Konami Group Corporate Profile

President's Message

I would like to express my sincere gratitude for your continued patronage of the Konami Group's products and services.

The Konami Group's Digital Entertainment, Amusement, Gaming & Systems and Sports businesses operate in the fields of Entertainment and Sports.

In the 50 some years since our founding in 1969, we have strived to create new forms of fun by globally providing innovative products and services that capture the era's crest of the wave.

Evolution in technology has brought about various changes in people's lives. New technologies in the digital field, such as metaverse, NFT, artificial intelligence (AI), VR/AR, fifth/sixth generation mobile communications (5G/6G), and cloud technology, will have significant impact on the business environment. These technologies will further enhance the value of our intangible assets, such as content and development capabilities, and enable us to take on the challenge in creating new user experiences, thereby providing numerous opportunities for growth.

In the current situation where social conditions change drastically, it is necessary to respond to the New Normal environment by continuing to transform ourselves with a sense of speed. At the same time, we will work to co-create new values by collaborating with partners who can generate synergies. Please look forward for our new products and services for the next era.

To contribute to the development of society as a whole, we will further promote ESG-friendly management toward the realization of SDGs. We will particularly focus in developing human resources who will support the future by engaging in diversity and "Health & Productivity Management" to create an environment where each employee can achieve their full potential and grow alongside the company. We will also accelerate our engagement to respond to climate change issues in line with TCFD's recommendations.

Over the next 50 years, the Konami Group will continue to strive for sustainable growth, and boldly take on challenges to catch the crest of the wave.

We look forward to your patronage and humbly ask for your continued support going forward.

Kimihiko Higashio
Representative Director, President
KONAMI GROUP CORPORATION

Corporate Philosophy

We, the Konami Group, aim to be an enterprise that will continue to keep our stakeholders always looking forward with anticipation as we create and provide our current and future customers with products and services that offer "Valuable Time".

Konami Group: The Guiding Principles in the Realization of Our Corporate Goal

Customer-Oriented

Our "Customer-Oriented" policy means that the customer comes first.

We will maximize our customers' satisfaction by providing them with the highest level of products and services.

Our Challenge

Our Challenge is to boldly seek to achieve goals without worrying about failure.

We will challenge every day to make creation and innovation in order to provide our customers with dreams and excitement which have never before been experienced.

Response to Change

We need to be aware of change occurring in our times.

Times are changing. Our customers' needs are also changing daily. We need to remain sensitive to the changes in our times and respond flexibly to them.

Compliance

Our action should be taken with dignity and consciousness.

Complying with laws and ethics is the first step in gaining the trust of our stakeholders. Recognizing that even a tiny error may have an adverse effect on our group, we will strive to conduct our business faithfully.

KONAMI

Digital Entertainment Business

Creating New User Experiences

For more than five decades, KONAMI has offered unique new game content and user experiences in its Digital Entertainment Business by responding to changing customer needs.

Starting with the manufacturing and sales of amusement machines (arcade games) in the early 1970s, we began developing video games in the 1980s and from 2010s we were among the first to develop and distribute mobile games.

In recent years, as various devices such as mobile and game consoles become more sophisticated, and the provision of entertainment through network has spread rapidly, we have been proposing ways to play games that match the characteristics of each device. In addition, we are promoting cross-platform development so that our titles can be enjoyed across a variety of devices.

Furthermore, as a leading company in esports, where games are viewed as competition, we have been focusing on esports initiatives from the early stage and are working to create new user experiences.

We will continue to take on challenges of the latest innovation by utilizing new technologies such as artificial intelligence (AI,) fifth and sixth generation mobile communications (5G/6G,) virtual and augmented reality (VR/AR,) non-fungible tokens (NFTs) and the metaverse.

Developing Content Using Latest Technology

KONAMI has developed an array of content by incorporating cutting-edge technology.

eFootball™ series uses 3D full-body scans of players and high-precision 3D scans of existing stadiums. The development and implementation of a proprietary soccer game engine has enabled recreation of artistic foot works by players and graphics.

The PROFESSIONAL BASEBALL SPIRITS series also uses 3D scanning technology to capture the likeness of all the players in the 12 teams from 360 degrees for high graphical fidelity of their facial details and playing forms.

In addition, each player has its own AI based on seasonal statistics, adding to the authentic feel of the game.

We make ongoing efforts to create "New User Experiences" by employing an array of the latest technologies including VR support for PAWAFURU PUROYAKYU series and AR duels at the "Yu-Gi-Oh! TRADING CARD GAME" world championship.

Amusement Business

Offering Fun and Exciting Gameplay Experiences to the World

KONAMI's Amusement Business handles design, production and sales of amusement machines and online game services. Not only are we expanding our business within Japan, but we are also actively expanding our business overseas.

