

Yokoso Izumo

Izumo School Meal Center
Izumo Energy Center

Bus Tour

Thursday

Welcome to Izumo!
Would you like to go on a bus tour through Izumo and visit the Meal Distribution Center and the Renewable Energy Center?
Join on the tour with your friends and family!

2 / 8th

9:30 ~ 14:30

※Please be at the Izumo City Hall

Parking Lot 2 by 9:15

■ Meal Distribution Center ■
Responsible for preparing the meals children have at kindergartens, elementary and middle schools during lunch time. The menu is planned keeping in mind what is important for the children's health and growth. Let's see where they cut the vegetables and fruits and the huge saucepans used for cooking!

We will have the same lunch they will have at schools on the day. Wonder how it tastes?

■ Renewable Energy Center ■
The Renewable Energy Center receives the garbage collected not only from Izumo city, but also from the whole region, on average 245 garbage trucks per day.

The garbage is burned in a safe manner, minding the dioxin and other toxins emitted during the process. The heat generated when the trash is incinerated is turned into energy instead of wasting it.

There is plenty to see at the Renewable Energy Center! Join us in this tour!

! We reduced the emission of dioxin and other toxins!

The coordinators of international relations from Brazil and the USA will also join!
"We are looking forward to it!"
Let's have fun together!

■ Number of Participants: 35

※Foreigners who live and/or work in Izumo and their respective friends and family.

■ Meeting Place
Izumo City Hall Parking Lot 2

■ Fee ¥500
