (tie), 4) "Three's Company" and "Welcome Back Kotter" tying, 6) "MASH" 7) "Charlie's Angels" and "Quincy" tying, and, in a four-way tie for 9th, "A Fistful Of Dollars" (ABC Sunday Night Movie), "Attack On Terror" (CBS Sunday Night Movie), "Shamus" (NBC Monday Night Movie) and "Rockford Files."

## Provo Vice President At Washington Star Communications

W. Roger Provo has been promoted to Vice President, Broadcast Division, at Washington Star Communications. He was formerly Personnel Administrator for the firm's station group.

## Sonderling Declares Dividends

Sonderling Broadcasting has declared its regularly quarterly dividend of 8¢ per share, payable October 14.

## Audience Up For Public Radio

The audience for public radio in the top 24 markets increased 24% in the past year, according to the Corporation for Public Broadcasting. An Arbitron estimate sets the public radio audience figure at 2.4 million, up from 1.9 million. 28 of the 36 public radio stations registered an audience increase.

## Science Fiction Top TV Trend

Science fiction-styled shows will be a major part of the upcoming TV lineup, and the trend was set, at least in the production stage, even before the runaway success of "Star Wars." Already in production before "Star Wars" release were the following fall series: CBS' "Logan's Run" (from the movie), NBC's drama "The Man From Atlantis" (a ratings hit as a special last season) and the comedy "Quark," and an all-new series of "Star Trek," the pioneering serious science fiction drama. The overriding emphasis in the new science fiction shows is on careful attention to a simulated realism, in order to win the belief of audiences; the less serious "Lost In Space" approach has been left behind. Other recent science fiction TV entries include the syndicated "Space 1999," "Fantastic Journey," and unsold pilots like "Mothership-5." As anti-violence pressure mounts, futuristic settings allow TV producers to substitute fantastic spectacles for violent action, indicating that the science fiction trend has only just begun.

## Carter To Merge Voice Of America, USIA

President Carter will recommend the merger of the U.S. Information Agency, the Voice of America, and the Bureau of Education and Cultural Affairs into a new State Department-directed U.S. Agency for Information and Cultural Exchange. The move is apparently intended to down play foreign views of the USIA and VOA as propaganda agencies. An official statement from the State Department and the USIA proclaimed, "We must step up our efforts to broaden international communications between the government and people of our nation and the governments and peoples of other nations."

## CKLW Appoints RKO Radio Representatives

CKLW AM & FM/Detroit has appointed RKO Representatives to handle all American national sales for the Windsor, Ontario-located station. Pictured signing the agreement are Herb McCord (left), President/General Manager of CKLW, and Thomas F. Burchill, Vice President/General Manager of RKO Radio Representatives.

## Magazines Tackle TV In Wooing Advertisers

Magazines are going directly after TV in an attempt to attract advertising, if two new campaigns are any indication. Family Weekly is running a full-page color ad headlined "Where You Get 52 Weeks of Non-Violent Programming." The ad terms the magazine the "fourth network beamed directly at the nation's most dramatic growth markets." And a Magazine Publishers Association ad, titled "The Handwriting Is On The Page," cites increased allocations by major advertisers for magazines and states: "1977 may also be the year when your company and your agency decide to re-evaluate the roles that television and magazines play in your advertising." Sounds like a direct challenge.

## AFM Ratifies Film Pact

The American Federation of Musicians has voted to accept a new three-year contract with the Association of Motion Picture and TV Producers, covering TV and theatrical films. All dramatic programs are now to be scored live, and a 30% pay increase will take place over the three years. The new contract covers musicians, arrangers, copyists, and others involved in music preparation.

## FCC Cable TV Obscenity Rule Suspended

The FCC's rule requiring cable TV operators to pre-screen and censor "obscene or indecent matter" has been suspended by a U.S. Court of Appeals decision. The rule had been challenged by the ACLU, and the FCC had asked the court to allow the commissioners to consider repealing it. An FCC spokesman said that the commission was planning to repeal the rule. Cable operators would still be subject to criminal codes regarding transmission of obscene material over the airwaves.

## Streisand First Female Star Of Playboy Cover

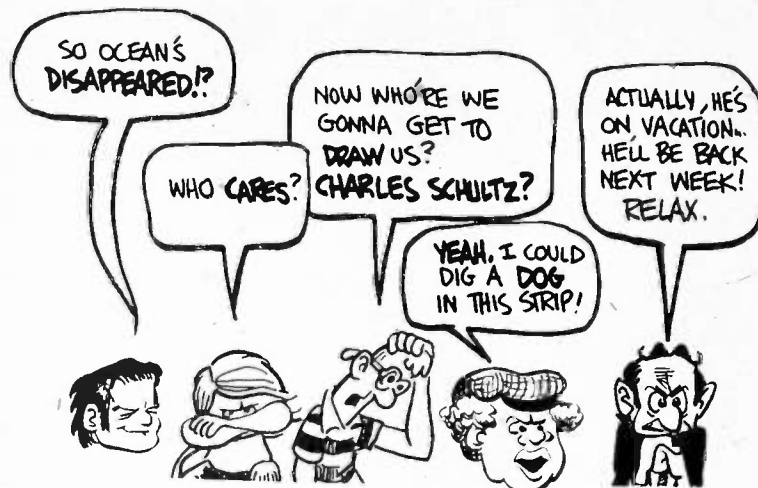

Barbra Streisand, subject of a rare in-depth interview in the October issue of Playboy, also appears on the cover, making her the first female star to attain that distinction in the magazine's existence. Maintaining one tradition, however, Streisand does appear wearing a Playboy Rabbit T-shirt.

## ERR WAVES

## WKY Has An Ice Day

WKY/Oklahoma City staged a contest asking listeners to guess how long 3 tons of ice would last in the August Oklahoma sun, with the winner netting a cool \$100. The best guess was only 15 seconds off the elapsed time of 12 hours, 13 minutes and 45 seconds. Pictured is WKY Music Director Sandy Jones, looking cold as ice.

## Super Shannon Shows Off Cape Abilities In Columbus

The latest superhero in Columbus is WCOL's new 7-midnight air personality Super Shannon, who came cruising into town in full dress uniform, graciously accepting the cheers of excited throngs in the street from the back of his customized limousine (left). Also shown is WCOL Promotion Vice President Sharon Wilkin, and a Clark Kent-like chauffeur. Right, Super Shannon meets and greets townfolk in front of the State House as Wilkin is assigned sign-carrying duties.