KONAMI has continued to fulfill customer expectations with its amusement machines by offering new forms of entertainment experience, such as starting the music game boom and creating new value through online services and multiplatform development of KONAMI content.

In recent years, we have also been striving to create new forms of entertainment, including the early implementation of esports championships in Japan and around the world.

By leveraging KONAMI content and our expertise gained over the decades of entertainment excellence, we will continue to offer ever more customers fun and exciting gameplay experiences by delivering a wide array of products and services.

| The e-amusement pass card is an IC card for KONAMI amusement games that enables players to save their play data on the server and participate in competitions and events held on e-amusement compatible products. | The e-amusement connection service enables players to compete in online games such as MAH-JONG FIGHT CLUB, Quiz Magic Academy, pop'n music, and jubeat. Moreover, amusement facilities can use the online service to update various games. | With a charged PASELI card, players can expand their gaming experience through coinless gameplay and in-game item purchases. | The e-amusement App is a communication service linked to KONAMI amusement games, enabling users to post and share screenshots and messages on social media, as well as view the latest information on updates. | The e-amusement site is a community site featuring social media functions (e.g., group bulletin boards) enabling players to communicate with each other across various games. Players can access the service anywhere on various devices (e.g., mobile phones, smartphones, and computers) at any time. |

Multiplatform Development of KONAMI Content

KONAMI has opened up its arcade game to the mobile game platform, and IPs to the pachislot platform for the purpose of increasing opportunities for customers to enjoy our content.

We also make ongoing efforts to broaden the range of gameplay through the "KONAMI AMUSEMENT GAME STATION" service that makes it possible to enjoy KONAMI's arcade games on PCs and smartphones at any time.

We will continue to carry out multifaceted product development by leveraging the Konami Group's diverse content properties, with the goal of meeting the expectations of our products' fans.

Participation to the First Ever Professional Mahjong League "M. League"

"M. League" is a professional mahjong league established in October 2018 to make mahjong a competitive sport and to improve its social status. From its inaugural season, we have participated in the league with the team name "KONAMI MAH-JONG FIGHT CLUB" which bears the name of our arcade game "MAH-JONG FIGHT CLUB." KONAMI will further communicate the delight of the game while we promote healthy mahjong.

Gaming & Systems Business

Gaming Experiences that Global Customers Love

KONAMI's Gaming & System Business develops, manufactures, distributes and services gaming machines and casino management systems for the casino market.

KONAMI first entered the gaming market in 1996, and has expanded its Gaming & System Business across the globe while securing gaming licenses in the world's major markets, including North America and Australia.

The gaming market continues to see growth with the global development and opening of new casino facilities and integrated resorts (IR) with casinos. The industry also endeavors to expand awareness among a wide range of users through online gaming, multi-station entertainment and contactless technology.

KONAMI continues to respond to such market needs by tapping into a wealth of technological capabilities and knowledge amassed over years of developing products with excellent entertainment value, with the goal of spreading the sheer joy of gaming to customers worldwide.

Casino Management System "SYNKROS®"

"SYNKROS®" has been a mission critical system for the casino industry for many years and has been installed in more than 400 integrated resorts (IRs), casino locations, and cruise ships worldwide, in markets including North America and Australia.

The system enables casino operators to manage various data and make business assessments, including patron management, slot machine and table game management, security monitoring, measures to uphold anti-money laundering protections and marketing data analytics, all in real time.

The system is continuously updated with new tools and features such as "SYNK31™," an anti-money laundering system (AML).

Assisting Education and Human Resources Development for Further Growth in Gaming Industry

KONAMI has established an industry-academic partnership with the University of Nevada, Las Vegas (UNLV), in the hope of supporting further development of the gaming industry.

UNLV is a state-run university established in 1957, and its International Gaming Institute (IGI) conducts research and provides education on the various aspects of gaming in an advanced way, ranging from casino business to pathological gambling, with a view to educating the future leaders in the gaming industry.

KONAMI makes continued efforts of donating to various worthy causes, such as student scholarships and the expansion of school facilities. This time, KONAMI donated \$2.5 million for the construction of the new building "Hospitality Hall" for the William F. Harrah College of Hospitality, an institution with a strong track record of educating notable persons in the field of hospitality, including gaming, tourism and hotels.

The "Hospitality Hall" contains the "KONAMI Interactive Technology Laboratory" that engages in cutting-edge research and educational activities.

Through these initiatives, KONAMI will strive to support the healthy development of the gaming industry even further.

Offering a Wide Array of Sports-Related Services

KONAMI's Sports Business runs sports clubs (fitness clubs and schools for children) and public sporting facilities, and plans, develops and sales sports and health-related contents and products.

