MEDIA INFORMATION

INTERVIEW REGULATIONS/PROCEDURES

All 2021 BKT Tires & OK Tire World Men's Curling Championship, presented by New Holland, media interviews will be virtual.

Accredited media will receive a Zoom link that will be valid for the entirety of the event. Players will be brought to the mixed zone upon completion of their games and available for five-minute media scrums. It is the responsibility of the accredited media member to be on the Zoom call upon completion of the game as players will not be available after leaving the mixed zone unless pre-arranged in advance. All media scrums will be uploaded to [Curling Canada's YouTube page](#) as soon as possible after each draw.

During the round-robin and playoffs, World Curling Federation/Curling Canada will bring at least one member of the winning team from each game into the mixed zone. **Two members of Team Canada will be available for virtual media scrums after every game regardless of winning or losing.** Media with specific requests should email them to media@curling.ca. **Please include the Draw #, team and player name in the subject line of your e-mail.**

DRAW STATISTICS

Live scores and stats are updated in real-time and can be viewed online at the [Curling Canada scoreboard page](#).

If you would like to receive the Draw Stats media report by email, please contact Al Cameron (acameron@curling.ca or 403-463-5500)

TV NON-RIGHTS HOLDERS

TSN/World Curling TV are the sole TV rights-holder for this event. However, in order to provide other stations and/or networks with an opportunity to get brief game/highlight footage, broadcast media may **air two minutes of game footage daily in Canada from TSN**, and must provide credit to TSN.

For international media, no more than 90 (ninety) seconds per day for usage in any news and/or sports news programme. Usage permitted on all platforms of broadcasters (digital, web, social) as long as geo-blocked. Should be used within a period of 72 hours. No Archive. Credit must be provided to World Curling TB.

TV non-rights holders may use as much post-game media scrum footage as they wish.

No live hits, stand-ups or recording of non-broadcast games will be allowed to occur inside WinSport Arena at Canada Olympic Park.

PHOTOGRAPHY GUIDELINES

World Curling Federation and Curling Canada will have photographers at this event.

Canadian media outlets in need of photos should e-mail media@curling.ca.
International media outlets in need of photos should e-mail media@worldcurling.org.

FACT SHEET

- OFFICIAL NAME:** BKT Tires & OK Tire World Men's Curling Championship, presented by New Holland
- DATE/SITE:** April 2-11, 2021 - WinSport Arena at Canada Olympic Park, Calgary
- SEATING CAPACITY:** 2,500 (not applicable)
- FORMAT:** Fourteen teams compete in a 13-game round robin. The top two teams in the standings advance directly to the semifinals. The third through sixth ranked teams compete in qualification games (3 vs. 6; 4 vs. 5) with the winners advancing to the semifinals. The semifinal winners play in the gold-medal game and the losers play for bronze.
- No tiebreakers will be played, so ties for playoff spots are to be broken based on head-to-head results, and if that doesn't resolve the tie, then the pre-game Last-Shot Draw distances will be used.
- INTERNET:** Draw results and event information can be obtained at:
<https://www.curling.ca/2021worldmen/>
- TELEVISION:** TSN, RDS2 (All draws) / World Curling TV
- HOW TEAMS QUALIFIED:** With the cancellation of all world women's and men's world championship qualification events, a new qualification process for the 2021 world championships has been implemented.
- Qualification for the 2021 edition of both the world women's and world men's championships will now be determined through a combination of the 2019 qualification event results and the existing World Rankings.
- As there was no last place finisher in the cancelled 2020 editions of the world championships, the zonal allocation announced Sept. 1, 2020 for the originally scheduled 13-team event is:
- Americas Zone – two places determined by the World Rankings
Canada, United States
 - European Zone – eight places determined by the results from the Le Gruyère AOP European Curling Championships 2019
Sweden, Switzerland, Scotland, Denmark, Italy, Norway, Germany and Netherlands
 - Pacific-Asia Zone – two places determined by the results from the Pacific-Asia Curling Championships 2019
South Korea and Japan
 - Final place based on World Rankings
The Russian Curling Federation Team
- On Oct. 6, 2020 the World Curling Federation expanded the field of the women's and men's world championships from 13 to 14 teams to include those teams who had secured a place in the 2020 World Championships but failed to meet the qualification requirements for the 2021 championships.
- Expanded field spot
China

**OLYMPIC
QUALIFYING:**

Men's and Women's Qualification at World Championships:

- The six highest ranked National Olympic Committees, of the Member Associations of the World Curling Federation, from the 2021 world women's and world men's curling championships will qualify for the Olympic Winter Games Beijing 2022 team competitions.
- In the situation where the Chinese National Olympic Committee teams finish outside of the top six places at these events, it will qualify automatically for the respective Olympic Winter Games Beijing 2022 team competition through the allocation of the host country quota place.