## Best Promotions Of The Week

WAYS/Charlotte is holding a Super School Spirit Contest with a jean manufacturer to help kick off the beginning of a new school semester. Students, friends and family can cast a vote for their favorite high school, with the winning school receiving outfits for their cheerleading squad and a disco featuring the WAYS air personalities...Speaking of back-to-school, KWSL/Sioux City hosted a music festival featuring local bands at a local shopping mall. The promotion was designed to boost sales activity among downtown merchants. A drawing was held during the day's activities, with the winner receiving over \$500 worth of sound equipment...CK101/Cocoa Beach held a "No Fault" weekend, giving listeners a chance to call in and 'gripe' about anything that was bothering them. One of the main complaints was the forthcoming school year. All complainers received a Johnny Guitar Watson LP...92Q/Nashville is starting their "92 Ways To Win Your Wishes" promotion, consisting of a different type of contest every day for the next 92 days. Albums, 92-second shopping sprees, and 92 seconds in a bank vault with all the cash contestants can carry out are among the prizes in 92Q's forthcoming promotion...WEBC/Durham is going to the dogs. Actually the station is giving certain number callers a chance to select their favorite puppy from a local pet store. All callers will receive an LP of their choice for their efforts...The month of August was a busy one for KROY/Sacramento. Correct number callers were given a chance to win as many albums as they could name in 10 seconds. Also, during the station's "Millionaire For A Day" contest, one winner received a limousine and chauffeur for a day, expensive meals and one day's interest on one million dollars. KROY also gave away

tickets to Sylvers and Chuck Berry concerts...A Star Wars' 'war' bombarded the Bridgeport area as WICC presented a battle between the Meco and London Symphony Orchestra versions of the theme. Correct number callers during the promotion received tickets to the film and copies of both Meco and London Symphony records...Peter Frampton was in Birmingham for a concert appearance recently. WSGN gave away tickets to the concert, T-shirts, Frampton posters and LP's for seven days and seven nights preceding the show...B100/San Diego wanted to find out which Kiss song was its audience's favorite. The station tabulated over 5,000 requests with "Christine Sixteen" scoring the top position. During the voting B100 gave away Kiss LP's and concert tickets for their concert date in San Diego...Chicago Mayor Michael Bilandic has announced that the Rock group Chicago will be performing at Soldier Field September 24th in a benefit for the Lincoln Park Zoo. WLS, the promoter and Chicago will all be donating their services so that as much of the admission price to the concert as possible will go to the zoo...Y103/Jacksonville is giving listeners a chance to win Foreigner and Peter Frampton tickets and LP's for the two artists upcoming concert dates during September...KEWI/Topoka is in the midst of its Stick-It and Win promotion. The KEWI van patrols the area, calling in license plate numbers to the station. After hearing their plate number on the air, listeners have 24 minutes to get to the station to pick up a quick \$100 bill...To become more identified as an adult, album oriented radio station, KFXM/San Bernardino has changed the format of their weekly in-store surveys. Records are now charted by the albums. Singles are listed as "featured song" from a hit album.

## Street Talk by J.J. Jordan

As reported first in this column last week, Sandy Beach did get the PD gig at WKBW/Bufalo, where Sandy was a jock several years ago. Most recently Sandy has been programming WJET/Erie, Pa.

Quincy McCoy has resigned his PD position at Z93/Atlanta after only a few short weeks in that position. No replacement has been announced by station management.

Lee Douglas resigned his position as Program Director of WPEZ/Pittsburgh late last week (2). Lee can be contacted at (412) 935-3168. Before coming to WPEZ, Lee programmed 99X/New York.

Look for Trigger Black to be the new PD at WAKY/Louisville.

Jack McCoy is now involved with WCOL/Columbus. Reportedly, Jack will be overseeing the station's music systems, heading the station in a more 18-34 direction, rather than teen.

Will Todd Wallace be involved with KIMN/Denver?

Paul Drew is now consulting KGGO/Des Moines. Also, Paul is consulting KHJ for the first time since he resigned his VP/Programming position with RKO Radio several months ago.

Don Cox from 13Q to Z93/Atlanta.

WNBC officially changed format at 2pm (EDT) on Thursday, September 1. My Big Apple sources tell me the station really sounds fine.

WEA holding its combined Sales and Promoting meeting this week in Miami. That means half of the country is in Miami.

Former WTIX/New Orleans Music Director Terry Young has been rehired by the station and is now doing afternoon drive.

Look for T. Morgan to be the new PD at WPEZ/Pittsburgh.

Which National VP of Promotion will probably relocate to the West Coast from the East Coast with the same label?

Banana Joe from WKBW/Bufalo to CHUM/Toronto. Speaking of CHUM, I received a note from CHUM PD J. Robert Wood who wanted me to say he's looking for a young, natural-sounding major market calibre jock. By the way, CHUM is a great radio station in my opinion, and they pay top dollar beside paying for a jock's move, etc. If you think you are good enough, give Bob a call (416) 925-6666.

Nice to hear from Mel Phillips, who sent me one of his new brochures for his new consultancy business. Mel has programmed a few stations in his lifetime such as WRKO, KQV, WXLO and WNBC. Mel can be reached at (212) 628-3357.

Here is something I think everyone in radio will be interested in. Bernie Torres and George Burns have a new free service involved with their Computer Broadcast Service, which is going gangbusters from what I understand. Any PD, MD or jock who would like to can put his or her name in for a job in the future, which will be stored confidentially in a computer. The computer will list the person's name, background, and where that person would geographically like to relocate if something should open of interest. To get involved with this free service, simply send your name and home mailing address to Computer Broadcast Services, 3054 Dona Marta Drive, Studio City, California 91604. I'm sure if you want more info on the deal, Bernie would be more than happy to talk to you at (213) 654-6412.

KYNO/Fresno is looking for a crazy morning personality. Tapes and resumes to Mike Novak, 2125 N. Barton, Fresno, CA 93703. EOE.

Mason Dixon is out at KHJ after only a few short months doing early evenings at the station.

Capitol Records will begin a new subsidiary label in the near future along the lines of Columbia/Epic.

Congratulations to Joel Denver and 96X/Miami on their August Mediastat, and to Jimi Fox and TEN-Q on their Summer Arbitron results.

This week's Photo Flashback is from 1965 and shows KCBN/Reno PD Red Mountain giving Mick Jagger his autograph back in the days when Red, or as he was known on the air, Johnny Michaels, was News Director at KROY/Sacramento.

**BIKINIS IN ANGOLA**—WLKI/Angola, Indiana, held their biggest promotion ever in conjunction with Coca-Cola, starting with a Coca-Cola Denim Van giving out albums and climaxing with a "Super Summer '77 Bikini Contest," and free concert. Shown awarding first prize to the winner is WLKI Program Director David Christian.

Shown interviewing the wet T-shirt contest winner is WISM air personality Jonathon W. Little.

**TOP-40**

**SHAKING IT UP**—CFTR/Toronto air personality Paul Godfrey decided to shake and break the world record for consecutive handshakes at the Canadian National Exhibition. Above, Godfrey shakes his 9000th hand, belonging to a somewhat weary-looking Herb Gardeen from the Guinness Book of World Records (understandably tired after witnessing 9000 handshakes). At left, CFTR Assistant Program Director Dan Plouffe. Godfrey broke the record by almost 500 shakes.

**CFGO'S WHEEL TO WIN**—CFGO/Ottawa gave away a record a minute with their "Spin 'n' Win" wheel at the Central Canada Exhibition. Listeners got the chance to win 45's and LP's by presenting a CFGO survey. Pictured wheeling and dealing is CFGO morning man Chuck Phillips.

**99X HOLDS OLYMPICS**—The first annual 99X/New York Children's Summer Olympic Games were held in Riverside Park, with gold, silver, and bronze medals and certificates awarded to participants. Shown surveying the scene are (l-r) Alberta E. Reynolds, Executive Director of the WOR/99X Children's Christmas Fund; 99X Vice President/General Manager Erica Farber; and station Advertising/Promotion Director Betsy Bucker.