In addition, in collaboration with local governments and other organizations, we work to solve problems in local communities by leveraging the know-how accumulated through the operation of sports clubs, such as teaching PE and coaching varsity teams at elementary and junior high schools, providing sports and exercise guidance to local residents, conducting nursing care prevention projects, and managing various sports events.

We have also extended our services outside our facilities through the use of internet and applications for online fitness, walking and running.

In Japan, which is said to be a super-aging society, people's interest in improving their health through sports and exercise is on the rise, and it is becoming ever more important to create an environment where people can engage in sports and exercise that suits their individual lifestyles in an increasingly diverse society. With the aim of extending healthy life expectancy, we will provide wide range of services and products centered on sports to create the opportunity to engage in exercise and support people so that they can lead healthy and vigorous lives forever.

Fitness Club Brands to Meet Customer Needs

KONAMI offers an environment that enables everyone to enjoy sports in their daily lives in an easy and accessible manner through its three fitness club brands: "Konami Sports Club," "GRANCISE" and "XAX."

Here, we will offer efficient training in a short period of time, which we have been able to implement based on 50 years of experience in exercise instruction at Konami Sports. Experienced trainers from Konami Sports will provide safe and secure training, even for beginners, in a unique space with two-way mirrors. *Schedule as of March 2024.

Offering Various Sports Classes for All Ages from Infants to Seniors

Konami Sports Club facilities have offered various types of sports classes for all ages, from infants to seniors, by drawing on our expertise cultivated over decades of sports instruction and system for visualizing progress.

In recent years, we have enhanced our lessons by launching Small-Group Swimming Schools, Table Tennis Schools, and Trampoline Schools.

"Undo Juku," exercise school for children, promotes the healthy development of the "mind" and "body" and expands the potential of children through sports.

For gymnastics and swimming, we offer consistent support ranging from school level to athlete courses and competition clubs aiming for the world.

Swimming School Evolves with Cutting-Edge IT Technology and Coaching Techniques

"Undo Juku," exercise school for children, has launched "Undo Juku Digital Note" services at its swimming schools from April 2022 as a new digital service to improve practice effectiveness.

"Undo Juku Digital Note" is a service that supports swimmers continue to learn in a fun way by merging "Smart Swimming Lesson System," which utilizes images and AI to enhance the effects of practice, with the coaching techniques of Konami Sports Club instructors.

In addition, "Digital Note Swimming School for adults," a new school for adults was launched in September 2023. This class is a customized version of the "Undo Juku Digital Note" program for adults, providing easy-to-understand swimming lessons through the visualization of swimming postures.

Supporting Workout while Staying Home

KONAMI offers online services that allow you to engage in physical activity outside of our facilities.

"Konami Sports Online Fitness" offers access to more than 100 live online lessons/week, including yoga, dance and Les Mills. On-demand lessons are also available 24 hours a day where participants can enjoy a studio like togetherness while at home, and easily experience full-scale fitness anytime, anywhere.

In addition to "Konami Method," the existing easy to learn workout content based on KONAMI's many years of exercise and teaching know-how, we offer easy exercise that can be done at home as well as tips on practicing soccer, dance and golf through our daily original workout video. The series has been viewed approximately 18.1million times (*).

(*) Note: Stats as of January 2024 from YouTube.

Accepting the Outsourcing of School Projects

While local communities and schools face the issue of maintaining its swimming pool facility and tackle in improving the working environment for their staff and teachers, we have accepted the outsourcing of school swimming lessons to support resolve these issues since the summer of 2019.

Demand amongst schools for this type of school swimming lessons is increasing, and our service is well received by many elementary and junior high schools throughout Japan.

KONAMI works to develop children's mind and body at its nationwide Konami Sports Clubs with its operating system that puts safety first and instructors with specialized knowledge. These assets, including high-quality instruction program and operation system to ensure safety, allow us to provide packages ranging from extensive swimming instruction to educating instructors, depending on the needs of each school.

Focusing on Sports Promotion and Activities

Since we established our in-house sports team, we have created an environment that enables team members to train for and participate in sports events while holding a job.

This support has trained and produced athletes from the Konami Sports Gymnastics and Swimming Teams who compete successfully at world events. Our athletes also take part in various events held at Konami Sports Club facilities around Japan, including exercise classes, swimming competitions and others, with the goal of conveying the fun and joy of sports to everyone.

In addition to such activities, we strive to promote sports, and foster greater interest and participation in competitive sports through events, such as the "KONAMI OPEN Competitive Swim Meet," a leading national swim meet that allows swimmers of all ages—from elementary school children to athletes who represent Japan on the world stage—to compete at the same venue.

Sports and Health Products for Proper Exercise and Healthy Living

As a company engaged in health promotion, KONAMI designs, manufactures and sells sports and health products by leveraging its accumulated knowledge and experience.
