

FACTS & FIGURES

March 2021
EDITION

MÉGANE EVISION

HIGHLIGHTS

MÉGANE EVISION

Renault is writing a new chapter in its history with **Mégane eVision**, a visionary, aspirational and innovative show-car.

It foreshadows the next generation of electric vehicles, based on the all-new CMF-EV modular platform.

ELECTRIC VEHICLE

End of 2020, Renault sold nearly 370,000 electric vehicles in Europe since the launch of its dedicated range.

2020 also sees the launch of Twingo Electric

Renault E-TECH range – hybrids and plug-in hybrids

HYBRID E-TECH TECHNOLOGY

Developed and patented by Renault engineering, E-TECH hybrid technology and plug-in hybrid was launched in 2020 on three first models : Clio, Captur, Mégane.

This unique technology on the market combines two electric motors, a petrol engine and an ingenious transmission inspired by Formula 1, without a clutch or synchroniser. This unique system is also the fruit of the brand's expertise in electric mobility for more than 10 years.

In 2021, this hybrid technology will be available on Clio, Captur, Arkana, Mégane and Mégane Estate.

ONE GROUPE, 5 STRONG BRANDS

Groupe Renault is at the forefront of a mobility that is reinventing itself. Strengthened by its alliance with Nissan and Mitsubishi Motors, and its unique expertise in electrification, Groupe Renault comprises 5 complementary brands - Renault, Dacia, LADA, Alpine and Mobilize - offering sustainable and innovative mobility solutions to its customers. Established in more than 130 countries, it currently employs more than 170,000 people and has sold 2,95 million vehicles in 2020.

Ready to pursue challenges both on the road and in competition, Groupe Renault is committed to an ambitious transformation that will generate value. This is centered on the development of new technologies and services, and a new range of even more competitive, balanced and electrified vehicles. In line with environmental challenges, the Group's ambition is to achieve carbon neutrality in Europe by 2050.

Renault 5 Prototype

RENAULT

**1,788,345 VEHICLES SOLD
IN 2020 (PC + LCV)**

Renault, the oldest and most emblematic brand of Groupe Renault, is entering a new era with the strategic plan 'Renaulution'. Building on more than 120 years inclusive innovation and a legacy made of numerous iconic models, Renault embraces the changes from the automotive market. With its "Nouvelle Vague", the brand will bring modernity in the automotive industry by becoming a tech, service and clean energy brand.

Bigster Concept

DACIA 520,985 VEHICLES SOLD

**LADA 384,015 VEHICLES SOLD
IN 2020 (PC + LCV)**

Dacia is starting a new chapter of its success history. As part of its quest to redefine the essence of affordable cars, it will venture into new territories across Europe and a new segment, throwing out the rule book on the way.

LADA too has new horizons to explore with its ambitious product plan, epitomised by the 2024 launch of its latest iteration of the iconic Niva. Like Dacia, the brand will benefit from synergies between Groupe Renault and the Alliance.

A521

ALPINE

1,527 VEHICLES SOLD IN 2020

Following its recent revival, the Alpine brand is now ready to shift up a gear as it moves on to become a new generation automotive brand, with profit targets set for 2025. Building on its legacy to better leap into the future, it is a trail blazer when it comes to sportiness on the racetrack with the Formula 1 and on the open road with its 'dream garage' line-up of lightweight, exclusive, and innovative all-electric models.

MOBILIZE

A recent addition to the Groupe Renault family, the Mobilize brand will carry the company beyond the bounds of the automotive industry, harnessing new growth drivers from the mobility and energy services and data management markets. By developing its own range of offers under its own brand name – vehicles included – it aims at contributing more than 20% of Groupe Renault turnover in 2030.

Purchasing

The Purchasing Division buys the parts, services and equipments for Groupe Renault worldwide operations. It meets all of the company's needs thanks to a panel of responsible and competitive suppliers in terms of quality, cost, lead time on development and management.

Cost of Groupe Renault purchases

Scope: worldwide – in billion of euros	2019	2018
Automotive components ⁽¹⁾	21.31	29.87
Industrial goods, tertiary purchasing and services, logistics	6	6.64
After-sales ⁽²⁾	1.23	1.65
Total	28.54	35.16

⁽¹⁾ Including Alliance component purchasing (Nissan, Daimler and AVTOVAZ). ⁽²⁾ Including tires and accessories purchasing.

Supply Chain

The Supply Chain's activities extend from parts suppliers all the way to the transport of vehicles to customers; and from the project phase through to production and delivery.