**SUPER CAM GETS THE PICTURE FOR WKLO**—WKLO/Louisville introduced its new "Super Cam," a Polaroid special events camera, at the Kentucky State Fair. The station plans to use it in a number of upcoming promotions, and started off by allowing listeners to have their photos taken for a \$2 donation to the Save Our Sports Foundation. WKLO Newsman Scott Thompson takes a shot at WKLO's Sue Rodgers, above.

**SHOP ALONG WITH CASSIDY**—Shaun Cassidy joined KHJ's Coca-Cola Caravan at a local shopping mall, with Bearsville's Jonathan Cain Band providing live music at the free show. Pictured onstage are air personalities Mason Dixon (left) and Machine Gun Kelly flanking Cassidy.

**KC COMES TO KRUX**—H.W. Casey, KC of Sunshine Band fame, stopped by the KRUX/Phoenix studios for a surprise visit. Shown in the station parking lot are (l-r) morning man and Operations Manager Richard Ruiz; K.C.; and air personalities John Roberts and Rock 'n' Roll Risner.

# Eric Carmen takes the country by storm.

"Boats Against the Current" is that album every performer wants to achieve. An album without compromise. With every dream left in, only better. Eric's 2nd album is exactly as he saw it, heard it, and ultimately produced it.

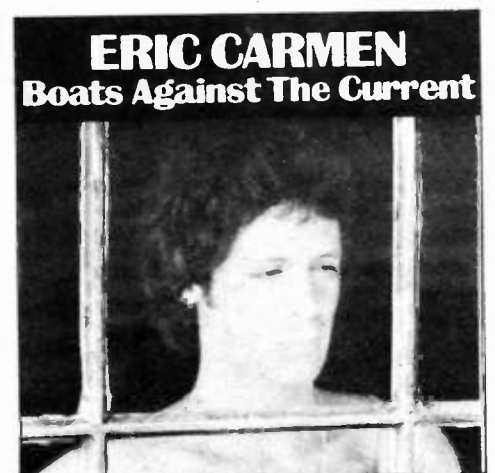

It isn't easy to go against the

current, but when you finally reach the other side, what a story you have to tell. Eric Carmen rocks his way through 8 original songs that are so wildly beautiful and real, they're going to rock up a storm from coast to coast.

**DOOBIES MAKE WAVZ VISIT**—Michael McDonald (left) and Keith Knudsen (right), members of the Doobie Brothers, talked on-the-air to WAVZ/New Haven nighttime man Willie B. Goode (center). The Doobies dropped by the station just before their New Haven area concert.

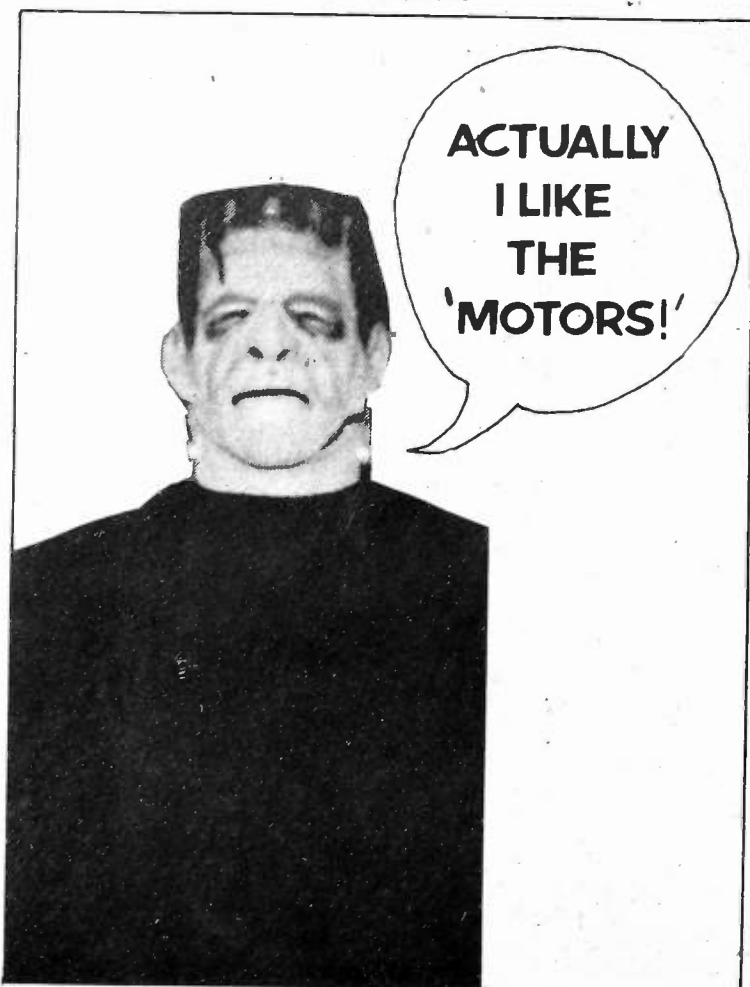

**DOVER'S SUMMER SUNRUNNER**—WTSN/Dover, New Hampshire climaxed a summer-long promotion by giving away a Toyota called the WTSN Sunrunner. "Suntickets" worth up to \$100 in prizes were handed out to listeners, who then guessed the mileage on the car after the WTSN air personalities drove it around the area all summer. Pictured are (l-r) WTSN air personalities Mike Kelly and Willie B. Goode, the winner (inside the car), a local Toyota dealer rep; WTSN's Paul Le Blanc, and (kneeling) WTSN's B.J. Hickman.

**EGGING ON A ROCKY WINNER**—WAKX/Duluth held a joint Farrah Fawcett-Majors/Sylvester Stallone look-alike contest, with over 2000 people showing up to watch the finals (above). The Stallone winner cinched his victory by using the egghead approach, cracking half a dozen raw eggs into a glass and gulping it all down (spilling as much as he could possibly manage) to prove his Rocky credentials. The audience reportedly went wild at this "eggotistical" stunt and declared him the champion.

**KFRC LISTENER MEETS "DREAM" MAN**—KFRC/San Francisco made a dream come true for a listener in a recent contest. Her dream was to meet Engelbert Humperdinck. Her wish was granted and an all expense weekend for two at the Sahara Tahoe, dinner show and round trip air fare. Lto R: Sahara Tahoe Publicity Director Jack Bulausky, Epic's San Francisco Promotion Manager Joel Newman, KFRC winner and Engelbert.

ELECTRIC WEENIE

LOTS OF EXCITEMENT HERE AT THE STATION...THEY JUST CHANGED THE HAY IN THE MEN'S ROOM.

Anita Bryant's kid put a tooth under his pillow. Next morning it was still there.

LATE NEWS...IN A DOWNTOWN DEPARTMENT STORE TODAY A WOMAN WAS TREATED FOR CREDIT CARD BURNS OVER 90% OF HER HANDS.

I grew up in a poor neighborhood. You couldn't afford pets. I tied 600 roaches together and called it Prince.

AND I CAME FROM A BIG FAMILY. YOU HAD TO TAKE A NUMBER TO BE BREASTFED.

First time I saw underwear I thought it was some kind of skin disease.

