C/001/2023 CCR

Annual licenses for permanent riders participating in the 2023 FIM Grand Prix World Championships (Moto3, Moto2 and MotoGP) and in the FIM ENEL MotoE World Championship

Dear President, Dear General Secretary,

We have pleasure in reminding you that, in accordance with the decision taken by the 2016 FIM General Assembly in Berlin, the circuit racing GP riders will again be ordering their FIM licences through the intermediary of their FMNs.

You will find attached the provisional list of riders who will participate in the 2023 FIM MotoE, Moto3, Moto2 and MotoGP Grand Prix World Championships.
These lists of riders may be updated before the 1st round.

Please check in the attached lists that the riders belonging to your federations are holders of the GP or MotoE licenses for the 1st round of the Championship (Portimão in GP and Le Mans for MotoE).

To iron out a number of problems and questions that arose the past years, and to ensure that the GP and MotoE licences ordering process is as easy and transparent as possible, we set out a number of key points below for your attention:

- MotoGP and MotoE riders will benefit from insurance covering them for GP and IRTA tests. It is therefore **not necessary for the FMN to provide insurance cover** for these riders for their participation in the FIM GP World Championships or in the FIM ENEL MotoE World Championship.
- **As was the case these last 4 years, in order to simplify the process, the GP and MotoE licenses will not be charged to the FMNs. Therefore, they should not be billed to GP or MotoE riders. These licences will be given free to FMNs.**

We remind you that since 1992, The FIM does not oblige a GP (and MotoE) rider to hold a national licence. However, a mandatory application for a national licence through the concerned FMN is reserved (depending inter alia on the national legislation applicable).

- National Federations issuing these GP or MotoE licences will be exempted from their obligation to ensure that the riders and their doctor have duly completed and signed Appendices A and B of the FIM Medical Code.
For your information, MotoGP, Moto2, Moto3 and MotoE Class riders will go through this process with the official doctors of the MotoGP Championship.
Such documents will remain with the FIM.

As usual, in the particular case of a last-minute change of rider(s) within a team (injury, etc.), IRTA will be authorised to issue "one event" licenses on behalf of the FIM and its affiliated federations. When such a licence is issued, the FMN concerned will of course be informed.

Except for the billing, the procedure for ordering GP and MotoE licences remains the same as for all the other FIM Riders' Licences.

Should you need any further information, please do not hesitate to contact our "Licences" Department.

We truly hope that this new procedure will strengthen the links between the elite MotoGP and MotoE riders and their FMNs.

We wish you all the best for a successful 2023 season.

Yours sincerely,

Paul DUPARC
CCR Sporting Manager
