EDITORIAL

There has been a lot of talk, and articles written in recent years, about the abandonment of representative football but the players to appear in this N.S.W. Championship series today and tomorrow shows just how wrong all that speculation is.

The willingness of these players to make themselves available for representative football shows it still has a place in the code. The players picked to represent their respective leagues, Farrer, who are the hosts, South West, Sydney and Murray, are to be congratulated on their selection to the honoured ranks. Admittedly there are a few players who regard representative football with contempt but they are in a minority.

It has been established a long time ago that if football is to progress "goals" must be attained and striving to gain representation is one of those goals. If, for a minute, officials, players and followers could imagine a season, or two, or three, etc., without inter-league, and championship football, how dull it would be. There would never be that competitive feeling to test out how good a league side is yet it may be studded with top line players.

To represent one's State or country is the pinnacle of any sport and these games this weekend are an important step towards achieving that goal for any young player. It is also important to coaches and paid footballers because not only do they have a moral responsibility to put something back into the code, but also to "sell" themselves to prospective new clubs.

The better the track record of a coach the more enticing he becomes for a club and credentials like State league representation account for a great deal. No doubt the talent scouts from clubs will be out looking out for coaches while some V.F.L. clubs may be looking at the potential of some of the younger players.

Within the four Leagues, this weekend of championship football does a lot for the players and administrators, all of whom have the chance to get together and discuss football and its future, which should be foremost in the minds of the people who control it. The code is now progressing in the north of the State and in the not too distant future, this championship series could be extended to the three days of the long weekend in June to include Leagues "up the top" as a series like this can be a wonderful help to them.

To the visiting leagues, Farrer extends the warm hand of friendship and hospitality and we hope officials and players enjoy their stay at the Riverina Australian Football Club complex and Wagga.

JUST THE GEAR — FOR FOOTY & OTHER WEAR

OUR GENEROUS SPONSORS

Displayed on the front cover is the magnificent McCallums Perfection Scotch Whisky Bowl which has become the undoubted symbol of Australian Football supremacy in New South Wales.

The trophy was donated to coincide with the inaugural State Championship in 1974 and since then has held pride of place in the headquarters of three of the four competing Leagues.

Maybe this will be the year of the so far unsuccessful competitors.

Tooths KB have more recently come to the aid of our code through sponsorship it is indeed gratifying to receive support from a company of such prominence and renown.

Our own Riverina Australian Football ("Footy") Club has been a regular sponsor since the inception of the Championships and is therefore once again substantiating one of the reasons for the Clubs formation.

The Sports Council of New South Wales joined sponsorship last year and it is indeed pleasing to note a continuance from this State body.

John Fleming Pty. Ltd. is a name well known in the local area, whilst the principal himself is no stranger to our football scene. Little wonder then that this Company has once again lent support.

Just Jeans with headquarters in Victoria has become the first inter-state based sponsor, however, the company does have local interests and additionally the firms top executive has a close association with the Riverina through his previous highly important position within the Australian Football network.

To each of the donors, on behalf of all footy supporters in N.S.W. we say a very big THANK YOU and trust that each in turn will return the compliment in the obvious most practicable way.

HOST LEAGUE — PRESIDENT'S MESSAGE

This is the fifth New South Wales Championship and it gives me a lot of pleasure in welcoming our official guests, Sydney League Murray League and South West District League officials and players to the Farrer League and back to Wagga.

I hope the Wagga weather is kinder to us this year than it was the last time we played here.

On behalf of the Championship Committee. I would like to thank our sponsors, D. & J. McCallum Ltd., the Riverina Australian Football Club, Tooths KB, the Sports Council of N.S.W., John Fleming Pty. Ltd. and Just Jeans.

We all know how much sponsorship is worth to our game along with the radio, press and television. Without their support these types of games would not be possible. Thank you once again.

Congratulations to all players on their selection to represent their respective Leagues today and tomorrow, also to our four umpires who have control of our Championship games.

Throughout the Championship games the interchange Rule will be used, with the Emergency Umpire as Steward.