WE REALLY TURNED OUT IN FORCE FOR LABOR DAY WEEKEND... TEMPER-TO TEMPER TRAFFIC ON THE HIGHWAY, MOTELS WITH 'NO VACANCY' SIGNS UP-AT NOON...I EVEN SAW A GAS STATION THAT HAD A "STANDING ROOM ONLY" SIGN-OUTSIDE THE REST ROOMS!

YOU KNOW THE EAGLE IS OUR NATIONAL BIRD, BUT DO YOU KNOW WHAT OUR NATIONAL FLOWER IS? THE "COST OF LIVING ROSE!"

YOUR 1977 TAX FORMS WILL BE PRINTED IN A SOOTHING PINK ON WHITE, ACCORDING TO I.R.S. HEAD JEROME KURTZ, INSTEAD OF THE OLD RED, WHITE & BLUE...BUT YOU AND I STILL HAVE TO SUPPLY ALL THE GREEN.

THEY FINALLY GOT VOYAGER II TO STOP CANCELLING ITS ORDERS, AND EXTEND ITS BOOM PROPERLY...BY TELLING IT THE NEXT VOYAGER, WHICH WILL CATCH UP WITH IT IN SPACE...IS A GIRL.

THAT NEW RESTAURANT IN TOWN MAY NOT HAVE THE TASTIEST FOOD IN THE WORLD, BUT THE PORTIONS ARE FANTASTIC! THEY GIVE YOU ENOUGH TO FEED A WHOLE KENNEL!

I DON'T MIND THAT MY REAL PARENTS LEFT ME AS AN INFANT IN A BASKET ON SOMEONE'S DOORSTEP...BUT I STILL RESENT THE FACT THAT THEY DIDN'T BOTHER TO RING THE BELL!

ANOTHER ADVANTAGE TO BUYING A SMALL CAR: WHEN YOU GET IT HOME, YOU HAVE A LOT LESS GARAGE TO CLEAN OUT, BEFORE YOU CAN PARK IT!

O'Liners

Washington is filled with worried Congressmen. Rumor has it Richard Nixon is now offering them a correspondence course in Stonewalling!

The Korean bribery scandal continues to make headlines. No one knows for sure how many Congressmen are involved...but David Frost is said to be lining up sponsors for a nightly interview show!

One Congressman has already resigned. He was last seen floating across the Pacific Ocean on a giant wallet!

The entire investigation is ridiculous; none of our Senators and Congressmen can be bought. Of course some of them are available with a long-term lease...

But you can't really blame our Congressmen for accepting bribes. After all, most of them haven't had a steady income since Howard Hughes died!

Have you heard about the new Idi Amin doll? You take it home and one week later you disappear!

## Mike Harrison

I hope you all had a pleasant Labor Day weekend and are ready to hit the "new season."

### Summer Arbitron/AOR Wars

The Summer '77 Arbitrons for New York, Los Angeles, Chicago, San Francisco, and Philadelphia arrived just as we were going to press. In AOR there were a few surprises as well as some non-surprises.

Congratulations are definitely in order for PD **Tom O'Hair** and the gang at **KMEL/San Francisco**. They debuted as the dominant AOR force in the Bay Area against an extremely tough line-up of radio stations. Here's how they stacked in Quarter Hour Average Share (Mon-Sun, 6am-midnight, 12 plus): **KMEL** debuted at 2.6, **KSAN** fell 2.8 to 1.4; **KYA-FM** (Y-93) dipped 1.9 to 1.1; **KSJO** (from San Jose) held at an extremely impressive 1.4; **KOME** (also from San Jose) went from 1.1 to .9 in the ratings.

In Los Angeles just about everyone did AOK in AOR. **KLOS** moved from 2.8 to 3.0; smokin' **KMET** grew to a 2.9 from 2.7 with sensational 18-34's; **KNX-FM** went up from 3.2 to 3.4; **KPOL-FM** improved 1.2 to 1.7; **KWST** continued their upward momentum (incidentally, the station is sounding *real* strong under the PD'ship of **Paul Sullivan**) growing 1.8 to 2.0.

**J.D. Blackburn** and the gang at **WLUP** (the Loop)/**Chicago** deserve a bottle of champagne for coming on strong with a fine second book going from a .6 to a 2.0. In other Windy City activity we see **WDAI** slowing down their slide trend 2.9 to 2.8; **WKQX** (the house that **Pittman** built) dipped slightly 4.2 to 3.9; **WXRT** went 1.5 to 1.1.

New York remained pretty stable with **WBLS** (best described as a Black AOR-type station) continuing to dominate the FM dial 5.9 to 6.8. **WPLJ** slipped a bit 4.4 to 4.0; **WNEW-FM** maintained a 2.3; mellow **WKTU** went 1.7 to 1.6; the new AOR **WPIX** 1.6 to 1.4 with most of the loss concentrated in women and teens (next book really should tell the story there); Jazz-AOR **WRVR** continued their slow steady climb .9 to 1.1; **WLIR** (Long Island, where they are a monster) maintained their .5 which is quite impressive considering their geographical and technical situation.

In Philadelphia **WIOQ** grew to a 2.5 from 1.9 proving that they are indeed a major AOR influence in the city; **WMMR** slipped 2.5 to 2.3; big gun **WYSP** dropped to 4.7 from 5.9, still the overall leader.

If there's any lesson to be learned from this book, it is that as long as listeners are able to change their minds and sounds at the flick of a button, it doesn't pay to bank upon legendary status or market loyalty on your way to the Arbitron. With new stations popping up for just about every method of executing the Album Oriented Rock concept, all AOR broadcasters must remain on their toes.

To those who did well this time around, congratulations! To those who didn't, it was *only* the Summer book. (Seems I've heard that somewhere before).

### Evolution

**Norm Winer**, who had been doing 6-10pm, and **Richard Gossett**, who had been doing 2-6pm, have switched shifts on **KSAN/San Francisco**. The station has also announced that they are now broadcasting in Dolby... **Dick Hungate** has been named Assistant General Manager for Programming of Village Communications. Therefore, he will now be programming AOR formatted **WKQQ-FM/Lexington** and sister station Pop/Adult **WBLG-AM**... **Joe McLaine** is the new Program Director of **WEVZ/Allentown**. He's from competitor **WSAN**. Former **WEVZ** PD **Tom Lynch** is moving to San Diego. **Joe Swanson** joins **WEVZ** doing all nights from **WSAN**... **Mike Luery** has been appointed News Director of **KZOZ/San Luis Obispo**... **Augie Blume**, in addition to just passing his 20th year in this industry (and in the process of starting his second 20 year plan) has announced that **Augie Blume and Associates** are celebrating their 4th year as an independent record promotion company. The company, until recently, was known as 27th Music Promotions. The name was changed but the phone remains the same: (415) 457-0215.

### Color

**Sunday For Sharing: WVAF/Charleston** presented local and regional performers in the park. T-shirts and albums were sold with the proceeds going to benefit the fight against Muscular Dystrophy.

**The Pablo Cruise: Y-93/San Francisco** sent a busload of listeners to Lake Tahoe (9/3) to see **Pablo Cruise** in concert. One lucky listener on the bus won a car stereo system.

**Blood Drawing: KFWD/Dallas** raised 1,065 pints of blood in a 5 day period. All donors became eligible for gifts donated by the station's sponsors.