Men's and Women's Qualification Events:

Three or four women's and men's teams will qualify from the Olympic Qualification Event 2021 – the number of qualification places available is dependent on China's final placement at the 2021 world championships.

Teams eligible to compete in the Olympic Qualification Event 2021 are:

- Teams who qualified for the 2020 or 2021 world championships but have not already qualified for the Olympic Winter Games Beijing 2022
- The two highest ranking teams in the World Curling Federation Pre-Qualifier Event
- The host National Olympic Committee of the Olympic Qualification Event 2021

GAME DURATION:

Ten ends are scheduled with extra end(s) to break tied games. A minimum of eight (8) must be completed in the play-off games, in any other games a minimum of six (6) ends must be completed. Extra end(s) will be played to break tied games.

GAME TIMING:

Thinking time will be used for this event. Each team receives 38 minutes to complete a ten-end game. Extra ends will be four minutes and 30 second (4:30) of thinking time for each team. A team's clock begins:

- Once the opposing team has completed their shot, all rocks have come to rest and moved behind the back line; AND
- the opposing team's sweepers have moved to the side of the sheet; AND
- the opposition in charge of the house has relinquished control of the house; AND
- the person in charge of the house (the delivering team) has taken control of the house.

A team's game clock stops once the stone has reached the nearest tee-line at the delivery end.

TIMEOUTS:

Each team is allotted one, 60-second timeout (plus travel time). The timeout must be signaled to the umpire and time clock operator. Either a coach OR alternate may attend the timeout, but not both. A translator may also attend if required.

The fifth-end break will be five minutes.

Both teams will receive one 60-second timeout to play in any extra end during that game.

LAST STONE DRAW (LSD):

The team listed first in the draw schedule for the round robin games will play the stones with the dark-coloured handles; the team listed second will play with the stones with the light coloured handles.

For games requiring Last Stone Draws (LSD), at the conclusion of each team's pre-game practice, two stones will be delivered to the tee at the home end, by different players – the first stone with a clockwise and the second with a counter-clockwise rotation. A player (alternate) that delivers or sweeps an LSD stone does not have to play in that game. Sweeping is allowed.

The first stone will be measured and removed from play before the second stone is delivered. The distances recorded for each stone will be added together to give the team its LSD total for that game. The team with the lesser LSD total will have the choice of delivering the first or second stone in the first end of that game. If the LSD totals for both teams are the same, the individual LSD stones are compared and the best non-equal LSD has the choice of delivering first or second stone in the first end. When both teams have the exact same individual LSD stone distances, a coin toss will be used to determine that choice.

PLAYOFF GAMES, STONE SELECTION & LAST STONE ADVANTAGE:

When round robin play (one group) is used at WCF competitions, with each competing team playing all other teams, stone colour and first stone in the first end of post round robin games is determined as follows:

- (i) The team with the better win/loss record has the choice of stone colour and playing first or second stone in the first end.
- (ii) If the teams have the same win/loss record, the winner of their round robin game has the choice of stone colour or playing first or second stone in the first end.

AWARDS

COLLIE CAMPBELL MEMORIAL AWARD

The **Collie Campbell Memorial Award** was created in honour of Canadian Collie Campbell who served as President of the International Curling Federation (later renamed the World Curling Federation) from 1969 to his death in 1978.

The award is a fitting memorial as the wording on the original plaque says:

“Presented annually to the player selected by his fellow competitors in the World Curling Championship for the Air Canada Silver Broom who best exemplifies the traditional curling values of gentlemanly skill, fair play and sportsmanship that Collie Campbell strove to perpetuate as a curler and as president of the International Curling Federation (1969-1978).”

Good sportsmanship was important to Campbell. He always said “Curlers do not need an umpire or a referee or rules. They govern themselves as gentlemen.”

He was a man of many talents, abilities and interests. His chosen profession was that of Mining Engineer. In the 1930s he became one of the youngest members of Parliament in the Federal Government of Canada. Asked to join the Provincial Government of Ontario, he held the post of Minister of Mines, Energy and Resources. When war was declared in 1939 he immediately signed up and, because of his expertise and contacts with miners, was put in charge of forming the tunnelling company of the Royal Canadian Engineers. Over the course of the next six years, until the end of the Second World War, he distinguished himself well by rising to the rank of Brigadier General and received the Distinguished Service Order (DSO), the Order of the British Empire (OBE) and other honours from Britain, France and the United States. Most of his leaves were spent in Scotland ‘Bonspieling’. The curling contacts he made at the time were invaluable to him, particularly for his tenure as President of the Canadian Curling Association (1947-1948) and later for his work as President of the International Curling Federation when he transformed the Scotch Cup into the World Curling Championships.
