X Not applicable. Data for the Two or More Races population are presented along with the race alone data in this table to add to the total population, or the total number of respondents.

Note: The total of all race categories alone or in combination is equal to the number of responses; therefore it adds to more than the total population.

Data users should use caution when comparing 2010 Census and 2020 Census race data because of improvements to the question design, data processing, and coding procedures for the 2020 Census.