### Concerts & Conversation

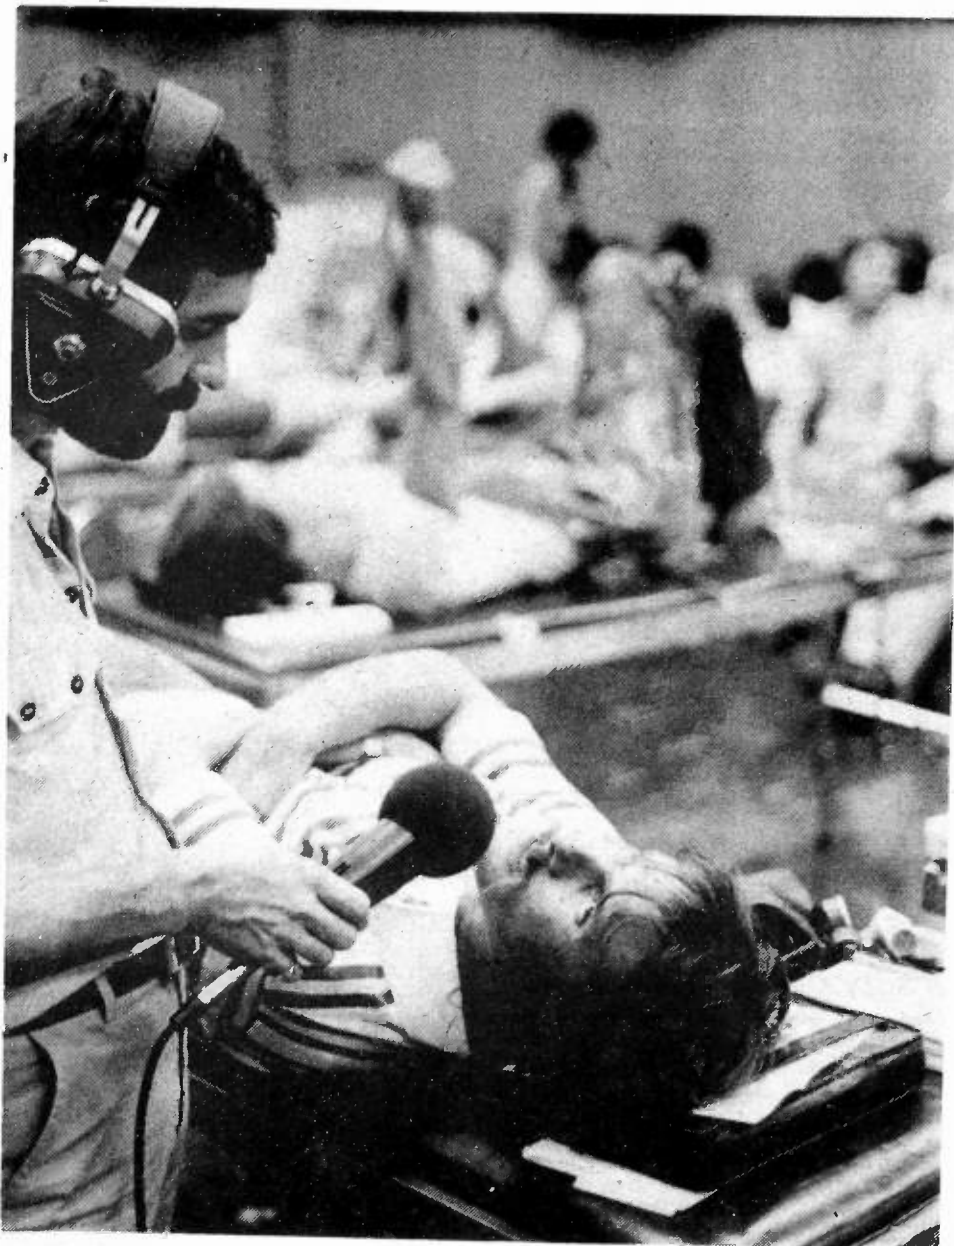

**Presentation: WLRS/Louisville** presented **REO Speedwagon** in a \$1.02 concert, selling out 8,000 tickets.

**Radio Concerts: Duke & The Drivers** on **WAAW/Worcester**... **Commander Cody** on **WLIR/Long Island**... **Bob Marley & The Wailers** on **WMMS/Cleveland**... **Kenny Loggins** on **WKQX/Chicago**.

**Interviews: Heartfield** and **Dave Mason** on **KSHE/St. Louis**... **Rick Derringer** on **WVAF/Charleston**... **Melissa Manchester** on **WSIM/Chattanooga**... **Norton Buffalo** on **WLIR/Long Island**... **Chris Squire** on **WKQQ/Lexington**... **Rick Wakeman** on **WYXE/Madison**... **Rick Derringer** on **WBRU/Providence**... **Johnny Winter** on **WBLM/Lewiston, Maine**... **REO Speedwagon** on **KOME/San Jose**... **Tim Moora** on **WOMP/Ballaire, Ohio**.

### Question

How many of you wanted to do an immediate on-the-air tribute to **Elvis Presley** but were unable to do so because you didn't have any of his records in your library?

*United Artists recording artist Tim Weisberg recently went on an extensive promotional tour of 16 U.S. cities on behalf of his latest UA album. Included among the many activities on the tour was a stop at Boston's WBCN where Weisberg was prevailed upon to exchange "Pints For Plays" during the WBCN Blood Drive at Science Park. Pictured (l-r) Tom Hodges, PD, WBCN, interviewing Weisberg.*

# FOUND!

Gentle Giant, long respected for their consummate musicianship, has moved to a higher plateau of mass-audience appeal. Our belief in the inevitable success of Gentle Giant is marked by the release of their first Capitol single, "I'm Turning Around," from the album, the missing piece.

Rick Wakeman, A&M recording artist, stopped by WWW/Detroit while on tour, and wound up as afternoon drive DJ for the day. Pictured lower left, Lee Abrams, Burkhart-Abrams; and Stephen Dunn, A&M midwest promotion man; and upper right, Rick Wakeman with Jim Johnson, PD-WWWW.

Little River Band, currently touring throughout Europe, the U.S. and Canada, dropped in at WABX/Detroit to be interviewed by mid-day personality Jim Sotet. Pictured at the WABX studios (clockwise, from bottom, left) are: Craig Lambert, Capitol's Detroit Promotion Manager; band-members Graham Goble and Beeb Birtles; Jim Sotet; and WABX Music Director, Jim Owen.

KZEW/Dallas has created a series of television spots centering on the theme "Get Into Your Radio And Fly The Zoo." They include an animated "Zoo Wars" spot and a 1920's style "Zoo Air Corps" spot featuring the station's air personalities (pictured here) in WWI uniforms and an old aircraft. This will be the largest promotional campaign in the station's history.