At the dinner on Sunday night on completion of the Championships there will be six awards made, four Man of the Match (one for each of the four games played) one to the Man of the Championship and one to the Best Umpire of the Championship, voted for by the four Leagues.

After these awards the presentation of the Victorian Country Football League Recognition of Service Medallion will be made to Mr Gerald Clear, Eastern Riverina District Councillor by the Farrer Football League for his service to our great game.

A CASE FOR AUSTRALIAN FOOTBALL

There is still resistance to the title of Australian Football amongst some sections of the media and by some officials and supporters of our code.

It would appear that those in opposition are of the opinion that the title stems from the figment of one or several persons imagination in our immediate football area, but this is far from the fact of the matter.

So far as can be ascertained the oft misused word "RULES" has never officially been even part of our code's title. According to Mr Bruce Andrew, past Secretary of the Australian Football Council, the term was originated by a journalist of bygone days who was seeking a simple column head for a press article he had written relevant to our code.

In 1950 there was obvious concern by delegates to the annual AFC meeting, to the prevalence of the use of the term RULES, when upon a submission from MR COOPER Western Australian League, the meeting unanimously adopted the following resolution that the title of Australian Football should be used." This resolution was further confirmed by the National Football League of Australia, at its meeting on 7th May 1975.

On the local and State scene it is becoming increasingly evident that codes only vaguely resembling football (FOOT AND BALL) are making a concerted effort to lay claim to a title which was hitherto disregarded by the very same sporting fraternities.

This recent encroachment by others, soccer excepted, on an area rightfully ours is disturbing to say the least as it is obviously an endeavour on their part to downgrade our code by forcing identification by means of another title. For confirmation of this fact take note of the sporting result services, particularly from Sydney based radio and television stations — other codes are termed "football", ours is ignominiously termed "rules". International visitors and those not yet initiated into our code would have to be forgiven if they asked, Rules of what?

Some may query what's in a title? Normally perhaps not a lot, but in an era when there is enormous emphasis being placed on the need for preservation of our Nation's heritage, surely we as custodians of our one truly national sporting heritage must spell out it's correct title, "Australan Football" at every opportunity so that all Australians and people internationally will easily and fully understand what our code represents — FOOTBALL OF AUSTRALAN ORIGIN.

It's a great pity that all involved could not have heard, or that more was not made of Dr. Allen Aylett's and Mr Jack Hamilton's liberal use of the term Australian Football and the emphasis they placed on the need for use of this title, during their visit to the Riverina last year — of those that did hear, no doubt remains.

Yes, most assuredly, the title of our great national game is Australian Football so let's all proudly refer to it by no other and at the same time politely admonish those who fail to do so.

— BERT SCHIMDT

FIELD UMPIRES

We welcome the four Field Umpires for the State Championships and trust they enjoy their important task.

The umpires participating are.—

GRAHAM DODD — Murray League Graham has umpired 122 games since becoming a Field Umpire. He is 27 years of age and lives at Shepparton. He played Football in his younger days with Shepparton, but gave up the jumper for a whistle some 6 years ago.

MARK RENDELL — Sydney League Mark is 27 years of age and has umpired 130 games both in Canberra and Sydney. By profession he is a school-teacher in Sydney and is Treasurer of the N.S.W. Umpires Assn. To this date some of Mark's Highlights have been umpiring the A.C.T. v Collingwood match whilst in Canberra and the N.S.W. v Qld. game.

DAVID HENDERSON — Riverina Umpires Riverina Area and Runs a highly success- Assn. — David is well known in the ful sports centre in Wagga. He is 28 years of age and married with one child. David won the coveted Umpire of the Year Award in both 1973 and 1975 and has umpired twice before in the N.S.W. Championships. David was previously an mpire with the V.F.L.

PETER LOBB — Riverina Umpires Assn. — Peter is 29 years of age,

married with 3 children. He is a car salesman and lives in Wagga. He has umpired 155 games in the Riverina since coming from Adelaide and has been secretary of the Assn. since 1976. He is keenly interested in Football and a member of the Riverina Aust. Football Club Promotion Committee.