AILN platform activities

AILN Platforms	Total	IPO ⁽¹⁾ export activity	Local distribution activity ⁽²⁾	Import activity
AILN France	153,531	139,782		13,749
Bursa (Turkey)	162,566	162,566		
Busan (South Korea)	58,272	58,272		
Chennai (India)	113,945	113,945		
Córdoba (Argentina)	9,958	9,958		
Curitiba (Brazil)	218,632	218,632		
Mioveni (Romania)	801,985	801,555	430	
Moscow (Russia)	10,524	10,524		
Pune (India)	37,143	37,143		
Tangiers (Morocco)	92,362	92,362		
Valladolid (Spain)	227,805	170,444	9,800	47,561
Total	1,886,723	1,815,183	10,230	61,310

⁽¹⁾ Individual Parts Orders. ⁽²⁾ Local distribution activity (for after-sales).

Sales Network

Groupe Renault sells its vehicles and services of the Renault, Dacia, Renault Samsung Motors, Alpine, LADA and Jinbei brands worldwide through around 12,350 points of sales. There are 10,653 locations for Renault, 7,842 for Dacia (mostly in common with Renault), 715 for RSM, 470 for LADA, 81 for Alpine and 246 for Jinbei.

Number of Renault locations at the end of 2020

Region	R1* locations	Incl. France	R2** locations	Incl. France	Total locations
Europe	2,670	620	5,249	3,000	7,919
AMI Pacific	1,025		205		1,230
Eurasia	415		46		461
China	129				129
Americas	845		69		914
Total	5,084		5,569		10,653

*Primary network. **Secondary network.

RCI Bank and Services

RCI Bank and Services is a wholly-owned subsidiary of Renault SAS.

New financing and outstanding loans

In million of euros	2020	2019
Penetration rate excluding companies accounted ⁽¹⁾ (for NV)	47.5%	44.2%
New vehicle financing	17,828	21,395
Number of vehicle contracts (in thousands)	1,520	1,798
Average performing assets	46,907	47,410

⁽¹⁾ Companies accounted for under the equity method are Russia, Turkey and India.

Services activity: RCI Bank and Services is stepping up the development of this activity, with 4,601,562 contracts sold in 2020.

Penetration and net assets by region

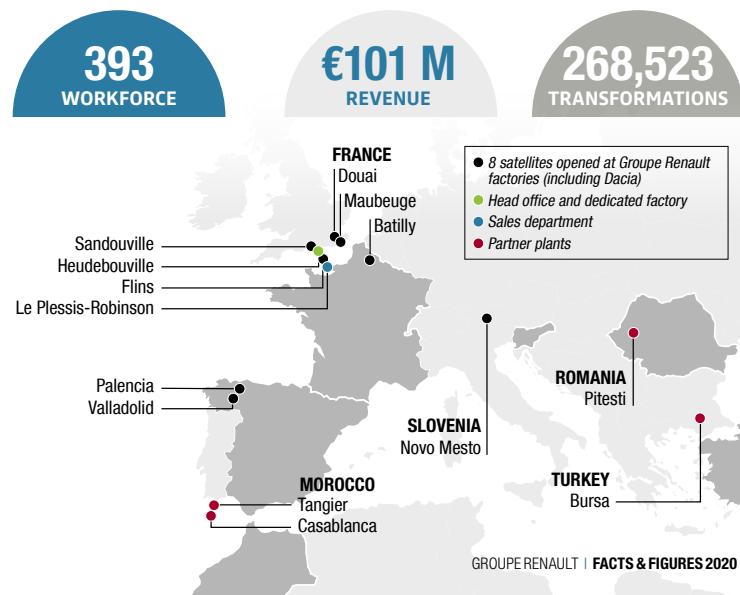

Net assets at year-end as a % and in million of euros	2020	2019	2020	2019
France	54.9%	49.3%	42,635	45,413
Europe (with France)	48.9%	45.4%	15,993	15,579
Africa. Middle East. India	41.8%	40.9%	2,072	2,168
Americas	41.6%	38.0%	2,157	3,145
Eurasia	29.6%	29.7%	331	318

Renault Tech

Mission

For more than 10 years Renault Tech, thanks to its unique know-how in terms of industrial tailor-made , designs, produces and commercializes vehicle conversions and provides all associated services for the entire Groupe Renault, the Alliance and partners, in response to the needs of both private and professional customers, in compliance with the Groupe Quality standards.

2020 key figures

ALLIANCE

RENAULT NISSAN MITSUBISHI

Founded in 1999, the Renault-Nissan Alliance is a cross-border partnership between two major manufacturers in the automotive industry. Mitsubishi joined the Alliance in October 2016.

Chaired by Jean-Dominique Senard, the Alliance Operating Board supervises the operations and governance of the Renault - Nissan - Mitsubishi Motors Alliance.

In May 2020, Alliance adopted a new cooperation business model to support member-company competitiveness and profitability.

- Alliance partners to leverage leader-follower scheme to enhance efficiency and competitiveness in products and technologies.
- Individual members to be reference for the regions where they have key strengths, acting as a gateway and support mechanism for partners' competitiveness.
- Alliance continues to benchmark performance in products, technologies and markets against top industry standards.