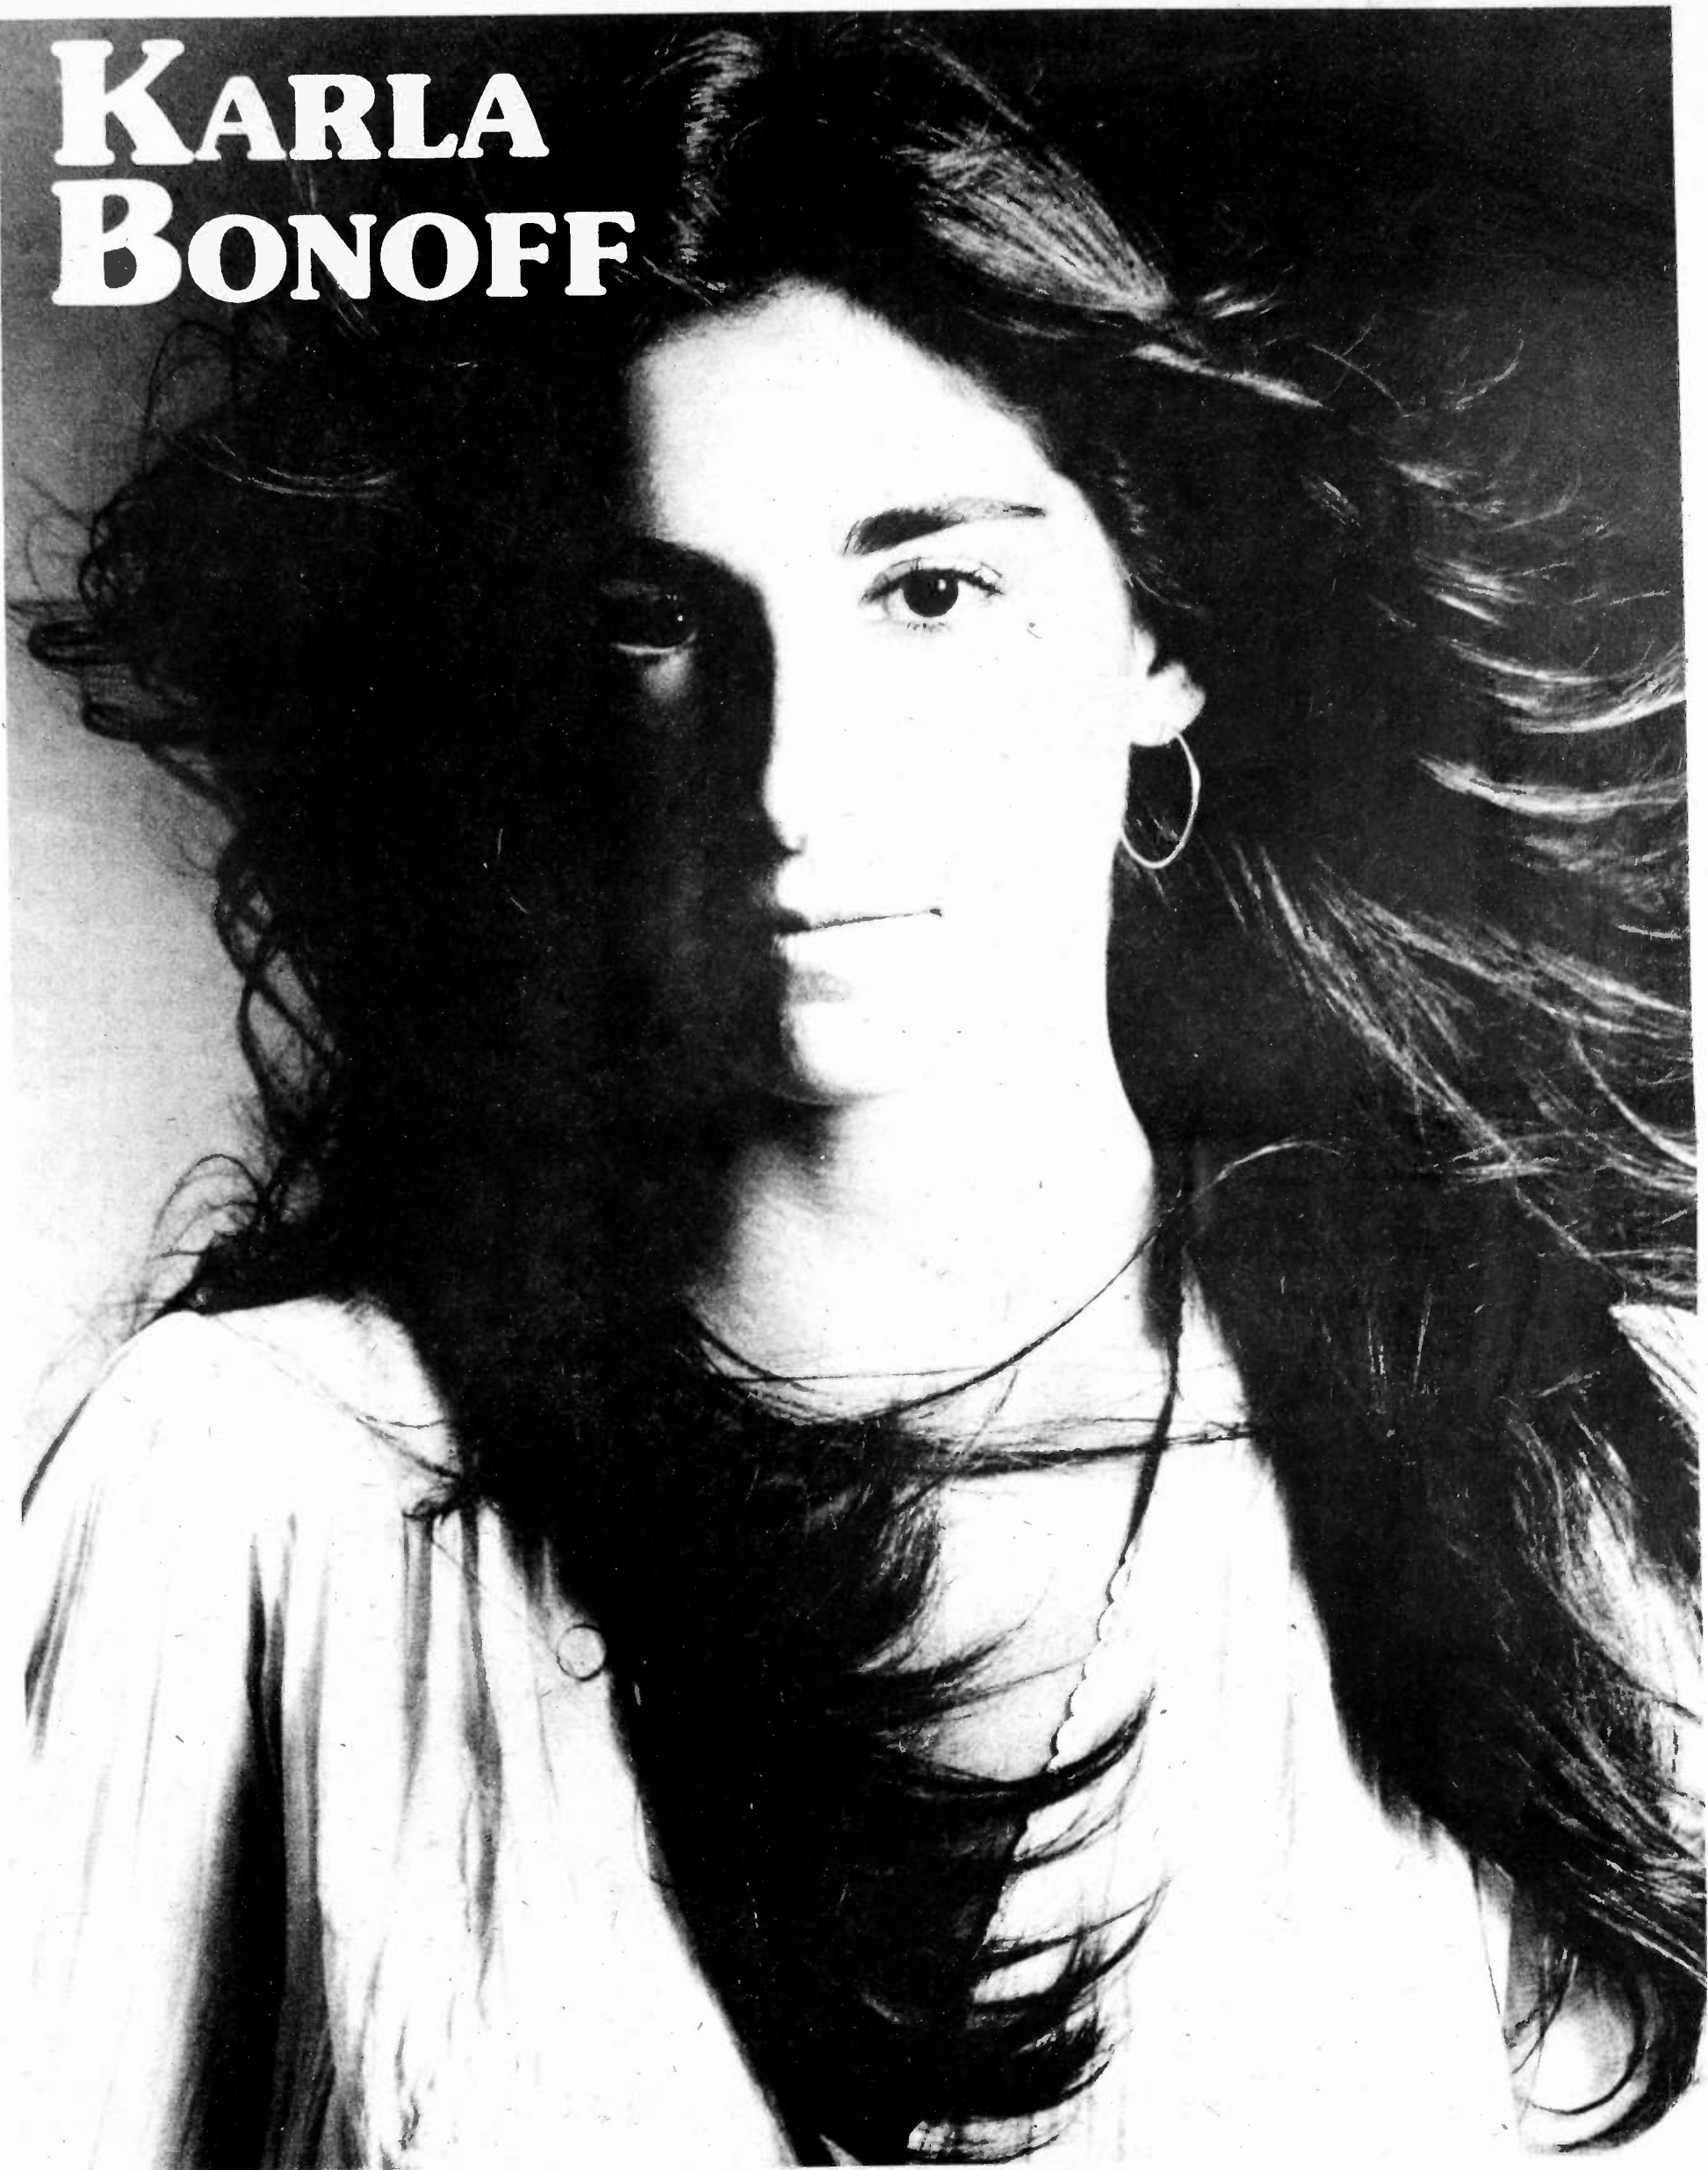

Janus Records presented a platinum album to KSJO/San Jose, for Al Stewart's "Year Of The Cat" LP. Pictured left: Chuck Reichenbach, West Coast Promotion, Janus Records; Phil Pruskie, Pacific Records and Tapes; Paul Wells, MD and 6pm-10pm DJ; Tom Mix, 2pm-6pm DJ, KSJO; Freddy Avner, Pacific Records and Tapes; and sitting in on the couch for KSJO Program Director Don Wright, "Angie."

KNAC/Long Beach ran a "Let the KNAC Get a Look At You" contest asking listeners to send a picture of themselves. Everyone who did received a prize—album, T-shirt, or Presto Amino Hair Care Kit. All entries were eligible for a drawing for a complete Sansui stereo system. The winner, pictured here with air personality Ron McCoy, was 19 year old Bill Tubbs of Claremont, Calif.

CS&N made it for the tenth straight week in the number one AOR turntable position, an outstanding accomplishment. It gathered hot reports at 78% of our AOR correspondents. The DOOBIES power-driven into the second position although the album did not make the most added or hottest listing because its many reports were a combination of both. TAYLOR, YES, PARSONS, and the DEAD remained strong and stable. FIREFALL moved up within the top ten. MAC inched back up. STYX maintained. H&O was the week's highest debut. UTOPIA took a mighty leap. CRAWLER was stable. RONSTADT debuted to raves. At the time these reports were taken, many of our reporters had not yet received the album. FOREIGNER inched back up. SUPERTRAMP resurged a little. HEART (Mushroom) debuted with adds at 32% of our reporters. This marks the first time in the history of this chart that one act had two albums on it at the same time. (Note: Heart was last year's AOR Group of the Year). HILLMAN debuted. BOYLAN debuted. YOUNG resurged. BEBOP maintained. LOGGINS bounced back onto the chart. ANIMALS inched up. CRUISE, a chart veteran, started moving back up. PRISM and LIZZY debuted. JAY FERGUSON and PIPER almost made the chart.

This chart is based solely on airplay and does not attempt to fabricate a trend. The artists in italics are those receiving the most rapid gain in airplay.

Dear AOR Programmers:

The Rhead Brothers are an exciting new songwriting/performing team from England that have produced an album tailor-made for America's contemporary music tastes. Those programmers who have heard The Rheads have found their enthusiasm for this superb debut album echoed by their listeners. Early believers are many of the same programmers who gave us the encouragement to commit our long-range energies on behalf of Little River Band.

The Rheads are for America. Their album is appropriately entitled, Dedicate. Capitol will soon release an outstanding single from that album, "Woman Of Soul."

Capitol is Dedicated to The Rheads.

