STATE OF FLORIDA.

NOTE.—The marginal column marks precincts, which in some counties were returned according to their former boundaries. In other counties the names in the marginal column are only names of polling-places around which voters and their families have been grouped. The first indentation marks cities; the second, towns. Names of towns are placed under the names of the precincts in which they are respectively situated. The population of each precinct includes that of all towns situated in it.

STATE OF GEORGIA.

NOTE.—The marginal column marks militia districts, whose numbers are official; the names are those in general use. The first indentation marks cities; the second, towns. Names of towns are placed under the names of the militia districts in which they are respectively situated. The population of each militia district includes that of all towns situated in it.
