## Spring Bird Watching Walk

2018

### In Mihonoseki

~ Join us on an early morning walk ~

Mihonoseki, located at the eastern tip of the Shimane Peninsula, is a small port town where visitors can experience the history and rich local atmosphere.

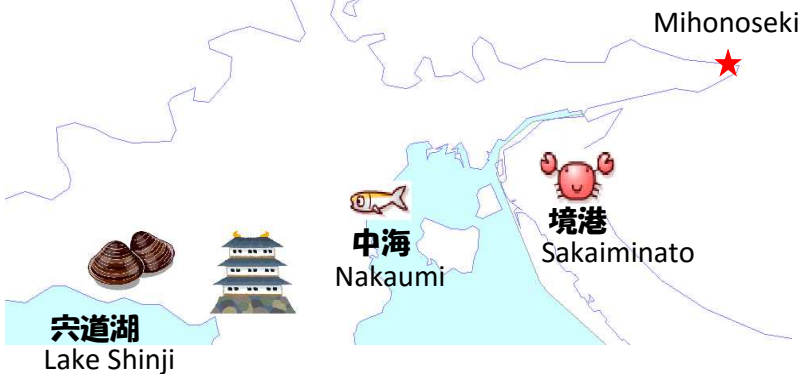

If you are interested in watching birds, join us on an early morning walk amongst the dynamic coastal scenery and Mihonoseki lighthouse which was selected as one of World's 100 Best Lighthouse.

You will also find out more about which birds are coming from south and going to north now that spring is in the air.