## Direct From Duncan

by Jim Duncan, Country Editor

### R&R Country Changes

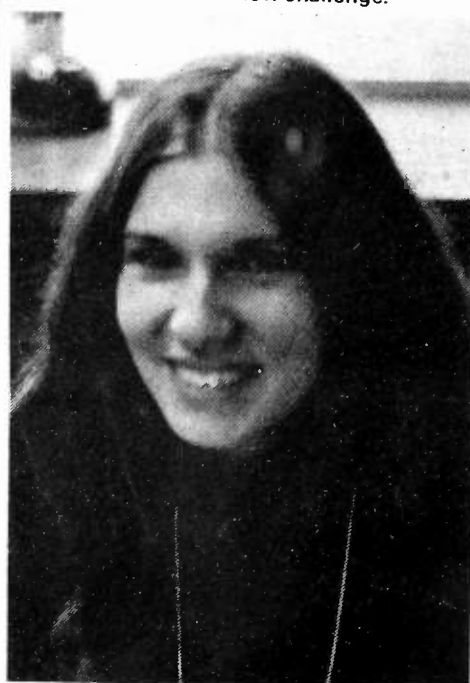

Hope you had an enjoyable Labor Day Weekend. Now that we've got most of the "good ole summertime" behind us, we have made a few changes in the Country division of R&R.

First, I would like to welcome MARION LAWSTON to my staff as Assistant Country Editor. Marion is from Brooklyn, New York, and prior to joining R&R, worked in a variety of jobs at WNCN, WQIV, and WPLJ, New York. She has extensive background in all formats of music and radio. She will be a big asset to the continued growth of the Country section.

My sincere thanks to NANCY HOFF, who has been my Assistant for the past year, for her many contributions. Nancy has been promoted to Assistant Top-40 Editor and personal assistant to our Publisher, BOB WILSON. I wish her well in her new challenge.

Nancy Hoff

Marion Lawston

You will notice a change in the "Country Adds" section. Our reporters have been listed according to regions, in alphabetical order. To balance some of the areas, we have added a few new stations. The stations include: KARM/Fresno, California; KWJJ/Portland, Oregon; KIDN/Pueblo, Colorado; KTOM/Salinas, California; KRGO/Salt Lake City, Utah; KBBO/Ventura, California; KYNN/Omaha, Nebraska; WJVA/South Bend, Indiana; KXLR/Little Rock, Arkansas; WXOR/Muscle Shoales (Florence), Alabama; WCOS-FM/Columbia, South Carolina; WJTO/Bath, Maine; WCAW/Charleston, West Virginia; WHIM/East Providence, Rhode Island; WFEC/Harrisburg, Pennsylvania; WKYG/Parkersburg, West Virginia; and a couple of stations from Canada, CFGM/Toronto, Ontario; and CKLW-FM/Windsor, Ontario. A special "welcome" to the entire staff and management of these stations as R&R Country Reporters. All stations who requested to be a reporter, and were not selected, will be kept on file for possible future use. Thank you all for your continued support.

Last, and certainly least, is the change in my appearance, as you will notice from my new column photo. A few weeks ago, I got rid of my spectacles for contact lenses. (I hope it will make me a better third baseman for the R&R softball team). So what's new with you? Send us your news: 6430 Sunset Blvd., Suite 1221, Hollywood, California 90028.

**AIR-LINES:** GEORGE JONES is being sued for \$75,000 for not completing a sale on a Williamson County Suburban-Nashville home by Jeremiah Jay and Georgia Acclesse...Rumors persist that there are other names yet to surface in the charges here against WAYLON JENNINGS of conspiring to possess cocaine. Waylon was arrested and arraigned last week along with MARK ROTHBAUM, Assistant to Waylon's Manager, NEIL RESHEN...Nashville's Speedway scheduled the "MARTY ROBBINS WORLD OPEN 500" a major open competition late model stock-car race set for October 14, 15 and 16. That's the weekend of this year's "DJ" convention...Speaking of the WSM Anniversary party, I noticed this year they're inviting all radio air personalities to the convention FREE??? Rumors in recent years insist that a surprising sad number of working radio men have attended the affair. WSM and CMA, co-sponsors, are making an obvious effort to turn the radio world around.

**DEL REEVES** and Top-Billing Agency are preparing for a court suit. TANDY RICE says WILLIAM MORRIS AGENCY (Bob Neal's office) has been trying to promote REEVE's performances even though he is under contract with Top-Billing until 1979.

**SICK-CALL:** MARGARET SMATHERS partner of BEN SMATHERS and The Stoney Mountain Square Dance Cloggers of Opry and TV fame hospitalized for major surgery...LESTER VANADORE, long time Music Row executive who recently produced a one-hour TV pilot called "Nashville USA" with host T. TOMMY CUTRER, had lung surgery last Fri-

day at Vanderbilt Hospital...JEANNIE SEELY is back in business after "too long" a recuperation following that critical car crash this summer. Jeannie says her values and her perspective have changed considerably...TAMMY WYNETTE has an ulcer. With the medicals she's had this year she might want to consider her own infirmary...MARY FORD, who's innovative vocal over-dubs of the early '50's sold millions of records with her then-husband LES PAUL, at last report was still in a diabetic coma, caused by an insulin reaction, since August 8th at Methodist Hospital in Arcadia, a Los Angeles suburb.

**BEST ELVIS STORY:** BOB GREENE's syndicated column from Memphis titled "Elvis Would Have Laughed." Of all the hundreds of thousands of words written about his death this is my favorite.

**JANET GAVIN** was a lady. Her honesty was surpassed only by her charm and kindness. I'm sure glad I had the privilege of knowing her. Our prayers are with her life-long partner Bill...Music veterans will remember "Happy Wilson" from Alabama, one of Country radio's pioneers, ex-husband and advisor in the career of MARION WORTH, he opened Central Songs' first Nashville office. "Hap" died Tuesday, August 24th, when an apparent stroke caused him to crash his car into a utility pole in suburban Nashville.

**CLOSER:** EDIE McCROSKY wrote "Billy (KVOO) Parker's Getting Rich," with his radio, records and now reducing clinic paying off, last week he bought his son an Erector set. First thing the boy built was a tax shelter!

**A classic song as you've never heard it before performed by one of today's brightest new stars.**

## POP/ADULT NOTES

MIKE KASABO

As summer comes to its eventual end, I notice, once again, that programmers (especially if they've had some vacation time) are primed and ready for the fall and winter months of radio. The only point being that seasonal transition seems to add a feeling of new hope and destiny to all of us who have chosen to make our living in the business of radio and records. How about Born-Again Radio?

KCRA/Sacramento ran a massive three day tribute to Elvis and PD Dave Darin had the phone company keep tabs on incoming calls on their special request line. Darin reports that in a twenty-four hour period (from Saturday to Sunday) 5,149 "busy signals" were reported by the phone company, indicating a monumental amount of calls for listeners' favorite Elvis songs. Dave also gave me the tabulation of what KCRA listeners asked for the most: 1) "Jailhouse Rock," 2) "Love Me Tender," 3) "Hound Dog," 4) "Old Shep," and a three way tie for fifth... "Blue Suede Shoes," "Flaming Star," "You Gave Me A Mountain." The last title being an album cut from one of his live performances.

Rick Harris (who can do the world's best impression of Wolfman Jack or Jim Nabors) is leaving his PD and air shift position at WCMB/Harrisburg to become Program Director of WRHY/Starview which is also in Pennsylvania. In the meantime he is looking for someone to replace him at WCMB. All tapes and resumes should be directed to Harvey J. Tate at Box 3433, Harrisburg, PA, 17105.

The new Biddu Orchestra's "Soul Coaxing" gets a good initial start at WHIO, KMBZ and WSIX.

Chuck Buell, KULF, reports an extremely impressive debut at his
